Flesh & Blood

What if Joseph wasn't the first man to be cuckolded by God? What if there was a cult of adulterated men who would do anything to kill him for fucking their wives into useless shells of nymphoid lust? What if a woman possessed was so utterly tormented, that the only way to save her soul was to perform a Sexorcism? What if a scaticallogically inclined man found a way to pleasure himself with bed bugs? What if a woman fell in love with a dinosaur? What if a seemingly innocent Furry gangbang turned out to be a mating ritual for a tribe of nomadic cannibal were-teddy bears? These questions and many more will be answered when StrangeHouse books takes you on a journey unlike any you've ever seen before with their debut anthology of strange erotic horror fiction, "Strange Sex". 13 tales of erotic fiction from Kevin Strange, D.F. Noble, Rich Bottles, Jr., David C. Hayes, Elizadeth Hetherington and more exciting authors of today's strangest fiction.

Darkness Rising 7

Acclaimed author Mitzi Szereto explores the many complexities of desire, love and lust in this rich and varied "best of" collection of erotically charged short stories. In these 17 provocative and often witty offerings, Mitzi Szereto travels expertly between genres with tales that explore both the light and the dark sides of sexuality. Oysters and Pearls gives the reader a glimpse into worlds that are as ordinary as they are fantastical and mysterious. Like a skilled lover, this sensuous and imaginative compilation will leave you wanting more. "Whether it's gothic, paranormal, fantasy, sci-fi, romance or flat-out comedy, Mitzi Szereto does it with panache. Stories that titillate and entertain, provoke wild thoughts or sensual dreams, they're all here in Oysters and Pearls. Enjoy!" -Kate Douglas, bestselling author of Spirit Wild and Intimate Relations "Mitzi Szereto has a quirky and intriguing hold on suburbia, desperation, the loneliness of the human heart and the essential sadness of its yearning, as we seek to express it through sexual contact. It's a dark and poignant place, of course, but laughter is never entirely absent. Which is just as it should be." -Niall Griffiths, author of Wreckage and Sheepshagger "The strength of this collection lies in its imaginative grasp of the wide variety of cultures, landscapes and emotional engagement of the reader as well the sexual." -Tobsha Learner, bestselling author of Picture This

Darkness Rising 5

An omnibus collection of the first six Oviposition Chronicles, darkly erotic tales of egg implantation. The human body is the perfect cradle for bearing life. But not just human life. Over nameless eons, aliens have used us as host for their unknowable brood. For what safer place to lay their countless eggs than to hide them in the warm belly of a human female? Inside a fertile girl whose body is receptive, ripe for filling with the dread larvae of a slaving alien beast? An inquisitive girl who yearns to see her belly swell as new life grows within her womb? A naïve girl who secretly craves the wicked delights of being corrupted? A vulnerable girl who - even as she realises the fate that awaits at the bulging tip of the ovipositor - will still meekly come to have it done? Beware the cold night. For the alien lurks in darkness. And a woman is the warmest place to hide. Tales included in this collection: ARENA: When maidservant Leda is sentenced to be deflowered in the Arena for the amusement of the noble folk, nobody expects her to survive. For her would-be ravisher is a huge alien monster, whose touch has meant death for countless of her forebears. But Leda has a plan. If it works she may yet escape with her life, but what price will she pay for allowing the Califrax to lay its eggs in her virgin

womb? SCRAMBLE: Breakfast comes with a twist for an unsuspecting and inattentive husband... MISSIONARY: A mysterious encounter at a late-night diner, a naïve cheerleader drawn away from the light, a stolen moment of pleasure in the dark undergrowth. But when the lover returns from her tryst she will unknowingly be carrying a secret gift to the world – the seedcase of an ancient race, implanted in her innocent yet hungry body by the probing ovipositor of the enigmatic Missionary... HARVEST: Pearl is a Diver, perhaps the finest Diver there has ever been. With her muscular body and her reed spear, she is more than equal to any danger she may face on the reef. But Pearl's secret weapon is her ability to work in harmony with the coral, and make herself a vital part of the circle of life... CARGO: Verity is in trouble. With her money and passport stolen from her hotel, her backpacking holiday has turned into a nightmare. So when a stranger offers to pay her to smuggle a rare egg for him, it seems like it might be an easy route to safety. But when Verity finds out she is going to have to carry the egg inside her own body, she wonders if the deal she has made may lead her further into danger... INTROMISSION: Beware the cold night. For the alien lurks in darkness. Now a young divorcee, out to flirt and fool around, may become the latest to learn that the single-minded lust of a slaving alien creature is all-consuming... REVIEWS OF THE OVIPOSITION CHRONICLES: ARENA: "This series hits my sweet spot for near perfect erotica balance - just enough characterization, just dubious/reluctant enough consent, an attention to detail, and perfect length." MISSIONARY: "This is one of the eeriest tales I've read - and that's a good thing! The language is vivid and poetic, the touches of dry humor here and there are all the sharper for being so sparing, and there's a compelling blend of darkness and gentle affection throughout the story. Dark erotica doesn't need to be brutal or degrading to leave a haunting impression, as this story perfectly demonstrates." INTROMISSION: "Probably one of the best oviposition stories I've ever read." CARGO: "The ending is well done leaving just enough to the imagination."

