What Do You Do When Something Wants To Eat You?

What would you do if something wanted to eat you? Walk on water? Stick out your tongue? Play dead? Animals in the wild use all kinds of methods to protect themselves from their enemies. Using dynamic and intricate cut-paper collages, Steve Jenkins explores the many fascinating and unique defense mechanisms creatures use to escape from danger.

The Year I Didn't Eat

This heartfelt, captivating novel chronicles a year in the life of 14-year-old Max as he struggles with anorexia. Dear Ana, Some days are normal. Some days, everything is OK, and I eat three square meals, pretty much, even if those squares are ridiculously small squares. Some days, I can almost pretend there's nothing wrong. Fourteen-year-old Max doesn't like to eat, and the only one he can confess his true feelings to is Ana---also known as his eating disorder, anorexia. In a journal that his therapist makes him keep, he tells Ana his unfiltered thoughts and fears while also keeping track of his food intake. But Ana's presence has leapt off the page and into his head, as she feeds upon all of his fears and amplifies them. When Max's older brother Robin gives him a geocache box, it becomes a safe place where Max stores his journal, but someone finds it and starts writing to him, signing it with "E." Is it a joke? Could it be the new girl at school, Evie, who has taken an interest in Max? Although Max is unsure of the secret writer's identity, he takes comfort in the words that appear in his journal as they continually confide in one another about their problems. As Max's eating disorder intensifies, his family unit fractures. His parents and brother are stressed and strained as they attempt to deal with the elephant in the room. When Robin leaves home, Max is left with two parents who are on the verge of splitting up. Max thought he could handle his anorexia, but as time goes on, he feels himself losing any semblance of control. Will anorexia continue to rule Max's life, or will he be able to find a way to live around his eating disorder? The Year I Didn't Eat is an unforgettable novel that is haunting, moving, and inspiring.

I Want to Eat Your Books

He's limping strangely down the hall with outstretched arms and a groaning drawl. A zombie! Could it really be? You race to class, but turn to see he's sitting in the desk right next to you! But odds are you'll probably be okay, because this is no ordinary zombie. This zombie doesn't want to eat your brains—he wants to eat your books! Hide your textbooks and your fairy tales, because the little zombie is hungry and he doesn't discriminate between genres. Will the school library be devoured, or will the children discover something the zombie likes to do with books even more than eating them? This monster book is silly and fun, with a strong message about kindness and friendship. The little zombie teaches kids not to jump to conclusions and to give everyone a chance. And when a real-life mummy shows up, the zombie is the first to step up and offer the mummy his friendship—and to teach her a few things about

the joy of books. This is the perfect monster book for little ones who want a thrill but aren't looking for anything too scary. For kids ages 3 to 6, this is not a scary monster book; rather, it's a great introduction to the importance of reading books and all that you can learn from them. This should have a big draw to librarians and booksellers as well as kids who enjoy books about monster. None of the monsters in the book are scary, however, and it's not a book about kids trying overcome the monsters in their house or fight them. Instead, the kids actually are kind to the zombie and draw him into their friend circle, which is a great lesson for kids to learn. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Food Freedom Forever

The New York Times bestseller by the co-creator of the WHOLE30 'If you want to stop turning to food to make you feel better, this is the book for you' Sun 'Food Freedom Forever gives you everything you need for achieving dietary success, for today and for the rest of your healthy life' David Perlmutter, MD, No. 1 New York Times bestselling author of Grain Brain What does 'food freedom' mean to you? Maybe it's eating whatever you want without negative consequences to your health or waistline. (Good luck with that.) Maybe it's giving up your obsession with calorie counting, food restriction, and the scales. (Now we're getting somewhere.) Bestselling author and nutritionist Melissa Hartwig defines true food freedom as being in control of the food you eat, instead of food controlling you. It means indulging when you decide it's worth it, savouring the experience without guilt or shame, and the returning to your healthy habits. In Food Freedom Forever Melissa outlines a simple three-part plan that will help you to discover food freedom for yourself, no matter how out of control you feel. It will point you down a self-directed path that keeps you balanced, satisfied and healthy, without requiring that you obsess about food, count calories or starve yourself. By the last page, you'll have a detailed plan for creating the perfect diet for you, finding your own healthy balance, and maintaining the kind of control that brings you real food freedom every day. Welcome to food freedom.

