The Bishop and Other Stories (;Y vÖÍÇ ªx)

Excerpt from The Bishop and Other Stories The evening, service was being celebrated on the eve of Palm Sunday in the Old Petrovsky Convent. When they began distributing the palm it was close upon ten o'clock, the candles were burning dimly, the wicks wanted snuffing; it was all in a sort of mist. In the twilight of the church the crowd seemed heaving like the sea, and to Bishop Pyotr, who had been unwell for the last three days, it seemed that all the faces - old and young, men's and women's - were alike, that everyone who came up for the palm had the same expression in his eyes. In the mist he could not see the doors; the crowd kept moving and looked as though there were no end to it. The female choir was singing, a nun was reading the prayers for the day. How stifling, how hot it was! How long the service went on! Bishop Pyotr was tired. His breathing was laboured and rapid, his throat was parched, his shoulders ached with dreariness, his legs were trembling. And it disturbed him un-pleasantly when a religious maniac uttered occasional shrieks in the gallery. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Bishop and Other Stories

The Bishop of Hell and Other Stories by Marjorie Bowen is a collection of feminist tales about the hardship of women and haunting and dark supernatural happenings. Excerpt: "SHE who had been Florence Flannery noted with a careless eye the stains of wet on the dusty stairs, and with a glance ill-used to the observance of domesticities looked up for damp or dripping ceilings. The dim-walled staircase revealed nothing but more dust, yet this would serve as a peg for ill-humor to hang on, so Florence pouted."

The Bishop and Other Stories (Classic Reprint)

"The Bishop" is a 1902 short story by Anton Chekhov, first published in the April 1902 issue of Zhurnal Dlya Vsekh. The story, telling about the last days of a terminally ill priest, in many ways reflects the psychological state of the author, who was at the time full of premonitions of his own inevitable demise, and in that respect is considered to be partly autobiographical.

The Bishop

Bowen's stories show a mastery of detail, a sureness of expression and an acute reading of human nature that give them a sinister force which is realistic and unnerving, yet at the same time tinged with pity and compassion.

How is this book unique? Font adjustments & biography included Unabridged (100% Original content) Illustrated About The Bishop and Other Stories by Anton Pavlovich Chekhov Anton Chekhov (1860-1904) may have suffered an untimely death, but he squeezed the most out of his 44 years of life. Chekhov was a Russian physician, dramatist and author who is considered to be one of the greatest writers in history, particularly in the genre of short stories. Chekhov's major innovation near the end of the 19th century was in what became known as "stream-of-consciousness" writing, in which he eschewed common traditional story structure and simply wrote as though he was thinking aloud. Renowned writers like James Joyce and William Faulkner would eventually run with this theme, producing classics in the same vein. Chekhov was one of Russia's most famous and popular writers in his time, producing well-received works like The Lady with the Dog and The Bishop.

The Bishop and Other Stories (Jovian Press)

Anton Pavlovich Chekhov was a Russian playwright and short-story writer who is considered to be among the greatest writers of short fiction in history. This captivating collection of short stories, selected from works written during Chekhov's prolific period, displays those qualities for which the Russian author and playwright is famous: a natural aptitude for detail, dialogue, humor, and compassion. When you want to read in both Russian and English, though, there's a great option: bilingual books! Reading bilingual books and inferring the vocabulary and grammar is a far superior method of language learning than traditional memorization. It is also much less painful.

Shortlisted for the 2010 Caine Prize for African Fiction. In this collection of short stories, award-winning author Lily Mabura explores a fascinating range of characters and tales from around the globe. Within these eleven short stories, an artist mourns for their brother who died fighting in Bosnia, a restless young woman discovers the possibility of life outside of her tight-knit community, and an unemployed lawyer lingers in a Kenyan hospital. Her first collection of short stories, Lily Mabura offers a thought-provoking and evocative glimpse into the diverse lives we lead and the stories we have to tell. His breathing was laboured and rapid, his throat was parched, his shoulders ached with weariness, his legs were trembling. And it disturbed him unpleasantly when a religious maniac uttered occasional shrieks in the gallery. And then all of a sudden, as though in a dream or delirium, it seemed to the bishop as though his own mother Marya Timofyevna, whom he had not seen for nine years, or some old woman just like his mother, came up to him out of the crowd, and, after taking a palm branch from him, walked away looking at him all the while good-humouredly with a kind, joyful smile until she was lost in the crowd. And for some reason tears flowed down his face. There was peace in his heart, everything was well, yet he kept gazing fixedly towards the left choir, where the prayers were being read, where in the dusk of evening you could not recognize anyone, and wept. Tears glistened on his face and on his beard. Here someone close at hand was weeping, then someone else farther away, then others and still others, and little by little the church was filled with soft weeping. And a little later, within five minutes, the nuns' choir was singing; no one was weeping and everything was as before.

His breathing was laboured and rapid, his throat was parched, his shoulders ached with weariness, his legs were trembling. And it disturbed him unpleasantly when a religious maniac uttered occasional shrieks in the gallery. And then all of a sudden, as though in a dream or delirium, it seemed to the bishop as though his own mother Marya Timofyevna, whom he had not seen for nine years, or some old woman just like his mother, came up to him out of the crowd, and, after taking a palm branch from him, walked away looking at him all the while good-humouredly with a kind, joyful smile until she was lost in the crowd. And for some reason tears flowed down his face. There was peace in his heart, everything was well, yet he kept gazing fixedly towards the left choir, where the prayers were being read, where in the dusk of evening you could not recognize anyone, and wept. Tears glistened on his face and on his beard. Here someone close at hand was weeping, then someone else farther away, then others and still others, and little by little the church was filled with soft weeping. And a little later, within five minutes, the nuns' choir was singing; no one was weeping and everything was as before.