The Mammoth Book of Erotica

The French don't call orgasms "the little death" for no reason. La Petite Mort - the post-orgasmic state of unconsciousness that some people have following a sexual experience. But what if that "little death" became more permanent? What if, in the throes of passion, you suddenly realized your lover was not, in fact, human? What if one of the games you played to spice up your love-life went horribly wrong? What if you realized you were having sex with the Devil himself? Between these pages you will find tales of sex-bots, cosmic goddesses, and crazed lovers. Twenty-three authors are waiting to seduce you with tales so hot and erotic, so macabre and chilling, you'll pray you are sleeping alone tonight.

Oysters and Pearls

The art of words can connect the lines of passion in poems and short stories. It can capture and connect anyone who listens to its secrets and its tales of real and fictional stories. It can drive the readers to a passionate experience that compels their being and fills them with lust and desire as they read and behold the secrets and mysteries unfolding into pleasure. These stories put together show a path to my innermost thoughts and passion. Discover the ins and outs of my desires, and dwell in the questions on how we all should feel in love, how a man caresses his woman, and how he should touch her and make her feel important.

The Oviposition Chronicles - A Filthy Half Dozen

Hot, passionate characters reflect the true-life experiences and darkest desires of mystery male author James Grey. From wicked, stolen indulgences in a German sauna to a pair of medieval queens making the most of their absolute power over men, the stars of this collection throw off society's shackles in steamy and compelling style. Follow a nervous, uncertain young fan as she goes backstage to meet her celebrity heroes, and leaves with the sexiest memories of her life. Join a woman in her mid-thirties as she shares her man with another girl, and wonders why she waited so long to try bisexual life. Male and female alike, this collection's personalities lay bare their fulfilled fantasies with the unmistakable aplomb of story-tellers who have truly lived the tales they tell. "Hot, steamy and a lot of fun. Raw erotica at its very very best!" ~ Leigh Stone "Well-written, enjoyable and very steamy. A HOT little read!" ~ KBee

Of Devils and Deviants

In *Alleys & Doorways*, editor Meredith Schwartz has brought together stories of the odd and mysterious ways that queer life happens in the city. Covering a wide range of styles, moods and emotions, from

the poignant and erotic to the whimsical, these tales from a roster of acclaimed authors strive to create new legends for gay urbanites. Featuring several stories that were finalists for the Gaylactic Spectrum Award, this anthology promises to enchant you. Be wary where you read these stories... that train ride, that bus, that sidewalk may lead you to someplace Else... but be assured that your destination in these new alleys, these new doorways, will be an exciting one!

Erotic Tale and Her Mystery

Thrones of Desire is a captivating collection of fantasy-themed erotica based upon the hugely popular book series and HBO TV show Game of Thrones. Readers will be transported to the imagined world of knights and renegades, heroes and villains, maidens and princesses, all tied up in battles of danger, honour, love, hate, good and evil. The stories in this collection glow with the magic of medieval myth and lore; whilst simmering with forbidden lusts and boundless desires. Szereto's anthology of steamy tales is the perfect escape into a lush fantastical realm.

Breaking Free

The darkness calls to us all...haunting, seductive, and dangerous. What makes you shake with fear can sometimes make you shiver...with desire. Call of the Dark is a collection of supernatural, erotic stories from your favorite authors.

Alleys & Doorways

Award-winning novelist and top erotica writer Kristina Wright goes over the river and through the woods to find the sexiest fairy tales ever written. Playfully seductive, supernaturally sensual, and darkly erotic, Fairy Tale Lust showcases clever twists to classic tales and introduces new stories inspired by the ever-popular genre. Here, a walk in the forest is likely to lead to an erotic encounter with a mysterious stranger and the silver light of a full moon might illuminate an orgy of sensual delights! Highly imaginative and downright stimulating, these stories take fairy tale erotica to the next level. Top erotica contributors deliver sizzling work, including Janine Ashbless, Rachel Kramer Bussel, Delilah Devlin, Shanna Germaine, and Saskia Walker.

