The Life of Alice Freeman Palmer

Alice Elvira Freeman was born in 1855 at Coleville, New York, the daughter of James Warren and Elizabeth Josephine Higley Freeman. She received B.A. and Ph. D. degrees at the University of Michigan; was a professor of History of Wellesley College, Wellesley, Massachusetts, and was president of Wellesley. She married George Herbert Palmer (1842-1933) in 1887. They made their home at Cambridge, Massachusetts, and spent several years in Europe. She died at Paris in 1902.

Alice Freeman Palmer

Excerpt from The Life of Alice Freeman Palmer I cannot explain it. Probably genius is never explicable. The more nearly it is examined, the more intricately marvelous it appears. Fifteen years of closest companionship with Mrs. Palmer did not disclose to me the pulse of that curious machine. She always remained a surprise. Yet I never tired of studying her; for though we seldom can fully comprehend a person, in studying one who is great we can push analysis farther than elsewhere and with larger entertainment and profit; we discover a multitude of ingredients unsuspected at first; and, most interesting of all, we come upon strange modes of turning trivial things to power and of gaily discarding what men usually count important. And even when at last we arrive at what defies analysis, being the very individuality itself, its beautiful mystery still lures us on and like Keats's Grecian Urn enlarges us out of thought. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Life of Alice Freeman Palmer (Classic Reprint)

"Why Go to College? An Address" is an essay written in support of the necessity of education for American women, written in the 19th century. The author of the essay, Alice Freeman Palmer, was an American educator and a co-founder and president of the Association of Collegiate Alumnae, which later became the American Association of University Women. In her essays, she called for women to attain a college education so that if they needed to support themselves, they would have the necessary skills to do so.

Why Go to College? An Address

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Alice Freeman Palmer

In v.1-8 the final number consists of the Commencement annual.

The Educational Services of Alice Freeman Palmer

This lively and thought-provoking collective biography uncovers the contributions of past women educators who promoted a distinctive vision of citizenship education. A distinguished group of scholars, including editors Margaret Smith Crocco and O. L. Davis, Jr., consider the lives and perspectives of eleven women educators and social activists—Jane Addams, Mary Sheldon Barnes, Mary Ritter Beard, Rachel Davis DuBois, Hazel Hertzberg, Alice Miel, Lucy Sprague Mitchell, Bessie Pierce, Lucy Maynard Salmon, Hilda Taba, and Marion Thompson Wright—concerned over the last century with issues of difference in schools and society. This volume's reconstruction of "hidden history" reveals the importance of these women to contemporary debate about gender, pluralism, and education in a democracy. Characterized by views of education that were constructivist, customized, and transformative, their lives and ideas present an alternative model to dominant conceptualizations of education—one sensitive to the demands of pluralism within civil education long before the present-day debates about multiculturalism.

The Autobiography of Mrs. Alice Thornton, of East Newton, Co. York - Scholar's Choice Edition

This brilliant collection of essays answers critical questions about teaching. The writers explain what teaching is, its scope, its influence on character, whether it can be practiced outside the classroom

or not, and its limitations. Content includes: The Ideal Teacher Ethical Instruction in the Schools Moral Instruction in the Schools Self-Cultivation in English Doubts About University Extension Specialization The Glory of the Imperfect The New Education Erroneous Limitations of the Elective System Necessary Limitations of the Elective System College Expenses A Teacher of the Olden Time Three Types of Women's Colleges Women's Education in the Nineteenth Century Women's Education at the World's Fair Why Go to College?

Alice - Scholar's Choice Edition

Â Â Â In biography, autobiography, and other documents, this volume offers portraits of seven women who were the first of their sex to work as faculty and deans at coeducational universities in the United States and Canada. Most historians of higher education for women have focused their attention on women's colleges where the critical mass of faculty and students allowed communities of women to develop. Here, thanks to the recent research of seven scholars, we have stories of pathbreakers, pioneers, models of achievement, loneliness, isolation, and solitary triumphs recorded in journals, letters, and memoirs. The group of women includes an engineering graduate, two physicians, and an economist. The "woman question" loomed large in their lives and work: several were active in the suffrage movement, others worked on gender in research, or for such improvements as the 10-hour work day.

Torquemada and the Spanish Inquisition

This is an incredible history focusing on the role of Tomás de Torquemada in the Spanish inquisition. Torquemada was a Castilian Dominican friar and the first Grand Inquisitor in Spain's movement to standardize religious conventions with those of the Catholic Church in the late 15th century. In 1483, Ferdinand and Isabella appointed a state council to administer the inquisition with Torquemada acting as its head and he ultimately acquired the title of Inquisitor-General. The accounts presented in this work are raw but factual and solid. Sabatini debunks some popular misconceptions about the inquisition and gives his own views on the time's prominent political and religious figures. This history is illustrated with trials and examples of Torquemada and the Holy Office at work. It is well-written and often surprising in its revelations.

