They say there's nothing new under the sun, and the Christian fiction industry certainly didn't spring full blown with the advent of the Left Behind series in 1996. Remember Christy by Catherine Marshall? Published in 1967, its inspiration was the life of Marshall's mother - and the Christy Award, presented annually since 1999 to recognize novelists and novels in several categories of Christian fiction, was named after it. What makes Christian fiction? There are several givens, despite the subgenres- the Christian worldview must be woven throughout both the book's plot and its character development. But must it put proselytizing before telling a good story? How much sex - if any! - is okay in a Christian romance? Is it all right to approach edgy subjects in a Christian mystery? Is it possible to seamlessly integrate a Christian message in a crackling good yarn? In The Complete Idiot's Guide to Writing Christian Fiction Ron Benrey - himself the author of successful Christian fiction - offers readers chapter and verse of writing Christian women's, romance, thrillers and mysteries, warfare, historical, biblical, speculative, and young adult fiction that deliver strong, inspirational messages and sell!