Thrones of Desire

This anthology includes 17 examples of erotic prose. D.H. Lawrence celebrates Lady Chatterley's secret sexual passion. Philip Roth, in Portnoy's Complaint, takes the same pleasure in the sexual merry-go-round as did Cleland in Fanny Hill, writing in the 18th century.

Call of the Dark

Strip away everything external, and the act of writing becomes profoundly physical: writer, writing tool, medium. In this anthology of erotic stories, THE FLESH MADE WORD, editor Bernie Mojzes shows that from that seed grows the deepest intimacy - the hidden self expressed upon a surface, transforming it in the process, naming erotic possibilities. The tap of typewriter keys on ink-wet ribbons, the tickle of the calligrapher's brush, the press of fountain-pen nib to flesh. The scent of hot metal molded into text and the shuffle-clank of the printing press. Give yourself over to the sensuality of the words themselves, to the sound and the shape and the taste of them. The expression of ideas intersects with the body in all its physicality; pleasure is never distinct from how we express it. Ten writers explore the seduction of written language from the sensual to the lewd, from a mysterious woman whose lovers write their stories upon her skin to a playwright who declares to his rival that he does his best writing in whorehouses. A broken typewriter awakens the searing ghosts of desire, and a woman becomes a living scroll of prophecy. Permanent or ephemeral, the lines etched in flesh reveal an astonishing vulnerability, offering both the opportunity for profound insight, and an instinct to hide and dissemble. The Flesh Made Word features stories by A.C. Wise, A.B. Eysers, Andrea Zanin, Benji Bright, Trish DeVene, Nadine Wilmot, Delilah Bell, Kannan Feng, Sasha Payne, and Sunny Moraine, who show that while the word may indeed transcend the flesh for a time, it always comes back for more.

Fairy Tale Lust

Classic gothic horror stories from the literary mistresses of the past! Many of gothic horror's spookiest tales have come from the pens of women. Yet a substantial number of these women were overshadowed by their male contemporaries, especially with regard to the classics. Ladies of Gothic Horror (A

Collection of Classic Stories) redresses this imbalance by bringing together a selection of gothic stories from the past written exclusively by women. Carefully edited and compiled by author and anthologist Mitzi Szereto, *Ladies of Gothic Horror* offers readers plenty of good old-fashioned chills and thrills. Whether you're a devotee of the genre, a literature lover, an academic or a student, this volume of short fiction is sure to please. The biographies accompanying each story will show that these women were anything but typical for their time. Includes seventeen stories from authors Mary Shelley, Elizabeth Gaskell, Edith Wharton, Marjorie Bowen, Gertrude Atherton, Virginia Woolf, Charlotte Perkins Gilman, Elia W. Peattie and many more. "Ladies of Gothic Horror (A Collection of Classic Stories) is a must-read for anyone who loves the horror, mystery, science fiction, or paranormal genres." - Long and Short Reviews "An inspiring collection, to be enjoyed in its own right, preferably by candlelight while sat in your favourite chair..." - *ScreamFix* "You'll find some damn fine fiction in this collection and some equally impressive true stories." - *Get On My Damn Level* book reviews "We have stories with ghosts, some malevolent, some seeking vengeance, and some simply waiting for a wrong to be corrected.... [Including] a thoughtful look into the time period, and the challenges that these women had faced in getting published, let alone in living their everyday lives." - *Girl Who Reads*

Erotic Tales

A stunning anthology of sensuous short fiction and magical erotica explores the seductive world of mysterious, mythic sirens-- men and women--who draw us into a forbidden zone of fantasy and desire, in works by Jane Yolen, Joyce Carol Oates, Michael Swanwick, Tanith Lee, and other outstanding writers. Modernism and Physical Illness

T. S. Eliot memorably said that separation of the man who suffers from the mind that creates is the root of good poetry. This book argues that this is wrong. Beginning from Virginia Woolf's 'On Being Ill', it demonstrates that modernism is, on the contrary, invested in physical illness as a subject, method, and stylizing force. Experience of physical ailments, from the fleeting to the fatal, the familiar to the

unusual, structures the writing of the modernists, both as sufferers and onlookers. Illness reorients the relation to, and appearance of, the world, making it appear newly strange; it determines the character of human interactions and models of behaviour. As a topic, illness requires new ways of writing and thinking, altered ideas of the subject, and a re-examination of the roles of invalids and carers. This book reads the work five authors, who are also known for their illness, hypochondria, or medical work: D. H. Lawrence, Virginia Woolf, T. S. Eliot, Dorothy Richardson, and Winifred Holtby. It overturns the assumption that illness is a simple obstacle to creativity and instead argues that it is a subject of careful thought and cultural significance.