I Will Not Eat You

A dragon resists the urge to eat the animals that approach his cave.

How to Get Your Kid to Eat

Answering a multitude of questions—such as What should a parent do with a child who wants to snack continuously? How should parents deal with a young teen who has declared herself a vegetarian and refuses to eat any type of meat? Or What can parents do with a child who claims he doesn't like what's been prepared, only to turn around and eat it at his friend's house?—this guide explores the relationship between parents, children, and food in a warm, friendly, and supportive way.

What Do You Want to Eat, Pascal?

REDISCOVER THE FORGOTTEN ART OF ASKING IN THIS NEW YORK TIMES BESTSELLING BOOK 'Amanda Palmer joyfully shows a generation how to change their lives' Caitlin Moran 'To read Amanda Palmer's remarkable memoir about asking and giving is to tumble headlong into her world' Elizabeth Gilbert 'The Art of Asking is a book about cultivating trust and getting as close as possible to love, vulnerability, and connection. Uncomfortably close. Dangerously close. Beautifully close' Brene Brown Imagine standing on a box in the middle of a busy city, dressed as a white-faced bride, and silently using your eyes to ask people for money. Or touring Europe in a punk cabaret band, and finding a place to sleep each night by reaching out to strangers on Twitter. For Amanda Palmer, actions like these have gone beyond satisfying her basic needs for food and shelter - they've taught her how to turn strangers into friends, build communities, and discover her own giving impulses. And because she had learned how to ask, she was able to go to the world to ask for the money to make a new album and tour with it, and to raise over a million dollars in a month. In the New York Times bestseller The Art of Asking, Palmer expands upon her popular TED talk to reveal how ordinary people, those of us without thousands of Twitter followers and adoring fans, can use these same principles in our own lives.

The Art of Asking

THE PHENOMENAL KOREAN BESTSELLER TRANSLATED BY INTERNATIONAL BOOKER SHORTLISTEE ANTON HUR 'Will strike a chord with anyone who feels that their public life is at odds with how they really feel inside.' - Red PSYCHIATRIST: So how can I help you? ME: I don't know, I'm – what's the word – depressed? Do I have to go into detail? Baek Sehee is a successful young social media director at a publishing house when she begins seeing a psychiatrist about her – what to call it? – depression? She feels persistently low, anxious, endlessly self-doubting, but also highly judgemental of others. She hides her feelings well at work and with friends; adept at performing the calmness, even ease, her lifestyle demands. The effort is exhausting, overwhelming, and keeps her from forming deep relationships. This can't be normal. But if she's so hopeless, why can she always summon a desire for her favourite street food, the hot, spicy rice cake, tteokbokki? Is this just what life is like? Recording her dialogues with her psychiatrist over a 12-week period, Baek begins to disentangle the feedback loops, knee-jerk reactions and harmful behaviours that keep her locked in a cycle of self-abuse. Part memoir, part self-help book, I Want to Die but I Want to Eat Tteokbokki is a book to keep close and to reach for in times of darkness.

I Want to Die but I Want to Eat Tteokbokki

your inner voice? What if you could find a way to stop eating, stop working at a bad job, stop a bad relationship before you walk down the aisle—stop anything when you are full? Understanding WHY you eat can lead to real and lasting change--both in your weight loss and all other areas of your life. You Are WHY You Eat teaches readers to take back control in their lives. Dr. Ramani takes an iconoclastic, brave, edgy, and witty approach to self-help. She teaches you to unearth that inner voice, and let it be heard. She turns all of your childhood teachings upside down and forces you to take responsibility for your choices in life. Through real-life anecdotes and exercises, she gives you the tools you need to live on your terms, not those of the stakeholders that surround you. It will help you trust yourself and act from the gut, while making that gut smaller at the same time. And in so doing, it will help people live lives that are braver, more authentic, and less riddled with regret. You can change your food attitude and change your life!

You Are WHY You Eat

We've all been there--angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, Intuitive Eating focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: *How to reject diet mentality forever *How our three Eating Personalities define our eating difficulties *How to feel your feelings without using food *How to honor hunger and feel fullness *How to follow the ten principles of Intuitive Eating, step-by-step *How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder.

