

Common Agricultural Policy And Organic Farming An Institutional Perspective On Continuity And Change

[#Common Agricultural Policy](#) [#Organic Farming](#) [#Institutional Perspective](#) [#Agricultural Policy](#) [#Sustainable Agriculture](#)

Explore the interplay between the Common Agricultural Policy (CAP) and the growth of organic farming, examining the institutional factors that have shaped their relationship. This analysis offers a perspective on the continuity and change within the agricultural sector, highlighting the role of policy in fostering sustainable practices and addressing the evolving needs of farmers and consumers alike. Understanding this institutional perspective is crucial for navigating the future of agricultural policy and promoting environmentally responsible farming methods.

Course materials cover topics from beginner to advanced levels.

It all began in 1962, when European leaders created the Common Agricultural Policy or CAP.

The goal was to ensure plentiful and affordable food for Europeans

In 1992, farmers became the direct recipients of EU funds

Further improvements came in 2003

The importance of reducing greenhouse emissions

With the 2009 Lisbon Treaty

the European Parliament gained new legislative powers

And in 2013, Parliament used those new powers

In 2019, MEPS began work on the revamped CAP proposal

In 2021, Parliament approved the new CAP for 2023-27.
