Dreamer

It begins with a dream. It ends with a dream. It has wisps and waterfalls of dreaminess in between. Light, dark, silly, serious, searching, soulful and even slightly cynical at times, this collection of poems and dreams is an exploration of human emotions from joy and contentment to profound grief. You may be a dreamer, a mourner, a runner, a sailor or a captain. You may be resilient, appreciative, amusing, loving, kind or rejecting. In your dreams, you may be whoever, whatever and wherever you desire to be.

The Dream Collection

Written whimsically by dreamer Sylvia Pandit, The Dream Collection entails musings of her imaginary world.

Dream Clear

This book of poems contains thoughts, philosophies and beliefs reflective of my experiences and expresses the love and laughter, the dreams and difficulties, of everyday life. The book contains thought-provoking poems such as Eve of Destruction, Pinnacle and Remnants of a Broken Man and soft-hearted poems like A Hug and Can't You See. Dream Clear is not just a collection of poems but a collection of feelings, vision and insight, strong and determined, buffered by hopefulness and faith. Dream Clear draws on feelings and experiences shared by everyone and presents them in passionate prose. From the wedding dedication of Tracy and Paul to Kids, a poem of loss and heartbreak composed on the eve of 9/11, the book is intense and entertaining.

Behold, this Dreamer!

Discusses the nature of dreams and the imagination, and gathers poems and prose selections by British writers

Dare to Dream the Dreamer's Dream

These poems, written in part while in altered states of consciousness obtained through meditation, and inspired by personal experiences of love, betrayal, loss, friendship, growth and truth, have the ability to ignite passions gone dormant, unlock potentials undiscovered and awaken hearts to align with universal truths. Abundant with imagery and rich with depth, whether you are an established fan of poetry or not, Cloudancers voice and talent will win you over and leave you with much to feel and consider, along with an appreciation for her unique and natural gift for writing poetry and turning life's difficulties into beauty and pure truth. This collection is of her best pieces from throughout her life thus far. Most of them were written in the recent past, after becoming a mother to a beautiful son who was born in the spring of 2007 on Mt Shasta.

The Distance Between Hopes and Dreams

In *The Distance between Hopes and Dreams*, author Charles Lobaito presents a collection of poetry that embodies and explores the human spirit. We all wish to be great, and we all dream beyond the heights of our imagination. The verses contained here examine those wishes and dreams--their conception and their accomplishment. Each poem in this volume offers a journey--a literary awakening into the places we know and beyond. The collection combines three books of poetry into one volume. *Perception of the Navigator* focuses on seizing one's destiny. *The Epiphany Maker* explores the abstract and the discovery of fate. *Notebooks from the Past* reflects on life in its search for peace. From love to war, hope to promise, history to time, freedom to knowledge, the verses in this collection share honest, witty, and philosophical considerations of life at the dawn of the twenty-first century. *The Distance between Hopes and Dreams* seeks to bring out the poet and dreamer in all of us. If Dreams Were Keys There'd Be No Locks Door I If dreams were keys there'd be no locks, All prisons empty, true love run amok! Fat angels would smile with rifles, and socks: To target the banana-strawberry heart. Door II Without any locks, lions would hunt Like beasts, to pounce, thus reinvent pun, Or breed like citizens for sport, and court: Under the vanilla paper bag sun ...

Public Dream

Public Dream, Frances Leviston's first collection of poetry, is one of the most eagerly-awaited debuts in years. Although still in her early twenties, Leviston has already received considerable acclaim for her superbly-crafted and pitch-perfect verse. However, in the apparently effortless balancing of its lyric and metaphysical concerns, in the penetration, range and originality of its thought, *Public Dream* shows her to possess the maturity to match that skill. This book does more than merely display promise: it announces the arrival of a singular and essential new voice.

Fragments of Me

Have you ever felt like your emotions are tearing you apart? Have you ever been so lonely or sad that you just want to sleep forever? I guess the question is: have you ever been through something you felt so strongly about, that you think no one else would understand? Well *Day Dreamer* does! Take a ride through the emotions of a woman who has known love, heartache, marriage, divorce, motherhood, insanity, and rebirth. This collection of poems sends you on a roller-coaster of emotions that will have you experiencing her joys and her heartaches. *Day Dreamer* also includes personal quotes to help shed insight along the way. For men and women alike, young and old, this collection is for you. *Day Dreamer* welcomes you with open arms to a brief glimpse into her world...

Dream Poetry in Flow

A collection of poetry bound together by the profound human experience of dreams. Whether day-dreams, nightmares, waking dreams, lucid dreams or night adventures, this book explores the realizations and inherent curiosity they inspire. These poems will surge and flow around you... with titles such as "Straddling Two Worlds," "My Grand Circle of Beginning," "Flow With the Positive," "A Thank You Across the Years," "Sleeping on the Questions," "The Guiding Grace of Dreams," and "Speak to Me Tonight." Whether flight of fantasy, freelance musing or full-on dreamtime episode, this book investigates the many facets of human imagination. Reexamine your life experiences through a new lens: from questions about career, finances, love life, to the thousands of decisions everyone makes every day... Get ready to don a fresh pair of glasses and gaze upon the world anew. 144 poems and 45+ original photographs on 340+ pages

Behold, this Dreamer!

A product of pencil-and-paper night writing, *Dream Deep* is a collection of poems based on recollected dreams. In some cases, the images dreamt are expanded, and the dream serves as a seed from which the poem develops. But, in other cases, the entirety of the poem is wrought directly, so there's no need to expand or contract the imagery. Multiple themes emerge throughout this collection—themes such as fantasy, romance, horror, as well as threads of personal and philosophical ideology cropping up now and again. A number of the works presented here were printed in an art/literature magazine, which was developed at the college that the author attended. These works include *A Nightlight Pondering*, *The Thing in the Attic*, and *Fearless* (a Triolet).

