A Method of Horsemanship Founded Upon New Principles

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

A Method of Horsemanship: Founded Upon New Principles: Including the Breaking and Training of Horses

First published in 1852, this revolutionary book on horsemanship introduced a new method of training horses based on the principles of balance, collection, and lightness. Developed by the author, a celebrated French riding master, this approach challenged traditional methods of horse training and inspired a generation of riders and trainers. With detailed explanations and illustrations, this book remains an essential reference for anyone interested in the art and science of horse riding. A Method of Horsemanship

Originally published in France 1854 then translated into English in 1919 by John Swire. The author's methods are simple and practical. He treats a horse like a human being he maintains that the rider can only influence his mount by placing it in such a position that the movement desired is the only possible one, and then stimulating it the placing being made easy by specially graduated exercises which supple the horse's will as well as his muscles. Contents Include: New method of giving the Rider a good Seat. Control and Distribution of Energy. The Suppling Exercises. Suppling the Hindquarters. The Use of the Horse's Energy by the Rider. Concentration of the Horse's Energy by the Rider. The Canter. Jumping. The Piaffer. Scheme of Work. A Concise Explanation of the Method by means of Question and Answer. . Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

A Method of Horsemanship Founded Upon New Principles

When Cavalia—the amazing equestrian-themed "spectacular," melding costumes and theatrics with stunt riding and haute école—first took North America by storm, few people knew who Frédéric Pignon and Magali Delgado were. But the whole world was soon abuzz with talk of the magical display these two remarkable individuals provided their audience—whether horse-crazy or layperson, none could walk away unaffected by the powerful connection they demonstrated with their unparalleled cast of beautiful horses. In this remarkable book, now available in paperback, Frédéric—a specialist in liberty and ground work—and Magali—a talented dressage rider at the Grand Prix level—combine efforts and share the secrets of the breathtaking relationships they have cultivated over the course of their lives with horses. They tell the story of Templado—the gorgeous but rebellious stallion who demanded they question all they had learned as horsemen and look at, in a whole new light, what it means to train horses. It was this tempestuous character that taught them that the process of building a relationship with a horse can be on more equal footing than most would dream possible. It is with this life-altering lesson in mind that Frédéric and Magali now explain their Six Golden Principles. These include how you can become a "safe haven"—the most important being in your horse's life—while ensuring he gets the leadership he craves and deserves. And, how to establish acceptable limits of behavior, as well as respect, without ever succumbing to anger or using force. They describe how to read horse behavior so you can better understand and communicate with your equine partner as an "individual." Plus, you'll see what it means to be patient and "give your horse a say" in his own training—and just how rewarding the results can be. In a chapter devoted to their practical approach, you'll explore what is perhaps most central to their methods: the idea of "play" and how games can be used to develop a horse's intelligence, confidence, and desire to perform, whether at liberty or in the most difficult of competitive environments. Magali shares the example of her Grand Prix mount Dao, with whom she has reached the pinnacle of European competition, and whom dressage judges praise for his supple and stress-free performances. Both Frédéric and Magali once thought they had become skilled and compassionate riders and trainers, but found that the monumental challenges presented by Templado turned their

beliefs upside down and made them start again from the beginning. They now view their work with horses as a journey of endless discovery and infinite rewards. With this book, full of phenomenal color photographs of their horses, many of whom appeared in the show that first made them famous, you can join—and learn from—them.

The Principles of Horsemanship and Training Horses

Understanding the flexibility and limits of behaviour is essential to improving both the horse's welfare and its performance. This book tackles the fundamental principles which will enable owners, riders, trainers and students to understand scientific principles and apply them in practice. Subjects covered include the analysis of influences on equine behaviour, the perceptual world of the horse, learning and training techniques including the latest developments in "join-up" and "imprint training".

Gallop to Freedom

The popular and highly respected horse trainer Mark Rashid brings together Western and Eastern philosophies to demonstrate a seamless new incarnation of horse training. After years of helping "difficult" horses, Mark Rashid understands how to build the foundation of a horse's training and resolve any problems encountered along the way. He explains how he allows the traditionally firm or assertive approach of the old Western style to take some lessons from the softer conflict resolution and ego reduction approach that the Japanese martial art of aikido teaches. Rashid's ultimate goal is for harmony between horse and rider.