Torquemada and the Spanish Inquisition. A History

Excerpt from Torquemada and the Spanish Inquisition: A History The history of Prey Tomas de Torquemada is the history of the establishment of the Modern Inquisition. It is not so much the history of a man as of an abstract genius presiding over a gigantic and cruel engine of its own perfecting. Of this engine we may examine for ourselves to-day the details of the complex machinery. Through the records that survive we may observe its cold, smooth action, and trace in this the awful intelligence of its architect. But of that architect himself we are permitted to catch no more than an occasional and fleeting glimpse. It is only in the rarest and briefest moments that he stands clearly before us, revealed as a man of flesh and blood. We see him, now fervidly urging a reluctant queen to do her duty by her God and unsheathe the sword of persecution, now harshly threatening his sovereigns with the wrath of Heaven when they are in danger of relenting in the wielding of that same sword. But in the main he must be studied, not in his actions, but in his enactments - the emanations of his relentless spirit. In these he is to be seen devoutly combating evil in the fervid quest of good. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Torquemada and the Spanish Inquisition

From property forfeiture to public flogging to burning at the stake, persecution and torture were all in a day's work for Tomás de Torquemada-- a monk without mercy for anyone who broke the laws of the Church.

Torquemada and the Spanish Inquisition

Tomas de Torquemada

This book lends the comprehensive history of Cardinal Ximenez, the Spanish statesman and religious leader who would later become Grand Inquisitor and be instrumental in the execution of the Spanish Inquisition throughout Spain and her realms.

Torquemada and the Spanish Inquisition; A History - Primary Source Edition

"A History of the Inquisition of Spain" in 4 volumes is one of the best-known works by the American historian Henry Charles Lea. The Spanish Inquisition (officially known as the "Tribunal of the Holy Office of the Inquisition") was established in 1478 by Catholic Monarchs Ferdinand II of Aragon and Isabella I of Castile. It was intended to maintain Catholic orthodoxy in their kingdoms and to replace the Medieval Inquisition, which was under Papal control. It became the most substantive of the three different manifestations of the wider Catholic Inquisition along with the Roman Inquisition and Portuguese Inquisition. The Inquisition was originally intended primarily to identify heretics among those who converted from Judaism and Islam to Catholicism. The regulation of the faith of newly converted Catholics was intensified after the royal decrees issued in 1492 and 1502 ordering Muslims and Jews to convert to Catholicism or leave Castile. The Inquisition was not definitively abolished until 1834, during the reign of Isabella II, after a period of declining influence in the preceding century. The Spanish Inquisition is often cited in popular literature and history as an example of religious intolerance

and repression. This carefully crafted DigiCat ebook is formatted for your eReader with a functional and detailed table of contents.

The Life and Times of Cardinal Ximenez

The history of Frey Tomás de Torquemada is the history of the establishment of the Modern Inquisition. It is not so much the history of a man as of an abstract genius presiding over a gigantic and cruel engine of its own perfecting. Of this engine we may examine for ourselves to-day the details of the complex machinery. Through the records that survive we may observe its cold, smooth action, and trace in this the awful intelligence of its architect. But of that architect himself we are permitted to catch no more than an occasional and fleeting glimpse. It is only in the rarest and briefest moments that he stands clearly before us, revealed as a man of flesh and blood. We see him, now fervidly urging a reluctant queen to do her duty by her God and unsheathe the sword of persecution, now harshly threatening his sovereigns with the wrath of Heaven when they are in danger of relenting in the wielding of that same sword. But in the main he must be studied, not in his actions, but in his enactments—the emanations of his relentless spirit. In these he is to be seen devoutly compassing evil in the perfervid quest of good. Untouched by worldly ambitions, he seems at once superhuman and less than human. Dauntless amid execrations, unmoved by plaudits, sublimely disdainful of temporal weal, in nothing is he so admirable as in the unfaltering self-abnegation with which he devotes himself to the service of his God, in nothing so terrible and tragically deplorable as in the actual service which he renders.

A History of the Inquisition of Spain (Vol. 1-4)

"In this completely updated edition of Henry Kamen's classic survey of the Spanish Inquisition, the author incorporates the latest research in multiple languages to offer a new-and thought-provoking-view of this fascinating period. Kamen sets the notorious Christian tribunal into the broader context of Islamic and Jewish culture in the Mediterranean, reassesses its consequences for Jewish culture, measures its impact on Spain's intellectual life, and firmly rebuts a variety of myths and exaggerations that have distorted understandings of the Inquisition. He concludes with disturbing reflections on the impact of state security organizations in our own time"--

The Spanish Inquisition

Tomás de Torquemada (Thomas of Torquemada), O.P. (1420 - September 16, 1498) was a Castilian Dominican friar, and the first Grand Inquisitor in Spain's movement to homogenize religious practices with those of the Catholic Church in the late 15th century, otherwise known as "The Spanish Inquisition." Mainly because of persecution, Muslims and Jews in Spain at that time found it socially, politically, and economically expedient to convert to Catholicism, (see Converso, Morisco, and Marrano). Although small in number, [citation needed] the existence of superficial converts, (i.e., Crypto-Jews), was perceived by the Spanish monarchs of that time, (principally King Ferdinand and Queen Isabella), as a threat to the religious and social life of Spain. This led Torquemada, who himself had converso ancestors, to be one of the chief supporters of the Alhambra Decree that expelled the Jews from Spain in 1492.

