Serpent's Eye

Some secrets are best left buried... As *The Cleansing* trilogy roars to a conclusion, trouble and terror assail WPA Folklore Project writer Robert A. Brown from all sides, boiling up in a cauldron of horror that threatens to destroy both him and his extraordinary "seventh sense." This concluding volume of the three-book series, following *Seventh Sense* and *Satan's Swine*, finds Robert on the trail of eldritch secrets thought to be long buried in the remote town of Mackaville, Arkansas, a place with a shocking past that Robert finally unearths - to his everlasting horror. Set in 1939 and told via letters sent to his friend John Wooley, *Sinister Serpent* completes the trilogy that has earned praise from critics and readers for its vivid evocation of the best of the weird-pulp literature of the '30s. Will Robert Brown and his seventh sense survive a final all-out, mind-numbing attack? Praise For *The Cleansing Trilogy* "The *Cleansing* will bear mentioning in the same breath with Lovecraft and Robert Bloch and Robert E. Howard, with as compelling a voice as any such Architects of the Weird." - Michael H. Price, author of the *Forgotten Horrors* series "...like entering a time machine and reading a great pulp magazine from the 1930's!" - Bruce Hershenson, dealer and publisher "Out of place, stranded, surrounded by secrets - you had me at creepy little town.... Writers have been telling horror stories through letters since Mary Shelley set quill to paper. Robert A. Brown and John Wooley bring back that quaint old object, the typewriter, and find it haunted by history." - Ron Wolfe, author of *Hellraiser* and *Knights of the Living Dead*

The Serpent Sword

A scientific investigation and personal adventure story about zombis and the voodoo culture of Haiti by a Harvard scientist. In April 1982, ethnobotanist Wade Davis arrived in Haiti to investigate two documented cases of zombis—people who had reappeared in Haitian society years after they had been officially declared dead and had been buried. Drawn into a netherworld of rituals and celebrations, Davis penetrated the voodoo mystique deeply enough to place zombification in its proper context within voodoo culture. In the course of his investigation, Davis came to realize that the story of voodoo is the history of Haiti—from the African origins of its people to the successful Haitian independence movement, down to the present day, where voodoo culture is, in effect, the government of Haiti's countryside. The Serpent and the Rainbow combines anthropological investigation with a remarkable personal adventure to illuminate and finally explain a phenomenon that has long fascinated Americans.

The Serpent and the Staff

Excerpt from Occasional Papers, Vol. 1: San Diego Society of Natural History, August 10, 1936 Snake dens, or winter rendezvous, where numbers of snakes congregate in the autumn prior to hibernation, or emerge in the spring, are well authenticated. Amongst the many incredible tales of the serpent-tribe this, at least, has been attested by many reliable witnesses. A number of persons, hearing of my interest in snakes, and particularly rattlesnakes, have written me of experiences with these dens. Some of these stories were no doubt true, others had grown considerably with the telling; but all lacked concrete verification. The Serpent

'It was suffocatingly hot, and the audience of howling children was viciously indifferent to the violence being done to my integrity as an artist by every ghastly syllable I was obliged to utter and by every mincing step I was obliged to take. As the foul smell of the ancient wig I was wearing wafted into my nostrils, I began to view the bombing of Darwin with something like nostalgia.' William Power, actor and sometime private inquiry agent, has returned from the Northern Territory, shaken, stirred, and generally discombobulated. 'I survived the tropics with my life and my looks intact, despite the best efforts of the flora, fauna, and Military Intelligence to steal both from me.' It is late 1942, and in what he believes is a demeaning sideshow to the war, he finds himself playing a pantomime dame. If only this was his only worry, but, as his great hero, Shakespeare, noted, 'When sorrows come, they come not single spies, but in battalions.' Can Will finally overcome his tendency to be the living embodiment of Murphy's Law? PRAISE FOR ROBERT GOTT 'Aussie comic crime fiction wouldn't be the same without William Power ... an entertaining blend of humour, historical crime, and the world of theatre.' The Sydney Morning Herald
