There is real evil, as the many true cases in this psychic self-help book will reveal. This realm can be fraught with evil, demons, and even the undead. Just as you can go to driving school to learn to drive safely and effectively, in the psychic realm, you also can learn the process of true protection, wrapping yourself in the perfect protection, allowing you to be an adventurer versus never going more than where your physical limits allow. It is our right as well as our duty to expand our consciousness safely into the spiritual realm with the intent of exploring these sacred territories, guarded and protected with armor from God. In reference to physical places on Earth, we often hear, "It is a dangerous world out there," but it's an even more dangerous world out there beyond our physical bodies. Join me in taking safe steps into realms that most dare not tread. Psychic Self Defense

A step by step beginners guide to psychic and mediumship self development. This book explains what psychic ability and mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free experience. It covers such things as professionalism, discipline, legalities, data protection and insurance. Mediumship can be one of the most rewarding gifts that someone can possess. The look of joy on a bereaved person's face when they have received even the shortest message from their loved one is one of the best sights that you will ever behold. The immense feeling of satisfaction that a Medium gains from helping someone realise that death is not final; the comprehension that our loved ones' live on in our hearts and minds, that their 'energy' or 'life essence' is constantly around us, is one of the most beautiful things a Medium will ever experience. The effort that you, as a Medium, put into discovering how to give these messages to the best of your ability will reflect in your work. This book is intended to help guide you through the learning process. Many times I have been asked "Can anyone become Psychic?" The answer to this is very simple. Everyone is born with Psychic abilities (a sixth sense); think of babies in the crib looking at some 'unseen' being and laughing and gurgling at them. Think of a child with his/her imaginary friend or those many 'weird' co-incidences. One of the main problems

we encounter is how we can keep these abilities in a useable and workable state throughout our lives whilst trying to juggle life's commitments. This is an extremely tough, and for some impossible, task. This is why many people develop their abilities later in life. This book explains what psychic ability and mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free journey for all those that embark on it. As well as covering all aspects of spiritual development I also include the legal aspects associated with working as a psychic or medium. The book has been produced with as little emphasis on any particular religion as possible. Any references or terminologies that appear to implicate a particular deity or religion are purely there to substantiate the average person's understanding of this particular type of development.

The Art of Psychic Protection

A veteran of thousands of out of body experiences and visions, John Stone shares his knowledge of the spiritual realms in *The Spiritual Life*. After learning to traverse the internal dimensions and facing its challenges, Stone teaches us about the tests faced when opening up to experience the greater Universe. "At some point in our evolution, when we desire a deeper connection to the Universe and a Higher Power, we will face lower entities which are simply seeking Oneness with us. For until we can face the darkness within and learn to manage the unconscious expression of it, dark forces will always be attracted to us." This book is about learning to understand the forces of attraction and repulsion in the Universe and in particular, how to neutralize lower forces in our inner lives, as well as in our daily physical life. 'By gradually becoming conscious of ourselves in the internal realms, we learn a new appreciation for those still mired in desperation. And in doing so, we are freed from the psychic attack that we could potentially otherwise attract."

The Spiritual Life

The souls of our loved ones take a keen interest in our lives here on earth. *Angels Watching Over Me* offers a glimpse into the magical stories of communication between our world and the next. These messages will bring comfort and healing to anyone who has lost someone close to them, whether recently or long ago. In this book, Jacky Newcomb illustrates the power of real-life spontaneous afterlife experiences and how they show that life goes on after we leave the physical realm. These stories have much in common with the classic angel experience, and show that the souls of your loved ones watch over you as you live your life.

Thorsons Way of Psychic Protection

Stories of ghosts and hauntings have frightened us since the beginning of time. Until recently, few have dared to contact the deceased and discover the true nature of earthbound spirits and the phenomena they create. Our understanding of the afterlife has evolved, and with it the reality that ghosts are just

like us, facing many of the same problems we face every day. Spirit rescue mediums are “psychologists for the deceased,” helping them peacefully transition to the other side. Toward the Light is the first guide dedicated solely to spirit rescue and its role in saving earthbound spirits from their self-imposed exile on earth. It is a guide to rescue mediumship, a form of spirit communication used to counsel and aid the deceased in crossing over. It is the first book that will help you understand things from a ghost’s perspective, and will cover such diverse topics as: Why spirits remain earthbound and the emotions associated with this decision Places of interest for earthbound spirits and the reasoning behind their residency Techniques and tools used by rescue mediums Psychic protection tools and techniques for all levels of spirit activity The different vibrational levels of spirit attachments Residual energy and the techniques used to clear it away
