Deckers and Lacy show you how to supercharge all your business and personal relationships...demonstrate that you are the best solution to employers' or partners' toughest problems...become a recognized thought leader...and turn your online network into outstanding jobs, great projects, and a fulfilling, profitable career! Discover how to: Choose today's best social media tools for your personal goals Build an authentic storyline and online identity that gets you the right opportunities Make the most of Facebook, LinkedIn, and Twitter—and leverage new platforms like Snapchat and Instagram Build connections and prove expertise by sharing video on YouTube and Vimeo Find yourself on search engines and then optimize your personal online presence Promote your events, accomplishments, victories...and even defeats and lessons learned Integrate online and offline networking to get more from both Reach people with hiring authority and budgets on LinkedIn Use Twitter to share the ideas and passions that make you uniquely valuable Avoid “killer” social networking mistakes Leverage your online expert status to become a published author or public speaker Measure the success of your social media branding Get new projects or jobs through your online friends and followers

Branding Yourself

Praise for *Branding Yourself* "Branding Yourself is a good beginner's guide on how to build an online presence using social networks and blogs that will turn you into a thought leader or expert or just get you a job." —Dan Schawbel, #1 International Bestselling Author of *Me 2.0* "The biggest problem most people have with embracing the power of online networking and personal brand building is they don't know where to start. Erik Deckers and Kyle Lacy take out the guesswork and roll the dice with platforms to find the right combination for you in this book. The book is a recipe for success...your success." —Jason Falls, *SocialMediaExplorer.com* "In this exceedingly useful book, Erik Deckers and Kyle Lacy provide step-by-step guidance for building and maintaining powerful personas. With wit, wisdom, and numerous expert tips, *Branding Yourself* is the new roadmap for navigating the sometimes complex world of personal branding. If your best marketing plan is you (and it is), then *Branding Yourself* should be your playbook." —Jay Baer, Coauthor of *The NOW Revolution: 7 Shifts to Make Your Business Faster, Smarter, and More Social* "Our parents taught us to find a great job with benefits, put money toward retirement, buy a home, and work hard, and you'll reap the benefits. Our parents were wrong. The job market was downsized; the retirement account was ransacked; the house lost its value; and working hard has only put you in the unemployment line. Those who personally branded themselves were able to capitalize on the down-turned economy, and their businesses exploded. Erik Deckers and Kyle Lacy are providing you the blueprint for kicking off your brand and effectively leveraging online technologies to transform your future. [This book is] a must read." —Douglas Karr, Founder of the *Marketing Technology* blog, CEO of DK New Media, and Author of *Corporate Blogging for Dummies* "In an environment filled with philosophy, platitudes, and '30,000-foot views,' Erik Deckers and Kyle Lacy give us a refreshing how-to guide for actually doing something meaningful through social media. Here's a trustworthy book to help you (and me) take real action to leverage emerging tools to create customers and make them happy!" —Trey Pennington, Entrepreneur, Story Prospector, Author of *Spitball Marketing Use Social Media to Build a Great Personal Brand—and a Great Career!* Need to demonstrate more value to customers or employers? Want a new job or career? Use social media to build the powerful personal brand that gets you what you want! In *Branding Yourself*, two leading social media consultants show how to use today's social media platforms to attract new business and job opportunities you'll never find any other way. Erik Deckers and Kyle Lacy show you how to supercharge all your business and personal relationships&demonstrate that you are the best solution to employers' or partners' toughest problems&become a recognized thought leader&and translate your online network into great jobs, great projects, and a great career! Discover how to: " Build an authentic storyline and online identity that gets you the right opportunities " Choose the best social media tools for your personal goals " Blog your story boldly and effectively " Promote your events, accomplishments, victories&and even defeats and lessons learned " Integrate online and offline networking to get more from both " Reach people with hiring authority and budgets on LinkedIn " Use Twitter to share the ideas and passions that make you uniquely valuable " Launch an online branding program that really gets noticed " Avoid “killer” social networking mistakes " Leverage your online “expert” status to become a published author or public speaker " Measure the success of your social media branding " Get new projects or jobs through your online friends and followers

Branding Yourself (Video Training)

In today's turbulent business environment, millions of people are seeking to strengthen their personal brands, and demonstrate far greater value to potential customers and employers. Many of them are seeking to rebrand themselves as they move towards entirely new jobs and careers. Fortunately, social media offers powerful new tools for building personal brands, strengthening business and personal relationships, and showing how you can solve the tough problems that keep customers and potential employers awake at night. A series of videos about Branding Yourself shows how to use them to build a personal brand that connects you to unprecedented new opportunities.