Intuitive Eating, 2nd Edition

May helps you rediscover when, what, and how much to eat without restrictive rules. You'll learn the truth about nutrition and how to stop using exercise to earn the right to eat. You'll finally experience the pleasure of eating the foods you love-- without guilt or binging.

Eat what You Love

In Helping Your Child with Extreme Picky Eating, a family doctor specializing in childhood feeding joins forces with a speech pathologist to help you support your child's nutrition, healthy growth, and end meal-time anxiety (for your child and you) once and for all. Are you parenting a child with 'extreme' picky eating? Do you worry your child isn't getting the nutrition he or she needs? Are you tired of fighting over food, suspect that what you've tried may be making things worse, but don't know how to help? Having a child with 'extreme' picky eating is frustrating and sometimes scary. Children with feeding disorders, food aversions, or selective eating often experience anxiety around food, and the power struggles can negatively impact your relationship with your child. Children with extreme picky eating can also miss out

on parties or camp because they can't find "safe" foods. But you don't have to choose between fighting over every bite and only serving a handful of safe foods for years on end. *Helping Your Child with Extreme Picky Eating* offers hope, even if your child has "failed" feeding therapies before. After gaining a foundation of understanding of your child's challenges and the dynamics at play, you'll be ready for the 5 steps (built around the clinically proven STEPS+ approach—Supportive Treatment of Eating in PartnershipS) that transform feeding and meals so your child can learn to enjoy a variety of foods in the right amounts for healthy growth. You'll discover specific strategies for dealing with anxiety, low appetite, sensory challenges, autism spectrum-related feeding issues, oral motor delay, and medically-based feeding problems. Tips and exercises reinforce what you've learned, and dozens of "scripts" help you respond to your child in the heat of the moment, as well as to others in your child's life (grandparents or your child's teacher) as you help them support your family on this journey. This book will prove an invaluable guide to restore peace to your dinner table and help you raise a healthy eater.

Helping Your Child with Extreme Picky Eating

Widely considered the leading book involving nutrition and feeding infants and children, this revised edition offers practical advice that takes into account the most recent research into such topics as: emotional, cultural, and genetic aspects of eating; proper diet during pregnancy; breast-feeding versus; bottle-feeding; introducing solid food to an infant's diet; feeding the preschooler; and avoiding mealtime battles. An appendix looks at a wide range of disorders including allergies, asthma, and hyperactivity, and how to teach a child who is reluctant to eat. The author also discusses the benefits and drawbacks of giving young children vitamins.

Child of Mine

The first ever playbook for B2B salespeople on how to win clients and customers who are already being serviced by your competition, from the author of *The Only Sales Guide You'll Ever Need* and *The Lost Art of Closing*. Like it or not, sales is often a zero-sum game: Your win is someone else's loss. Most salespeople work in mature, overcrowded industries, your offerings perceived (often unfairly) as commodities. Growth requires taking market share from your competitors, while they try to do the same to you. How else can you grow 12 percent a year in an industry that's only growing by 3 percent? It's not easy for any salesperson to execute a competitive displacement--or, in other words, "eat their lunch." You might think this requires a bloodthirsty "whatever it takes" attitude, but that's the opposite of what works. If you act like a Mafia don, you only make yourself difficult to trust and impossible to see as a long-term partner. Instead, this book shows you how to find and maintain a long-term competitive advantage by taking steps like: ranking prospective new clients not by their size or convenience to you, but by who stands to gain the most from your solution. understanding the different priorities for everyone in your prospect's organization, from the CEO to the accountants, and addressing their various concerns. developing a systematic contact plan for all those different stakeholders so you can win over the right people at the organization in the optimal sequence. Your competitors may be tough, but with the strategies you'll discover in this book, you'll soon be eating their lunch.

Eat Their Lunch

TOP TEN SUNDAY TIMES BESTSELLER Think about that first tickle of hunger in your stomach. A moment ago, you could have been thinking about anything, but now it's thickly buttered marmite toast, a frosty scoop of ice cream straight from the tub, some creamy, cheesy scrambled eggs or a fuzzy, perfectly-ripe peach. Eating is one of life's greatest pleasures. Food nourishes our bodies, helps us celebrate our successes (from a wedding cake to a post-night out kebab), cheers us up when we're down, introduces us to new cultures and - when we cook and eat together - connects us with the people we love. In *Eat Up*, Ruby Tandoh celebrates the fun and pleasure of food, taking a look at everything from gluttons and gourmets in the movies, to the symbolism of food and sex. She will arm you against the fad diets, food crazes and bad science that can make eating guilt-laden and expensive, drawing eating inspiration from influences as diverse as Roald Dahl, Nora Ephron and Gemma from *TOWIE*. Filled with straight-talking, sympathetic advice on everything from mental health to recipe ideas and shopping tips, this is a book that clears away the fog, to help you fall back in love with food.

