Unlocking the Power of The Secret: 10 Keys to Transform Your Thoughts and Life

Whether or not you've seen the movie The Secret or read Rhonda Byrnes' books, you've probably seen people who, somehow, seem to live almost magical lives. And if you're like most folks, seeing what's possible wakes you up to wanting to live that way, too. Here's where you'll find the keys.

The Dark Secret

Magic is the activation of codes of consciousness capable of collapsing time. These codes exist in all humans, in a field of energy and power called the super conscious, or the gold mind. This book is the New Spirituality, carrying the New Myth of Awakening and the Awakened. Because the Truth is this: You are wired for magic. Thriving is your natural state. And genius is in your bones. You've just been running your great godly power through a tiny, cramped, low-voltage energy management system that was never built to handle the demands of a genius giant like you. It's like trying to light up all of Los Angeles on a single generator. Hello lights off most of the time. Blindness. Stumbling around in the deep shadows thinking something is terribly wrong with your generator. There's nothing "wrong" with it. It just needs to be replaced with a Universal Power Management System, which you already have all wired up, and connected, and in place, you just gotta be told where the switch is. And then? Magic is inevitable. And I do mean magic: What any typical human would consider "impossible," "miraculous" and totally inexplicable. You know, like the way a Neanderthal would feel about an iPhone. Because magic is not a mystery. It's a spiritual science. And I'm here to teach it to you. And why does the world need ANOTHER book on manifestation exactly? Yes, I've heard of a little, no-name piece of work called "The Secret." The one that's right up there with the BIBLE in terms of global sales and impact, and that's ALL ABOUT manifestation and features people WAY MORE POPULAR AND WELL-KNOWN than I, who are considered the world's EXPERTS on this very subject. So HOW EXACTLY do I expect to hold a candle to THAT? I'm so glad you asked. So just to kinda summarize your position (which is completely understandable by the way)...You're saying there are these spiritual giants roaming the land of manifestation.....and who am I to go up against them. Do I have that right? Cool. So lemme tell you this story, maybe you've heard it. About David and Goliath? Where Goliath was the giant? Who was terrorizing the Israelites? And every day he'd lumber his huge, terrifying self out onto the battlefield and dare someone to face him in single combat. But hello. He was a fucking giant. And they were all "just humans." So even Saul, the KING of Israel, was like, hmmm. No thanks. So this went on for forty days. Then one day a little shepherd boy named David, who was bringing food to his brothers, heard about all this hullabaloo, and was like, Jesus Christ (well, not yet. This is still Old Testament times, but you get the point). I'll do it. Saul offered David his armor, and David was like, Hey, thanks, Saul, King of Israel who's supposed to be doing this but isn't because you're too scared. I'm cool. I have my SLINGSHOT. And he went out into the field, swung that fucker around, hit Goliath right in the center of his forehead (so, ummm, in this THIRD EYE), and down that great and terrifying giant went. And then a little later, that no-name shepherd boy became King. The subtitle of this book isn't called "Magic and the Takeover of Consciousness" for nothin'. I know what I'm up against. And I know exactly where to aim my shot. And I know that when you see that beautiful philosopher's stone of the truth of consciousness travel its most arresting arc through the air of spiritual intelligence and hit the giants of manifestation right in their third eye, (which is totally blind), your third eye will FLY OPEN and that. Will be the end of that. Because the truth there's a dirty secret no one's talking about in the world of spiritual transformation, self help and the way manifestation is being taught: None of it really works all that well and even the inner circle of spiritual gurus can't manifest on demand. I'm here to change that for you.

You Cow

I had always wanted to be a huCow. That sounds weird, even to me, even after I had admitted my kink to myself. That had been the hardest part. Once I was comfortable with who I was, it was much, much easier to begin inducing lactation. I didn't do it for myself. Well, I did, but it wasn't for altruistic purposes. I did it because it excited me. It was a kink. And, as luck would have it, just as I was about to start my huCow journey, I met the perfect man who wanted to share my kink. What I hadn't planned on was how much he was into MY kink. This is a 50,000 word erotic novella that contains explicit sex and sexual descriptions of erotic lactation. It focuses on explicit sex, erotic lactation, adult nursing relationships, risky sex, complicated sexual relationships, , mild BDSM, body modification, and other sexually explicit themes and language that not all members of the public will enjoy. All characters are 18 or older. Originally published in five parts. Excerpt: I've always been a little chubby and once my boobs started growing, it seemed like they never stopped. Mine are huge. I found the wrong places on the internet and suddenly I developed a fetish to be a huCow. I was smart enough to keep it under wraps until I got out of my parents' house, but it was always there. I couldn't do anything without thinking and fantasizing about my kink. And even on my own, I kept it to myself. My friends didn't know. My occasional boyfriends didn't know. I felt it was wrong and perverted and it was keeping me from having a normal life. But I still kept fantasizing about it. When I learned that I could take some pills and actually start lactating on my own, my fantasies kicked into high gear.

She wants her men to experience the same love and affection they share with her. She's noticed the slow-burning attraction between the two and their daily intimate moments. She's witnessed their longing to create a close, personal bond. All they need is a little push and time alone, and Brianne is determined that they should have it. Sam and Liam's strong wills and alpha nature will either drive them apart or help them build a relationship that will stand the test of time.

Teacher's Toy

Laura's desire for total subjugation runs deep, and when she meets Master Bernard, she believes she's found the man she's always dreamed of and slave life she desires. The two marry and begin their life together in a luxurious house that's discreetly located on 50 private acres, behind a high surrounding wall. Though they experience the usual up and downs of a new marriage, Laura settles in well to her unique lifestyle as her husband's slave. However, toward the end of the second year, a decision is made to fit her with a full range of purpose-designed bondage jewellery and custom-made restraints. Though excited to see her bondage fantasies fully realized, she has no clue that nearly all of the elaborate decorations her master orders cannot be removed! With specific plans in mind, Master Bernard takes Laura's transformation slowly: a physical exam, dental impressions, repeated piercings, even surgery to remove her floating ribs in order to better accommodate the strict corsetry he envisions. The experience is deeply arousing, though it's troubling too. She's dreamed of such extremes since puberty, but she has no idea how far her master plans to take their mutual fantasy, until it's too late to change her mind. She's fitted with a collar, ankle and wrist cuffs, and bands around her arms and legs. More restraints and odd devices follow as her subjugation becomes more intense and more invasive. She can barely even move! Soon she's living in a locked cell far from her husband's bed, where every physical requirement is taken care of by the master's elaborate gadgetry, including her sexual release. As the weeks go by, she sees little of the man she married and far more of the governess he hired to attend to her physical needs. With so little outside stimulation and no access to the natural world her days and weeks just blend into one. And still, she has yet to learn the ultimate truth of her incarceration and her master's plan for his future and hers.

Laura's Evolution

They are ready to become part of his herd. Following every order, calling them their Masters, and having draining sessions every morning. It's a farm and they love every part of it.
