Now a major motion picture nominated for nine Academy Awards. Narrative of Solomon Northup, a Citizen of New-York, Kidnapped in Washington City in 1841, and Rescued in 1853. Twelve Years a Slave by Solomon Northup is a memoir of a black man who was born free in New York state but kidnapped, sold into slavery and kept in bondage for 12 years in Louisiana before the American Civil War. He provided details of slave markets in Washington, DC, as well as describing at length cotton cultivation on major plantations in Louisiana.

Twelve Years a Slave

"Features more than 10,000 entries that focus exclusively on words that, while outside most people's working vocabulary, are often encountered in literature, in technical writings such as computing or medical terminology, and in such diverse subject areas as law, philosophy, and art. Special attention is given to easily confused or closely related words. Usage notes are provided to ensure that readers know how to integrate these words into their vocabularies for more precision and power in speech and writing."--Back cover.

The Olcotts and Their Kindred, From Anglo-Saxon Times, Through Róncesvalles to Gettsburg and After

"We [plan to open a portal into] an extra dimension. Out of this door might come something...unknown." --Sergio Bertolucci, Director for Research and Scientific Computing at CERN
CERN is easily one of the most secretive organizations of our times. With controversy and conspiracy theories abounding, it takes specialized researchers to weed through the lies in order to find the truth. But sometimes, truth is stranger--and far scarier--than fiction. This is where internationally celebrated investigative researcher Dr. Thomas R. Horn and "Into the Multiverse" television host Josh Peck arrive to expose the reality of a plan so nefarious that it involves not only the history of Apollyon-Abaddon, but his near-future

fulfillment of biblical prophecy and entrance into the world. Are powerful occultists--from the highest levels of governments, science, and academia to the lowest echelons of modern witchcraft--even now invoking the arrival of this destroyer and his legions from the abyss?!**ABADDON ASCENDING WILL SHOCK READERS WITH THE FOLLOWING INCREDIBLE REVELATIONS:***The ancient origin of CERN's modern-day mission*The latest information pertaining to interdimensional portals*The real meaning of the bizarre Gotthard Base Tunnel opening ceremony and how it connects to the return of the "old gods"*Who the "horned god" is, fertility rites of the triple goddess, and how this connects to CERN*CERN's beastly logo and destroyer god imagery*CERN's role in the formation of a new Babylonian single language system*Exactly how the Large Hadron Collider at CERN operates, and what it is trying to find*The mind-bending reality of quantum field theory*Eye-opening interviews with such personalities as physicist Don Page, who works with Dr. Stephen Hawking*The doomsday scenario involving the Higgs field that scientists don't want you to know*The future manipulation of human consciousness through an A.I. beast at CERN*The connection between Ezekiel's vision and the locusts of Revelation 9*The coming holy war between the Titans and the one, true, living God!

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

"A" General History of Music

This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, Antifascisms offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

The Lucky Boy

An insightful and moving account, *The Heart Moves in a Circular Direction* tells the story of Ingeborg Gubler Casey, nicknamed "Biby," who must come to terms with her mother's mental illness even as she battles fears that she will succumb to the same disease. While growing up, Biby shares her mother's delusional world but as a teen, conversations with her mother leave her in turmoil. After entering college, Biby tries to focus on her future. She cuts off contact with her mother, and, in her attempts to ward off guilt and anxiety, pretends she has no mother. When her older sister returns for a visit, they decide to visit their mother together. After an absence of ten years, Biby must summon all her courage to face her mother. Despite becoming a psychologist, she has little understanding of her own emotions, especially her conflicting feelings about her mother. After her father's death, as Biby re-engages with her mother,

she finds herself embarked on a turbulent journey of self-discovery. She emerges more whole, and, as she begins to truly understand the depth of her legacy, she is brought closer to her mother.

