Dating in the Dark

Who says turning 30 has to be a bad thing? Tinley Scott is in a rut. Or so her best friend and sister tell her. She can't fall in love sitting on her couch watching Friends and drinking a bottle of wine. Their answer? Speed dating in the dark. Dating in today's world is hard enough as it is. Why go adding a new challenge to the mix? By date number three, she's ready to throw in the towel and return to her safe haven. Until her final date sets her panties ablaze. His deep voice, his practiced words...everything about him lights Tinley's fire. Too quickly their 15-minute date is over and done with. Or so she thought. Their easy banter continues through a slew of text messages until the inevitable happens. Meeting face to face. Falling in love wasn't on Tinley's radar, but then she wasn't counting on mystery date number four. Dating in the Dark is the first book in the enemies to lovers Dating Trilogy. Dating In The Dark

Jason is single and has been for all of his 32 years. It's depressing. But not as depressing as being told by his mother that he looks like Humpty Dumpty - after the accident. With a face that not even his own mother can love, it's hardly surprising that he'll try anything to get a woman to go out with him, even if it's only for a single date. With little interest in anything other than his quest for a woman and a nice bit of cod and chips, Jason needs to think outside the box if he's going to find someone who'll give him a chance. Along with Barry - his best mate - Jason comes up with the only thing he thinks will work: dating a blind woman. However, to do that, he needs to pretend he's blind himself, which is a lot harder than you might think ... especially when guide dogs are so hard to come by. Eventually Jason's efforts pay off and he meets Emma, a pretty professional with a host of friends. When he takes her out, they instantly hit it off. But will Jason be able to fool both Emma and her best friend Jerry into thinking he's blind? With everything to play for, Jason faces the biggest challenge of his life, and nobody - especially not him - can see how it'll all turn out.

Dating in the Dark

For many years, Jeffrey Demitrack searched for a meaningful and fulfilling relationship and, most of all, hoped that one day he would find a significant other who understood and unconditionally accepted his struggles with epilepsy. People have their insecurities, and relationships already are hard without throwing seizures into the mix, so his search has been a challenging one. When first diagnosed with epilepsy at ten years old, he knew that society believed many negative stigmas about the terrible illness. This would surely be an obstacle when communicating about epilepsy to dates and potential partners. The stress of relationships, the anxiety of illness, and the impact of seizures on mood and behavior all played a part in making his interactions tough and, many times, traumatic. Significant others and dates got to witness some of his worst seizure moments. The seizures often came with blood and scars and sometimes got nasty. This is a story that gives insights about overcoming pain and suffering from a brutal and relentless disorder but, at the same time, explores the complexities of intimacy, foreplay, conflict, and the overall process of maturing to be a better lover in a relationship. He details the traumas of epilepsy and the passions of love but, at the same time, explains the confusion and darkness one might find oneself in with such losses of consciousness.

No More Dating in the Dark

Stumbling Naked in the Dark: Overcoming Mistakes Men Make With Women is the revolutionary new book on male-female relationships by author Bradley Fenton. The author asserts that a majority of men repeatedly make common mistakes while interacting with women and thus unknowingly come off as unattractive. Fenton identifies these mistakes and suggests some rather unorthodox ways to overcome them. With integrity, maturity and humor, Stumbling Naked in the Dark explains once and for all why some men just don't get "it" and offers a new mindset for leading relationships in the right direction. While most dating and relationship books have focused on understanding the differences between men and women, Stumbling Naked in the Dark focuses on the similarities between the sexes by exploring universal laws of human behavior. Relationship problems are due to the pressure created by the "aggressively flawed" role that people, and primarily men, learn to play in our culture. This leads to men exerting negative pressure and control that causes women to subconsciously withdraw and find men unattractive. Stumbling Naked in the Dark teaches men how to alleviate the stress and pressure associated with dating so they become more relaxed and attractive to women and explores how men can focus on what makes women feel understood and comfortable, leading to their decisions of intimacy and commitment. For example, Fenton offers insights on how: -Interactions with women in today's social settings are burdened with pressure and distrust, leading to failure that creates a vicious cycle of anxiety and hopelessness. -Most men unknowingly approach relationships as a game and feel the pressure of losing if they don't get what they want. -Men mistakenly believe they have done something wrong if a woman chooses not to go out with them, creating an adversarial situation destined to fail. -Success with women is not an innate skill that only a few men possess. All men can have a relationship - it's a matter of breaking down mental blocks to attain it. -Women frequently make decisions about men based on their own anxieties and insecurities. In many cases, their availability to date has nothing to do with a specific man at all. -Letting go of a woman's decision-making - and being healthfully indifferent to the outcome of an interaction while still genuinely caring for her well-being - is the key to attracting women. -Making "No" an okay answer from women lessens pressure, adds more fun and actually leads to more "Yes" answers. Fenton also discusses how to break through four common obstacles males encounter on the road to relationship success: Personal Warning Beliefs, Identity, Need for Approval and Tactile Needs and Energy. By teaching men how to become more comfortable with themselves and erase preconceived notions about women, Stumbling Naked in the Dark offers a powerful framework for men who want to disengage from the typical "dating game" and be more confident, fair and intuitive in their relationships with women.