Method of Horsemanship, Founded Upon New Principles

"The first edition of The Principles of Riding was published more than 50 years ago, imparting mandatory basic knowledge for all areas of equestrian sport and horse-keeping and this 28th edition, Basic Training for Horse and Rider, has been completely revised regarding language and content, while still taking into account the well-established principles. The consideration of traditional principles leads to the education and training of the horse according to its nature and thus to its health, well-being and performance capability. The horse's instincts and natural behaviour are presented in detail as the basis of communication and understanding between horse and rider. Modern scientific research relating to training theory and biomechanics has influenced the systematic training of the rider as well as that of the horse. The Principles of Riding provides versatile, practical assistance to horse lovers and readers of this book who want to learn, irrespective of whether they ride for leisure or competitively, are interested in hacking or hunting, or want to develop and improve their basic training for dressage, show-jumping or eventing. These Principles should be indispensable for all riders, drivers, trainers and judges, and to all of those who are interested in the appropriate training of the horse, according to the horse's nature, and who place importance on a harmonious cooperation between horse and rider." -- Amazon.com.

A Method of Horsemanship [electronic Resource]

The Rhenish German Coldblooded breed of horses is known for producing strong, muscular horses with thick necks. Their good nature makes them suitable for a variety of agricultural and labor-related tasks, including clearing fields, hauling heavy objects, and working in forests. They are also used for pleasure riding and carriage driving in some places. A skill is pieced together piece by piece, with only a few well-placed click-and-treat points to maintain the horse's willingness and self-assurance throughout. It's also important to concentrate on unwinding with every new request. The goal is to progressively increase the horse's comfort zone at a pace that maintains his interest and self-assurance in his capacity to comprehend and comply with our requests. Children's Horse Training Book Contains all commands and training for horses, as well as information on grooming, caring for horses, and everything you could possibly need to train a horse and build a loving, respectful, and lifelong bond with it. Prepare to Ride, Enjoy Yourself, and Teach Your Horse. The Saddle Up book Horse Training for Beginners has all the information you NEED to start training your horse and build a loving, respectful, and lifelong relationship. With Horse Training for Beginners, you can prepare to saddle up, enjoy yourself, and train your horse. By following these instructions, you will quickly gain knowledge of the sequential phases of horse training, eliminating any apprehension or self-doubt that may contribute to your dissatisfaction. Furthermore, when reading this book, you will not have feelings of guilt, self-pity, or melancholy. Instead, you will be able to experience happiness and a sense of natural confidence. You are making significant progress in resolving horse training issues, leading to long-term happiness.

Equine Behaviour

The System is more than a book of techniques, it is a complete horse training philosophy based on three principles that are over 2000 years old. The purpose of The System is for all owners and their horses to succeed at any level, safely. Renowned professionals Lara Beth Poynton and Nigel Anderson have combined their research and expertise to develop The System, which has been tested on over 1000 horses, including wild mountain horses and international racehorses. Horse training with The System is clear and simple for the horse and trainer to understand. Whether you are a beginner or a professional, whether young or old, the techniques taught in this book are highly effective and the results will last forever.

Nature in Horsemanship

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

The Principles of Riding

"As to methods there may be a million and then some, but principles are few. The man who grasps principles can successfully select his own methods. The man who tries methods, ignoring principles, is sure to have trouble." - Harrington Emerson Do you ever feel overwhelmed by the sheer number of training decisions to be made when working with a horse? Should you speed up, slow down, turn left, turn right? What transition should you make next? Which body part should you move where? What if you didn't need to memorize a million techniques and scenarios, but just needed to understand the principles at play in each situation? The Principles of Training offers readers an understanding of the 12

fundamental principles that all successful horse people use and illustrates them with real-life examples to help readers fully understand why effective training works.

Equine Behaviour

In this book the young horse, Maximus, describes how he has been handled and trained from an untouched youngster, into a 'made' riding horse. It demonstrates a process that is thorough, logical and progressive, allowing the young horse to become accustomed to each step without any time pressures. All his training is described in detail, by him, together with his comments on how he is handled. His tack is shown in the illustrations, and his reactions to various new stages are expressed by him. The principles involved are Calmness, Patience, Small Steps, Praise and Reward. His young rider, Deborah, is described by him as mostly gentle but firm, considerate and competent. Suitable adult help for her is included where necessary. The objective of *The Making of Maximus* is to demonstrate a practical system which minimizes the risks involved in training, and is quietly progressive, emphasizing the horse's point of view towards his training.