Daring To Be Yourself

Based on principles which have helped thousands of people. Find Out Who You Really Are! You can create a new life. A life revised in small but crucial ways-or perhaps you will totally change the way things have been up to now. You choose, of course. But first you need to know just who you really are and to shed the conditioning imposed on you by decades of conforming to other people's expectations and other people's interpretations. This book-a blueprint to the life you really desire-has been developed by Peter Shepherd, author of Transforming the Mind. A step-by-step approach is followed throughout to help you uncover and remove the barriers to self-knowledge and freedom of expression and action. Effective techniques enable you to draw up a map for yourself through which: 1. You get to know yourself and your various ways of being much better. 2. You realize what decisions and choices you have made and acted upon, which have created the effects-positive or negative-that you are currently experiencing. 3. You learn how to go about redirecting your life along a path which is more in accordance with what you are hoping to achieve. Daring to be Yourself gives you the tools to really turn your life around. You will learn important new skills, enabling you to look at the world with a more aware and open mind-left brain and right brain working in harmony-no longer suppressing your needs, wants and feelings. And so begin a new life of enhanced achievement and happiness.

BrandingPays

Globalization and social media have made the world smaller, more connected and infinitely more competitive. The world has changed. Have you? If you don't have the package that will take you to the next level of your career, you need to reinvent your personal brand. BrandingPays(TM), a practical guide to strategic personal branding, will help you refocus your skills and experience so you are the best candidate for the job, career and business opportunities that you desire. Perfect for professionals, entrepreneurs and college students, the step-by-step BrandingPays methodology has been proven in Fortune 500 companies and leading business schools. Former Regis McKenna Inc. Partner Karen Kang builds upon concepts and techniques from the legendary marketing firm that created and launched the Apple brand.

Reinvent Yourself

The author reinvented his career using the techniques shared in this work. What you are holding in your hand, the concepts and anecdotes, is what he used to find his way through the chaos of change and onto the path of new opportunity and success. It's the book he wish he'd had in his hands twenty years ago. He's hoping it will help you.

How to Sell Yourself

A practical handbook explains in clear, simple, easy-to-understand terms how to use one's mind, face, body, and voice to get a message across in any public speaking situation. Original.

Twitter Marketing For Dummies

Presents an introduction to using Twitter as a marketing tool, describing how to communicate effectively with customers and incorporate a marketing strategy into a mix of new and old media.

No Bullshit Social Media

The In-Your-Face, Results-Focused, No-“Kumbaya” Guide to Social Media for Business! Detailed techniques for increasing sales, profits, market share, and efficiency Specific solutions for brand-building, customer service, R&D, and reputation management Facts, statistics, real-world case studies, and rock-solid metrics Stop hiding from social media--or treating it as if it's a playground. Start using it strategically. Identify specific, actionable goals. Apply business discipline and proven best practices. Stop fearing risks. Start mitigating them. Measure performance. Get results. You can. This book shows you how. Jason Falls and Erik Deckers serve up practical social media techniques and metrics for building brands, strengthening awareness, improving service, optimizing R&D, driving better leads--and closing more sales. “Conversations” and “communities” are wonderful, but they're not enough. Get this book and get what you really want from social media: profits. Think social media's a passing fad? Too risky? Just a toy? Too soft and fuzzy? Not for your business? Wake up! It's where your customers are. And it ain't going away. Does that suck? No. It doesn't. Do social media right, and all those great business buzzwords come true. Actionable. Measurable. And...wait for it...here comes the big one. Profitable. Damn profitable. Want to know how to do it right? We'll show you. And, yeah, we know how because we've done it. This is the bullshit-free, lie-free, fluff-free, blessedly non-New-Age real deal. You're going to learn how to use social media to deliver absolutely killer customer service. How to R&D stuff people actually want. Develop scads of seriously qualified leads. You'll figure out what you want. You know, the little things like profits, market share, loyalty, and brand power. You'll figure out how to measure it. And then you'll go get it. One more thing. We know what scares you about social media. Screwing up (a.k.a., your mug on the front page of The Wall Street Journal). So we'll tell you what to do so that won't happen. Ever. No B.S. in this book. Just facts. Metrics. Best practices. Stuff to warm the hearts of your CFO, CEO, all your C-whatevers. And, yeah, you. So get your head out from under the pillow. Get your butt in gear. Let's go make some money.

