Market Leader

The Market Leader specialist titles extends the scope of the Market Leader series and allows teachers to focus on the reading skills and vocabulary development required for specific areas of business.

Business Law

Companies today must consider and comply with competition law in their daily business management. The financial and reputational risks for breaching such rules are severe and the success of many merger and acquisition projects depends very much on it. While competition law rules become increasingly sophisticated, business people are still expected to comply with it. Rather than giving a theoretical approach that can be found in a typical practitioner's book or textbook, «Day-to-Day competition law: a practical guide for businesses» is genuinely a practical book. The interaction between theory and practice is the main feature of the book. Major competition law issues are explained in a jargon-free manner and summarized in a nutshell at the end of each chapter. Not only will the reader gain an understanding of competition law rules, but also will gain a better understanding on how a company can behave and what to do if it is subject to an investigation by the competition authorities. This practical guidance may serve as a platform for designing internal in-house rules governing behaviour in relation to competition law, and may also trigger a revision of such rules in light of some of the issues raised by the authors. While a particular focus is drawn on the EU – as the EU competition law system is replicated in a large number of countries around the world – reference to differing rules and other key jurisdictions such as the United States is also made. This book is written to appeal to business people, as well as non-specialized in-house lawyers, and all those who wish to understand competition law in a clear and practical way. The authors' experience in the field of competition law ranges from leading investigations on behalf of competition authorities to applying competition law in a major global company in its daily activities, and advising multinational clients of one of the world's leading law firms.

It is this professional insight which provides the reader with an invaluable inside view of all aspects of competition law, from the way authorities think to the impacts competition law has on businesses.

Day-to-Day Competition Law

Comprehensive, authoritative, and student-friendly, longtime market-leader BUSINESS LAW: TEXT AND CASES delivers an ideal blend of classic black letter law and cutting-edge coverage of contemporary issues and cases. BUSINESS LAW continues to set the standard for excellence. The text offers a strong student orientation, making the law accessible, interesting, and relevant. The cases, content, and features of the thirteenth edition have been thoroughly updated to represent the latest developments in business law. Cases range from precedent-setting landmarks to important recent decisions. Ethical, global, and corporate themes are integrated throughout. In addition, numerous critical-thinking exercises challenge students to apply knowledge to real-world issues. It is no wonder that BUSINESS LAW is used by more colleges and universities than any other business law text. Smith & Keenan's Company Law with Scottish Supplement

Since the economic downturn law firms that once saw growth as easy and inevitable are finding that the only way to achieve this is now to wrest market share from the competition. There is no one right way to do this; some firms have opted for a determined policy of buying market share and recruiting lateral talent, while others rely on more organic growth. With contributions from a wide range of thought leaders and industry experts, *Growth Strategies for the Modern Law Firm* provides advice on a number of growth options available, and shares practical guidance designed to help firm leaders to formulate and implement a profitable, sustainable growth strategy. Topics covered include: Aligning strategy, culture, and performance management with a growth agenda Utilizing a key relationship management program to retain and grow clients and referral sources Implementing listening programs to better serve clients, and create a platform for differentiation and growth Making cross-selling a cornerstone of growth strategies and firm culture Critical success factors that enable lateral hiring to be a key to client growth Creativity and innovations impact on growth strategies for legal departments Systematic programs for lawyer business development Organic growth strategies through focusing practice specialties Holistic approaches to improving client experience that drives client growth and much more...

Growth Strategies for the Modern Law Firm

Based on the first half of the longtime market-leader *BUSINESS LAW: TEXT AND CASES* by Clarkson/Miller/Cross, this paperback text offers an affordable solution for the first course in a business law series, often a requirement for business majors. It delivers an ideal blend of classic black letter law and contemporary summarized cases. The text's strong student orientation makes the law accessible, interesting, and relevant, with cases that represent the latest developments. Cengage Advantage Books: Business Law: The First Course - Summarized Case Edition

Practical how-to advice and guidance on how human sciences are interacting with the different aspects of leading, managing, and marketing in a law firm.