Eat Up

A scrawny little crocodile wants the opportunity to bite off more than he can chew. He's tired of bananas; today he'd like to eat a child. But he's smaller than he thinks, and the little girl he chooses for his first

meal puts him in his place—she picks him up and tickles his tummy! The little crocodile is going to have to eat a lot of bananas and grow a lot bigger before he can add children to his menu! Simple yet hilarious artwork brings this droll story to life.

I'd Really Like to Eat a Child

A fresh approach to overcoming struggles with food, exercise, and body image. From journaling prompts, to practical tips and tricks, this book is packed full of helpful tools and useful information.

The Secret of Your Naturally Skinny Friends

Combining the winning elements of proven training approaches, motivational stories, and innovative recipes, No Meat Athlete is a unique guidebook, healthy-living cookbook, and nutrition primer for the beginner, every day, and serious athlete who wants to live a meatless lifestyle. Author and popular blogger, Matt Frazier, will show you that there are many benefits to embracing a meat-free athletic lifestyle, including: - Weight loss, which often leads to increased speed- Easier digestion and faster recovery after workouts- Improved energy levels to help with not just athletic performance but your day-to-day life - Reduced impact on the planet Whatever your motivation for choosing a meat-free lifestyle, this book will take you through everything you need to know to apply your lifestyle to your training. Once you've mastered the basics, Matt delivers a training manual of his own design for runners of all abilities and ambitions. The manual provides training plans for common race distances and shows runners how to create healthy habits, improve performance, and avoid injuries. No Meat Athlete will take you from the start to finish line, giving you encouraging tips, tricks, and advice along the way.

No Meat Athlete

**** SUNDAY TIMES NUMBER ONE BESTSELLER**** 'Rattling. Heartbreaking. Beautiful.' Atul Gawande, bestselling author of *Being Mortal* What makes life worth living in the face of death? At the age of thirty-six, on the verge of completing a decade's training as a neurosurgeon, Paul Kalanithi was diagnosed with inoperable lung cancer. One day he was a doctor treating the dying, the next he was a patient struggling to live. When *Breath Becomes Air* chronicles Kalanithi's transformation from a medical student asking what makes a virtuous and meaningful life into a neurosurgeon working in the core of human identity - the brain - and finally into a patient and a new father. Paul Kalanithi died while working on this profoundly moving book, yet his words live on as a guide to us all. When *Breath Becomes Air* is a life-affirming reflection on facing our mortality and on the relationship between doctor and patient, from a gifted writer who became both. 'A vital book about dying. Awe-inspiring and exquisite. Obligatory reading for the living' Nigella Lawson

When Breath Becomes Air

Illustrates and examines what different animals eat and the methods they use to consume their food.

Time to Eat

"Like the YouTube channel, this is a touching yet informative guide for those seeking fatherly advice, or even a few good dad jokes." — Library Journal

Dad, How Do I?

Meat eating is often a contentious subject, whether considering the technical, ethical, environmental, political, or health-related aspects of production and consumption. This book is a wide-ranging and interdisciplinary examination and critique of meat consumption by humans, throughout their evolution and around the world. Setting the scene with a chapter on meat's role in human evolution and its growing influence during the development of agricultural practices, the book goes on to examine modern production systems, their efficiencies, outputs, and impacts. The major global trends of meat consumption are described in order to find out what part its consumption plays in changing modern diets in countries around the world. The heart of the book addresses the consequences of the "massive carnivory" of western diets, looking at the inefficiencies of production and at the huge impacts on land, water, and the atmosphere. Health impacts are also covered, both positive and negative. In conclusion,

the author looks forward at his vision of “rational meat eating”, where environmental and health impacts are reduced, animals are treated more humanely, and alternative sources of protein make a higher contribution. *Should We Eat Meat?* is not an ideological tract for or against carnivorousness but rather a careful evaluation of meat's roles in human diets and the environmental and health consequences of its production and consumption. It will be of interest to a wide readership including professionals and academics in food and agricultural production, human health and nutrition, environmental science, and regulatory and policy making bodies around the world.