Dream Deep

This 1976 book is a study of the medieval English dream-poem set against classical and medieval visionary and religious writings.

Medieval Dream-Poetry

An “astonishing” book of poetry from the Pulitzer Prize–winning author of *American Primitive* and “one of our very best poets” (Stephen Dobyns, *The New York Times Book Review*). *Dream Work*, a collection of forty-five poems, follows Mary Oliver’s Pulitzer Prize-winning poetry volume *American Primitive*. The deep perceptual awareness on display in that collection is all the more radiant and steadfast here. With this new collection, Oliver has turned her attention to the solitary and difficult labors of the spirit—to accepting the truth about one’s personal world, and to valuing the triumphs while transcending the fail-ures of human relationships. Oliver brings grace and empathy to the painful legacies of history, whether by way of inheritance—as in her poem about the Holocaust—or through a glimpse into the realities of present—as in her poem about an injured boy begging in the streets of Indonesia. And yet, Oliver’s willingness to find light, humanity, and joy continues, deepened by self-awareness, by experience, and by choice

Dream Work

Learning to trust is hard. Learning to trust in dreams is harder. Learning to trust in dreams despite a lifetime of pain is practically impossible. But it may be the most important thing you ever do. Sometimes, you can't find your way through the darkness alone, and you need a helping hand. You might not even feel sure why you're on this planet. Then someone comes into your life, looks deeply into your soul, and whispers, "You matter." *The Reluctant Dreamer* is a collection of poems written through trauma and heartbreak while trying to find a place in the world. This collection of poetry uses a wide variety of both rhyming and free verse poems in an exploration of pain, healing, and rebirth. And in case no one has told you today... You matter.

Chaucer's Dream-poems

Dreamers of Metamorphosis by Poet of the Angels inspires the dreamers to change into the creative, beautiful butterfly that floods their souls. Bring the dream to the surface through your voice. All you need is one mic to tell your story. Escape into the stem of enlightenment through the doors of poetry, where angels are born. The canvas of your soul is awaiting the journey. Poet of the Angels has written inspirational and spiritual poems in this collection of poetry. Allow yourself to believe in dreams through self discovery. Within this book, you will find forgiveness, grace and love.

The Reluctant Dreamer

Dreams for one, dreams for all, some dreams to last all day, some for when the night falls. Written during my sojourns in Canada and Australia, *Hello, Dreamer!* is an eclectic collection of 100 short poems encompassing musings on the Universe and its mysteries, nature and human life, my secret longings and fears, love and heartbreak, the sun and the moon, the stars and the seas, light and shadow, and joy and nostalgia. Read them all in one sitting. Or read them one a day, savouring each like a tidbit. There's much in here to spark joy and light up your soul.

Dreamers of Metamorphosis

From an early age my dreams were filled with sorrow and scary beings that went bump in the night. Many times, I would be awakened by my own screams as nightmares pulled at me. My father told me I had power in my dreams. To use that power to control what happened. He told me to talk to myself in my dream and tell the others in the dream I was not afraid. It was an amazing thing to be able to control the outcomes of a dream. I was not always able to do it. Sometimes, the darkest of nightmares still pulled me into the darkness. As I grew up the nightmares lessened, and my dreams turned into wonderful tales of love and light. I turned those dreams into poetry and short stories. Words became my blanket of safety and control. I use them to share the greatest of emotions. The power of love, the hurt of loss, the anger of betrayal. After my nephew died I found words to help me cope and continued to fill blank pages with poetry and tales of the what if, what could be, and what may be. I am a keeper of journals filled with blank pages calling to me to be filled. When my Mom passed away I stalled. I tried to move forward but I had not the will to pursue the dream any further. Shame on me. A Dreamer's Heart is my dedication to my Mom who loved reading every word I put down and encouraged me to not give up. This book is compiled of poetry and prose written from my dreams, my hopes, and yes, my experiences in this life. We all have dreams we keep to ourselves, close to our heart. Maybe we feel it is wrong to have such dreams, or that it is an insult to the life we lead. Fear not, for our dreams are ours to hold, to share if we wish, or to wrap in a box with a big red bow that we place inside our heart for our eyes only.

Hello, Dreamer!

Of Dreams and Dreamers follows the author's previous offering, Of Dreams and Mermaids. Here too, we celebrate the everyday, the everything and the nothing. Here too, we pay obeisance to the vastness of Creation that is much larger than we imagine. We are much larger than we imagine, intertwined inextricably in Creation itself. This special book of verses is a healing balm to aching souls, a silent refuge for a busy mind, and a constant friend through life's many experiences.

A Dreamer's Heart

Although criticism on the medieval and Renaissance dream abounds, a strange lacuna exists in the critical literature of dream in the English Romantics. Every major Romantic poet relied frequently and explicitly on dream imagery, and Romantic poems conduct a long discussion about the meaning, power, value, and provenance of dreams. Douglas B. Wilson's book traces the wide web of connections that the Romantics wove between dreams and other expressions of consciousness: sensation, emotions, illusions, creativity, personality, and memory. Situating his study of the Wordsworthian dream between ancient interpretation and Freudian interpretation, Wilson gains a new perspective on the oneiric moment of Romanticism while liberating it from a narrowly psychoanalytic reading. Wordsworth embodies virtually all of the dream theory of his time, thus making him the perfect object of Wilson's multiple approaches to dream activity as poetic creation. - Back cover.

