Fallen Angels

Fallen Angels by Walter Dean Myers is a young adult novel about seventeen-year-old Richie Perry, a Harlem teenager who volunteers for the Army when unable to afford college and is sent to fight in the Vietnam War. Perry and his platoon—Peewee, Lobel, Johnson, and Brunner—come face-to-face with the Vietcong, the harsh realities of war, and some dark truths about themselves. A thoughtful young man with a gift for writing and love of basketball, Perry learns to navigate among fellow soldiers under tremendous stress and struggles with his own fear as he sees things he'll never forget: the filling of body bags, the deaths of civilians and soldier friends, the effects of claymore mines, the fires of Napalm, and jungle diseases like Nam Rot. Available as an e-book for the first time on the 25th anniversary of its publication, Fallen Angels has been called one of the best Vietnam War books ever and one of the great coming-of-age Vietnam War stories. Filled with unforgettable characters, not least Peewee Gates of Chicago who copes with war by relying on wisecracks and dark humor, Fallen Angels "reaches deep into the minds of soldiers" and makes "readers feel they are there, deep in the heart of war." Fallen Angels has won numerous awards and honors, including the Coretta Scott King Award, an ALA Best Book for Young Adults, a Booklist Editors Choice, and a School Library Journal Best Book. Fallen Angels was #16 on the American Library Association's list of the most frequently challenged books of 1990–2000 for its realistic depiction of war and those who fight in wars.

Dictionary of Angels

In the midst of the remarkable revival of interest and belief in angels comes this handsomely illustrated reference work--the fruit of 16 years of research in Talmudic, gnostic, cabalistic, apocalyptic, patristic, and legendary texts. Angel of Darkness (Fallen Angels - Book 5)

My name is Frank. I joined the police force to make a difference, but from the first day on the job, everything I've done has made life worse for everyone around me. For twenty-five years, I searched for meaning, to make sense of my life, but I never found any answers. Just when I decide to turn my back on my life's work, I uncover a conspiracy more sinister than anything I ever imagined. As I investigate, I realize that even if I stop the conspirators, the blood of innocents will be on my hands: thousands will die. If I don't stop them, all of mankind will suffer an age of darkness... Angels are fascinating beings! They are God's creatures given by him for our help. Learn about what the Bible says (and doesn't say) about these powerful servants of God. Author Robert M. Bowman (Christian Research Institute, Watchman Fellowship, lecturer at Biola University) sorts through myths and misinformation to answer these questions and more: Are angels for real? Do angels have bodies? Should we look to angels for spiritual guidance? Are we guaranteed angelic protection? Will we become angels? Do we each have a guardian angel? Should you trust every angel? Charts include a comparison of angels and people, and Jesus and the angels. Angel Tears (Fallen Angels - Book 4)

My name is Serena Rogers. After escaping from a juvenile detention center, all I wanted was to get as far away from home as I could and never look back. Everything changed when I uncovered the dark secret that's been haunting my family since before I was born. I am not who I thought I was. When I encounter an army of revolutionaries, I am faced with an impossible choice: fight them and risk the lives of everyone I love, or join them and lose my soul. A Dictionary of Angels, Including the Fallen Angels

People are suffering here in America and abroad. Global warming, mass conflicts, increased domestic and foreign murders, governmental corruptions, starving nations, global wars coupled with global warming, the consciousness of the men attempting to turn into women, and the consciousness of the woman falling from her place to be as a man, all of these are threats against our survival of tomorrow. Wars are now fought with computerized drones overseas. Drugs, gangs, killings, police shooting coupled with political protection are ravishing the land of equal rights under the symbol of the eagle. These are biblical signs of the realities of the problems and conditions that should tell us all something is very wrong. The major questions are, can the human race avoid self-destruction? And if so, does our salvation rest in relying on a higher power to insure future generations have a world that's worth living in under the laws of man? For too long we the human family have collectively functioned like lost children, but, some as prodigal sons, even as fallen angels. However, our earthly existence isn't random coincidences, for it is not, all of these conditions of the man that's upon this earth are a one chance to learn and understand what it is to live in equality under the original orders and commandments of God the creator and those of Jesus Christ the savior of all men. Personally, I believe that God is humanity's best hope for survival. The book's title The Fallen Angel Man – Egairram, Not Marriage, essentially refers to mankind's disconnect from his creator. Within its pages you see vivid examples of, among other things, our moral decadences, and I'd dare say that only a willingly blind person would fail to see the consequences all around us from a severed spiritual bond. So whether you believe in divine solutions, or you prefer a more "common sense" approach to fixing society's problems in playing eternal death roulette, feel free to criticize these books. Even disagree with some of the subject material as presented. These books explain the fallen consciousness of the man and that of those of the billions of rebellious and fallen angels that turned against the perfect laws and orders of

God. But, don't be surprised to find the pages inside stroking your curiosity to read on into these six volumes. A.M. Brown II

10 Questions And Answers On Angels

My name is Richard Riley. All I ever wanted was to lead a normal life. When I was younger, I made some bad choices that ended with me in prison. I served my time, and now I am trying to put my life back together. But someone has framed me for a crime I didn't commit. They want me dead, and they're willing to kill my friends and family to get to me. Even as I try to save the people I love, a dark and ancient power grows inside me. I can feel its anger rising. If it gets away from me, it will rip everything in my life apart. Angels, Fallen Angels and Nephilim

The problem of evil has challenged mankind ever since the dawn of intelligence. Why is there evil in the world and why do pain and suffering come upon those who do not seem to deserve it? Written in a simple, popular style, Bamberger's book, first published in 1952, will appeal to anyone who, no matter what his own answer to the question may be, is curious to learn how it has been answered in the past or is being answered by others in our own age. The author traces the history of the belief in fallen angels in Judaism, Christianity and Islam, and assembles a variety of tales and superstitions -- some grotesque, others quaint and humorous. His presentation also reveals a basic divergence between Judaism and Christianity in their respective attitudes toward the devil. The concluding chapter of the work deals with the return of the devil to prominence in contemporary religious thought and shows how Judaism seeks its own solution to the problem of evil. The book contains an extensive bibliography, notes, and index.

