Mastering Mathematics - Class 8 has been written by Prof. M.L. Aggarwal in accordance with the latest syllabus prepared by The Inter State Board for Anglo-Indian Education.

APC Mastering Mathematics - Class 8 (ICSE) - Avichal Publishing Company

Learning Mathematics - Class 9 has been written by Mr. M.L. Aggarwal (Former Head of P.G. Department of Mathematics, D.A.V. College, Jalandhar) in accordance with the latest term-wise Syllabus and Guidelines issued by the CBSE on Comprehensive and Continuous Evaluation. The subject matter contained in this book has been explained in a simple language and includes many examples from real life situations. Carefully selected examples consist of detailed step-by-step solutions so that students get prepared to tackle all the problems given in the exercises. Questions in the form of Fill in the Blanks, True/False Statements and Multiple Choice Questions have been given under the heading 'Mental Maths'. In addition to normal questions, some 'Higher Order Thinking Skills (HOTS)' questions have been given to enhance the analytical thinking of the students. A 'Chapter Test' has been put in the end of each chapter which serves as the brief revision of the entire chapter. Term-wise Model Question Papers for Formative and Summative Assessments have been given at proper places.

The goal of this book is to begin the process of making a contribution to the identification and development of better-prepared and stronger educational leaders. It focuses on the following: leadership skills and their linkages to the Interstate School Leaders Licensure Consortium (ISLLC) standards and the National Policy Board for Educational Administration's domains and dimensions; hands-on learning that bridges theory and practice; a combination of best practices from teaching, instruction, and staff development; and directions for developing personal action plans for continuing professional development. It is designed as a cooperative-learning tool. The lessons and activities require a partner who provides specific performance feedback and who serves as a development partner and coach. It is organized into eight sections: (1) "Background and Fundamentals"; (2) "Analyzing a Case Study"; (3) "Developing School Improvement Plans"; (4) "Office Deskwork"; (5) "Making Oral Presentations"; (6) "Providing Leadership in Groups"; (7) "Conducting Structured Interviews"; and (8) "Planning for Personal Development." An extensive resources section contains examples of lists for analyzing case studies, samples of various forms and documentation, ISLLC standards, and a summary analysis of performance aspects related to the program skill areas. A subject index is also included. (WFA).

US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.
