## Blank Pages from the Soul: Healing the Soul

I wrote these poems for people to read and relate to their everyday lives. Each poem is different and has a different meaning for every person who reads them. The poems in this book refer to all aspects of life. My goal in writing this book is to help people deal with the pressures of life. I want my readers to be able to read a poem about "Love" and think of their girlfriends or boyfriends. I want my poems to be able to help someone grieve over a loved one who passed away, and most of all I want my readers to enjoy my poems because they are for you. I hope happiness comes to all of my readers. Even if you do not like poetry, you will be swept off your feet, into a fantasy world that will help you escape the pressures of life. Open your mind and let your imagination free!!!! Enjoy Life!! K.H.

## Human

Read the Kirkus Review below  
Elijah Smith's mind has been replaced, piece-by-piece, with virtual counterparts. His transformation thrusts his survivors into a maelstrom of violence, danger, and intrigue. Only Smith has the power to save them -- provided that he is still human. Mankind has been merging with his technology since the first time a caveman picked up a walking stick. We easily accept the fact that eyeglasses, pacemakers, and prosthetic limbs improve or replace human biology. Soon we will have to accept the fact that mind too can be improved or replaced by the addition of technological components. HUMAN combines elements of spy thriller, science fiction, and romance to drive the story to a feverish climax. The haunting conclusion will make you question everything you think to know about what it really means to be human. \_\_\_\_\_ KIRKUS REVIEW: \_\_\_\_\_

HUMAN (reviewed on May 1, 2012) First-time novelist Berke examines the tenuous relationship between the mental and the corporeal in a tale of political tug-of-war between the secret operatives of two world superpowers. Elijah Smith, the founder of the scientific company SmithCorp, appears to have crested in old age and begun his descent into death. With the help of the precocious but scarred Dr. Bayron and Hermelinda-Smith's nurse and lover-death isn't the only option for Smith. Using materials imported from a Russian researcher who attempted to recreate the mind of a deceased government agent, Bayron sets out to reconstruct a digital model of Smith's brain that effectively preserves his consciousness in a "prosthetic mind." Though the experiment accomplishes its goal, both Smith and Bayron soon discover the dangerous knowledge contained in Smith's hybrid mind: The Russian operative, whose memories Smith inherited, was one of three individuals who knew a code necessary to unlock an extensive nuclear warhead arsenal. What follows is a rollicking trapeze through espionage stings, gunfights, and meetings between friends and enemies as two covert units, one American and one Russian, go to great lengths to protect their national-and, as it turns out, personal-interests. Despite the violence and manpower, however, it is the disembodied Smith who plays the biggest role, in a way that makes a strong claim about the potential drawbacks of immortality in a world where "once you are quantifiable, you aren't human anymore." Berke's prose alternates between straightforwardness and meditation; in spite of its clockworklike plot, the novel manages to speak directly to the philosophical, theological and biological paradoxes inherent in the idea of a human living past physical death. By the end of the novel, it's clear that, at least for Smith, being human is not merely a matter of chemical processes, but a matter of doing the right thing. A rough-and-tumble combination of science fiction, crime and romance that ultimately succeeds in salvaging the best from each genre to comment meaningfully on the perplexing-and often uncertain-nature of human identity. Pub Date: Dec. 18th, 2011 ISBN: 978-0984950706 Page count: 346pp Publisher: MultiModoMedia Program: Kirkus Indie Review Posted Online: April 12th, 2012 Kirkus Reviews Issue: May 1st, 2012

Great for use as a journal, notebook, diary, field notes, travel logs, random thoughts and ideas, spiritual experiences, dates, appointments and more. Makes a great gift!