Stories of Illness and Healing

A collection of women's illness narratives *Stories of Illness and Healing* is the first collection to place the voices of women experiencing illness alongside analytical writing from prominent scholars in the field of narrative medicine. The collection includes a variety of women's illness narratives--poetry, essays, short fiction, short drama, analyses, and transcribed oral testimonies--as well as traditional analytic essays about themes and issues raised by the narratives. *Stories of Illness and Healing* bridges the artificial divide between women's lives and scholarship in gender, health, and medicine. The authors of these narratives are diverse in age, ethnicity, family situation, sexual orientation, and economic status. They are doctors, patients, spouses, mothers, daughters, activists, writers, educators, and performers. The narratives serve to acknowledge that women's illness experiences are more than their diseases, that they encompass their entire lives. The pages of this book echo with personal accounts of illness, diagnosis, and treatment. They reflect the social constructions of women's bodies, their experiences of sexuality and reproduction, and their roles as professional and family caregivers. Finally, and perhaps most importantly, *Stories of Illness and Healing* draws the connection between women's suffering and advocacy for women's lives.

Bodies of Truth

2019 Foreword INDIES Award, Gold for Anthologies "Medicine still contains an oral tradition, passed down in stories: the stories patients tell us, the ones we tell them, and the ones we tell ourselves," writes contributor Madaline Harrison. Bodies of Truth continues this tradition through a variety of narrative approaches by writers representing all facets of health care. And, since all of us have been or will be touched by illness or disability--our own or that of a loved one--at some point in our lives, any reader of this anthology can relate to the challenges, frustrations, and pain--both physical and emotional--that the contributors have experienced. Bodies of Truth offers perspectives on a wide array of issues, from food allergies, cancer, and neurology to mental health, autoimmune disorders, and therapeutic music. These experiences are recounted by patients, nurses, doctors, parents, children, caregivers, and others who attempt to articulate the intangible human and emotional factors that surround life when it intersects with the medical field.

Sick!

Notes from the Sick Room is an investigation into the connections between physical illness and creativity. Although there are a number of books investigating mental illness and creativity, there are very few that concentrate on physical illness - cancer, HIV, tuberculosis and disabilities caused by accidents. Incapacity provides time for contemplation and creativity yet pain and discomfort detract from inspiration. Serious illness confronts the individual with the reality of death, the complacency of being is jolted by the shock of non-being. Does one record these incidences or ignore "art" in order to survive?

"A young woman with chronic illness takes matters into her own hands in this debut novel ... the story does an excellent job of portraying the relentless difficulties of suffering from hard-to-treat, chronic illnesses ... a sometimes-exhausting but realistic portrait of life under physical duress." --Kirkus Reviews While writing in her journal, Adrea "Drea" Ragnason visualizes a creative way to deal with the increasing complications in her life even though it won't provide immediate results. In the meantime, she lives her life as simply as possible. Drea enjoys spending time with her aunt and young niece, but doesn't enjoy the time spent at doctors' offices; yet she does it so she will no longer be asked the question, "You're still sick?" With her aunt's help, Drea finds an apartment that includes an empathetic landlord. The new space gives her much needed peace and quiet, plus the freedom to easily monitor her hopeful plan of

Everyone knows someone who's sick or suffering. Yet when a friend or relative is under duress many of us feel uncertain about how to cope. Throughout her recent bout with breast cancer, Letty Cottin Pogrebin became fascinated by her friends' and family's diverse reactions to her and her illness: how awkwardly some of them behaved; how some misspoke or misinterpreted her needs; and how wonderful it was when people read her right. She began talking to her fellow patients and dozens of other veterans of serious illness, seeking to discover what sick people wished their friends knew about how best to comfort, help, and even simply talk to them. Now Pogrebin has distilled their collective stories and opinions into this wide-ranging compendium of pragmatic guidance and usable wisdom. Her advice is always infused with sensitivity, warmth, and humor. It is embedded in candid stories from her own and others' journeys, and their sometimes imperfect interactions with well-meaning friends. *How to Be a Friend to a Friend Who's Sick* is an invaluable guidebook for anyone hoping to rise to the challenges of this most important and demanding passage of friendship.