Horse Training

Unlock the myth and mystery surrounding the current horse training literature. Understand the reasons that make any horse training method work. Use the effective methods developed by research scientists that created the powerful tools of behavior modification that can help trainers and riders create successful horse performance. · Learn the power of behavior modification that allows any horse behavior or training method to be explained. · Create reasonable achievable lessons for your horse. · Create rider aids and cues that truly reward the horse. · Increase desirable horse behavior while decreasing the undesirable. · Learn step-by-step lessons to train horse behavior. Behavior Modification for Horses was written by a rider and trainer with over 25 years of experience working with the best riding masters in Europe. Patti Dammier brings the best expertise of both worlds: horse training and a professional background as an educator and researcher. An innovative approach that takes the work of scientists and explains behavior modification based on horses. It is time to move away from the faddish and quick fix horse training methods and learn the basic principles of behavior modification that teaches anyone to create a positive training environment and a method to obtain desirable behavior from horses.

The System

This volume contains a collection of antiquarian instructional articles on the subject of horsemanship. It includes information on training, breaking, breeding, feeding, and many other allied topics. Written in simple, concise language and containing a wealth of useful, practicable information, this text constitutes a great resource for modern equestrian, and is one not to be missed by the discerning collector. The articles of this compendium include: 'A Method of Horsemanship, Founded Upon New Principles: Including the Breaking and Training of Horses, with Instructions for Obtaining a Food Seat'; 'Come, Ride with Me Being a Small book on Saddle Horses and Riding for Pleasure'; 'Horse and Man'; etcetera. We are proud to republish this vintage book, now complete with a new and specially commissioned introduction on the care and maintenance of horses."

The Training of Cavalry Remount Horses, a New System (1852)

Equitation Science together with classical riding is today probably the most humane, effective, and practical way of training and enjoying the horse, competitive or not. To avoid getting involved is to accede to the status quo. Our horses deserve better. ~Sharon E. Cregier, Ph.D., FIAH (Hon., Edin.), founding member of Equine Behaviour Forum In precise, practical language, *Fine Riding* describes how to blend the principles of classical riding with the modern findings of Equitation Science, demonstrating how to put the principles into practice when training and riding horses. The book encompasses the author's lifelong background in authentic classical riding and a 17-year study and practice of Equitation Science. It presents the best of the old with the best of the new, resulting in a unique and rational blend of principles, clearly explained, that enables and encourages readers to train, ride and care for their horses truly effectively and humanely. Applicable to riding of all schools of thought, from hacking to racing, including jumping, McBane's method is more than simply another 'system' of riding. It applies the results of rigorous scientific studies to the historical, classical training and riding of horses in an ethical, humane and effective way, explaining the principles in such a way that readers will feel able to put it into effect themselves. This book will encourage horse owners to serve their horses with renewed understanding and commitment.

The Principles of Training

Horse training isn't a mystical procedure. In fact, there isn't mystery in the methods necessary to teach any skill. To learn any skill there is a logical sequence that if adhered to, allows a behavior to be taught and learned. Creating a Positive Horse consists of using positive methods, which in turn creates a positive attitude. *Positive Horses* explains those positive methods necessary to create horses that perform on taught/learned cues, both on the ground and in the saddle that are systematically rewarded, but also have an extremely positive attitude to their trainer/companion. The system uses the method, 'Behavior Modification'. This book is about:

- Explanation of basic educational methods using systematic sequences that support training horses.
- Creating the goals and objectives for each individual horse rather than a "one size fits all" approach.
- Training using positive reinforcement— how food rewards creates useable cues, instead of the trainer performing meaningless behavior that the horse doesn't understand.
- Horses learning basic cues: come, stand, walk on, and halt, which provides safety on the ground and assists in the next work in the saddle.
- Applying basic training to other equestrian disciplines.
- Addressing training method failure, because the trainer doesn't assess the correct the behavior to reward and doesn't understand the methods.
- Horse case studies exemplifying the use of behavioral methods.