Leading the Future

Derived from Kluwer's multi-volume *Corporate Acquisitions and Mergers*, the largest and most detailed database of M&A know-how available anywhere in the world, this work by a highly experienced team of lawyers in the leading international law firm Allen & Gledhill LLP provides a concise, practical analysis of current law and practice relating to mergers and acquisitions of public and private companies in the Singapore. The book offers a clear explanation of each step in the acquisition process from the perspectives of both the purchaser and the seller. Key areas covered include: structuring the transaction; due diligence; contractual protection; consideration; and the impact of applicable company, competition, tax, intellectual property, environmental and data protection law on the acquisition process. *Corporate Acquisitions and Mergers* is an invaluable guide for both legal practitioners and business executives seeking a comprehensive yet practical analysis of mergers and acquisitions in Singapore. Equivalent analyses of M&A law and practice in some 50 other jurisdictions, all contributed by leading law firms, are accessible on-line at www.kluwerlawonline.com. under *Corporate Acquisitions and Mergers*.

Corporate Acquisitions and Mergers in Singapore

Law has become a buyer's market, and it's never going back. Re-envisioning the purpose of law firms and the role of lawyers, Jordan Furlong has designed a transformative client-first law firm that rethinks the business model, culture, service, competitiveness, growth strategies, diversity, and leadership of modern legal enterprises.

Law is a Buyer's Market

Tomorrowland lays out possible future scenarios for law firms, ranging from "nothing changes," to profound dislocations brought about by developments such as lawyer psychology blocking essential reforms, a dramatic escalation in the war for talent and "barbell" partner compensation models, the triumph of brand names (and the irrelevance of every other firm), the seemingly inexorable and deeply threatening rise of machine intelligence, new entrants including the Big Four grabbing market share, and more. It doesn't predict what will happen but explains what could, drawing widely from the history of other industries and broad experience with how markets evolve and change. "Must reading for every law firm managing partner, for every law firm partner, and for anyone interested in the future of Big Law. Extraordinarily well done and insightful; audacious and courageous. A tour de force."-Brad Karp, Chair of the Firm, Paul Weiss "No self-respecting law firm leader should be prepared to run the risk of leaving it unread."-Charles Martin, Senior Partner, Macfarlanes

Tomorrowland

A market leader used by more colleges and universities than any other business law text, West's Business Law continues to set the standard for making classic black letter law accessible, interesting, and relevant to business students. This Tenth Edition refines and builds upon traditions established when the book was first introduced: authoritative content blended with cutting-edge coverage of contemporary topics and cases and an unmatched selection of innovative, high-quality support materials. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Market Leader

This casebook deals with the basic principles of the Italian business law and focuses on certain recent and pivotal cases in which important rules governing the modern public company have been applied. After a short overview of the main corporate and securities laws and regulation applicable to Italian listed companies, certain leading cases which triggered the application of such rules are analyzed. The main interrelationships between and among the economic and legal elements are scrutinized for the purpose of highlighting the economic logic underlying corporate law. In the financial markets' dynamics, the public company plays a vital role since it attracts the public savings coming from the investors in order to finance business plans and strategies which create growth and welfare. In such a scenario, financial intermediaries must act in the interest of the investors, selecting among the potential issuers those who are the most attractive for their clients. When companies are structurally organized to attract standardized equity or debt investments, by issuing listed shares, bonds or other financial instruments, their operational and governance rules change in order to safeguard the public savings coming from the investors. In the end, what makes this branch of law so interesting to students, practitioners, and scholars alike is the open-textured relationship between corporate law and securities regulation which plays a crucial role in such context. The cases selected in the second part of this book deal with significant topics in the Italian market practice and are briefly commented making reference to an updated set of laws and references. Therefore, this book can be used also with a focus on comparative legal systems for corporations taught in Italy or abroad.