Brand New You

Are you looking for a career change or a promotion? Trying to win your first job or facing redundancy? Do you feel you need a more positive and successful approach to relationships? Are you stuck in a rut of self-doubt and low self-image? Or are you just a bit fed up with the old you? If so, it's time to change your personal 'brand'! By applying the simple strategies well known to the world's great brands, you can make dramatic, positive and lasting change in every aspect of your life. In this book you'll learn to step outside your own skin to discover and reveal your own authentic brand story – and how to position yourself to achieve your personal and professional brand objectives. Brand New You isn't a book about firm handshakes or dressing appropriately for interviews – it goes much deeper than that. It's about crafting and telling your new life story, and then living it!

Branding For Dummies

Why do consumers pay a premium for a Dell or Hewlett-Packard laptop, when they could get a generic machine with similar features for a lower price? The answer lies in the power of branding. A brand is not just a logo. It is the image your company creates of itself, from your advertising look to your customer interaction style. It makes a promise for your business, and that promise becomes the sticking point for customer loyalty. And that loyalty and trust is why, so to speak, your laptops sell and your competitors' don't. Whatever your business is, whether it's large or small, global or local, Branding For Dummies gives you the nuts and bolts know-how to create, improve, or maintain a brand. This plain-English guide will help you brand everything from products to services to individuals. It gives you step-by-step advice on assembling a top-notch branding team, positioning your brand, handling advertising and promotion, avoiding blunders, and keeping your brand viable, visible, and healthy. You'll get familiar with branding essentials like: Defining your company's identity Developing logos and taglines Launching your brand marketing plan Managing and protecting your brand Fixing a broken brand Making customers loyal brand champions Filled with easy-to-navigate icons, charts, figures, top ten lists, and humor, Branding For Dummies is the straight-up, jargon-free resource for making your brand stand out from the pack—and for positioning your business to reap the ensuing rewards.

Branding: The 6 Easy Steps

Are you an employee stuck in a career rut? Are you a student looking to get the right start? Or do you just want to create a better you? In *The 10Ks of Personal Branding*, author Kaplan Mobray offers ten must-know insights to building your personal brand. In this inspiring guide, learn how to focus your life's goals with your life's actions to create a powerful package called "you." Filled with easy-to-follow instructions and valuable tips on developing your personal brand, this guide explains the 10Ks of personal branding: • Know thyself • Know what you want to be known for • Know how to be consistent • Know how to accept failure as part of building your personal brand • Know how to communicate your personal brand attributes • Know how to create your own opportunities • Know and master the art of connection • Know that silence is not an option • Know your expectations, not your limitations • Know why you are doing what you are doing today and how it will shape where you are headed tomorrow. These principles can change your life, give you focus, propel your career, and take you to a much greater place.

The 10Ks of Personal Branding

Mark Cuban shares his wealth of experience and business savvy in his first published book, *HOW TO WIN AT THE SPORT OF BUSINESS*. "It's New Year's resolution time, and Mark Cuban's new book offers the rationale for a good one." —*BUSINESS INSIDER* Using the greatest material from his popular Blog Maverick, Cuban has collected and updated his postings on business and life to provide a catalog of insider knowledge on what it takes to become a thriving entrepreneur. He tells his own rags-to-riches story of how he went from selling powdered milk and sleeping on friends' couches to owning his own company and becoming a multi-billion dollar success story. His unconventional yet highly effective ideas on how to build a successful business offer entrepreneurs at any stage of their careers a huge edge over their competitors. "In short, [*HOW TO WIN AT THE SPORT OF BUSINESS*] exceeded...expectations. Short chapters...got right to the point and were not filled with 'stuffing'." —*HUFFINGTON POST*