The Making of Maximus

The first two volumes in the series complement each other. One focuses on how horses behave and learn (ethology) while the other addresses how they move (biomechanics). Understanding and establishing cross species communication is the basis for all the work in the first book. The second book covers the next step in schooling the horse, using lungeing to develop the horse's physical strength and coordination so they can carry us around without injuring themselves. Integrating the over looked and truly remarkable findings from the last few decades of research into the biomechanics of the horse's back and nervous system with the long-standing practice of lungeing develops the horse's strength and coordination so they can carry a rider without damaging themselves. Circle walking exercises for humans helps them to understand and communicate with their horses. Keywords – Lunge, Horse Back, Hindquarters, Soft Tissue, Lungeing, Lungeing Stress, Whips, Trotter, Galloper, Lunge Equipment, Surcingle, Ground Driving, Problem Solving, Stable, Horse, Ground Training, Horsemanship, Equine, Rider, Schooling Your Horse, Horse Training

Understanding and establishing cross species communication is the basis for all the work in the first book. The second book covers the next step in schooling the horse, using lungeing to develop the horse's physical strength and coordination so they can carry us around without injuring themselves. Horses and humans see the world very differently. Both have to make an effort in order to be able to communicate with each other. Practical exercises help us humans learn how to use our body language to communicate with horses. Insights into the horse's point of view show how the many small interactions of daily handling are essential to building a solid reliable foundation for further schooling. ... Used **Our Tongue**, To Form the Very Words That Defeat ...

... Used **Our Tongue**, To Form the Very Words That Defeat ...

We Have Even Prayed Contrary to the Word of God We Have Prayed Defeat and Received It We Have Prayed the Problem and It Became Greater Even Prayer Produces after Its Kind in Mark 11 : 24 the Word Says What Things Soever You Desire When You Pray Believe that You Receive Them and Ye Shall Have Them Jesus Has Set Forth a Great Truth about Spiritual Law God's Word Is Spiritual Law It Functions Just As Sure Is any Natural Law We Have Learned How To Work with Natural Law in Dealing with the Natural Law That Governs Electricity We Have Learned that if We Work with that Law by Paying and Enforcing It the Electrical Force Will Work for Us but if We Continually Violate that Law That Governs Our Controls Electricity

The Word Says What Things Soever You Desire When You Pray Believe that You Receive Them and Ye Shall Have Them Jesus Has Set Forth a Great Truth about Spiritual Law God's Word Is Spiritual Law It Functions Just As Sure Is any Natural Law We Have Learned How To Work with Natural Law in Dealing with the Natural Law That Governs Electricity We Have Learned that if We Work with that

Law by Paying and Enforcing It the Electrical Force Will Work for Us but if We Continually Violate that Law That Governs Our Controls Electricity We Will Get in a Heap of Trouble As Long as We Enforce the Law That Controls Electrical Force It Will Produce Energy Give Us Light Heat Our Homes Cook Our Meals Wash Our Clothes

We Have Learned that if We Work with that Law by Paying and Enforcing It the Electrical Force Will Work for Us but if We Continually Violate that Law That Governs Our Controls Electricity We Will Get in a Heap of Trouble As Long as We Enforce the Law That Controls Electrical Force It Will Produce Energy Give Us Light Heat Our Homes Cook Our Meals Wash Our Clothes and Yet It Will Produce no Harm to Us It Is a Very Useful and Safe but We Understand and Apply the Laws by Which It Is Controlled

And Yet It Will Produce no Harm to Us It Is a Very Useful and Safe but We Understand and Apply the Laws by Which It Is Controlled However this Same Force Can Burn Kill and Destroy if the Law That Governs Electricity Is Not Enforced So Are the Words That Come Forth out of Your Mouth They Will Work for You To Put You Over in Life if You Control those Words and Bring Them into Obedience with Spiritual Law Which Is the Word of God God's Word Governed by Spiritual Law Becomes Spiritual Forces Working for You Idle

They Will Work for You To Put You Over in Life if You Control those Words and Bring Them into Obedience with Spiritual Law Which Is the Word of God God's Word Governed by Spiritual Law Becomes Spiritual Forces Working for You Idle Words Work against You the Spirit World Is Controlled by the Word of God the Natural World Is To Be Controlled by Man Speaking God's Word the Spoken Word of God Is Creative Power Therefore Even the Words of Our Prayer Should Be Chosen Carefully and Spoken Accurately We Have Often Prayed Lord I Have Prayed but It's Not Working out the Devil Has Defeated Me but the Word Said What Thing Soever You Desire

It Was Fatal Lack of Knowledge Did Not Stop the Electrical Force It Continued To Work It Was the Same Force That Cooked His Meals He Did His House Washed His Clothes It Was Created To Work for Him and To Make Life More Enjoyable the Very Reason for Its Existence Was To Supply His Needs but When He Violated the Law That Controlled that Force It Destroyed Him Spiritual Law Is for Your Good It Is To Produce the Things You Need and Desire but Speaking in Praying Contrary to the Word of God Our Spiritual Law Will Be Just As Disastrous as Violating the Law of Electricity We Have Prayed in all Manner of Prayer that the Bible Doesn't Teach We Have Prayed to Jesus and that Is an Unscriptural Way To Pray