Of Dreams and Dreamers

Shame and acceptance, love and loss, life and death. These dichotomies of being are at the heart of Joseph Leahey's LGBTQ+ experience and this volume of collected poems. The Dreamer and the Dreamed: Collected Poems of Joseph Leahey Vol. 1 navigates the poet's evolution starting with his tumultuous, life-changing artistic self-discovery in the early 1980s. Throughout this collection, Joseph grapples with the haunting memory of that experience and the ways his upbringing has shaped him sexually and socially. This process of coming to terms is underscored by a conflicted period of mourning following the death of his mother. Moving from themes of love and sex to grief and ageing exposes the tension between the adventurous young poet and his mature, older self. More than an exploration of the passage of time, these poems inhabit the liminal space between reality and the dream world. They consider the ways altered states of mind and dream consciousness influence life and art. Film, popular music, and literary icons infuse these words with rhythm, style, and musicality. They illustrate the ways different forms of expression and lyricism inspire the poet. Readers will recognize the influences C.P. Cavafy, Edna St. Vincent Millay, and James Baldwin, among others. Poetry lovers will enjoy the breadth of scope in this collection. From astrological phenomena and spirituality to homoeroticism and death, The Dreamer and the Dreamed reveals the complicated experiences of existence.

The Romantic Dream

This collection of poetry and prose speaks to the heart of the dreamers, and the American Dream, in need of resurrection. For each poem, I sought to find a unique font to match its spirit. I wanted each poem to stand alone. I divided the book into Four Parts. Part One, Dreaming Dreams, expresses who I am, establishing my dreams. In Part Two, Broken Dreams, the poems and prose go into some of the pain and grief in my life, such as losing my father Jay Wolfe, to cancer. There are some political poems about the injustices going on in America, and the theme of lost love is also in this section, which I think most people can relate to. In Part Three, Chasing Dreams goes into my travels and a few places I have lived where I sought to make my dreams come true. There's a poem about my lifelong dream of going to Europe, especially to Scotland, and some prose about going to Stonehenge. These were dreams that have come true. In Part Four, Resurrected Dreams, I write about the death and resurrection of the American Dream, and how by enduring our tests and trials, we can create works of art that inspire others. In this, we dreamers find our immortality, our humanity, and our divinity. Some of the poems shared in the book are award-winning, but most of all, I hope that these poems open the minds and touch the hearts of all who read them.

The Dreamer and the Dreamed

The challenging, exhilarating collection in A Dream of Mind represents an important stage in the evolution of C. K. Williams' work. It is dominated by the long title poem, which explores the materials and qualities of states of consciousness with enormous flexibility and suppleness. Other poems explore jealousy, psychology, family relationships and intellectual constructs.

The Resurrected Dream

"Diffraction of a Dream" is the journey of a woman's soul in love who follows her heart to find the man with whom she is in love in her Dream. This tenacious soul is determined to walk "towards the impossible. "Through the magic path of poetry the soul follows the intricate, billowy pattern of passionate loves in her path of life "Then all my words and utterances have always / Been meant for you; "and finally reaches the glory of self-knowledge, "For the days of the bleeding rose are gone "self-sufficiency and self-triumph "Making the real / Come into surface / Out of nothing at all...." This journey is a universal imagery of earthy, heavenly, and marine "emerald mirrors\

A Dream of Mind

Poetry, is your soul expressing deep love, and pain which touches others soul. Your intellect brings out a language to enlighten, therefore if you understand poetry some openly said, some metaphorically but true, because life has diverse situations, and some come into your life for a reason or a season, and we may not like how our life turns out, or how things are at the moment but reality is that God has a plan for us all, and until we reach that pinnacle of what that purpose is, we will continue on that same cycle. Diffraction of a Dream

ABOUT THE BOOK Dreamers of the Night is a collection of poetry and prose which explores the warmth, wisdom and love of old forgotten dreams. Dreams that are forgotten during the day, but remembered in the silent corners of the night. The great thing about this book is that you can come back to it again and again and still rediscover pieces of poetry and prose that will resonate with you at different points in your life! The book is divided into 4 parts: 1) Childhood Dreams 2) Youthful Doubts 3) Summer Love 4) Wisdom of the Old All these chapters explore dreams, stories and illustrations that capture our imagination as we traverse through these quintessential moments in our lives. And because we share a somewhat similar human experience at the most fundamental level, you'll find in my dreams, an honest reflection of your own! **ABOUT THE AUTHOR** Sumit Pratap Singh is an award winning filmmaker, writer and actor whose work has screened at festivals, all around the world. Sumit started writing poetry and fiction at the tender age of seven and soon after fell in love with the art of storytelling. His passion for telling stories led him to study film at the prestigious Chapman University in California, where he honed his abilities as a storyteller. Sumit is extremely passionate about sharing his viewpoint of the world through his art, which often takes the form of poetry, illustrations, photography and film. Through the canvas of his mind, Sumit hopes to explore and present his interpretation of the human condition. 'Dreamers of the Night' is an attempt to bring forward one such exploration, where Sumit explores the limitless potential of our quiet hopeful dreams.