West's Business Law

Based on the first half of the longtime market-leader BUSINESS LAW: TEXT AND CASES by Clarkson/Miller/Cross, this paperback text offers an affordable solution for the first course in a business law series, often a requirement for business majors. Cengage Advantage Books: Business Law: Text and Cases - The First Course

This book is written by three commercial lawyers. Their clients often ask them as much for help in getting out of a contract as in getting them into one in the first place. Built around two business case studies, the book highlights the various legal issues that a business must address when faced with a contract it wants to walk away from. In the first instance the business needs to discover whether it is as shackled by a contract as it thinks it is. In many cases a contract is not as binding as it might initially appear - Getting Out of a Contract explains the circumstances in which this applies. It then goes on to explore how to minimize the damage should the agreement be inescapable and helps the reader to understand what the consequences of any actions might be. Written in plain English, the authors manage to demystify complicated aspects of English law for the non-lawyer. This book will help managers to: ¢ address how they make contracts; ¢ avoid making wrong decisions because they fail to appreciate what contracts they actually have or how to get round them; ¢ become more attuned to the legal ins and outs of contracts, enabling them to use lawyers more cost-effectively Company secretaries, finance directors and managers at all levels will find Getting Out of a Contract accessible and an invaluable business planning tool.

Business Law: Text & Cases - Commercial Law for Accountants

Annotation This is the most authoritative book ever written on the art and science of corporate law, written by an unprecedented collection of corporate lawyers from the leading law firms of the world. These industry visionaries reveal the secrets to the art and science of corporate law, contracts, deal breakers, infringement, assignment, litigation, licensing, Internet and technology related issues, client psychology and other important issues affecting the future of corporate law. Also covered are specific, proven legal strategies practiced by the leading corporate attorneys of the world. An unprecedented look inside the minds of the world's best corporate lawyers makes for critical reading for every corporate lawyer, corporate council, investment banker, CEO, entrepreneur, law school student and anyone interested in corporate law on a personal or professional level.

Business Law: Text & Cases - The First Course

Getting Out of a Contract - A Practical Guide for Business

Business Insider calls *The ENTREPRENEUR'S GUIDE* “perhaps the most useful business book you can ever read” and lists it among twenty-five must-read books for entrepreneurs. *THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY*, 5E examines stages of starting a business -- from start-up and growth to public offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the “gig” economy, “crowdsourcing” capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Leading Corporate Lawyers

Cross/Miller's market-leading *THE LEGAL ENVIRONMENT OF BUSINESS: TEXT AND CASES*, 11E delivers comprehensive, cutting-edge coverage using an interesting, understandable approach. You master vital skills as you study the legal environment within the context of law in today's increasingly regulated business world. Dozens of examples, business-oriented features, and step-by-step analyses place every topic within a meaningful context. You learn how today's legal environment is more about the constraints of business than the simple rules of law with this book's focus on managerial decision-making and current events. This edition makes ethics a priority with a new framework -- the IDDR Approach -- for making ethical decisions. The authors focus less on “black letter law” and more on broader issues that correspond to what business owners and managers face. Updated cases, content, and learning features present the latest developments and skills to succeed in today's legal landscape. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Law: Text and Cases

This book is intended to serve as a guide to businessmen and their advisers, either from outside the Common Market or from within, who seek basic information on questions in three main fields: company law and related legal matters, taxation, and labour law. For those who wish to establish an enterprise or form a holding or financing company in one of the Member States of the Common Market (including Greece, of course) or Switzerland this guide offers a unique opportunity to compare conditions in the various countries in the three fields. This is facilitated by the strict adherence to one format for each national chapter. Those who are already present in one or more of the eleven countries will find a global answer to a number of practical questions that may arise. For detailed answers the local lawyer or other consultant remains indispensable. The format is based on two different approaches the foreign investor may take: either he 'goes it alone', by way of establishing a branch, setting up a subsidiary or taking over an existing company, or he joins forces with another investor from within the host country or from outside. In the latter event there are a number of legal forms (jointly owned company, partnership, etc.) which may be used.