How to Win at the Sport of Business

The classic guide to personal and public image making--now updated for the digital age The ground-breaking, critically acclaimed original edition of *High Visibility* established celebrity--the creating and managing of one's public persona--to be a critical factor in achieving personal and professional success and status. Now, in this new third edition, international communication expert Irving Rein, international marketing guru Philip Kotler, and coauthors Michael Hamlin and Martin Stoller show you how to achieve and benefit from high visibility--in any profession! "High Visibility brilliantly captures the how, why, and what of the celebrity-building process." --Al Reis, bestselling author of *Positioning and Marketing Warfare* "High Visibility is the Bible, the Das Kapital, the Origin of Species of the infant science of celebritology." --Peter Carlson, *Washington Post Today*, it's not just what you know or who you know--it's who knows you. *High Visibility* is the difference between being just a member of the crowd and becoming a highly recognized individual.

High Visibility, Third Edition

Personal Branding For Dummies

In this bestselling Introduction to Personal Branding you will get a short crash course (the book should take less than an hour to read or listen to) on what personal branding is, how to take your first steps toward perfecting your personal brand, and you will learn some actionable tactics you can employ immediately in order to start becoming more memorable within your career niche and grow your network. These actionable steps include advice on how to take the perfect profile photo, how to think about your professional purpose, how to optimize your LinkedIn profile, how to optimize your social media presence for search engines like Google and Bing, how to craft a personal branding statement, how to analyze your competitors across social media so you can make your brand differentiate from theirs and how to be social by design. Personal Branding is the practice of defining your professional purpose and being able to articulate your experience and value to your target audience through digital media and social channels like blogs, Twitter, Facebook and LinkedIn. It is also a crucial discipline to help you get the most out of in-person events such as conferences and networking opportunities where the key to a successful outcome often lies in your personal brand standing out. Given the explosion in use of digital and social media over the past few years, the internet has presented professionals with a magnificent opportunity to help their expertise become more discoverable, sharable and memorable through their personal brands.

Personal Branding Benefits Your Business by:

Introduction to Personal Branding

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Albion's Seed

If you want your business to grow, you need to be able to rely on your ability to hire talent reliably and consistently. No talent pipeline? No growth, and no business. But your recruiting team is drowning (I asked them). They need help. Now, if you ask recruiters, they will ask for headcount. Or more

technology. But more bodies and more tools won't solve the issue (though it will eat up your budget). What you need is a better strategy. And that strategy is called employer branding. Employer branding is about understanding, distilling and communicating what your company is all about in order to attract all the talent you need. That will differentiate your company as a place where people will want to work, rather than a place they land because they didn't know better. If you've heard about employer branding in business magazines, it might seem like something only "big companies" can do. Something that requires a dedicated team, expensive platforms, or a bunch of consultants. That isn't true. If you understand where your brand comes from, and how to apply it, any company (especially yours) can hire better with it. And this book will teach you how to do all of that, and then some. In this book, you'll learn what employer branding really is, how to make a compelling argument internally to leadership that creates commitment, how to work with other teams and be creative in finding solutions. As a special bonus, we are including a handbook on how to work with recruiting teams. This hands-on workbook is chock full of examples, checklists, step-by-step instructions and even emails you can copy and paste to make things happen immediately.