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

The Dada Seminars

A moving story of a woman with early onset Alzheimer's disease, now a major Academy Award-winning film starring Julianne Moore and Kristen Stewart. Alice Howland is proud of the life she worked so hard to build. At fifty, she's a cognitive psychology professor at Harvard and a renowned expert in linguistics, with a successful husband and three grown children. When she begins to grow forgetful and disoriented, she dismisses it for as long as she can until a tragic diagnosis changes her life - and her relationship with her family and the world around her - for ever. Unable to care for herself, Alice struggles to find meaning and purpose as her concept of self gradually slips away. But Alice is a remarkable woman, and her family learn more about her and each other in their quest to hold on to the Alice they know. Her memory hanging by a frayed thread, she is living in the moment, living for each day. But she is still Alice. 'Remarkable ... illuminating ... highly relevant today' Daily Mail 'The most accurate account of what it feels like to be inside the mind of an Alzheimer's patient I've ever read. Beautifully written and very illuminating' Rosie Boycot 'Utterly brilliant' Chrissy Iley

Still Alice

The town of Baile seems to be just a small town with ordinary people until Teagan O'Brien opens an unusual candy shop. Something ancient and buried begins to awaken in the people when they consume his sweets. They remember a life they had long ago left behind becoming their true selves, and a maleficence awakens that had been locked away in forgotten memories. Out of those memories comes the truth of what brought them to the world of humans and the path back to the place they call home. The path to their salvation depends on three of their human-born children, who are thrust into a future of uncertainty as each one discovers the truth behind the people of Baile and the secrets locked within their own bodies and Only these three have the ability to overcome the evil that threatens to corrupt and dominate every living creature, to save not only their kind, but humanity itself.

The Portable James Joyce, edited and with an introduction by Harry Levin, includes four of the six books on which Joyce's astonishing reputation is founded: *A Portrait of the Artist As a Young Man*; his *Collected Poems* (including *Chamber Music*); *Exiles*, Joyce's only drama; and his volume of short stories, *Dubliners*. In addition, there is a generous sampling from *Ulysses* and *Finnegans Wake*, including the famous "Anna Livia Plurabelle" episode.

The Boots My Mother Gave Me

"Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development."--Foreword.

Little Elvies

Jack Webber woke up yesterday to discover he was blind in one eye. This morning, Jack learned that one of his few remaining friends, a man feared and reviled as the town drunk, has been found dead from an apparent alcohol-fueled suicide. Possessed by his desire to understand the violent death of this damaged man, and suffering from a debilitating disease, Jack lurches headlong into a maze of loss, deception and heartache. While grappling with the revelations of his friend's shadowy, secretive life Jack is confronted with the guilt that fills the gulf between himself and his estranged sons. In the space of a single day, Jack's reclusive life in the Ozarks is torn apart, leaving none of those closest to him unscathed. A second round contender in the 2012 Amazon Breakthrough Novel contest, *Barge Pilot* is a bold, panoramic view of the beauty and the suffering of fatherhood. Driven by the rich traditions of Southern literature, *Barge Pilot* cuts across social and economic classes to examine modern fatherhood as seen through the eyes of the privileged as well as the powerless.

Rising from the Shadow of the Sun

Nothing could have prepared them for the last day. Explore the future of humanity in Massimo Marino's sci-fi debut, *Daimones*, an apocalyptic tale that feels like it could happen tomorrow. You may never sleep through a windstorm again. Death swept away the lives of billions, but spared Dan Amenta and his family, leading them to an uncertain future. When merely surviving isn't enough and the hunt for answers begins, memories from the past and troubling encounters lead Dan to the truth about the extermination of the human race. Distressing revelations will give new meaning to their very existence.

Early humans shaped the future and seeded a plan millions of years in the making. Now survivors must choose: Endure a future with no past or fade away into a past with no future?

Melodious Accord

A women's Brokeback Mountain. The year 1895 was filled with memorable historical events: the Dreyfus Affair divided France; Booker T. Washington gave his Atlanta address; the United States expanded the effects of the Monroe Doctrine to cover South America; and Oscar Wilde was tried and convicted for gross indecency under Britain's recently passed law that made sex between males a criminal offense. When news of Wilde's conviction went out over telegraphs worldwide, it threw a small Nevada town into chaos. This is the story of what happened when the lives of its citizens were impacted by the news of Oscar Wilde's imprisonment. It is a chronicle of hatred and prejudice with all its unintended and devastating consequences, and how love and friendship bring strength and healing. All profits are going to Santa Paula Animal Rescue Center, Ventura County, CA. (the first and only no-kill animal shelter in Ventura County). For further info please contact the author on Facebook.
