Healthy snacks are hard to find? Make them at home then! I totally understand where you are coming from and that's why I created this helpful book. I also wanted to emphasize how fun it can be to prepare some treats that are both yummy and healthy for you and your loved ones. In order to find healthier

options when you shop, you do have to look carefully at the labels on each food item packaging, and too often you find out that there is huge amount of sodium, sugars, or unhealthy fats. Sure, grabbing the granola bars, cakes, cookies, and puddings off the shelves to place in your family members' lunch boxes seem like the practical idea, but definitely not the healthiest one. But isn't it the Clean Eating Snacks for Everyone you want to keep in your pantry? It's important to teach your children to make some valuable and nutritious nutritional choices early on so they can grow up with the best chance of living a healthy life. So what other options are there? Sure you can also pick out fresh vegetables and fruits, unsalted nuts, and dried raisins. And these are all great choices when you don't have the time or energy to prepare any other snacks with great nutritional value.

Natural Beauty

Combining a wealth of tips and 75 recipes for all-natural beauty aids, using nothing but pure ingredients direct from Mother Nature, with a philosophical approach to beauty as the foremost purpose of human existence, Natural Beauty inspires readers to pursue a natural, healthful approach to caring for their mind, body and soul. For Elizabeth TenHouten, the pursuit of beauty is cyclical: "We exist in a parallel state of reaching for beauty. So, this dialectical tension of reaching for and returning to beauty is the cyclical state of beauty." In her new book, Natural Beauty, TenHouten lays out a philosophy of beauty that encompasses physical, mental and spiritual well-being, an integrated approach that addresses the whole person. Natural Beauty From The Garden

The third book in the very successful Natural Beauty series with sales over 70,000. If Natural Beauty at Home was inspired by the kitchen, and Natural Beauty for All Seasons was inspired by gift-giving, this book is inspired by the garden. Here, author Janice Cox presents over two hundred brand-new recipes for home beauty treatments that make use of common flowers, plants, herbs, grasses, and trees to create useful and lovely products for all aspects of skin, hair care, and bathing enjoyment. Readers will have her trademark step-by-step recipes for such items as Sunflower Seed Scrub, Aloe and Calula Cream, Rose Geranium Splash, Apricot Baby Oil, Scented Bath Pillow, and many, many more. In addition, over one hundred garden notes are sprinkled throughout the book, containing information on soil type, tools, containers, growing tips, and simple, whimsical garden designs. But, although gardeners will be drawn to this aspect of the book, you don't have to have a garden, or even a window box, to make the recipes here, since all ingredients can be found in natural food stores or farmers' markets. Natural Beauty from the Garden simply captures the spirit of the outdoors while promoting a fun, economical, natural beauty regime. This is a charming collection of beauty and garden freshness that anyone who loves to pamper herself or grow a garden full of flowers will want to have.

Building a Ferrari Race Car in 30 minutes! - Building a Ferrari Race Car in 30 minutes! by Stance-Works 1,090,589 views 8 months ago 31 minutes - Here it is: the highlight reel, every step of the way. 2.5 years of work, and it's finally "done" so it felt fitting to do a video like this.

1981 Ferrari 308 GTBI Project Begins, December 2020

Original Weight: 3172 LBS/1439 KG

The goal of the project is to build a lightweight, powerful, and reliable Time Attack race car. The wiring screams "1980s nightmare." We'll rewire the entire car utilizing Haltech's Nexus R5 and PD16 PDM.

Up next, engine accessories, like the Dry Sump tank and CSF water-to-air intercooler core with custom tanks.

Finishing details: lights.