Talent Chooses You

Do you wish life came with a "do over" button? Are you in desperate need of change, but fail to act when it comes to actually changing? Do any of the following sentences sound like you? You fantasize about a better future constantly but feel powerless to make your fantasies come true. You look at your life and wonder "How the hell did I end up here?" or "Is this it?" You can't let go of the past and agonize over what you could've done differently. You've tried to change and failed more times than you can count. You want something better for your life, but you don't know where to start. If you're nodding to any of these questions...I wrote this book for you. **DOWNLOAD: You 2.0 - Stop Feeling Stuck, Reinvent Yourself, and Become a Brand New You - Master the Art of Personal Transformation** What if I told you that you didn't need tons of willpower to change the direction of your life? What if I told you that a few subtle shifts in the way you think could mean the difference between staying stuck and living the life of your dreams? Don't worry. This book won't tell you to simply "set goals" or "dream big!" Those words sound nice, but they don't actually change anything. See, until you become someone who is capable of changing your circumstances, you won't change them. Some gurus will tell you to "show grit!" or "muster up the guts to succeed!" but statements like those don't go beneath the surface. I know you have what it takes to change your life. Why? Because you're here right now—searching for ways to improve. If you take a small chance on yourself and read the book, you'll find the answers and insights you've been searching for. Using the strategies in the book I was able to: Discover my passion and purpose in life - writing Double my income and start a side business Eliminate my laziness and work on my dreams every single day In this book you'll learn: The hidden psychological barriers that keep you from changing (and how to fix them) Why goal setting doesn't work (and what you should do instead) How to find your passion (even if you feel like you don't have one) The key ingredients to change that helped me quit smoking, lose 20 lbs., and commit to writing every morning How to take advantage of the new economy (while everyone else relies on their paycheck) Each chapter of the book ends with key takeaways and exercises to help you apply what you learned. Instead of just reading, you'll become an active participant in your own transformation. Are you ready to reinvent yourself, your career, and your life? Download You 2.0 to begin your journey of personal transformation. Scroll up to the top and click the buy now button.

You 2.0

"The Petraeus Doctrine for the 21st Century Marketer" The Owned Media Doctrine is to Marketing what The Petraeus Doctrine was to modern warfare - a complete re-thinking of philosophy, strategy and tactics, dictated by the way war has changed. Just like in warfare, marketing and media is not at all what it used to be - but marketers are still fighting the battle like it's 1965. The Owned Media Doctrine is just that, a new doctrine for Marketing. A new philosophy, strategic approach and operational model for the marketing operations function based on how media works today, and how it will work in the future. It's the marketer's field manual for today's two-way, real-time media environment. "In this remarkable – and remarkably useful – book, Jackson and Deckers provide the granular, step-by-step instructions and advice that senior digital marketers have craved for years. This is the book you'll keep on your desk forever (or at least until they have time to write the 2nd edition)." —Jay Baer - Convince & Convert "Reis and Trout changed the way we think with Marketing Warfare. Anderson did it with The Long Tail. Jackson eloquently welcomes us to the new age of Owned Media and the reality we face as real-time marketers. An immediate must read....and more importantly, an immediate must do." —Michael Grimes,

VP, Omni-Channel Marketing at Finish Line “Everything in this book just makes so much sense! If the words “content” or “marketing” are anywhere in your job description do yourself a favor and read it cover to cover.” —Shelly Towns, VP of Product at AngiesList.com The Owned Media Doctrine will show you a future-proof way to advance your marketing efforts based on real-world experience with some of the largest brands on the planet... and it will let the ever-changing media ecosystem evolve around you, rather than the other way around.

The Owned Media Doctrine

How people perceive you at work has always been vital to a successful career. Now with the Internet, social media, and the unrelenting hum of 24/7 business, the ability to promote yourself in person, as well as online, effectively has become absolutely essential. Dan Schawbel gives you the new rules for success, and answers your most pressing questions about your career: · How do I decide on the right career path? · What are managers really looking for? · What do you do if you're stuck at work? · How do you create a personal brand for professional success? · How do you use social media to propel your career? Promote Yourself lays out a step-by-step process for building a successful career in an age of ever-changing technologies and economic uncertainty. Promote Yourself is the definitive book on how to build an outstanding career. Now with a new chapter on strategies to help you take charge of the job market, and take advantage of opportunities that will help you find the best career path for you.

Promote Yourself

Transform your marketing efforts through the power of visual content In today's fast-paced environment, you must communicate your message in a concise and engaging way that sets it apart from the noise. Visual content—such as infographics and data visualization—can accomplish this. With DIY functionality, Infographics: The Power of Visual Storytelling will teach you how to find stories in your data, and how to visually communicate and share them with your audience for maximum impact. Infographics will show you the vast potential to using the communication medium as a marketing tool by creating informative and shareable infographic content. Learn how to explain an object, idea, or process using strong illustration that captures interest and provides instant clarity Discover how to unlock interesting stories (in previously buried or boring data) and turn them into visual communications that will help build brands and increase sales Use the power of visual content to communicate with and engage your audience, capture attention, and expand your market.