The Guanches of Tenerife, the Holy Image of Our Lady of Candelaria, and the Spanish Conquest and Settlement - Scholar's Choice Edition

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. Torquemada and the Spanish Inquisition a History

A new history of the Spanish Inquisition--a terrifying battle for a unified faith.

Inquisition of Spain

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

The Spanish Inquisition

Examines the events that led to the persecution of accused heretics against the Catholic Church, focusing on the Inquisition in medieval Spain.

The Spanish Inquisition in World History

'A valuable work, scholarly, readable and suggestive, which helps to place the Inquisition in the society of whose transformation it was once the creature and defender' Hugh Trevor-Roper, New Statesman.

The Audiencia in the Spanish Colonies as Illustrated by the Audiencia of Malina (1583-1800) - Scholar's Choice Edition

The terrible history of the Inquisition is told here by the distinguished scholar Cecil Roth, who was Reader in Jewish Studies at Oxford University. The text is illustrated with documents and prints from the author's private collection, and two appendices provide the text of an actual "program" of an auto da fe as well as excerpts from a specific trial.

The Bible and the Monuments; The Primitive Hebrew Records in the Light of Modern Research -
Scholar's Choice Edition

This work has been selected by scholars as being culturally important, and is part of the knowledge
base of civilization as we know it. This work was reproduced from the original artifact, and remains as
true to the original work as possible. Therefore, you will see the original copyright references, library
stamps (as most of these works have been housed in our most important libraries around the world),
and other notations in the work. This work is in the public domain in the United States of America, and
possibly other nations. Within the United States, you may freely copy and distribute this work, as no
entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical
artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars
believe, and we concur, that this work is important enough to be preserved, reproduced, and made

generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Bible and the Monuments

Excerpt from The Bible and the Monuments: The Primitive Hebrew Records in the Light of Modern Research The object of this work is best explained by its title; some statement, however, of its aims and plan may not be deemed unnecessary. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Bible and the Monuments

The Bible and the Monuments - The Primitive Hebrew Records in the Light of Modern Research. Second Edition is an unchanged, high-quality reprint of the original edition of 1895. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

BIBLE & THE MONUMENTS

This Is A New Release Of The Original 1922 Edition.

The Bible and the Monuments

Excerpt from Light From the East, or the Witness of the Monuments: An Introduction to the Study of Biblical Archaeology Important Phoenician inscriptions which offer so many striking parallels to the religious ideas and practices of ancient Israel. I sincerely envy those readers to whom these illustrations of the Bible, derived from earlier and contemporary sources, will come invested with all the charm of the novel and the unexpected. They will find the sacred writings with which they are familiar acquiring fresh force, significance, and value, by comparison and contrast with the literary remains and monumental records of the great empires and peoples which so powerfully affected the fortunes of Israel. Their Old Testament will become to them a new Testament in the light of Oriental Archaeology. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Bible and the Monuments; The Primitive Hebrew Records in the Light of Modern Research

A scholarly investigation of the historical origins and literary sources of the Bible, exploring the complex interplay between Hebrew and Christian traditions. Giles's rigorous analysis sheds new light on the textual history of the Bible and offers a fresh perspective on its enduring significance. This work has

been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Bible and the Monuments

This book "" Fresh Light from the Ancient Monuments; A Sketch of the Most Striking Confirmations of the Bible, From Recent Discoveries in Egypt, Palestine, Assyria, Babylonia, Asia Minor ""

The Bible and the Monuments

The object of this is explained by its title, "Fresh Light from the Ancient Monuments-A Sketch of the Most Striking Confirmations of the Bible, From Recent Discoveries in Egypt, Palestine, Assyria, Babylonia, Asia Minor". Discovery after discovery has been pouring in upon us from Oriental lands, and the accounts given only ten years ago of the results of Oriental research are already beginning to be antiquated. It is useful, therefore, to take stock of our present knowledge, and to see how far it bears out that "old story" which has been familiar to us from our childhood.

The Bible and the Monuments. The Primitive Hebrew Records in the Light of Modern Research

A literary history of our most influential book of all time, by an Oxford scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as "Holy Scripture," a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In A History of the Bible, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, A History of the Bible argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

The Speaker

This is Volume I of an encyclopedia representing the scholarship of hundreds of evangelical contributors who have prepared articles on virtually every person, place, and term mentioned in the Bible. The encyclopedia is based on the Revised Standard Version, but is cross-referenced so that readers of other versions can easily utilize it.

The Independent

Canonical compositions from the biblical world
