HE ABANDONED THE WAY OF SELF-MORTIFICATION

10 LIFE LESSONS

PRACTICE THE MIDDLE WAY

NOBLE TRUTHS

2. ADOPT THE RIGHT VIEW

THE BUDDHA IS ASKING US TO ADOPT THE RIGHT VIEW

WE TEND TO REACT QUICKLY TO THINGS THAT HAPPEN AROUND US

CREATE GOOD KARMA

KARMA MEANS ONLY ACTIONS OF ONE'S OWN VOLITION

WE NEED TO WORK ON OURSELVES IN THE PRESENT IN ORDER TO BUILD

LIFE IS A CYCLE OF BIRTH AND REBIRTH - AND OUR GOAL SHOULD BE TO LIBERATE OURSELVES FROM THAT CYCLE OF SUFFERING

THIS ALLOWS YOU TO STEP AWAY FROM THE PAST AND FUTURE AND LIVE IN THE PRESENT MOMENT

GREAT THINGS ARE THE RESULTS OF SMALL GOOD HABITS

GOODNESS

SHOW YOUR WISDOM IN SILENCE

THE MORE YOU LEARN, THE MORE YOU ARE EXPOSED TO WHAT YOU DON'T KNOW

IF IN A CONFLICT, CHOOSE COMPASSION

NONVIOLENCE IS NOT JUST LETTING YOURSELF BE HARASSED OR ASSAULTED.

CHOOSE FRIENDS FOR QUALITY OVER QUANTITY

IT IS BETTER TO HAVE FEW FRIENDS WHO SUPPORT AND CARE FOR YOU TRULY, AND BE GENEROUS

BUDDHA HAS ALWAYS EMPHASIZED HOW GENEROSITY AND HELPING EACH OTHER

BUDDHA, HOWEVER, FIRST ASKS US TO TAKE CARE OF OURSELVES

YOU CAN BE A BUDDHA TOO

WE SHOULD TAKE CONTROL OF OUR LIVES AND NOT LEAVE IT UP TO FATE OR THE HEAVENS

THE NOBLE EIGHTFOLD PATH

Encyclopedia of Native American Religions

"Encyclopedia of Native American Religions is a guide to the rich spiritual traditions and practices of Native Americans in the United States and Canada. Included are more than 1,200 entries, alphabetically arranged and fully cross-referenced. Long regarded as quaint curiosities or exotic pagan rites, the religious practices of Native Americans make up a rich, enduring legacy deserving of a place among the great spiritual traditions. Encyclopedia of Native American Religions is a comprehensive resource to these traditions and practices and accords them the respect, status, and attention they deserve."

"In this edition, new or updated information has been included on such topics as: national and state legislation, such as the Native American Church Bill, which allows the religious use of peyote, and the Religious Freedom Restoration Act; religious rights in the military; sacred sites; sacred use of tobacco; and court cases involving the participation of non-Indians in Native American religious ceremonies, such as the Sun Dance."--Jacket.

The Encyclopedia of Native American Religions

A comprehensive resource to the rich spiritual traditions and practices of Native Americans in the U.S. and Canada. Included are over 1,200 entries, alphabetically arranged and fully cross-referenced, covering a broad range of topics.

Encyclopedia of Native American Religions

Describes traditional beliefs and worship practices, the consequences of contact with Europeans and other Americans, and the forms Native American religions take today.

Native American Religions

Provides an overview of the latest research and thought in this area. Gill presents an academically and humanistically useful way of appreciating and understanding the complexity and diversity of Native American religions and establishes them as a significant field within religious studies. In addition, aspects of European-American history are examined in a search for sources of widespread misunderstandings about the character of Native American religions.

Encyclopedia of Native American Religions, Third Edition

Praise for the previous edition: "This encyclopedia...allows the student to realize the richness and diversity of the Native American beliefs to the forefront of the world religions...Highly Recommended."—Book Report "...recommended for public library, school, and undergraduate reference collections."—Booklist "...the wealth of information...make this useful for both public and academic libraries."—Library Journal Despite a long history of suppression by governments and missionaries, Native American beliefs have endured as dignified, profound, viable, and richly faceted religions. Encyclopedia of Native American Religions, Third Edition is the go-to reference for the general reader that explores this fascinating subject. More than 1,200 cross-referenced entries describe traditional beliefs and worship practices, the consequences of contact with Europeans and other Americans, and the forms Native American religions take today. Coverage includes: Biographies of figures such as Thomas Stillday Jr., an Ojibway and the first Indian chaplain in the Minnesota State Legislature Court cases concerning prisoners' religious rights National and state legislation, such as the Native American Church Bill and the Religious Freedom Restoration Act Religious rights in the military Sacred sites, such as Snoqualmie Falls, and the sacred use of tobacco Tribal court cases involving the participation of non-Indians in Native American religious ceremonies, such as the Sun Dance.