The undead can really screw up your senior year . . . Marrying a vampire definitely doesn't fit into Jessica Packwood's senior year "get-a-life" plan. But then a bizarre (and incredibly hot) new exchange student named Lucius Vladescu shows up, claiming that Jessica is a Romanian vampire princess by birth--and he's her long-lost fiancé. Armed with newfound confidence and a copy of Growing Up Undead: A Teen Vampire's Guide to Dating, Health, and Emotions, Jessica makes a dramatic transition from average American teenager to glam European vampire princess. But when a devious cheerleader sets her

sights on Lucius, Jess finds herself fighting to win back her wayward prince, stop a global vampire war--and save Lucius's soul from eternal destruction

Jessica Rules the Dark Side

Mysterious. Gallant. Unavailable. Manly and sensitive when necessary, always on mission and never distracted. In control at all times, yet always in the background, avoiding the spotlight. The topic of everyone's conversation (friend and foe), yet nearly unknown by all. Hated or loved by any woman he meets; forever on their radar in any case. Is this some dashing Casanova from a Harlequin novel? Hardly. It is the Dark Knight(tm). The Detective. The Caped Crusader(tm). The Batman(tm). Never mind a crash-test dummy. We can learn a lot about dating from a man who dresses up like a bat. This brief book discusses the lessons we can learn as men about dating from none other than the world's most ineligible/eligible bachelor: Bruce Wayne(tm), also known as...well, you know.

Leave the Ranks of the Superstitious and Cowardly

Since World War II, there has been tremendous success in the development of new methods for dating artifacts; the so-called 'radiocarbon revolution' was only the first such discovery. The increasing accuracy of the various new techniques has brought about major changes in archaeological research strategies. This important new text compiles the work of some of today's most innovative archaeologists who summarize progress in their respective techniques over the last 30 years - with an emphasis on developments of the last five - and the status of current research.

Chronometric Dating in Archaeology

Focuses on the paradoxical, dialectical, and mystifying facets of human interaction, not merely to elucidate dysfunctional relationship phenomena, but to help readers explore and understand it in relation to a broader understanding about relationships. This volume is of interest to relationship researchers in social psychology and sociology.

Absolute Dating of Mahabharata

Swiping Over 40: A Mature Woman's Guide To Dating In A Fast Food World is a "he said, she said" book that explores the internet dating process step-by-step for mature women who are either actively involved in or considering internet dating. Written by online dating veteran Kathlyn Heim, this guide to online dating at an older age comically compares dating via the internet with fast food dining. Fortunately, having literally thousands of dating prospects at the click of a button, we have choices, perhaps too many choices. Like 31 flavors, one can choose mint chip today, bing-cherry tomorrow, and rainbow sherbet the following day. Dating in the dark ages, as our parents knew it, no longer exists. Gone are the days when two people meet and embark on the relationship journey. Gone are the days when a man asks for a number, calls the woman, plans a date, picks her up at her home, and pays for the date, and asks you out for date #2. Gone are the days when two people find each other and commit to dating only each other and "see where it leads." In today's world of internet dating, the process may look more like this: You like each other's profile and send a message. You agree to meet in a public place, go "dutch" on the check, then part ways. You get home, login to the site, and see he is "online now!" Statistically speaking, chances are high that the first date will also be your last date! With this shift in the dating paradigm, comes a whole new set of guidelines, or rules. What exactly are those rules, and how do we learn them? Many books have been written in relation to dating and even online dating. Although informative, dating books of the past were written for a specific gender, by the same gender.