Desire My Dream Poetry

This poetry book is a realm of dreams and thoughts unheard over the noise of modern time enemies like ego, anger, greed, ignorance, and lust for money and all the material things. This book is about the hard temptation of breaking chains from the dragged career and became free to dream beyond everything and strike like a humongous lightning bolt and burn down all this enemy to ashes of new begging. Poem of Dream- a visionary unshakable mind to defeat. When the failure comes in, the dope of the dreams kicks in. Poem of love - the conqueror of the unclaimed island called the heart, the cold fire which creates a beauty instead of burn. And there are many more poems which revolve around the words like winter, hope, infinite loop; redemption, time and death (live before leave). Origin of these poems is the childish question and imagination of childhood which is lacking in adults right now. All are just trapped in the mechanism of virtual success, but what about success for the soul. Here are some of my childish questions: 1.what is the colors of our dream? 2. What is at the end of the rainbow? 3. What will you say if I ask you what is the shape of the smile? 4. Do you ever think of how much distance there is between two heartbeats? I am answering these questions through my poems. And many more feelings and emotions are equally poured by thunderbolts of words. All these poems are just trying to capture my transcendence feeling into simple words.

Book Written and Designed by the author. Just thoughts of a dreamer. Collection of poems written from 2010-2015 by Sade Williams. Poems are all related to life experiences in the authors life. More books coming soon so stay tuned!

Dreamers of the Night

In this remarkable and unique work, award-winning poet Sarah Arvio gives us a memoir about coming to terms with a life in crisis through the study of dreams. As a young woman, threatened by disturbing visions, Arvio went into psychoanalysis to save herself. The result is a riveting sequence of dream poems, followed by "Notes." The poems, in the form of irregular sonnets, describe her dreamworld: a realm of beauty and terror emblazoned with recurring colors and images—gold, blood red, robin's-egg blue, snakes, swarms of razors, suitcases, playing cards, a catwalk. The Notes, also exquisitely readable, unfold the meaning of the dreams—as told to her analyst—and recount the enlightening and sometimes harrowing process of unlocking memories, starting with the diaries she burned to make herself forget. Arvio's explorations lead her back to her younger self—and to a life-changing understanding that will fascinate readers. An utterly original work of art and a groundbreaking portrayal of the power of dream interpretation to resolve psychic distress, this stunning book illumines the poetic logic of the dreaming mind; it also shows us, with surpassing poignancy, how tender and fragile is the mind of an adolescent girl.

Dream Beyond Infinity

This is my first poetry book, and I created them because it is really one of my dreams. Don't stop dreaming and don't stop believing! I hope you enjoy!

Dream Chaser

There are sensibilities time cannot dull or the imperfections of memory degrade. In *Dreams and Dreamers*, Lynn Carroll Cohen offers her readers these. In her finest poems, she displays a rare gift: recollections that are tender and yet enduring, reflections that are deeply passionate and yet in possession of discernment and terrific grace. A bravura performance! George Wallace First Suffolk County Poet Laureate Lynn Cohen's *Dreams and Dreamers* evokes a palpably inflamed sensuality that doesn't dissipate into the thin air of dreams, disillusionment, and the taut arrow of time because in the primal hours / of the private present, Cohen can embrace a personal communion by composing [her] history in a compelling world where, as Life erases itself, she can generate the ardently ultimate reality of the human heart. Gayl Teller Nassau County Poet Laureate Lynn Cohen's poems are tender elegies for lost youth, passion and ease. At once graceful and economical, these lyrics offer bright glimpses of city and country, of travel and remembered haunts. Like the dreams of her title, they are like stories in miniature, deftly moving back and forth in time, lit with flashes of insight. Childhood anticipates future scars; middle age looks back to simpler ardor. Cohen uses a compact, elegant style to create a lucid world of longing. Martha Hollander Winner Whitman Award under W. S. Merwin BIO: Lynn Cohen was nominated for the 2006 and 2010 Pushcart Prize for Poetry. She gave a scholarly paper at the Gerard Manley Hopkins Literary Festival in 2009 in Ireland. As a result of a grant proposal she wrote, the New York State Council for the Humanities awarded the North Sea Poetry Scene a mini-grant for its 'Let's Talk Poetry 2008' series. She has spoken on the works of T. S. Eliot at a National MLA Conference and at local conferences on Christianity and Literature. She also has lectured on modern and post-modern literature, and she has given poetry readings in the United States and in Ireland. She was a student and mentee of Pulitzer Prize Winners Stephen Dunn and W. D. Snodgrass. She co-edited *The North Sea Poetry Scene's LI Sounds 2007 Poetry Anthology* and other poetry anthologies. Lynn teaches at Hofstra University and Suffolk Community College.

Dreams and Dreamers

The eagerly awaited, brilliant, and engaging new poems by Tony Hoagland, author of *What Narcissism Means to Me* The parade for the slain police officer goes past the bakery and the smell of fresh bread makes the mourners salivate against their will. —from "Note to Reality" Are we corrupt or innocent, fragmented or whole? Are responsibility and freedom irreconcilable? Do we value memory or succumb to our forgetfulness? *Application for Release from the Dream*, Tony Hoagland's fifth collection of poems, pursues these questions with the hobnailed abandon of one who needs to know how a citizen of twenty-first-century America can stay human. With whiplash nerve and tender curiosity, Hoagland both surveys the damage and finds the wonder that makes living worthwhile. Mirthful, fearless, and precise, these poems are full of judgment and mercy.

Chaucer's Dream Visions and Shorter Poems

Excerpt from *Three Dreams* There are times when we live as in a dream, when the whole world is other than it seems. The dreamer of dreams lives in another world. He walks in a beautiful light that never was on sea or land, and the glory is over all. In the hearts of many around us there is such joy of the dream that they can hardly keep from laughter and singing - a dream of beauty and peace and love that changes the world and illumines all life. Some live in it all their days. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Dreamers Poetry

Dare to Dream and Touch a Star is a very inspirational and uplifting compilation book of poetry, inspiring others to never give up on their dream. This book is authentic, positive and touching to the human mind and soul. This book deals with challenges, obstacles and struggles, and how to conquer insecurities, and doubts. The book will provide you with insight on how to stand firm, as we can relate to these experiences, in one form or another, from our past, present and the not yet future. I promise you this book will elevate you in ways you thought were impossible and give you a renewed spirit.