## The Soul's Journey

THE SOUL'S JOURNEY: GUIDANCE FROM THE DIVINE WITHIN propels the reader onto a breath-taking visionary quest as the soul's longing to know the Divine is answered by the loving power of Grace. Dr. Edwards uses his personal mystical experiences to gradually unfold the tasks to be mastered and

the lessons to be learned as we tread our individual path to the Divine. His wisdom is grounded in both direct experience as well as in the knowledge of Jungian archetypal psychology, Eastern and Western mysticism and mythology. The book presents a rich interweaving of personal trials and challenges, insights from poet saints and mystics, uplifting experiences of the Divine being discovered in everyday life, and lofty overviews of the spiritual terrain from different vantage points. The reader will have the good fortune to find their faith and their enthusiasm for treading their path delightfully boosted by what they encounter in this book. Joseph Chilton Pearce, noted author and lecturer on human development whose books include THE MAGICAL CHILD, THE MAGICAL CHILD MATURES and EVOLUTION'S END: "You have a treasure chest of experience - so rich a story.... The only one worth telling - the only game in town." Dr. Marion Woodman, the highly regarded Jungian analyst, author of numerous works and co-author of DANCING IN THE FLAMES: THE DARK GODDESS IN THE TRANSFORMATION OF CONSCIOUSNESS: "I find your descriptions of your experiences fascinating. I really feel that blackness - radiant blackness [of Kali] - you describe. Also your descriptions and explanations and in-depth experiences of the chakras are excellent. Many thanks for sharing this with me. I know it can be of value to many who are working so hard to bring East and West, body and mind together." Stanley Krippner, Ph.D., professor of psychology, author of Spiritual Dimensions of Healing and editor of Dreamscaping: "...Edwards' first person accounts are riveting. [His] descriptions of his Kundalini states are eloquent, including colorful descriptions of his imagery (olfactory and tactile as well as visual and auditory) and profound insights into the human condition. Edwards skillfully guides his readers through a pathway on which he has been an experienced traveler." (AHP Perspective, Sept/Oct 2001)

#### He Restores My Soul

Stoicism is coming back in a big way. Seen as a remedy for the craziness of the times we live in, it is experiencing a great surge in academic and cultural interest. Yet, can one live stoically and be a creative artist at the same time? Delving into its underlying tenets, obscure restrictions and limits of applicability, Stankiewicz critically explores Stoicism and its complex association with artistic creativity. Stoicism and artistic creativity are two great displays of the human spirit. Yet, there are multiple reasons to suspect that they are at odds with each other. Popular culture encapsulates this problem in the figure of the

rational, yet emotionally remote Stoic, who achieves serenity through withdrawal, and the contrasting figure of the “cursed poet,” “tormented artist,” or simply a rock star, who lives in a whirl of creative energy, yet falls short of quietude. Is this contrast valid? Other disciplines, including psychology, have explored this problem. But it has never been done philosophically. Pioneering in its philosophical approach, this book discusses how artistic creativity and its problems of identity, expression and self-creation serve as a great testing ground for Stoicism, as well as its theoretical challenges and practical limits. Stankiewicz presents a detailed investigation into the stereotypes of Stoic life that seeks to explain the cause of Stoicism’s modern revival. This book is an essential read for anyone captivated by Stoicism’s complex allure.

#### Does Happiness Write Blank Pages? On Stoicism and Artistic Creativity

Discover your divine purpose and live the life you were meant to live with this inspirational and deeply spiritual guide. Who am I? Why am I here? What is my purpose? These are questions we have all asked ourselves at some point in our lives. Though we know ourselves best, it can be difficult to separate who we are from who we want to be or how others see us. We present so many different versions of ourselves to the world that our true identity can get lost in the process. Maybe you’ve been on a steady path for a while, and you’re only now beginning to question if you’ve been heading in the right direction. Maybe you’ve wandered all your life with no direction at all. Either way, writer and spiritual guide Janet Conner offers the tools to reconnect with ourselves and the divine purpose affixed to our souls. Read Find Your Soul’s Purpose and discover: An inspirational and spiritual book with a soul-community creator as your guideRenewal of meaning in your day-to-day lifeA journey to finding yourself and your divine purpose