So if We Will Line Ourselves Up with the Word of God and Release Our Faith When We Pray We Will See the Power of God Come Alive in Our Lives God's Word Is Just As Powerful Today as Was the Day He Spoke It Not One Bit of Power Hath Left God's Word God's Creative Power Is Still in His Word Just as It Was When He Stood There in the Beginning of Time and Said Light Be and Light Was this Is the Thing I Want You To See You Can Speak God's Words after Him and They Will Work for You but They Must Be Formed in Your Spirit They Must Become a Part of You and They Must Abide in You Continually

There in the Beginning of Time and Said Light Be and Light Was this Is the Thing I Want You To See You Can Speak God's Words after Him and They Will Work for You but They Must Be Formed in Your Spirit They Must Become a Part of You and They Must Abide in You Continually the Beginning Words in Genesis 1 It Says God Created the Heavens and the Earth What Did He Use To Create the Heavens in the Earth Hebrews 11 : 3 Says through Faith We Understand that the Worlds Were Framed by the Word of God so that Things Which Are Seen Were Not Made by Things Which Do Appear the World Was Not Made out of Things

What Did He Use To Create the Heavens in the Earth Hebrews 11 : 3 Says through Faith We Understand that the Worlds Were Framed by the Word of God so that Things Which Are Seen Were Not Made by Things Which Do Appear the World Was Not Made out of Things You Can See You Can't See Spoken Words nor Can You See Faith with the Physical Line the Words That God Spoke out of His Mouth Framed this Universe Set It in Motion and It Stands Today in Obedience to the Words That God Spoke He Said Let There Be a Firmament in the Midst of the Waters and Let It Divide the Waters from the Waters Genesis 1 : 6

And It Stands Today in Obedience to the Words That God Spoke He Said Let There Be a Firmament in the Midst of the Waters and Let It Divide the Waters from the Waters Genesis 1 : 6 It Came into Being and Divided the Waters from the Land and It Still Divided from the Land Today the Universe Is Still Obeying His Command the Words That God Spoke because God Said It and Let It Stay Said He Didn't Back Up and Say Maybe It Will Our Hope so no He Said It but the Words of His Mouth and all Hell Stood Up and Took Notice

Because God Said It and Let It Stay Said He Didn't Back Up and Say Maybe It Will Our Hope so no

He Said It but the Words of His Mouth and all Hell Stood Up and Took Notice I Really Believe that Millions of Years Took Place between Genesis Chapter 1 Verse 1 When God Created the Earth and Verse 2 Where He Said the Earth Was Void In without Form because Why Would God Create an Earth without Form and Void You See What Went Wrong from the Beginning Was that Satan Had Come In To Destroy the Work of God on the Earth and Now There Was Darkness on the Face of the Earth Then God Said Let There Be Light It Was the Creative Power That Flowed out of God's Mouth That Turned the Universe

We Have the Word of God Which Tells Us in Luke 1 : 37 for with God Nothing Shall Be Impossible the Concordant Literal New Testament Says It Will Not Be Impossible with God To Fulfill His every Declaration Whatever God Says He Will Perform if You Will Notice throughout the Bible God Never Did Do that He Didn't Say First He Said It Then He Did It the Power To Do It Was in the Word the Bible Tells Us that He Is Hold Upholding all Things by the Word of His Power Hebrews 1 : 3 It Didn't Say but the Power of His Word It Said by the Word of His Power the Holy Spirit Put that in the Exactness The Bible Tells Us that He Is Hold Upholding all Things by the Word of His Power Hebrews 1 : 3 It Didn't Say but the Power of His Word It Said by the Word of His Power the Holy Spirit Put that in the Exactness the Way He Wanted and the Word of His Power if He Had Said the Power of His Word That Would Have Meant that There Is some Power in God's Word but Not all Power in Other Words That's Where His Power Is in the Word in What He Says It's Not Impossible for God To Perform His every Declaration He Can Declare and Do Exactly What He Says He's Going To Do and We Find that God Created Man with the Ability To Operate in the Same Kind of Faith

Caused You To Become a New Creation That Never Existed before Born Again of the Spirit of the Living God the Rebirth of the Human Spirit Took Place because the Word of God Lodged in Your Spirit It Caused You To Act upon the Word of God You Were Born Again You Became a New Creation You Were Once a Sinner but Now You'Re Born Again the Righteousness of God Fully Able To Stand in the Presence of the Father in Holy Boldness and Say Father I Come to You in the Name of Your Son Jesus without Fear of Condemnation