The Dreamer

A Poet's Dream is collection of assorted poems and interesting topics highlighted by the biography of the author. These poems are heartfelt expressions of the human experience which also express the thoughts, feelings and experiences of the author. Interestingly, one of the poems is presented politically and its theme might prove provocative in relation to our present day political debacles. Another poem in the collection, titled "Where do I go from here," expresses to readers Steinberg's disability and her struggle for her future. This book will undoubtedly move both your emotions and thoughts.

Application for Release from the Dream

This is a set of poems about loss: of love, loved ones, money, status, esteem and youth. The poems are divided into sections entitled: bereavement poems, nature poems, existentialist poems and love poems. They were composed in both Uganda and the UK, where the author spent much of his youth.

The Crystal of Dreams

The crystal of dreams has been one of the most well guarded secrets for centuries until now. Now Sasha must work hard and fast to escape the curse of the crystal and her own shame.

The Crystal of Dreams

THIRTEEN-YEAR-OLD NICK BARRETT was amazed to see a harbor seal swimming close to the Cape Cod shore. But when the seal suddenly vanished in a crashing wave and an oddly dressed boy washed up on the beach, Nick's summer vacation changed in an instant. Why did this boy seem so very different than Nick and his friends? Why did his speech sound so old-fashioned? And why did this boy, Ethan Kemp, have no memory of where he came from? Back in Nick's hometown of Sudbury, Ethan and his new friends try to solve the mystery of his past. They soon find themselves drawn deeply into a century's old puzzle involving a blind hermit, encounters with Babe Ruth and Henry Ford, an evil puppeteer who seeks to control their thoughts, and a crystal pendent whose secret is so powerful that the only solution may be to return to the past to keep it hidden forever. The Crystal of Dreams is a story of time travel and friendship spanning colonial and modern times.

Crystal Dreams

A tender story of new love and new faith, set in late Victorian London. Through the Providence of God, Octavia and Martyn found each other, found love, and found their faith in Christ, and found His purpose for their lives together as man and wife. It would be a love and faith tried in the fires of life and circumstance beyond their control.

The Crystal Dream

When greedy humans ascend the alien Tartan planet to steal their resources, the magical inhabitants of the new world are no pushovers. When the magically powerful Queen of Tartan dies protecting her people, her King decides he needs her back from the dead, and killing her reincarnation, a human girl named Crystal, will be easy. Humans are hated due to their hateful greed so when Crystal is recruited to fight at the King's side, she's about to learn more than she bargained for. With a war and bloodshed coming fast, and the broken heart of a warrior King willing to kill for his plans at her back, will Crystal really survive long enough to find out why her human race has become bloodthirsty demons, and why the inhabitants of Tartan despise her? In this planetary war, whose side are you on?

Crystal Dreams

Fifteen year old Kat had dreamed about a world full of crystals for as long as she could remember. It never occurred to her that such a world might actually exist until she found it. And what she found was more than crystals. She found friendship, love, mystery, and murder in a world that had been torn apart long ago in The Shattering.

Discover how to use crystal grids, which harness the powerful energy of crystals, to improve well-being and manifest your desires. Discover how to use crystal grids, which harness the powerful energy of crystals, to improve well-being and manifest your desires. Crystals are renowned throughout the world as natural healers, but they not only heal, they also affect how we feel and our responses to the world around us. They are energy-boosters which help enhance our experience of living at every level, and can protect us by detoxifying our physical, emotional, and spiritual systems from the stresses and strains of life. Within a crystal grid, their potential is enhanced, magnified, and directed. The Book of Crystal Grids presents all these amazing benefits in a format that's direct and easy to use. First, discover what crystal grids are and how and why they work, including the principles behind the power of crystal healing, how crystal grids create energy fields, and the theory of sacred geometry. Learn how to create a crystal grid, empowering it through the selection, color, and shape of the crystals in the grid, and how to give the grid a focus by setting an intention and meditating. Then, explore 50 different crystal grids, each photographed with clear instructions, for a range of specific purposes, from love and romance to travel, and from promoting health to self-esteem and confidence. A color-coded directory of over 100 common crystals and their energy benefits when used inside a crystal grid is also provided. Illustrated throughout with color photographs, and supplemented with practical exercises and case studies, The Book of Crystal Grids is the ultimate practical reference from a highly respected crystal author, healer, and teacher.

The Book of Crystal Grids

Kai Watson has known her whole life her spirit leaves her body while she sleeps. For years, she's used her ability to travel the world. Now she's determined to learn more about what she can do. On her search for answers, Kai meets a teen psychic named Crystal Frost. Kai finds it easy to open up to Crystal, but she still has to tell her family and friends about her gift. If she doesn't tell them now, she may never work up the courage, and she'll spend the rest of her life regretting it. This is a companion novella for the book Distant Dreams and the Crystal Frost series from author Alicia Rades. This novella takes place following the events in the Crystal Frost series and the standalone Distant Dreams.