#### Be Fearless in the Pursuit of What Sets Your Soul on Fire

Soul’s Graffiti is a raw and honest exploration of the challenges and triumphs of living with anxiety and depression. Through vivid and emotional storytelling, the author takes readers on a journey through the twists and turns of their own inner struggles, offering insight and understanding into the chaos that can often consume the soul. With a deep sense of vulnerability and authenticity, the author invites readers to join them in exploring the complexities of mental health and finding hope and healing in the midst of it all. This powerful and moving book is a must-read for anyone who has struggled with their own mental health, or for those who want to gain a deeper understanding of the struggles faced by others. So, if you’re ready to delve into the depths of the human experience and come out on the other side with a renewed sense of hope and resilience, Soul’s Graffiti is the book for you.

#### Dance Is a Conversation Between Body and Soul: Blank Lined Notebook Journal Diary Composition Notepad 120 Pages 6x9 Paperback ( Ballet Gift ) Gold Gli

Reflections of the Spirit is a compilation of narrative, romantic, and descriptive prose that will inspire you and take you on a poetic and therapeutic journey to experiencing life through nature, love and passion, encouragement, and faith. Rubianne writes about hope and pain, and the struggle to emerge from the dark emotions of life. Reflections of the Spirit demonstrate the true nature and vast beauty of God through poetic verse looking at the circumstances of life from an insideout point of view.

#### Reflections of the Spirit

This is a UNIQUE and PRICELESS book. In its fullest potential, Your Soul’s Invisible Codes is THREE BOOKS IN ONE. It contains Love Stories. The first is of a sacred garden containing mysterious codes

for co-creation. They apply to your life, to the lives of everyone you know and even to the world. In the second sacred love story, Marj Britt offers glimpses of her own life as an example of HOW IT WORKS. Most importantly, for you, will be the love story that you will scribe and write from your own life on the now blank pages following each short chapter. You may even add pictures. It could be a treasure forever. There is a Promise of transformation as you are offered the Key to Everything. Taking the deep dives could reveal your purpose and destiny, changing your life and potentially even impacting the world.

### A Room Without Books Is Like a Body Without a Soul

This book analyses the evolution of literary and artistic representations of the soul, exploring its development through different time periods. The volume combines literary, aesthetic, ethical, and political considerations of the soul in texts and works of art from the seventeenth to the twenty-first centuries, spanning cultures and schools of thought. Drawing on philosophical, religious and psychological theories of the soul, it emphasizes the far-reaching and enduring epistemological function of the concept in literature, art and politics. The authors argue that the concept of the soul has shaped the understanding of human life and persistently irrigated cultural productions. They show how the concept of soul was explored and redefined by writers and artists, remaining relevant even as it became removed from its ancient or Christian origins.

### The Persistence of the Soul in Literature, Art and Politics

### Bless the Lord Soul

Can a modern-day hero defeat addiction? Some people are born with seemingly limitless talent, be it in their intellectual capacities, athletic prowess, artistic abilities, or personal aplomb. Roland Hazzard is one of those rare individuals. Nothing should stand in his way. Yet he suffers from one glaring deficiency—he can't control and enjoy alcohol. His addiction threatens to destroy the promise of his many gifts. Now fate throws Roland an opportunity that could change everything. A notorious serial killer is stalking a woman in his building and breaks into Roland's apartment by mistake. Roland's slaying of the monster makes him an instant celebrity and he cultivates an outrageous vigilante persona that, on the one hand, scorns the traditional news media and, on the other, spawns a huge internet following. His fame attracts more violence, and the violence more attention, until Roland is in constant demand and making a lot of easy money. Roland's drunken behavior eventually gets him into serious trouble, and a secret crime from his past comes to light. Will he overcome his self-destructive nature? Or will the alcoholic sink into obscurity?