Infographics

"This lively history charts the growth of Paris from a city of crowded alleyways and irregular buildings into a modern marvel."--New Yorker At the beginning of the seventeenth century, Paris was known for isolated monuments but had not yet put its brand on urban space. Like other European cities, it was still emerging from its medieval past. But in a mere century Paris would be transformed into the modern and mythic city we know today. Though most people associate the signature characteristics of Paris with the public works of the nineteenth century, Joan DeJean demonstrates that the Parisian model for urban space was in fact invented two centuries earlier, when the first complete design for the French capital was drawn up and implemented. As a result, Paris saw many changes. It became the first city to tear down its fortifications, inviting people in rather than keeping them out. Parisian urban planning showcased new kinds of streets, including the original boulevard, as well as public parks and the earliest sidewalks and bridges without houses. Venues opened for urban entertainment of all kinds, from opera and ballet to a pastime invented in Paris, recreational shopping. Parisians enjoyed the earliest public transportation and street lighting, and Paris became Europe's first great walking city. A century of planned development made Paris both beautiful and exciting. It gave people reasons to be out in public as never before and as nowhere else. And it gave Paris its modern identity as a place that people dreamed of seeing. By 1700, Paris had become the capital that would revolutionize our conception of the city and of urban life.

How Paris Became Paris

You don't need a marketing degree or intensive training to build an attention-grabbing brand; you just need this book - and 30 days. Simon Middleton shows you how to create, manage and communicate your brand profoundly and effectively, in just 30 days, by following 30 clear exercises. How you work through the book is up to you, the result will be the same: an authentic, compelling, and highly distinctive brand that will attract and engage customers and fans. You will learn how to: Establish your brand values

and positioning Get the all-important name right Bring your brand to life Turn your customers into your advocates Manage your PR and use your marketing budget wisely Inspire your staff to live the brand too Deal with problems when something goes wrong Branding isn't about funky logos and expensive advertising. Your brand is what your company means to the world. Getting that meaning right is the most important thing you can do in business. 'Passionate and persuasive, Simon Middleton has a natural instinct for uncovering the Wow! factor in every brand.' Dawn Gibbins MBE, Veuve Clicquot Business Woman of the Year and Star of Channel 4's The Secret Millionaire

Build a Brand in 30 Days

Hundreds of millions of Americans are using social media (SM), and already some 70% of businesses have joined them there, using Facebook and other SM platforms to connect with their customers, and attract new ones. So the real question isn't whether to take your business onto social media platforms—but how to do it quickly, effectively, on a budget, with smart goals, and a road map for success. *Advanced Social Media Marketing: How to Lead, Launch, and Manage a Successful Social Media Program* cuts through the hype and fluff about how social media is changing the world, and it gets down to what really matters: How you as a manager can best use SM to benefit your business. Written by a veteran online marketer and ecommerce professional, the book shares practical strategies and tactics to let you launch and scale a successful corporate social media program. *Advanced Social Media Marketing: How to Lead, Launch, and Manage a Successful Social Media Program* is for the manager who already knows something about social media and wants to roll up his or her sleeves and get down to business. In it, we simplify tasks that might otherwise be complicated—like adopting and tracking key performance metrics, developing online ad campaigns, or creating Facebook apps like games, giveaways and sweepstakes with the capacity to go viral. Businesses can harness the unique advantages of this new medium, but they need a practical, no-nonsense guide like this one. Otherwise they risk being ignored, wasting time and money or, even worse, damaging their own brand and seeing a well-intentioned online program blow up. The book is heavy on the how-to, case studies, campaign results and other statistics, and interviews with ecommerce managers at businesses large and small. It also includes the author's own experiences at Green Mountain Coffee Roasters, Wine of the Month Club, and others. While this book will be accessible enough for someone implementing a social media program for the first time, it's ambitious enough to benefit experienced SM hands who are looking for good ideas and techniques to push their online community to the next level of size, interactivity, and buzz.