Crystal Dreams

"Crystal Bliss provides you with all the information you need to harness the innate energy and vibrations of crystals to help boost your own energy and focus your intention so you can beat back negative vibes open your heart to love, manifest wealth, and promote good health. This guide walks you through the process of selecting crystals, cleansing them and preparing them for use, and incorporating them into your meditation and energy healing practice"--

Dreaming With Frost

When a little girl dreams of a City for Kings and Queens, who will go with her? If her friends believe in her dreams in the beginning, will they be able to cope with the tough road ahead? Will they get to the good times in the end? What's lurking in the wilderness on her journey? Will she be left alone or worse still, will she give up on her dream? Goals 1. Edutainment - Education through Entertainment, bringing Empowerment 2. Providing a platform for children to see their potential through storytelling

Crystal Bliss

Crystal Children reflect the new generation that has come to the Earth plane after the Indigo Children. They are approximately ages 0 through 5, although some members of the first wave of Crystal Children are as old as 7. These children are like Indigos—highly psychic and sensitive—but without the dark edge and the anger energy. The term Crystal Children is already taking hold worldwide, and people everywhere are talking about these special kids. Since Doreen is the only researcher who is publicly giving speeches on the subject, her audiences have been asking her for a book on the topic. It's a natural sequel to her book The Care and Feeding of Indigo Children. As babies, Crystal Children

may take longer than normal to begin talking. They are highly telepathic, and their tuned-in mothers communicate with them nonverbally. Because they're so sensitive, the Crystal Children babies may fuss and cry a lot in crowded places. They're also very fond of nature. Doreen once watched one Crystal Child walk from tree to tree, giving each one a big hug. Crystal Children are beautiful inside and out, like magnificent little high-priests and priestesses. One look in their eyes, and you'll recognize Divine love and wisdom. Their auras are bright, radiant, and opalescent—they seem to glow from the inside! They talk about past lives, distant galaxies, and profound insights concerning peace and love. Most Crystal Children's parents are aware that their kids are special, and they're thrilled to be parenting such delightful children. The book includes many interviews with Crystal Children, their parents, and teachers. It discusses parenting and teaching methods that are essential to keeping these children happy and healthy, and how to avoid pitfalls that could spoil their special gifts.

Crystal Dreams

My name is Rose and I have a question for you. Have you ever been transformed into a horse or a unicorn? How about a dragon or an eagle or even a dolphin for that matter? Have you ever been transported into a strange new world? Well let me tell you, it's AMAZING!! I should know because it happened to me, my brother and some of our friends. You see I always knew that I was different, even when I was very little. I just didn't realise that I was a visionary. There were always clues, but the biggest clue of all were the dreams that I had had for as long as I can remember. Flying horses, talking lions, fire breathing dragons, you name it! Some people might say 'everyone has dreams', which of course is true. The thing is, my dreams actually came true. This is the story of what happened next and how I discovered The Magical Secret of the Crystal Kingdom.

The Crystal City

When people hear of an island where dreams come to life, many sell everything they have to pursue their greatest desires. However, hopes vanish into horror as nightmares become reality. To help corral the chaos, Professor Cyril Radik establishes Dream Chasers, an organization dedicated to containing the most dangerous creatures. But rules change. Things aren't what they seem, and lives are at stake. As the island's dynamics spiral out of control, the Chasers come face to face with their own worst nightmares. Fears that can kill. Join Derek, Kim, Juan, and Chelsea as they battle the mysteries of Pesadilla Island in this series of short stories. Note: This book contains 15 of these stories.

The Crystal Children

A young boy ventures off into the deep dark side of dreams finding new friends and rivals as he battles against time to possess the seven sources of power in the realm called the Seven Crystals. To banish death to the Shadow Realm for good, he battles through to get the crystals and is confronted by another rival with a common dream, to possess the crystals. Will he be able to get the Seven Crystals back safely? Or fail and let the realm be consumed by the darkness of death?

The Magical Secret of the Crystal Kingdom

Askinosie shows how you can transform life's challenges into opportunities for growth by being equipped with the right crystals and mindset. By tapping into the vibrations of crystals, we can access wisdom that is bigger than us individually or as a society. Crystals can empower your life by attracting love, relieving anxiety, grounding you with the energy of the earth, and much more. -- adapted from text on inside front cover.

Dream Chasers

He is Earth, she is Air, together they catch Fire.... Mariah lives off the grid by waitressing, weaving ghostcatchers to send Hillvale's ghosts across the veil, and keeping clear of electronics that haunt her—until the day her friend and mentor, Crazy Daisy, is murdered, and Mariah goes on the hunt for a killer. Her prime suspect is geologist Keegan Ives. Mysteriously arrived from the UK, he was present when Daisy died, and he's too handsome to believe—not that Mariah takes a dim view of guys lately or anything. Searching for missing journals to prove his family's innocence in a corporate scandal, Keegan knows he must befriend the locals. He didn't realize that would involve the paranormal until he's in too deep, and the waitress haunting his days—and nights—reveals that her energy is dangerous, not just to computers but to his peace of mind. Following clues left by Daisy and Hillvale's past, Keegan and

Mariah are caught in a whirlwind of crystals, power, and cyber-fraud. If they survive, will their world be changed for better—or worse? OTHER BOOKS IN THE CRYSTAL MAGIC SERIES: Sapphire Nights

Seven Crystals

The Crystal Alchemist goes beyond the basics of most reference books to offer specifics on how you can enhance your life with crystals every day. Crystals have long been known for their beauty and mysterious qualities. And, when used strategically, crystals can also help you cultivate a more conscious, contemplative, spiritually fulfilling life. Whether you're new to gems and stones or have been collecting for years, this brilliant and comprehensive guide will show you how to best use them in daily rituals. Written by healer, metaphysical practitioner, and Reiki master teacher Karen Frazier, The Crystal Alchemist provides everything you need to know to tap into the truly transformative power of crystals. You'll learn how to: Choose crystals based on their unique, healing properties Properly care for your crystals Place crystals in strategic locations for maximum benefit Meditate with crystals Wear or carry your crystals Use crystals for personal care practices Set intentions and create mantras With The Crystal Alchemist, you'll discover more than just the properties, colors, and types of gems and stones. You'll find ways to personally incorporate crystals into each and every day to create a life of contemplation, intention, value, and meaning.