Should We Eat Meat?

Have you ever taken the time to ask God some important questions about life or personal matters, or just asked for a little help in understanding the Bible? These are real questions from people of all walks of life; some of these questions are of a serious nature, and some are challenges to faith. I believe God has helped me to answer them from a biblical perspective. My own rocky walk through this valley of the shadow of death has taught me many things. Even as a Christian who has learned to rely on God, I still have my challenges; however, I can say with some confidence that the Lord is indeed my shepherd, and the answers I provide in this book come from that experience. My hope is that you will be awakened to deeper things and greater understanding of the God who loves you. God Has Your B.A.Q.

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his resume, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Think Like a Monk

Far too many parents face an ongoing struggle to get their kids to eat well, so why is it that French children gladly wolf down all the things our kids hate - the dreaded spinach or broccoli, fish, olives, salad...? In *French Kids Eat Everything*, Karen Le Billon shares her experience of moving to France and finding the inspiration to transform her family's approach to eating. If you've ever tried hiding healthy foods in your kids' meals, bribing them to finish - or even start - something healthy, or simply given up in exasperation at your child's extensive list of banned foods, this book will strike a chord. It charts the author's enlightening journey from stressed mum of picky eaters, to proud - if somewhat surprised - parent of healthy, happy eaters. Along the way, you'll discover the 'food rules' that help the French foster healthy eating habits, why it's vital to get kids to try the same food many times over, the value

of educating your children about food from an early age, why how you eat is just as important as what you eat - and much, much more. With tips, tricks, rules and routines for happy, healthy eaters - plus some fast, tasty recipes to try - this isn't just another tale of Gallic gastronomic superiority but a practical guide to instilling in your kids healthy eating habits that will last them a lifetime (and ensure less stressful mealtimes for you too!).

French Kids Eat Everything

It's never too late to make peace with food. Are you tired of eating the same 15 foods, ordering off the kids' menu, or feeling anxious or embarrassed about what you eat? You are not alone, and it can get better. Written by a speech pathologist specializing in feeding and a family doctor specializing in relational feeding, this workbook shares tips and strategies to help you get unstuck. It's a no-pressure, how-to guide filled with ideas and activities to explore at your own pace. Understand why you eat the way you do and take control of your path forward. Reclaim your place at the table-and restore your health and wellbeing. "These wise authors cover everything from the mechanics of trying/learning to like new foods to recovering from the shame of not being adventurous with eating. I will recommend this book to many, many clients." -Elizabeth Jackson, MS, RDN, LDN "A long overdue, step-by-step guide that actually helps teens and adults make peace with food." -Skye Van Zetten, founder of Mealtime Hostage blog and online parent-peer support group

The Way of Cats

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of The No Asshole Rule and The Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the stormy seas of office life.

Ask a Manager

Funny, outrageous, passionate, and unrelenting, Vogue's food writer, Jeffrey Steingarten, will stop at nothing, as he makes clear in these forty delectable pieces. Whether he is in search of a foolproof formula for sourdough bread (made from wild yeast, of course) or the most sublime French fries (the secret: cooking them in horse fat) or the perfect piecrust (Fannie Farmer--that is, Marion Cunningham--comes to the rescue), he will go to any length to find the answer. At the drop of an apron he hops a plane to Japan to taste Wagyu, the hand-massaged beef, or to Palermo to scale Mount Etna to uncover the origins of ice cream. The love of choucroute takes him to Alsace, the scent of truffles to the Piedmont, the sizzle of ribs on the grill to Memphis to judge a barbecue contest, and both the unassuming and the haute cuisines of Paris demand his frequent assessment. Inevitably these pleasurable pursuits take their toll. So we endure with him a week at a fat farm and commiserate over low-fat products and dreary diet cookbooks to bring down the scales. But salvation is at hand when the French Paradox (how can they eat so richly and live so long?) is unearthed, and a "miraculous" new fat substitute, Olestra, is unveiled, allowing a plump gourmand to have his fill of fat without getting fatter. Here is the man who ate everything and lived to tell about it. And we, his readers, are hereby invited to the feast in this delightful book.