The Entrepreneur's Guide to Law and Strategy

Comprehensive, authoritative, and student-friendly, longtime market-leader *BUSINESS LAW: TEXT AND CASES* LEGAL, ETHICAL, GLOBAL, AND CORPORATE ENVIRONMENT delivers an ideal blend of classic black letter law and cutting-edge coverage of contemporary issues and cases. The first text to implement an undergraduate-oriented pedagogy with traditional law school-like content, *BUSINESS LAW* continues to set the standard for excellence. The text combines the benefits of a black letter law approach with a strong student orientation, making the law accessible, interesting, and relevant for readers. The cases, content, and features of the Twelfth Edition have been thoroughly updated to represent the latest developments in business law. An excellent assortment of included cases ranges from precedent-setting landmarks to important recent decisions, and ethical, global, and corporate themes are integrated throughout. In addition, numerous critical-thinking exercises challenge students

to apply what they've learned to real-world issues, and the text offers an unmatched range of support materials including innovative online teaching and learning resources. It's no wonder that BUSINESS LAW is used by more colleges and universities than any other business law text. Business Law in Europe

Corporate Law Client Strategies for the UK is an authoritative, insiders perspective on key strategies for representing and advising companies involved in corporate transactions and disputes in the United Kingdom. Featuring partners and shareholders from some of the UKs leading law firms, these experts guide the reader through the main components of UK corporate law and the major issues clients face. These top lawyers reveal their advice on drafting accurate documentation, negotiating terms, and counseling clients on financial concerns. From understanding the clients motivations and goals in a deal to handling corporate disputes, these authors explain the intricacies of corporate law and the variety of roles corporate lawyers play in the UK. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts around the keys to this complex area of law.

Legal English Communication Skills

Dr Talbot traces the history of the fundamental principles of English company law, including the doctrine of separate corporate personality, director's duties, minority protection and the doctrine of ultra vires from both a black letter and contextual perspective. Relevant aspects of the Companies Act 2006 are thoroughly examined. Drawing on the influence of American law and scholarship, the book considers the ideas which have informed corporate governance in England . It includes a case study of mutual building societies' march to the market and corporate identity. The hybrid approach adopted in the text provides a contextual and critical framework in which to understand company law as well as a broad picture in black letter law terms. The aim is to invigorate what many students and academics consider a dry subject by uncovering the social factors which continue to inform this area of law - and the political nature of the law itself. Dr Talbot maintains that modern company law is shaped by three main factors – economics, ideology and existing law. The state of the law at any one time is determined by the constantly shifting relationship between these factors.

Business Law: Text and Cases: Legal, Ethical, Global, and Corporate Environment

A timely and apposite treatise on Papua New Guinea's economic environment, this book explores business organizations law and various aspects of commercial law in Papua New Guinea in a readable and informative style. Business and commerce is the twin engine that propels the economy of a modern nation. They ensure steady economic growth and development. In an age of globalization, they assume even greater importance than at any other time in human history. A nation risks being marginalized or left behind in the race for a share of the world economic market unless it ensures the stability of its business and commercial sector. Trade regulation, good governance and democratic institutions go hand in hand in guaranteeing political and social equilibrium. As such the laws designed to facilitate trade and commerce are a vital component of the political and social equation. This is a valuable book for law students, legal practitioners, accountants and business executives, not only within Papua New Guinea, but also in Australia and throughout the South Pacific.

Brand Strategy and Management for Law Firms

Algeria Business Law Handbook - Strategic Information and Basic Laws

India Business Law Handbook Volume 1 Strategic Information and Basic Laws

Competition law, at both the EC and UK levels, plays an important and ever-increasing role in regulating the conduct of businesses. Based on the premise that open and fair competition is good for both consumers and businesses, competition law prevents businesses from entering into anti-competitive agreements and from abusing their dominant market position. Competition Law and Policy in the EC and UK looks at how competition law affects business, including: co-ordinated actions; pricing behaviour; take-overs and mergers; and state subsidies. It provides a clear guide to and outline of the general policies behind, and the main provisions of EC and UK competition law. Information is presented within a structured framework, complete with a glossary of useful terminology. This fourth edition has been revised and updated to take into account developments since publication of the previous edition, including expanded coverage of the regulation of cartels, the development of private enforcement, the consideration of IP issues in Microsoft, and extended discussion of UK competition Law.