Crystal Vision

A full-color guide to programming crystals and harnessing their full potential • Explains how to program crystals and gemstones with specific healing intentions as well as how to cleanse and charge your crystals and prepare your own energy field • Provides detailed instructions for working with 8 key crystals, as well as healing and programming guidance for more than 60 well-known and important crystals • Includes vibrant photographs to convey each crystal's individual powers In this vibrantly illustrated crystal guide, experienced holistic therapist and crystal-healing teacher Sharon McAllister offers an introduction to programming crystals and gemstones to harness their full potential. She explains how crystal programming combines the powerful instrument of intention setting with the healing energies of stones. She details how to cleanse and charge your crystals and prepare your own energy field before programming and provides a collection of intention-setting statements and programming recipes for personal healing as well as therapeutic use. Unveiling the light that each crystal radiates vibrationally and spiritually, Sharon reveals how each crystal is a living being that can be awakened to emanate its purest and strongest energy in alignment with specific healing purposes. She explains the dormant state of stones when they are still inside the earth, their activated state when extracted by humans, and their ignited state, when they are called into direct service with a programmed focus, which leads them to unfold their full healing potential. Focusing on 8 key crystals, including rose quartz, amethyst, and citrine, Sharon shows how these 8 stones can combine to form a powerful toolkit with a wide range of healing applications. She provides an in-depth chapter on each of the 8 key crystals, offering deep insight into their energies and healing properties. She also covers more than 60 additional crystals along with guidance on their healing uses and programming potential. Taking your crystal healing experience to a higher level, this guide shows how each crystal has its own life plan just like human beings and when a crystal enters your life it is never by coincidence.

The Crystal Alchemist

Crystal Hansen had been a dreamer all of her life. She grew up watching the clouds drift by and dreaming of what her life could be like in the future. Like many children, she was unaware of serious issues her parents were facing until she overheard them arguing one evening. Someone was attempting to throw them off of their property and close down their business. She and her brother were the fourth generations to live and work there, and it could be gone in a flash. When her father, Charlie, refused to sell out, the city attempted to get access to the land by eminent domain. And to top it off, the shady investors were threatening the Hansens and everyone else involved, including the local judge. With the Hansen family life hanging in the balance, Crystal's dreams took a sharp turn and finally became crystal clear.

Crystal Clear Dreams

If they have already met in their dreams, are they destined to be together? Can a shared fantasy become reality? Brynn McAlister, an Account Executive for a Nashville public relations firm, isn't sure if she believes in dreams, not even the one that haunts her, but she does believe in honesty. Betrayed by her former lover and boss, she flees to Gatlinburg, Tennessee to decide her future. Canaan Wind Pierce, the sexy Dr. Bobby on a TV show that was once heartwarming but is now just insipid entertainment, believes in the Great Spirit and Hopi traditions. He also believes in dreams, especially his recurring one. He also believes in honesty. But when he flees to Gatlinburg to decide his future, his fame forces him to assume a fake identity: a hick cowboy named Charlie Wayne Peterson. When Canaan's true identity is finally exposed, who is the betrayer, who the betrayed? Can destiny help them overcome mistrust and hostility as they return to the real world? A world where she must promote not only his show, but his upcoming nuptials--to someone else!

The Crystal Path

Twelve-year-old Courtney dreads the day when she will become a woman, for it is then, that she must leave Elysia, the world of light, goodness, and beauty never to return again. Recently elected queen, Courtney knows the rules of Elysia are unyielding. Only children are allowed. Courtney's world was once normal. But after her father disappears, Courtney, desperate to escape her depression, begins entering a fantasy world every night as she sleeps. As young as she is, even Courtney knows this place cannot possibly exist; still, in this colorful world filled with delightful creatures, everyone wants to make her happy including her new best friend and the boy of her dreams. But unfortunately, an evil civilization also exists nearby, and its king has stolen the magic crystal that provides power to the beautiful world she has come to love. Now Courtney and her friends must journey into the dangerous darkness to try to get the crystal back before they become adults. In this fantasy tale, as Courtney and her new friends come of age, they must somehow find the strength and character inside each of them in order to save their world from destruction.

Harness the power of crystals to heal promote physical wellbeing, balance your emotions and achieve spiritual harmony. Beautiful and mysterious, crystals have been used for thousands of years for decoration, adornment, protection and healing, but they are so much more than beautiful objects. When crystals are formed, tremendous heat and pressure arranges their molecules into a regular pattern and this sacred geometry is what gives crystals their unique ability to absorb, store, generate and transmit energy. Working with crystals can therefore help us amplify, direct and balance the flow of our life-force in our bodies and surroundings. The Crystal Healer is your introduction to everything you need to know to get started with crystals so that you can benefit from the gentle natural healing properties of crystals. Discover 20 practical exercises to use crystals to improve your health, balance your emotions and find peace and harmony. Learn how to: - Choose and care for crystals, from selecting crystals for the colours, shapes and properties that best suit your needs to cleansing your crystals between uses - Connect with your chakras, helping you to balance and heal your chakras and connect with and heal specific parts of your body, - Promote physical wellbeing with exercises that help with pain relief, clearing nasal congestions, soothing sore throats, improving digestion, addressing hormonal imbalances, strengthening immune systems, improving sleep and detoxifying the body - Regulate your emotions with exercises that ease stress, combat anxiety and depression, release fears and phobias, push out anger and draw in forgiveness, clear brain fog and ease heartache - Reach for spiritual harmony by using crystals to enhance your intuition, guide your meditations and improve your ability to recall and decode your dreams