Swiping Over 40

Survival Instinct takes a scary look inside the mind of a serial killer where fantasy and reality become blurred. But this is not just about death, it is about life and the trauma we all face when a long term relationship ends and the insecurities felt when seeking out a new partner. In contrast to the dark side, the story has a light side in a kind of Psycho meets Two and a Half Men. Jamie teams up with Bill, his newfound friend as they trawl the local singles' scene and take you through a raft of emotions, in this tale full of more twists and turns than a mountain pass. I GUARANTEE YOU WILL NOT GUESS THE OUTCOME Dare to walk on the dark side of dating. For some, carrying baggage on the singles' scene, there is a fine line between love, hate and ... retribution. When Jamie's wife walks out, he needs to close a curtain on his past if he is to find love again. The Crossword killer has a different fate in mind for Jamie ... let the games begin. Those close to Jamie are placed under a sentence of death, but with Jamie as the main suspect, it is going to take all his powers of Survival Instinct for them all to live. Here's what one author said out of over a thousand review authors, that voted the book a gold medal winner on the Harper Collins writers site. Doctor's Guide to Dating in the Jungle

Hands off my astral plane! Psychic Selena James is having the kind of week that makes her happy to talk to the dead. First, famously skeptical (and sinfully sexy) writer, Trent Sanders, called her delusional on TV. Next, her outraged mother publicly challenged him to spend two weeks with Selena at the haunted Garvey Hotel. Now, if Selena can't prove ghosts exist, she'll answer to Trent's private wager: one night in his bed. It doesn't take any psychic abilities to know Trent could satisfy a woman's every fantasy. And she may find out very soon, if the two sex-starved ghosts in residence have their way ...

Survival Instinct

Explores the role and significance of the saints in Christians' lives today. While examining the lives of specific saints like Martin de Porres, Therese de Lisieux, and Mother Teresa, McCarthy especially focuses on such topics as the veneration of martyrs, realism and hagiography, science and miracles, images and pilgrimage, and why the saints continue to captivate Christians and inspire devotion.

North Korea is in the throes of economic and social, if not political, transition. These changes have a pronounced gender dimension: the crisis of the command economy and the gradual emergence of an informal market economy, where, remarkably, the vast majority of North Korea's traders and merchants are women. This book examines the complex relationship between gender roles and economic and social changes in North Korea. The book, based on extensive original research, provides rich details of this development, considers how women's roles in North Korea have developed over time and highlights how women are driving change in other areas of North Korean life too, including family relationships, women's sexuality and reproductive issues and women's cultural identity.

Love Rewired is a fascinating examination of how developments in brain science can be employed to improve our relationships. The author uses extensive case studies from his work as a therapist combined with his vast knowledge of brain science to answer some fundamental questions that intrigue us all, such as: What happens in our brain when we argue? Where do our habits come from? Do men and women have different brains? Do our brains cause affairs? Is sex really addictive? Can brain science make us better parents? Why do we stay in bad relationships? Why do people change after marriage? Can you really change someone you love? About the Author: David Kavanagh is a dating coach and registered family therapist. His advice has appeared in magazines such as *Stellar*, *U* and *FHM*, and newspapers such as the *Irish Independent*, *Irish Examiner* and *Sunday Business Post*. On the BBC hit TV show *You're Not the Man I Married*, he helped six married couples regain their spark. He has appeared on *The Ryan Tubridy Show* as a dating expert and can often be heard on *Newstalk*, *BBC Radio Northern Ireland* and *Spin fm*. He manages a team of relationship consultants who prepare engaged couples for marriage, and runs mindfulness programmes in Ireland and the UK. He also consults for *Synaptic Potential*, one of Europe's leading neuroscience training organisations.

North Korea's Women-led Grassroots Capitalism

Spot in the Dark is a collection of poetry exploring the nuances of human relationships. From new love to extramarital affairs to dating to solitude, the book's four sections read as a journey by a series of narrators who wrestle through the beginning and middle stages of love, the complications of an affair, and the challenges of single life, and finally come to focus on the external world: the beauty and starkness of a winter landscape, the ebullience of spring, the breathtaking loveliness of a sunset. The book's arc moves from examining the human wish and will to connect to another to presenting the self.

as part of a larger, richer, and more complicated set of external relationships. Written predominantly in free verse, these sometimes meditative, sometimes cynical, sometimes playful poems sift through the difficulties and pleasures of living in the world.