Native American Religions

An introductory textbook that surveys major aspects of the traditional religious lives of native peoples in all parts of the Americas.

Native American Religions

Presents the history of the Native American religions, starting from their roots as tribal religions, and then details the detrimental effects of European colonization, the annihilation of the Native Americans that threatened the religions, and their restoration in the 20th century.

Native American Religions

Publisher Description

American Indian Religious Traditions

Native Americans practice some of America's most spiritually profound, historically resilient, and ethically demanding religions. Joel Martin draws his narrative from folk stories, rituals, and even landscapes to trace the development of Native American religion from ancient burial mounds, through interactions with European conquerors and missionaries, and on to the modern-day rebirth of ancient rites and beliefs. The book depicts the major cornerstones of American Indian history and religion--the vast movements for pan-Indian renewal, the formation of the Native American Church in 1919, the passage of the Native American Graves and Repatriation Act of 1990, and key political actions involving sacred sites in the 1980s and '90s. Martin explores the close links between religion and Native American culture and history. Legendary chiefs like Osceola and Tecumseh led their tribes in resistance movements against the European invaders, inspired by prophets like the Shawnee Tenskwatawa and the Mohawk Coocoochee. Catharine Brown, herself a convert, founded a school for Cherokee women and converted dozens of her people to Christianity. Their stories, along with those of dozens of other men and women--from noble warriors to celebrated authors--are masterfully woven into this vivid, wide-ranging survey of Native American history and religion.

The Land Looks After Us

Religion and Culture in Native America presents an introduction to a diverse array of Indigenous religious and cultural practices in North America, focusing on those issues in which tribal communities themselves are currently invested. These topics include climate change, water rights, the protection of sacred places, the reclaiming of Indigenous foods, health and wellness, social justice, and the safety of Indigenous women and girls. Locating such contemporary challenges within their historical, religious, and cultural contexts illuminates how Native communities' responses to such issues are not simply political, but deeply spiritual, informed by sacred traditions, ethical principles, and profound truths. In collaboration with renowned ethnographer and scholar of Native American religious traditions Inés Talamantez, Suzanne Crawford O'Brien abandons classical categories typically found in religious studies textbooks and challenges essentialist notions of Native American cultures to explore the complexities of Native North American life. Key features of this text include: Consideration of Indigenous religious traditions within their historical, political, and cultural contexts Thematic organization emphasizing the concerns and commitments of contemporary tribal communities Maps and images that help to locate tribal communities and illustrate key themes. Recommendations for further reading and research Written in an engaging narrative style, this book makes an ideal text for undergraduate courses in Native American Religions, Religion and Ecology, Indigenous Religions, and World Religions.

Seeing with a Native Eye

Containing a fascinating and comprehensive list of A-Z entries, including a series of essays, this encyclopedia will highlight: *Rituals and Ceremonies, *Sacred Sites, *The Arrival of the Europeans, *Shamanism, *Totems, *The Warrior, *The Afterlife, *The First Nation Today, *The Reservations, *The Visionary World, *Ancestors and Spirits Illustrated throughout, including charts of the totem animals belonging to each clan and maps of tribal areas.

American Indian Religious Traditions

Surveys the various religions of different groups of Native Americans.

Religion and Culture in Native America

Focusing on three diverse indigenous traditions, *Native American Religious Traditions* highlights the distinct oral traditions and ceremonial practices; the impact of colonialism on religious life; and the ways in which indigenous communities of North America have responded, and continue to respond, to colonialism and Euroamerican cultural hegemony.