We Are the Righteousness of God John Heirs with Jesus Christ that Word Implanted in Your Spirit Caused You To Become a New Creation because the Word of God Declared It the Word Made Flesh Now I Want You To See How God Caused the Virgin To Conceive and Bear Child the Virgin Said Be It Done unto Me According to Your Word the Bible Says that the Word Was Made Flesh and Dwelt among Us in John 1 : 14 Now the Word Was in the Beginning with God the Word Came unto Mary and Said It Will Be So Mary Said I Receive It Be It Done unto Me According to Your Word Now the Word Was in the Beginning with God the Word Came unto Mary and Said It Will Be So Mary Said I Receive It Be It Done unto Me According to Your Word She First Received the Word in Her Spirit Our Heart Then It Was Manifest in Her Physical Body the Word of God Was Implanted in Her Womb It Was the Embryo the Seed and It Took upon Itself Flesh Just as a Living Word of God Placed in Your Spirit Took upon Itself New Creation Life the Word of God Literally Formed Itself within Her Womb and Took Flesh bonia the Word of God Became Alive Living Walking

These Signs Shall Follow Them That Believe

Jesus Is Saying Now You Go in My Name You Cast Out Demons You Speak with New Tongue You Lay Hands on the Sick and They Will Recover Now You See God's Power God's Ability Delegated Back to Man so Man Is Not Restored to His Original Estate Which He Was He Is in Better Shape than He Has Ever Been Thank God the Born-Again Man Is a Joint Heir with Jesus Praise the Name of the Lord if Jesus Is the Righteousness of God Then You Are the Righteousness of God in Christ We Need To Quit Praying and Saying Lord I'M Unworthy

The Name of the Lord if Jesus Is the Righteousness of God Then You Are the Righteousness of God in Christ We Need To Quit Praying and Saying Lord I'M Unworthy Thank God if Jesus Is Not Unworthy You'Re Not Unworthy You Have a Right To Stand in the Throne Room of God We'Ve Been Beaten Down and the Devil Has Just Trampled Us in the Dust because of a Sense of Unworthiness I'Li Tell You When the Word of God Gets in Your Spirit You Will Ever Be the Same Lay Hold Home this Word Rise Up and Enter into It

You Will Ever Be the Same Lay Hold Home this Word Rise Up and Enter into It the Enemy Knows There Is Power in Your Words That Is Why He Tries Desperately To Get You To Confess Doubt and Fear and Unbelief You See Confessing that You Are Unworthy after Being Born Again Is Contrary to the Word of God You Were Unworthy but that Old Man Died with Christ You'Re Now a New Creation in Christ Anyone in Christ CanNot Be Unworthy the Word Says Therefore if any Man Be in Christ He Is a New Creation Old Things Are Passed Away Behold all Things Are Become New in all Things Are of God Who Hath Reconciled Us to Himself

After Being Born Again Is Contrary to the Word of God You Were Unworthy but that Old Man Died

with Christ You'Re Now a New Creation in Christ Anyone in Christ CanNot Be Unworthy the Word Says Therefore if any Man Be in Christ He Is a New Creation Old Things Are Passed Away Behold all Things Are Become New in all Things Are of God Who Hath Reconciled Us to Himself by Jesus Christ and Hath Given unto Us the Ministry of Reconciliation to Wit that God Was in Christ Reconciling the World unto Himself Not Imputing Their Trespasses unto Them and Hath Committed unto Us the Word of Reconciliation

Mark Chapter 11

And Sure Enough They Were Back in Sin They Thought that Was a Prophetic Utterance but It Wasn't It Was a Curse and They Said See I Told You so They Were Part of the Problem the Words of Their Mouth Worked against that Person Instead of Putting Faith Filled Words There by Saying God's Power Is Enough To Keep Them God's Powers Enough To Hold Them God's Power Will Deliver Them and They'LI Not Fall I Believe They'LI Stand They Had Been Deceived by the Evil One To Tear Down What God Was Trying To Build by the Words of Their Own Mouth

The Word Tells You How To Develop Your Faith Faith Cometh by Hearing and Hearing by the Word of God Romans 10 : 17 the Literal Greek Says Faith Cometh by Report and that Report Comes from God Hearing What God Said Will Build Faith inside You because He's Able To Perform His every Declaration Now Jesus Tells Us How To Apply the God-Kind of Faith and Get It To Work Perhaps You'Ve Tried It in all Kinds of Ways You'Ve Tried It by Bombarding the Gates of Heaven by Just Praying It Over and Over and Over and You Found that Didn't Work Well