A career-focused dancer who's sworn off men... A cursed crystal warrior on borrowed time.... When career-focused dancer Chalcedony (Chalcey) is given a piece of wulfenite crystal, Lord Wulfenite, Keeper of the Shifting Sands fief, emerges from the crystal and plants one on her. He's dressed like an ad for We Love Leather, with killer abs and delectable pectorals. He looks like the man of her dreams, but you know what they say: "If he looks too good to be true, run like hell!" Wulf has finally escaped from a centuries-long hell and he wants Chalcedony more than anything he's wanted in his entire life. She doesn't stand a chance. Before she realizes what's at stake, she's bonded to Wulf and his life is in her hands. And when the Crystal Guardian's curse threatens everything she's worked for, Chalcey must figure out how to save Wulf before it's too late (Winner: Romance Writers of New Zealand Clendon Award for full-length romantic manuscript) Download this 92,000 word paranormal romance FREE! The Crystal Warrior

ALL OF THE WORLD'S DREAMS ARE ABOUT TO DIE. The Shadow People have come. Always near, they linger in the darkness, ready to devour dreams, hopes, aspirations and desires. An ancient race,

the Tuatha Dé Danaan are the guardians of dreams. Having lost a war against the Celtic invaders of Ireland, they have been exiled to another world, Tír na nÓg. Ith, the Lord of Shadows, is waging a war against the Tuatha Dé Danaan in order to control the dreams of mankind. Fashion student Erin O'Neil never thought she would one day learn to fly, or that she would meet a cat that works in a library, or that she would be able to conjure up whatever she wanted with just a thought. All she has ever known is a dreary world where dreams wither away into oblivion. Following a ball of light into another world, Erin discovers that she's a Faerie Changeling and that her true name is Aisling. Troubled by the fact that her faerie parents are kidnappers, she has decided to rescue the human child she was exchanged for. What she didn't expect is that she would fall in love with a handsome, mysterious stranger.

The Dream Crystal

For those who love to adventure... This STUNNING debut novel will captivate your imagination and immerse you in its magical, fantasy adventure world. My name is Rose and I have a question for you. Have you ever been transformed into a horse or a unicorn? How about a dragon or an eagle or even a dolphin for that matter? Have you ever been transported into a strange new world? Well let me tell you, it's AMAZING!! I should know because it happened to me, my brother and some of our friends. You see I always knew that I was different, even when I was very little. There were always clues, but the biggest clue of all were the dreams that I had had for as long as I can remember. Flying horses, talking lions, fire breathing dragons, you name it! Some people might say 'everyone has dreams', which of course is true. The thing is, my dreams actually came true. It all started when I began dreaming about that house when I was eight years old. The house that I could see in every detail and how it was surrounded by vast woodland. I told my mum and dad about it. Well I thought they were my mum and dad, and they showed me an old photograph of the house for real that they had kept hidden away from me since I was a baby. That was when they told me I was adopted. I wasn't really shocked or upset. It was like somehow I had always known. It only made me more determined to find out who my real parents were and where they came from, and I knew that house would lead me to the answer. Fast forward five years and we all went away for a holiday down to the coast. We stayed in that very same house. That is where we found the cave in the woods and more importantly, the crystals buried inside it that we took back to the house. Now that would have been the end of it under normal circumstances; if this was just a normal wood that we had walked through; and if we had just found a normal cave, with normal crystals. But the truth was it was not a normal wood, it was not a normal cave and the crystals we had found most certainly were not just any old crystals. In fact, that night, as we lay there sleeping outside in the garden in our sleeping bags and the night moved on into the quietest hour, when the only sounds that could be heard were the rustling of the trees and the creatures scampering around who lived in them, something amazing started to happen. One by one each of the crystals inside our sleeping bags started to glow and a light matching the colour of each crystal surrounded each one of us. Gradually, inside each light the shape of different animals started to appear. First an eagle unmistakably appeared above Violet's sleeping bag, followed by a butterfly above Alex's. Next a dolphin was clearly visible above Ruby. A deer over Issy and a duck above Callum. Finally a dragon appeared above my brother George and a horse above me. The animals were fully formed and were the same colour as the light from each of the crystals. Then the animals began to merge with each of us, entwined into a beam of light from the black crystal and gradually we started floating one by one up into the sky, inside the beam of light. Around the garden the light faded and to our parents we still appeared to be laying there sleeping but at the same time we were being carried off, each inside a fantastic animal speeding up through a tunnel of light, heading into the unknown. This is the story of what happened next inside that wonderful world and how I discovered The Magical Secret of the Crystal Kingdom.

The Dreamer Who Dreams You

This story should appeal to children of all ages. It emphasizes positive results by using such virtues as honesty, love, sharing, perseverance and strength. It also stresses the effects of global warming-a current concern of children today. Tales of the Crystal Cave tells the story of the elves who were responsible for the building of Santa's workshop. This fantasy was originally written as a bedtime story. With that purpose in mind many chapters end with a suggestion of comforting sleep and happy dreams. However, the dangers, adventures, different environments and unusual characters they encounter add humour, sensitivity and excitement to the story. The problems they encounter often compare to those facing children today. The crystal tools they carry, representing different virtues, are the reason for this title Tales of the Crystal Cave