Native American Religions

In this excellent survey of Native American worldviews, philosopher of religion Jerry H. Gill emphasizes the value of tracing the overarching themes and broad contours of Native American belief systems. He presents an integrated view to serve as an introduction to ways of life and perspectives on the world far different from those of the dominant Euro-American culture. Drawing on the scholarship of anthropologists and specialists in American Indian Studies, Gill brings together much original research in broad, accessible chapters. He explores Native American origin stories, the special connotations given to spatial concepts such as the cardinal directions and the circle, the influence of the seasons and the cycles of life on different cultures, and clan and kinship systems. Separate chapters are devoted to key ceremonies and customs as well as to concepts of health, harmony, virtues, wisdom, and beauty. The final chapter considers the devastating effects on native peoples of the European incursion into North America. Gill discusses the reservation system, attempts at assimilation and resistance, the recent renaissance of American Indian cultures, and prospects for the future. A valuable appendix presents a representative sampling of Native American writings on beliefs and origin stories. This excellent introduction to the many diverse yet related American Indian worldviews will be a welcome resource for teachers of introductory courses in Native American Studies or philosophy of religion, as well as laypersons with an interest in native cultures.

The Element Encyclopedia of Native Americans

Aspects of Native American religion from authentic texts.

Native American Religion

Swedish Scholar Åke Hultkrantz is recognized as one of the foremost authorities on American Indian religions. This collection of fifteen of his essays on the religious attitudes and practices of a variety of North American Indian communities brings together some of his best work over the last twenty-five years. The essays are grouped into four areas: belief and myth, worship and ritual, ecology and religion, and persistence and change. Topics include the importance of myths and rituals; religious beliefs among the Plains Indians and Wind River Shoshoni; the cult of the dead; the Spirit Lodge, the Sun Dance Lodge, and the Ghost Dance; the spread of the peyote cult; feelings toward animals and natural phenomena; and the problem of Christian influence on Northern Algonkian eschatology. To students of American Indians Hultkrantz reveals the integrity of Indian religion as a subject in its own right, not divorced from culture, history, or ecology, but religion as an effective force in Indian life. To students of comparative religion he offers American Indian religious phenomena as a treasure trove of data to be mapped and related to the religions of the world. Christopher Vecsey's introduction summarizes Hultkrantz's major ideas and outlines the field work and research methods which distinguish his scholarship. Bibliography included.

Native American Religious Traditions

While Native American religious beliefs vary from tribe to tribe, the one thing they have in common is a belief in a higher power. This power has many names: Manitou, Wakanda, Sila, or even just the Great Spirit. This book discusses the various beliefs held by tribes in each region of the Americas. It also describes some of the important rituals practiced in each religion.

Native American Worldviews

In this ground-breaking work, some of the best contemporary Native scholars and writers examine the issue of Native religious identity today. Because the traditional Native American view recognizes no sharp distinction between sacred and profane spheres of existence, Native cultures and religious traditions are in many ways synonymous and coextensive. This intimate relationship between culture and religion makes the question of religious identity a vital inquiry. Essays range from the scholarly to

the intensely personal, including Christian, traditional, and "post-Christian" perspectives. The range of topics includes a study of Nahua religion and the cult of the Virgin of Guadalupe; the role of Native interpreters in spreading Christianity; a Native writer's observations of a modern Sun Dance ritual; and an Indian elder's poignant account of how it felt, after her marriage to a white Canadian, to receive an official card from the government declaring that she was "no longer an Indian" according to the laws of Canada.

I Become Part of it

Native Americans practice some of America's most spiritually profound, historically resilient, and ethically demanding religions. Joel Martin draws his narrative from folk stories, rituals, and even landscapes to trace the development of Native American religion from ancient burial mounds, through interactions with European conquerors and missionaries, and on to the modern-day rebirth of ancient rites and beliefs. The book depicts the major cornerstones of American Indian history and religion--the vast movements for pan-Indian renewal, the formation of the Native American Church in 1919, the passage of the Native American Graves and Repatriation Act of 1990, and key political actions involving sacred sites in the 1980s and '90s. Martin explores the close links between religion and Native American culture and history. Legendary chiefs like Osceola and Tecumseh led their tribes in resistance movements against the European invaders, inspired by prophets like the Shawnee Tenskwatawa and the Mohawk Coocoochee. Catharine Brown, herself a convert, founded a school for Cherokee women and converted dozens of her people to Christianity. Their stories, along with those of dozens of other men and women--from noble warriors to celebrated authors--are masterfully woven into this vivid, wide-ranging survey of Native American history and religion. Religion in American Life explores the evolution, character, and dynamics of organized religion in America from 1500 to the present day. Written by distinguished religious historians, these books weave together the varying stories that compose the religious fabric of the United States, from Puritanism to alternative religious practices. Primary source material coupled with handsome illustrations and lucid text make these books essential in any exploration of America's diverse nature. Each book includes a chronology, suggestions for further reading, and index.