You'Ve Tried It in all Kinds of Ways You'Ve Tried It by Bombarding the Gates of Heaven by Just Praying It Over and Over and Over and You Found that Didn't Work Well Let's See Something That Does Work Let's Act on It Here's What Jesus Said for Verily I Say unto You that Whosoever Shall Say unto this Mountain Be Thou Removed and Be Thou Cast into the Sea and Shall Not Doubt in His Heart but Shall Believe that those Things Which He Saith Shall Come To Pass He Shall Have Whatsoever He Said Mark 11 : 23

Let's See Something That Does Work Let's Act on It Here's What Jesus Said for Verily I Say unto You that Whosoever Shall Say unto this Mountain Be Thou Removed and Be Thou Cast into the Sea and Shall Not Doubt in His Heart but Shall Believe that those Things Which He Saith Shall Come To Pass He Shall Have Whatsoever He Said Mark 11 : 23 He Didn't Say Just the Things You Say to the Mountain He Said those Things Which He Say It Everything You Say You Must Watch What You Say You Have To Believe that those Things That You Say Everything You Say Will Come To Pass

The Bible Says Let Us Hold Fast to the Confession of Our Faith Our Profession of Our Faith Hebrews 10 : 23 It Didn't Say Hold Fast to Your Prayer When You Hold Fast to the Prayer You'Re Holding Fast to the Problem because Most of the Time You'Ve Prayed the Problem Turn Loose to the Problem and Get Hold of Your Confession Quit Praying the Problem and Start Saying the Answer for Verily I Say unto You Whosoever Shall Say unto this Mountain Be Thou Removed When You Pray and Said Lord the Mountains Getting Bigger

And Get Hold of Your Confession Quit Praying the Problem and Start Saying the Answer for Verily I Say unto You Whosoever Shall Say unto this Mountain Be Thou Removed When You Pray and Said Lord the Mountains Getting Bigger It's Not Getting Any Better I'Ve Prayed and It's Not Working Out You Were Holding On to the Problem You Haven't Gone to the Answer You'Re Not There yet You'Re Still Too Involved with the Problem the Answer Is the Confession the Answer Is Believing and Confessing What the Word Says the Word Says that It Will Be Removed and Cast into the Sea

Somebody Says What's Wrong with You You Say Why There Was a Car in the Road Well Sure It Was but It Was Doing 30 Miles an Hour Just Two More Seconds and It Would Have Been Gone You Were Going Totally but What You Saw You Observed What Was There Then You Slammed on the Brakes That's What a Lot of Christian People Are Doing Whoa It's Still There It's Still There You Have Established It but if You Will Confess Its Removal Praise God When You Get There It's Going To Be Gone You See if You Drive Your Car the Way You Driving Your Spiritual Life You Would Have Wrecked that Thing a Dozen Times You Could See that You Don't Pay any Attention to the Car Out There Three Blocks up the Road the Computer in Your Head Is Telling You He's Going 30 Miles an Hour in Two More Seconds He'LI Be on the Other Side of the Road There's no Danger

But if You Will Confess Its Removal Praise God When You Get There It's Going To Be Gone You See if You Drive Your Car the Way You Driving Your Spiritual Life You Would Have Wrecked that Thing a Dozen Times You Could See that You Don't Pay any Attention to the Car Out There Three Blocks up the Road the Computer in Your Head Is Telling You He's Going 30 Miles an Hour in Two More Seconds He'LI Be on the Other Side of the Road There's no Danger I'LI Just Keep Going You Could See that You Don't Pay any Attention to the Car Out There Three Blocks up the Road the Computer in Your Head Is Telling You He's Going 30 Miles an Hour in Two More Seconds He'LI Be

on the Other Side of the Road There's no Danger I'll Just Keep Going and You Sit There You See the Car You Never Flinch You Never Reach for the Brakes You Just Drive Along Perfectly at Ease Why because You Have Faith in What that Guy Is Doing You're Actually Believing Something You Do Not See You're Believing the End Results Driving Your Car Successfully Is Based on Split-Second Timing Now He May Decide To Just Throw on His Brakes Right There and Stop Then You'd Want To Know What Was Wrong with