Patent it Yourself

The authors of the international bestseller *Business Model Generation* explain how to create value propositions customers can't resist *Value Proposition Design* helps you tackle the core challenge of every business — creating compelling products and services customers want to buy. This highly practical book, paired with its online companion, will teach you the processes and tools you need to create products that sell. Using the same stunning visual format as the authors' global bestseller, *Business Model Generation*, this sequel explains how to use the "Value Proposition Canvas" to design, test, create, and manage products and services customers actually want. *Value Proposition Design* is for anyone who has been frustrated by new product meetings based on hunches and intuitions; it's for anyone who has watched an expensive new product launch fail in the market. The book will help you understand the patterns of great value propositions, get closer to customers, and avoid wasting time with ideas that won't work. You'll learn the simple process of designing and testing value propositions, that perfectly match customers' needs and desires. In addition the book gives you exclusive access to an online companion on Strategyzer.com. You will be able to assess your work, learn from peers, and download pdfs, checklists, and more. *Value Proposition Design* is an essential companion to the "Business Model Canvas" from *Business Model Generation*, a tool embraced globally by startups and large corporations such as MasterCard, 3M, Coca Cola, GE, Fujitsu, LEGO, Colgate-Palmolive, and many more. *Value Proposition Design* gives you a proven methodology for success, with value propositions that sell, embedded in profitable business models."

Advanced Social Media Marketing

"Change is hard" we say, and it is even harder when it is thrust upon us. At any point, we may be forced to reinvent our career or downsize our lives; we may lose a love or a dream. Our first reaction is to rail against fate, but what if we could see past today's turmoil and spot tomorrow's opportunities that

lie within unasked-for change? That's the promise of *How to Survive Change You Didn't Ask For* by bestselling author and executive coach M.J. Ryan. In *How to Survive Change You Didn't Ask For*, Ryan provides strategies to retain your brain and optimize your response to change, step-by-step: by first accepting the new reality, then expanding your options, and finally, taking effective action. She offers cutting-edge tools for becoming calmer, less fearful, and more flexible, creative, and resourceful in your thinking. Best of all, as your adaptability increases, so does your confidence - with her guidance, you will be able to survive and thrive no matter what life throws your way.

Value Proposition Design

"Product-Led Growth is about helping your customers experience the ongoing value your product provides. It is a critical step in successful product design and this book shows you how it's done." - Nir Eyal, Wall Street Journal Bestselling Author of "Hooked"

How to Survive Change You Didn't Ask For

The renowned Internet commentator and author of *How to Fix the Future* "expos[es] the greed, egotism and narcissism that fuels the tech world" (Chicago Tribune). The digital revolution has contributed to the world in many positive ways, but we are less aware of the Internet's deeply negative effects. The *Internet Is Not the Answer*, by longtime Internet skeptic Andrew Keen, offers a comprehensive look at what the Internet is doing to our lives. The book traces the technological and economic history of the Internet, from its founding in the 1960s through the rise of big data companies to the increasing attempts to monetize almost every human activity. In this sharp, witty narrative, informed by the work of other writers, reporters, and academics, as well as his own research and interviews, Keen shows us the tech world, warts and all. Startling and important, *The Internet Is Not the Answer* is a big-picture look at what the Internet is doing to our society and an investigation of what we can do to try to make sure the decisions we are making about the reconfiguring of our world do not lead to unpleasant, unforeseen aftershocks. "Andrew Keen has written a very powerful and daring manifesto questioning whether the Internet lives up to its own espoused values. He is not an opponent of Internet culture, he is its conscience, and must be heard." —Po Bronson, #1 New York Times–bestselling author

Product-Led Growth

Many teens today who use the Internet are actively involved in participatory cultures—joining online communities (Facebook, message boards, game clans), producing creative work in new forms (digital sampling, modding, fan videomaking, fan fiction), working in teams to complete tasks and develop new knowledge (as in Wikipedia), and shaping the flow of media (as in blogging or podcasting). A growing body of scholarship suggests potential benefits of these activities, including opportunities for peer-to-peer learning, development of skills useful in the modern workplace, and a more empowered conception of citizenship. Some argue that young people pick up these key skills and competencies on their own by interacting with popular culture; but the problems of unequal access, lack of media transparency, and the breakdown of traditional forms of socialization and professional training suggest a role for policy and pedagogical intervention. This report aims to shift the conversation about the "digital divide" from questions about access to technology to questions about access to opportunities for involvement in participatory culture and how to provide all young people with the chance to develop the cultural competencies and social skills needed. Fostering these skills, the authors argue, requires a systemic approach to media education; schools, afterschool programs, and parents all have distinctive roles to play. The John D. and Catherine T. MacArthur Foundation Reports on Digital Media and Learning

The Internet Is Not the Answer

The interwoven futures of humanity and our planet are under threat. Urgent action, taken together, is needed to change course and reimagine our futures.