The Bishop and Other Stories Illustrated

Marjorie Bowen (1885-1952) was a prolific author of some 150 books and counted Arthur Conan Doyle, Mark Twain, and Graham Greene among her many admirers. Her most enduring work is her tales of the ghostly and supernatural, her favorites of which she collected in 1949 under the title *The Bishop of Hell and Other Stories*. Included in this volume are some of her most famous stories, including 'The Crown Derby Plate', a classic in which a woman gets more than she bargained for when she purchases a set of old plates at an estate sale, 'Kecksies', an unsettling tale in which it is unclear exactly who is dead and who is not, and the title story, 'The Bishop of Hell', which tells of a defrocked clergyman who promises to reveal the secrets of the afterlife from beyond the dead. This collection of twelve stories ranks among the finest volumes of British ghost stories of all time and is presented here with a new introduction by Melanie R. Anderson.

The Bishop and Other Stories

A practising doctor, Chekhov was an acute observer of Russian society's moral, as well as physical sickness. Joining *The Russian Master*, *Ward Number Six*, and *A Woman's Kingdom in the World's Classics* series, this collection, including 'The Party', 'After the Theatre', and 'A Case History', again poses his recurrent literary quandary of whether to moralize, hoping to reform these ailments, or simply to entertain. The solution is to be found in the stories themselves, which, like his plays, offer no easy answers, but pinpoint the anguish, tedium, or downright evil of his characters with an irony that makes them both poignant and truthful.

Book may have numerous typos, missing text, images, or index. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. 1920. Not illustrated. Excerpt: ... "That money, my dear, deserves to be treated more seriously. It was earned by a good man, by honest labour." "You have told me that already. I know it." At first we drive through the open country, then through the pine-wood which is visible from my window. Nature seems to me as beautiful as it always has been, though some evil spirit whispers to me that these pines and fir trees, birds, and white clouds on the sky, will not notice my absence when in three or four months I am dead. Katya loves driving, and she is pleased that it is fine weather and that I am sitting beside her. She is in good spirits and does not say harsh things. "You are a very good man, Nikolay Stepanovitch," she says. "You are a rare specimen, and there isn't an actor who would understand how to play you. Me or Mihail Fyodorovitch, for instance, any poor actor could do, but not you. And I envy you, I envy you horribly! Do you know what I stand for? What?" She ponders for a minute, and then asks me: "Nikolay Stepanovitch, I am a negative phenomenon! Yes?" "Yes," I answer. "H'm! what am I to do?" What answer was I to make her? It is easy to say "work," or "give your possessions to the poor," or "know yourself," and because it is so easy to say that, I don't know what to answer. My colleagues when they teach therapeutics advise "the individual study of each separate case." One has but to obey this advice to gain the conviction that the methods recommended in the textbooks as the best and as providing a safe basis for treatment turn out to be quite unsuitable in individual cases. It is just the same in moral ailments. But I must make some answer, and I say: "You have too much free time, my dear; you absolutely must take up some occupation. After all, why shouldn't you be an actress again if it is ...

The Bishop and Other Stories

Collins captures the twilight zone -- the transition from childhood innocence to adult awareness of sexuality. Here, the thundering 'fire & brimstone' priests and strap-happy Christian Brothers do constant battle with their 'shameless, sacrilegious gutter-snipe' pupils. The boys caper through a world where their animal spirits and sexual curiosity keep them on a collision course with the pomposities of the adults in charge of them. Funny, definitely, but also poignant, especially for readers who had a similar education.

'Powerful and profound.' - Matthew Syed 'Anyone interested in motivation should read this book and think deeply.' - Margaret Heffernan ***Selected as one of the Financial Times's Best Business Books of 2020*** ***THE PEOPLE' BOOK PRIZE 2022/23 SHORTLISTED TITLE*** In this fascinating examination of our widespread obsession with winning, Cath Bishop draws on her personal experience of high-performance environments to trace the idea of winning through history, language and thought to explore how it has come to be a defining concept in fields from sport to business, from politics to education. Faced with the challenges and opportunities of the 21st century, Cath offers a new, broader approach – The Long Win. Cath competed as a rower at three Olympic Games, becoming the first British woman to win the World Championships and an Olympic medal in the coxless pairs event. As a senior diplomat, Cath worked on policy and negotiations, specializing in stabilization policy for conflict-affected parts of the world. In business, Cath has acted as a coach and consultant, advising on team and leadership development and organizational culture, and teaches on the Executive Education Faculty at the Judge Business School, Cambridge University. In this book she brings that extraordinary mix of experience to examine what winning has come to mean to society and to us as individuals and offers a fresh perspective on how we might redefine success – personal and professional - for the longer-term. 'Looking at life from a different point of view is a rare skill. Built on in-depth research and broad experience as well as original thought, this book will change your outlook on everything.' - Clare Balding OBE 'This book is so relevant, timely and exciting for any person or organization wanting to investigate what success means to them. It couldn't be a more relevant book right now and Cath's exceptional ability in so many areas of life make it a gripping read with a lot of key takeaways whatever your area of interest. I wish every leader could immediately read this book as the world would be a better place if they did!' - Goldie Sayers, Olympic Medallist in the Javelin, Coach 'I love this book. It is a must-read for educators, business executives, policy makers, politicians and indeed anyone who wants to understand why we need a new narrative around winning and success. We need a lot more Long-Win Thinking in our homes, businesses and institutions and Cath's book is the place to go to find out why – and how we get there.' - Dame Helena Morrissey