You're Believing the End Results Driving Your Car Successfully Is Based on Split-Second Timing Now He May Decide To Just Throw on His Brakes Right There and Stop Then You'd Want To Know What Was Wrong with Him Apply that When the Storms of Life Come against You and the Devil Says Look Here You Will Never Be Able To Get over that Just Ignore Him and Say Thank God I Believe the Word I'll It Will Not Be There When I Get There that Kind of Faith Will Move Mountains You May Get to the Foot of the Mountain Sometimes before It Moves It'll either Move or There Will Be a Hole Come in It

You May Get to the Foot of the Mountain Sometimes before It Moves It'll either Move or There Will Be a Hole Come in It but if You Go to Mealy Mouth and Around and Say I Believe It's Getting Slower I Don't Believe It's Going To Leave You're in Trouble Jesus Said Say to the Mountain Be Removed and Be Cast into the Sea Say What You Want Done with It Don't Go to God and Pray Dear God It's Getting Worse He Said that You Can Have What You Say and You Said It's Getting Worse That Ought To Tell You Something Jesus Said the God Kind of Faith Works by the Words of Your Mouth

And the Lord Said if He Had Faith as a Grain of Mustard Seeds He Might Say unto this Second Mantri Be Thou Plucked Up by the Root Be Thou Planted in the Sea and It Should Obey You They Were Standing There but that Tree It Probably Wasn't Close to a Mountain He Said that Tree Should Obey You He Didn't Say a Word about Increasing Their Faith in Other Words He Said You've Got To Learn To Use What You Have He Said the Way You Use It Is To Start Saying some Things in Faith Plant the Seed Many People Have Desired Healing They Want a Harvest of Healing and a Harvest of Physical Needs Met but They Have Never Planted a Seed the Law of Genesis Says Everything Produces after His Kind I Could Be the Best Rice Farmer in the State of Arkansas

2nd Peter 1 : 3 Says According at Divine Power Have Given unto Us all Things That Pertain unto Life and Godliness through the Knowledge of Him That Has Called Us to Glory and Virtue His Divine Power Has Given unto Us all Things all Things How through the Knowledge of God He Is Saying that if You Get the Knowledge of God the Understanding of God the Wisdom of God and the Wisdom of God Is the Word of God Then He Said that He Has Given to You by His Divine

He Is Saying that if You Get the Knowledge of God the Understanding of God the Wisdom of God and the Wisdom of God Is the Word of God Then He Said that He Has Given to You by His Divine Ability all Things That the Life and Godliness Now if Healing Doesn't Pertain to Life What Does Finances Also Pertain to Life Paul Said but My God Shall Supply All Your Need According to His Riches in Glory by Christ Jesus in Philippians 4 : 19 Having Abundant Supply to Life and Godliness You Ought To Have Abundance in the Name of Jesus the Word Says You Can if You Act on the Word of Faith if You Begin To Do It

That's the Thing I Want To Bear Hard On in this Book It Won't Happen Overnight It Won't Happen Just because You Say It One or Two Times It Is Going To Happen because You Continually Affirm What God's Word Says until It Gets into Your Spirit and Becomes a Part of You James 1 : 21 Says Receive with Meekness the Engrafted Word Which Is Able To Save Your Soul He Said the Word of God and Grafted into Your Spirit Will Save Your Soul

It Is Going To Happen because You Continually Affirm What God's Word Says until It Gets into Your Spirit and Becomes a Part of You James 1 : 21 Says Receive with Meekness the Engrafted Word Which Is Able To Save Your Soul He Said the Word of God and Grafted into Your Spirit Will Save Your Soul the Word of God and Grafted into Your Spirit Will Deliver You from every Circumstance of Life if You Have Word for It Get It into Your Spirit It Will Deliver You if You Will Continually Believe and Affirm that I Don't Care How Big the Mountain Looks You Should Not Be Moved by What You See You Should Only Be Motivated by What You Believe the Word Is the Final Authority

2nd Corinthians 5 : 21

And the Devil Said if You Were Saved You Wouldn't Want To Do that You Must Not Have Received Anything You Must Not Have Been Saved or You Wouldn't Have those Bad Thoughts When I Have News for You Your Head Didn't Get Saved Your Body Didn't Get Saved and Your Spirit Was Born Again You Were Created the Righteousness of God through Christ Jesus with God on the Inside Now He Must Permeate Outward and the Spirit Man Must Bring the Body in Subjection to the Spirit You Have You Have To Modify some Deeds of Your Body To Go to Church To Hear God's Word