Love Rewired

This book offers the first exploration into the development of social enterprises in the Greater China region, consisting of Hong Kong, Macau, Taiwan and Mainland China. By drawing on the research and experience of over a dozen scholars and practitioners from across the area, it offers a picture of how a strong State can play an important role as a catalyst in developing the social entrepreneurship sector, particularly by legitimizing it. It delves into the role and impact of institutions and policy on the development of social enterprises, and explains how micro and macro factors might interact in influencing social entrepreneurship. Structured in two parts – policy and cases – it reveals the historical development of the Social enterprises sector in the Chinese context and then illustrates this using cases studies. Providing an alternative view of social entrepreneurship by highlighting the importance of context in this new sector, the book questions whether or not social entrepreneurship is preferable to more conventional models of development. Sparking new interest and offering fresh insight into social entrepreneurship in the Greater China region, this book will be useful to students and scholars of Chinese Studies, Business Studies and Sociology.

Spot in the Dark

The book is written in a crisp and dynamic language with sophisticated narratives , framing compelling cast of the well-conceived characters . It is enjoyable exploration of hilarity and frustration of digital dating in a current climate of pandemic, concocted by anonymous heroine , yet representing a collective image of a single and lonely women , trapped in a small space in front of a glowing screen, whose longings were tempered down to the culture of site-dating, in search for a virtual rendezvous . The heroine is drawn in a realm of flowing fantasies , where she is vocalizing rather speechless cornucopia of suitors by loud and attractive narratives , encapsulating the essence of each suitor in compactly written vignettes. Some of them are softly charged with sensuality and others are written in a lyrical scrap , to expose their originality and triviality as well. The abundance of hilarious humor creating a pitch-perfect moment to compensate deteriorating loneliness of lockdown. The structure of the book does not require to know what comes before or follow after , just a smoothly flowing colorful paragraphs , exploring love, sex, vulnerability , emotional void , mystery of imagination, materialism , and rationality of digital dating .

Social Entrepreneurship in the Greater China Region

Do you make the first move or wait for months? Should you wear those NHS specs or grope in the dark? How do you raise the subject of contraception? This book advises on these dating issues amongst others.

New Applications of Electron Spin Resonance

"While Vance writes about his relatives and their roots in Missouri and Wisconsin, his focus is on his growing-up years in the late 1940s and early 1950s. The anguish of adolescence is detailed, but lightened with Vance's special skill for humor. Dating, French kissing, drinking, hog castration, and vocational agriculture are just a few of the experiences that Vance recalls. His comical encounters with the local citizenry, his social misadventures, and his fumbling exploits on the high school basketball and baseball teams are interwoven with reflections on weightier matters, such as the mismanagement of the Missouri River and its wetlands by the Corps of Engineers.

Secrets to Seduce Anyone in 1 Day

OUR MARRIAGE ISN'T REAL. SO WHY DO OUR KISSES FEEL SO GOOD? Declan Hardy, heart-throb and retired billionaire, is my complete opposite. He's commanding: I'm cooperative. He's loud

when I stay quiet. All we have in common is that both our names are on my father's will. He'll inherit an empire - and I'll keep the one thing I hold dear. But there's a catch: I have to marry him - or at least, pretend to. One year of fake marriage. One year of living together. But it's not that simple. Especially when I can't tell if his kisses are fake - and if I'm really still pretending when I kiss him back... There's a fine line between commitment and betrayal... and neither of us knows where it falls. Declan and I would never work for real - or would we? A HOT, DARK ROMANCE FROM THE TIKTOK SENSATION - SHAIN ROSE IS YOUR NEW OBSESSION.

Down Home Missouri

It is through a deep reflection that I have been able to frame the title of this book, which is The Theatre of Love, Sex, Marriage and Beyond. In fact, the contents of this book take their roots from the title. This book is designed to cover as much as possible, a substantial number of the various aspects of the subjects I have discussed, as dealt with specifically by the innumerable authors at one time or the other. It is without the slightest doubt that not all or every aspect of the subjects of love, sex, and marriage—written or propounded by authors, researchers, psychologists, sexologists, and medical scientists—can be found in one book. These different and innumerable ideas, theories, hypothesis, and research findings are as scattered in uncountable books, articles, newsprints, or papers and magazines. I will, in all honesty, admit that what I have attempted to do in this book is only a tip of the iceberg, considering the infinitude of the intellectual input and output of others in the myriad of data on the subject. I have divided this book into four parts: love, sex, marriage, and the beyond. These notwithstanding, I hope this humble rendition, however inadequate, would give readers a general overview of the essentials of these enigmatic subjects of love, sex, marriage, and the beyond.