The Man Who Ate Everything

Renowned cardiologist William Davis explains how eliminating wheat from our diets can prevent fat storage, shrink unsightly bulges and reverse myriad health problems.

Wheat Belly: Lose the Wheat, Lose the Weight and Find Your Path Back to Health

Disease-Proof Your Child features easy-to-prepare, kid-friendly recipes that will satisfy even the pickiest eaters, and will help your whole family establish life-long healthful eating habits. Harness the power of a nutrient-rich diet to ensure a lifetime free of illness and full of health! In his private practice, Joel Fuhrman, M.D. helps families transform their eating habits and recover their health. His nutrient-rich eating plan can have a significant impact on your child's resistance to dangerous infections, and a dramatic effect on reducing the occurrence of illnesses like asthma, ear infections, and allergies. Dr. Fuhrman explains how you can make sure your children are eating right to maintain a healthy mind and body, and how eating certain foods and avoiding others can positively impact your child's IQ and success in school. He also presents the fascinating science that demonstrates that the current epidemic of adult cancers and other diseases is closely linked to what we eat in the first quarter of life. Eating well in our early years may enable us to win the war on cancer. Bolstered by this scientific evidence, he helps you do everything you can to protect your child against developing diabetes, cardiovascular disease, autoimmune diseases, and cancer through a solid nutritional groundwork.

Disease-Proof Your Child

'I Had a Black Dog says with wit, insight, economy and complete understanding what other books take 300 pages to say. Brilliant and indispensable.' - Stephen Fry 'Finally, a book about depression that isn't a prescriptive self-help manual. Johnston's deftly expresses how lonely and isolating depression can be for sufferers. Poignant and humorous in equal measure.' Sunday Times There are many different breeds of Black Dog affecting millions of people from all walks of life. The Black Dog is an equal opportunity mongrel. It was Winston Churchill who popularized the phrase Black Dog to describe the bouts of depression he experienced for much of his life. Matthew Johnstone, a sufferer himself, has written and illustrated this moving and uplifting insight into what it is like to have a Black Dog as a companion and how he learned to tame it and bring it to heel.

I Had a Black Dog

Niomi Smart's passion is healthy food and her most popular YouTube video series, What I Eat in a Day, inspires a global audience of millions to look, live and feel better. Now, for the first time, she has compiled all of her favourite recipes into a cookbook to show you the smart way to eat.

Eat Smart: What to Eat in a Day – Every Day

A page-turning, seafaring adventure from YA fantasy sensation Tricia Levenseller - the first book in the Daughter of the Pirate King duology 'Kidnapped my interest from the first chapter and never let it go' Anna Banks, author of Of Triton Seventeen-year-old Alosa, daughter of the feared Pirate King, is on a mission. She must retrieve an ancient hidden map, the key to a legendary treasure trove. The catch?

Alosa needs to conceal her considerable combat skills and allow herself to be captured by her enemies, giving her the perfect opportunity to search their ship. More than a match for the ruthless pirate crew, Alosa has only one thing standing between her and the map: her captor, the unexpectedly clever and unfairly attractive first mate, Riden. But luckily, she has a few tricks up her sleeve - and no lone pirate can stop the Daughter of the Pirate King.

Daughter of the Pirate King

Atomic Habits (Tamil)

'A masterly novel' New York Times 'Such is the exquisite, gossamer construction of Murakami's writing that everything he chooses to describe trembles with symbolic possibility' Guardian Read the haunting love story that turned Murakami into a literary superstar. When he hears her favourite Beatles song, Toru Watanabe recalls his first love Naoko, the girlfriend of his best friend Kizuki. Immediately he is transported back almost twenty years to his student days in Tokyo, adrift in a world of uneasy friendships, casual sex, passion, loss and desire - to a time when an impetuous young woman called Midori marches into his life and he has to choose between the future and the past. *Murakami's new book Novelist as a Vocation is available now* 'Evocative, entertaining, sexy and funny; but then Murakami is one of the best writers around' Time Out 'Poignant, romantic and hopeless, it beautifully encapsulates the heartbreak and loss of faith' Sunday Times 'This book is undeniably hip, full of student uprisings, free love, booze and 1960s pop, it's also genuinely emotionally engaging, and describes the highs of adolescence as well as the lows' Independent on Sunday