How to Be a Friend to a Friend Who's Sick

Sick collects peoples' experiences with illness to help establish a collective voice of those impacted within radical/left/DIY communities. The zine is meant to be a resource for those who are living with illness as well as those who have not directly experienced it themselves. Contributors discuss personal experiences as well as topics such as receiving support, providing support, and being an informed patient. These writings are meant to increase understandings of illness and further discussion as well as action towards building communities of care.

When Doctors Get Sick

In this contemporary anthology of personal memoirs, stories, and poetry, contemporary writers explore themes of illness and trauma and the wide variety of ways in which people respond to them.

Sick

Medicine finally has discovered fatigue. Recent articles about various diseases conclude that fatigue has been underrecognized, underdiagnosed, and undertreated. Scholars in the social sciences and humanities have also ignored the phenomenon. As a result, we know little about what it means to live with this condition, especially given its diverse symptoms and causes. Emily K. Abel offers the first history of fatigue, one that is scrupulously researched but also informed by her own experiences as a cancer survivor. Abel reveals how the limits of medicine and the American cultural emphasis on productivity intersect to stigmatize those with fatigue. Without an agreed-upon approach to confirm the problem through medical diagnosis, it is difficult to convince others that it is real. When fatigue limits our ability to work, our society sees us as burdens or worse. With her engaging and informative style, Abel gives us a synthetic history of fatigue and elucidates how it has been ignored or misunderstood, not only by medical professionals but also by American society as a whole.

Sick collects peoples' experiences with illness to help establish a collective voice of those impacted within radical/left/DIY communities. The zine is meant to be a resource for those who are living with illness as well as those who have not directly experienced it themselves. Contributors discuss personal experiences as well as topics such as receiving support, providing support, and being an informed patient. These writings are meant to increase understandings of illness and further discussion as well as action towards building communities of care.

You Don't Look Sick!

The delivery of quality education to students relies heavily on the actions of an institution's administrative staff. Effective leadership strategies allow for the continued progress of modern educational initiatives. It is crucial to investigate how effective administrators lead their organizations in challenging and difficult times and promote the accomplishments of their organization. Research Anthology on Preparing School Administrators to Lead Quality Education Programs is a vital reference source that offers theoretical and pedagogical research concerning the management of educational systems on both the national and international scale. It also explores academic administration as well as administrative effectiveness in achieving organizational goals. Highlighting a range of topics such as strategic planning, human resources, and school culture, this multi-volume book is ideally designed for educators, administrators, principals, superintendents, board members, researchers, academicians, policymakers, and students.

The Poetry Cure

Ernesto Durán is convinced he is sick. It becomes an obsession far exceeding hypochondria, and when Dr Andrés Miranda gives up responding to his letters and e-mails, Durán resolves to stalk him. The fixation has its own creeping effect on Karina, the hospital secretary, who cannot resist becoming

involved. Meanwhile Dr Miranda is coming to terms with a tragedy of his own: his father has been diagnosed with terminal cancer, and yet the doctor - the son - finds it im-possible to tell him. He hopes that by taking his father on a trip to Isla Margarita, where they once went when he was a child, he might be able to reveal the truth. The nature of sickness as experienced by two individuals provides the backbone to this tender, thoughtful and refined novel. The Sickness is profound and philosophical, and yet written with an agility that expresses the tragedy, but also the comedy of life itself. A brilliantly achieved first novel.

Illness

But You Don't Look Sick features 123 powerful voices living with chronic invisible illness- voices often stigmatized or ignored by society.

Research Anthology on Preparing School Administrators to Lead Quality Education Programs

What should I say when I hear that my friend has cancer? How can I help but not get in the way? How do I let my loved ones know what I need? The Etiquette of Illness is a wise, encouraging, and essential guide to navigating the complex terrain of illness. This collection of anecdotes and insights will help those who feel awkward and unsure about responding to a friend, colleague, or relative who is suffering. The book is also for people who are ill and want to engage with their loved ones effectively. We read about a range of people who are dealing with chronic illness, doctor-patient communications, and end-of-life issues-and who are striving to find their way with awareness and compassion. Drawing on her years of counseling people with serious illness, as well as her own experiences with cancer, Susan Halpern presents an insightful book of the utmost relevance for patients, their caregivers, and their family and friends - a group which will, at some point, include all of us.