Belief and Worship in Native North America

This text offers a thematic approach to Native American religious traditions. The author demonstrates how themes within native traditions connect with each other while upholding the integrity of individual traditions.

Native American Religions

This book describes the religions of native north Americans, north of Mexico and including the Canadian Arctic, as it existed at the time of European contact. It presents data on rituals and religious practitioners by considering such information on a culture-area basis.

Native American Religious Identity

Native Americans in the United States, similar to other indigenous people, created political, economic, and social movements to meet and adjust to major changes that impacted their cultures. For centuries, Native Americans dealt with the onslaught of non-Indian land claims, the appropriation of their homelands, and the destruction of their ways of life. Through various movements, Native Americans accepted, rejected, or accommodated themselves to the nontraditional worldviews of the colonizers and their policies. The Historical Dictionary of Native American Movements is designed to provide a useful reference for students and scholars to consult on topics dealing with key movements, organizations, leadership strategies, and the major issues these groups confronted. This second edition of Historical Dictionary of Native American Movements contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 200 cross-referenced entries on important personalities, language, religion, politics, and the environment.

Native American Religion

Entries identify leaders, shamans, and specific beliefs and practices of various tribes.

Native American Religions

First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

Native American Religions

Quest for Harmony provides a basic understanding of the cultures and spiritual teachings of four Native American nations--Lenape (Delaware), Ani'-Yun'-wiya (Cherokee), Lakota (Sioux), and Dine (Navajo). The text is always sympathetic, respectful, and, when possible, presented in the voices of Native Americans. Each nation is described in terms of its name, traditional location(s), present population, language, and traditional social organization. At least one story of origin is provided for each nation, followed by a survey of its history from earliest documented times until recent times. At the heart of each chapter, the spiritual worldview and rituals of the nation being discussed are introduced, with sections on cosmology, gods and spirits, rituals, and other issues particular to that nation. Critical issues common to Native Americans such as the pannational spiritual movements and the environment are also covered. Quest for Harmony makes clear that not only are Native American spiritual traditions very much alive, they are also in the midst of a dramatic revival.

The Study of American Indian Religions

Presents a brief history of Native Americans, and features a region-by-region exploration of individual culture areas, discussing spiritual observances, the powwow, oral storytelling, rites of passage, plant rituals, the drum, the ghost dance, dreams, and the challenges of modern life.

Historical Dictionary of Native American Movements

This reference offers reliable knowledge about women's diverse faith practices throughout history and prehistory, and across cultures. Across the span of human history, women have participated in world-building and life-sustaining cultural creativity, making enormous contributions to religion and spirituality. In the contemporary period, women have achieved greater equality, with more educational opportunities, female role models in public life, and opportunities for religious expression than ever before. Contemporaneously with this increased visibility, women are actively and energetically engaging with religion for themselves and for their communities. Drawing on the expertise of a range of scholars, this reference chronicles the religious experiences of women across time and cultures. The book includes sections on major religions as well as on spirituality, African religions, prehistoric religions, and other broad topics. Each section begins with an introduction, followed by reference entries on specialized subjects along with excerpts from primary source documents. The entries provide numerous suggestions for further reading, and the book closes with a detailed bibliography.

Encyclopedia of Native American Shamanism

Native American Studies covers key issues such as the intimate relationship of culture to land; the nature of cultural exchange and conflict in the period after European contact; the unique relationship of Native communities with the United States government; the significance of language; the vitality of contemporary cultures; and the variety of Native artistic styles, from literature and poetry to painting and sculpture to performance arts.

Religion and American Cultures [4 Volumes]

Discusses the prehistoric peoples who occupied the Americas, describing the civilizations of such advanced cultures as the Iroquois, Cherokee, and the Zuni, and the technical achievements of various other Native American groups.

Recent Reference Books in Religion

A Companion to American Indian History captures the thematic breadth of Native American history over the last forty years. Twenty-five original essays by leading scholars in the field, both American Indian and non-American Indian, bring an exciting modern perspective to Native American histories that were at one time related exclusively by Euro-American settlers. Contains 25 original essays by leading experts in Native American history. Covers the breadth of American Indian history, including contacts with settlers, religion, family, economy, law, education, gender issues, and culture. Surveys and evaluates the best scholarship on every important era and topic. Summarizes current debates and anticipates future concerns.
