Creating Artistry Through Choral Excellence

(Methodology Chorals). Henry Leck, Founder and Artistic Director of the Indianapolis Children's Choir and Director of Choral Activities at Butler University, has influenced thousands of young musicians and teachers through his dedication to choral excellence and the idea that children can perform music with artistry and understanding. This comprehensive text, written with Dr. Flossie Jordan, is an insightful guide for choral directors in the field and in training to help develop the teaching skills, leadership abilities, conducting technique, knowledge of repertoire and organizational skills necessary for success. Chapters include: 1. Going Beyond the Craft of Music Making 2. Vocal Techniques for the Young Singer 3. Director Preparation 4. Musical Expression through Visualization 5. Dalcroze Techniques in the Choral Rehearsal 6. Creating Artistry Through a Kodaly Curriculum 7. The Boy's Expanding Voice: Take

the High Road 8. Leadership Style 9. Organization 10. Epilogue As an added bonus, the book includes a CD-ROM with dozens of helpful forms and documents from the Indianapolis Children's Choir covering organizing a children's choir, auditions, governing documents, managing volunteers, fundraising, grant writing and much more!

Sing at First Sight, Level 2

Sing at First Sight is a sequential sight-singing curriculum for all choirs! This Level 2 book opens with a comprehensive Rhythm Review and Pitch Practice reinforcing the concepts studied in Sing at First Sight, Level 1. Each of the four units that follow features a helpful Getting Ready page, progressive Rhythm Readiness exercises, and thorough music-reading Lessons with practice Exercises, useful Hints, and motivating Challenge Exercises. Unit summary and assessment is easily achieved with choral excerpts from Alfred's Choral Designs series, fun-filled Review games, and Evaluating Your Performance questions. Plus, Alfred has included a full-length Performance Piece to measure and celebrate your choir's sight-singing progress, and then perform in concert. Includes: * Singing in Minor * Chromatics * 2-Part, 3-Part, and 4-Part Harmony * Major and Minor Intervals * Changing Meter * Sixteenth-Note Patterns

Folk Fest (Revue)

What a gold mine this medley represents! Once again, Ruth Elaine Schram works her magic and brings us every folk song you ever wanted to sing all rolled into one great, sing-along work. The music takes its audience through songs about people at work, play, and struggles of daily life. Everyone will enjoy this unique presentation of favorites.

Choral Artistry

Choral Artistry provides a practical and organic approach to teaching choral singing and sight-reading. The text is grounded in current research from the fields of choral pedagogy, music theory, music perception and cognition. Topics include framing a choral curriculum based on the Kodály concept; launching the academic year for beginning, intermediate, and advanced choirs; building partwork skills; sight-reading; progressive music theory sequences for middle to college level choirs; teaching strategies; choral rehearsal plans as well as samples of how to teach specific repertoire from medieval to contemporary choral composers. As part of the Kodály philosophy's practical approach, authors Micheál Houlahan and Philip Tacka employ two models for learning choral literature: Performance Through Sound Analysis Pedagogy (PTSA) and Performance through Sound Analysis and Notation (PTSAN). Both models delineate an approach to teaching a choral work that significantly improves students' musicianship while engaging the ensemble in learning the overall composition in partnership with the conductor. The final chapter of the book includes rubrics to assess the effectiveness of a choral program. This book does not purport to be a comprehensive choral pedagogy text. It is a detailed guide to helping choral directors at all levels improve the choral singing and musicianship of their students from a Kodály perspective.

Choral Music in Print

Award winning composer, arranger, pianist and recording artist Mark Hayes has crafted an exquisite anthology of Christmas arrangements for solo voice, including traditional carols, art songs, master-works and spirituals. Reflecting the arranger's mastery of vocal accompaniment, the piano partners with the voice in true art song style. Available in medium high and medium low voicings. Titles: * Bring a Torch, Jeannette, Isabella * Away in a Manger * Sing Joy! * Midnight Noel * Gesu Bambino * Silent Night * Lo, How a Rose E'er Blooming * O Holy Night * The Coventry, Carol * Jesus, Oh What a Wonderful Child

Choral Music in Print: Secular choral music

This volume of 14 best-loved folk songs for solo voice and piano contains memorable works arranged by three of Alfred Music's top writers: Jay Althouse, Mark Hayes and Ruth Elaine Schram. Titles: All My Trials * All Through the Night * Camptown Races * Cindy * Fire Down Below * Follow the Drinking Gourd * Go 'Way from My Window * He's Gone Away * Old Dan Tucker * Poor Boy * Poor Wayfaring Stranger * Shenandoah * Simple Gifts * The Water is Wide.

The Mark Hayes Vocal Solo Collection: 10 Christmas Songs for Solo Voice (Medium Low Voice)

This is an essential text on an important area of the music curriculum consistently judged weak or inadequate by school inspectors in Britain. It covers social, physiological, musical, and pedagogical aspects of young adolescent singing, with focus on Key Stage 3 (ages 11-14) and the progression from primary school. Grounded in extensive research and authoritatively written, it uses case studies to illustrate best practice, and introduces the principles of *cambiata*, a dedicated approach to the adolescent voice. Other chapters contain practical and proven advice on repertoire, technique, and the motivation of reluctant singers, boosting the confidence of teachers for whom choral work is not the main specialism.

The American Organist

Since the transformative 1960s, concert masses have incorporated a range of political and religious views that mirror their socio-cultural context. Those of the long 1960s (c1958-1975) reflect non-conformism and social activism; those of the 1980s, environmentalism; those of the 1990s, universalism; and those of the 2000s, cultural pluralism. Despite utilizing a format with its roots in the Roman Catholic liturgy, many of these politicized concert masses also reflect the increasing religious diversification of Western societies. By introducing non-Catholic and often non-Christian beliefs into masses that also remain respectful of Christian tradition, composers in the later twentieth century have employed the genre to promote a conciliatory way of being that promotes the value of heterogeneity and reinforces the need to protect the diversity of musics, species and spiritualities that enrich life. In combining the political with the religious, the case studies presented pose challenges for both supporters and detractors of the secularization paradigm. Overarchingly, they demonstrate that any binary division that separates life into either the religious or the secular and promotes one over the other denies the complexity of lived experience and constitutes a diminution of what it is to be human.

The Conceptual Approach to Rock Music

Imagine living in a city where people could move freely and buildings could be replaced at minimal cost. Reality cannot be further from such. Despite this imperfect world in which we live, urban planning has become integral and critical especially in the face of rapid urbanization in many developing and developed countries. This book introduces the axiomatic/experimental approach to urban planning and addresses the criticism of the lack of a theoretical foundation in urban planning. With the rise of the complexity movement, the book is timely in its depiction of cities as complex systems and explains why planning from within is useful in the face of urban complexity. It also includes policy implications for the Chinese cities in the context of axiomatic/experimental planning theory.
