Cartoon Animation

In *Cartoon Animation*, acclaimed cartoon animator Preston Blair shares his vast practical knowledge to explain and demonstrate the many techniques of cartoon animation. By following his lessons, you can make any character—person, animal, or object—come to life through animated movement! Animation is the process of drawing and photographing a character in successive positions to create lifelike movement. Animators bring life to their drawings, making the viewer believe that the drawings actually think and have feelings. *Cartoon Animation* was written by an animator to help you learn how to animate. The pioneers of the art of animation learned many lessons, most through trial and error, and it is this body of knowledge that has established the fundamentals of animation. This book will teach you these fundamentals. Animators must first know how to draw; good drawing is the cornerstone of their success. The animation process, however, involves much more than just good drawing. This book teaches all the other knowledge and skills animators must have. In chapter one, Preston Blair shows how to construct original cartoon characters, developing a character's shape, personality, features, and mannerisms. The second chapter explains how to create movements such as running, walking, dancing, posing, skipping, strutting, and more. Chapter three discusses the finer points of animating a character, including creating key character poses and in-betweens. Chapter four is all about dialogue, how to create realistic mouth and body movements, and facial expressions while the character is speaking. There are helpful diagrams in this chapter that show mouth positions, along with a thorough explanation of how sounds are made using the throat, tongue, teeth, and lips. Finally, the fifth chapter has clear explanations of a variety of technical topics, including tinting and spacing patterns, background layout drawings, the cartoon storyboard, and the synchronization of camera, background, characters, sound, and music. Full of expert advice from Preston Blair, as well as helpful drawings and diagrams, *Cartoon Animation* is a book no animation enthusiast should be without.

Draw Cartoons

This illuminating and entertaining book is the essential guide for the aspiring cartoonist, full of information on the best materials and techniques for drawing cartoons. It comes complete with comprehensive step-by-step drawings, as well as tried and tested advice on composition and perspective.

I Can Draw

Learn to draw with this sneakily accessible and fun approach, tested through years of classroom teaching. There's no doubt about it: whether you're a newbie or a pro, drawing can be daunting. That's why expressive and humorous cartoons are the best place to start! From experienced teacher Peng comes a stylish yet playful approach to drawing cartoons, designed to excite even the most tentative artists. Over several decades teaching in schools and art colleges, artist and illustrator Peng has developed expert knowledge of the building blocks of drawing and sketching. As he shows, creativity can come from anywhere and entire sketches can spring up from the simplest lines or curves. Peng's easy-to-follow guide inspires confidence and creativity by showing how even complete novices can quickly learn how to draw characters and develop their own individual style. Starting with the basics of figure construction and moving through to expression, storytelling, and animals, the artist conjures up delightful cartoons with wicked humor and a lightness of touch. Simple tips and exercises reveal how anyone and everyone can master the art of drawing. This volume encourages everyone to experiment with a variety of techniques executed through brush, pencil, and pen. Don't be afraid of drawing! In this addictive starter book, you make the rules.

10 DAVID BOWIE QUOTES THAT PROVE HE IS A LEGEND

I DON'T KNOW WHERE I'M GOING FROM HERE

BEING MARRIED TO A SUPERMODEL

THE TRUTH IS, THERE IS NO JOURNEY.

ALL AT THE SAME TIME.

JUST ADD WATER AND STIR.

IS EVERYTHING I WANT TO SAY.

THE QUESTIONS COME DOWN TO ABOUT 2 OR 3...

HOW LONG?

I WANT TO BE A SUPERHUMAN.