Confronting the Challenges of Participatory Culture

How to implement social technology in business, spur collaborative innovation and drive winning programs to improve products, services, and long-term profits and growth. The road to social media marketing is now well paved: A July 2009 Anderson Analytics study found 60% of the Internet population uses social networks and social media sites such as Facebook, MySpace, and Twitter. Collaboration

and innovation, driven by social technology, are “what’s next.” Written by the author of the bestselling *Social Media Marketing: An Hour a Day* in collaboration with Jake McKee, *Social Media Marketing: The Next Generation of Business Engagement* takes marketers, product managers, small business owners, senior executives and organizational leaders on to the next step in social technology and its application in business. In particular, this book explains how to successfully implement a variety of tools, how to ensure higher levels of customer engagement, and how to build on the lessons learned and information gleaned from first-generation social media marketing efforts and to carry this across your organization. This book: Details how to develop, implement, monitor and measure successful social media activities, and how to successfully act on feedback from the social web Discusses conversation-monitoring tools and platforms to accelerate the business innovation cycle along with the metrics required to prove the success of social technology adoption Connects the social dots more deeply across the entire organization, moving beyond marketing and into product development, customer service and customer-driven innovation, and the benefits of encouraging employee collaboration. Social media has become a central component of marketing: Collaborative, social technology is now moving across the organization, into business functions ranging from HR and legal to product management and the supply chain. *Social Media Marketing: The Next Generation of Business Engagement* is the perfect book for marketers, business unit managers and owners, HR professionals and anyone else looking to better understand how to use social technologies and platforms to build loyalty in customers, employees, partners and suppliers to drive long term growth and profits.

Reimagining our futures together

The days of the image brands are over, and ‘new marketing’ has gone mainstream. The world’s biggest companies are pursuing a post-advertising strategy, moving away from advertising and investing in leading edge alternatives. In the vanguard of the revolution has been John Grant, co-founder of the legendary agency St. Luke’s and author of *The New Marketing Manifesto*, whose radical thinking has informed a generation. Now Grant is set to stun the industry again. In *The Brand Innovation Manifesto*, he redefines the nature of brands, showing why old models and scales no longer work and revealing that the key to success today is impacting people’s lifestyles (think Starbucks, iPod and eBay). At the heart of the book is the concept of the ‘brand molecule’ to which new cultural ideas can be constantly added to keep pace with change. Cataloguing 32 classes of idea, Grant presents a practical approach to mixing and matching them within your own market to develop new brand ideas - and new ideas for existing brands.

Social Media Marketing

Stand out, attract customers and grow your company into a sticky brand. *Sticky Branding* provides practical, tactical ideas of how mid-market companies — companies with a marketing budget, but not a vast one — are challenging the status quo and growing sticky brands.

The Brand Innovation Manifesto

In *Disrupt Yourself*, innovator and digital media expert Jay Samit reveals how to achieve your goals and permanently alter the status quo through the art of self-disruption. In today’s ever-changing and often-volatile business landscape, adaptability and creativity are more crucial than ever. Samit describes how specific strategies that help companies flourish - challenging assumptions, pinpointing one’s unique value, and identifying weaknesses in the structure of current industries - can be applied at an individual level. Incorporating stories from his own experience and anecdotes from other innovators and disruptive businesses - including Richard Branson, Steve Jobs, YouTube, the BBC, Virgin Media and many more - Samit shows how personal transformation can reap entrepreneurial and professional rewards. *Disrupt Yourself* offers clear and empowering advice for anyone looking to break through a creative barrier; anyone with a big idea but no idea how to apply it; and for anyone worried about being made irrelevant in an era of technological transformation. This engaging, perspective-shifting book demystifies the mechanics of disruption for individuals and businesses alike.