Fallen Angels

The Bible is a ready resource for guidance on topics and questions that often provoke and perplex believers. And yet few know where to look for the answers they need. Until now. Written in question-and-answer format for easy reading, this quick reference guide provides brief summaries of

important biblical doctrines so Christians can confidently and honestly discuss their beliefs with family, friends, and neighbors.

Fallen Angels

Religion is as complicated as the people who follow it. Taking on even a small section of theology is a massive undertaking, and honestly, it's just a mess of different versions of all kinds of stories and beliefs. So that being said, let's talk about some of the bad boys of several religions: fallen angels. Everyone knows what angels are - wings, halos, all kinds of bright light and grace. Fallen angels started out not-so-different at all, and there's a lesson to be learned there. The first - and often, the only - fallen angel most people think of is the Christian version of Lucifer, who took on God, fell from heaven, and went on to run a nightclub and consult with the LAPD. In this 200 Fallen Angels Enoch book, you will discover the story, for the first time in modern history, of the original two hundred visitors to planet Earth. Get your copy today!

Fallen Angels, the Watchers, and the Origins of Evil

Aaron Corbet is an eighteen-year-old Nephilim and the one who will reunite the fallen angels with Heaven. But right now Aaron isn't interested in saving anybody other than himself, his magically powered dog, and his younger, autistic foster brother, Steven, from Verchiel, the cruel leader of the Powers. Verchiel is bent on destroying Aaron, and with him all hope of angelic reconciliation. With the help of a fallen angel, Aaron manages to arrive in the angelic refuge known as Aerie. Though he hopes to catch his breath before continuing the Good Fight, Aaron learns that the other residents of Aerie are concerned about his presence and his role in their future. But how can he win their trust when he has accidentally led the Powers straight to the sanctuary of the Fallen?

Answers to Common Questions about Angels and Demons

Replacing the Fallen Angels gives a deeper understanding of God's ultimate purpose for creation and man's role in God's ultimate purpose. The book explores God's purpose from a time prior to creation as He with subtlety reveals to Isaiah, Ezekiel and then John the Apostle in the book of Revelation the real heart of a dilemma that arose in Heaven before the creation of the world. God found himself needing to replace some rebellious angels and man would be his solution. In order to select from His creation those who would qualify for His Heavenly Kingdom, God had to give man something that he did not give His created angels. He gave man the opportunity to make choices between right and wrong, good and evil. This book explores this divine purpose of God and the effects of man's use of the choices that are before him. Replacing the Fallen Angels

A trio of abandoned siblings struggle for survival in the South during the Great Depression and form an unlikely alliance with a man hiding from the law.

The Fallen Angels

Humans have long been fascinated by angels. What do they look like; are there any female angels? What are their powers and their role; can they appear and disappear at will? When were they created and how many angels are there? Do angels have their own language? Do they eat or sleep? What of the fallen angels? The current understanding many have of Satan's fall comes from medieval theology. But was there really a rebellion of angels before Eden (Genesis 3) recorded in the Bible, as many still teach? Or is it true that the only account of a past mass rebellion by angels occurs just before the Flood (Genesis 6) - in an event where Satan is not even mentioned as being involved? We will discover that the answers to these and many other questions about the spirit world are clearly laid out in Scripture.

Fallen Angels 3

This book considers the early history of Jewish-Christian relations focussing on the fallen angels.

My Angels, My Fallen Angels

A time of peace has fallen over the world of Omeg, yet something sinister grows. The true power of this force is unknown to Omegas inhabitants, yet the Angelic Army understands it. Laurali gets sucked into Omeg on another adventure to stop Kione and hopefully find Chiro again. As the war reaches its deadliest potential, there is question of whether or not good can prevail or if evil will wipe out all existence.

Gabriel may have been the first of the archangels to feel love and compassion, but teaching Lucifer to feel started the beginning of the end. Angels aren't free to love, to lust, to want. They are God's servants, his eyes and ears, his pure beings. Or at least they were. After falling for Gabriel with all her beauty and eternal hope, Lucifer refuses to return to his subservient ways. He wants more than the hand he was dealt with all its immortality and reverence. He wants to be free. But freedom comes at a price... Struck from Heaven and the one he loves, Lucifer is banished to Earth to live as a mortal...but even without his wings, he'll never be fully human. And he'll never let go of his rage against the one who cast him out. When Lucifer discovers the power of his angelic blood, God's precious humans in all their sins and freedom become the pawns in Lucifer's unwavering revenge. A new race is set to emerge. A race to reveal the ugliness of humanity. Through it all, Gabriel refuses to lose faith in Lucifer and the man she knows he truly is. Now her fellow archangels plan to use her against him...but will she be Lucifer's downfall or his savior? A tale of unquenchable rage, deception, and eternal love.
