The Optimistic Child

From the bestselling author of Authentic Happiness In The Optimistic Child, Dr. Martin Seligman offers parents, teachers and coaches a well-validated program to prevent depression in children. Seligman shows adults how to teach children the skills of optimism that can help them combat sadness, achieve more on the playing field and at school and improve their physical health. Learning the skills of optimism not only reduces the risk of depression but boosts school performance and provides children with the self-reliance they need as they approach the teenage years and beyond. Filled with practical advice and written in clear, helpful language, this book is an invaluable resource for people who want to open up the world for children.

The Language Instinct

'Dazzling...Pinker's big idea is that language is an instinct...as innate to us as flying is to geese...Words can hardly do justice to the superlative range and liveliness of Pinker's investigations' - Independent
'A marvellously readable book...illuminates every facet of human language: its biological origin, its uniqueness to humanity, its acquisition by children, its grammatical structure, the production and perception of speech, the pathology of language disorders and the unstoppable evolution of languages and dialects' - Nature

Games for Actors and Non-Actors

Games for Actors and Non-Actors is the classic and best selling book by the founder of Theatre of the Oppressed, Augusto Boal. It sets out the principles and practice of Boal's revolutionary Method, showing how theatre can be used to transform and liberate everyone – actors and non-actors alike! This thoroughly updated and substantially revised second edition includes: two new essays by Boal on major recent projects in Brazil Boal's description of his work with the Royal Shakespeare Company a revised introduction and translator's preface a collection of photographs taken during Boal's workshops, commissioned for this edition new reflections on Forum Theatre.

More-with-Less Cookbook

This is a new edition of Herald Press's all-time best-selling cookbook, helping thousands of families establish a climate of joy and concern for others at mealtime. The late author's introductory chapters have been edited and revised for today's cooks. Statistics and nutritional information have been updated to reflect current American and Canadian eating habits, health issues, and diet guidelines. The new U.S. food chart "My Plate" was slipped in at the last minute and placed alongside Canada's Food Guide.

But the message has changed little from the one that Doris Janzen Longacre promoted in 1976, when the first edition of this cookbook was released. In many ways she was ahead of her time in advocating for people to eat more whole grains and more vegetables and fruits, with less meat, saturated fat, and sugars. This book is part of the World Community Cookbook series that is published in cooperation with Mennonite Central Committee, a worldwide ministry of relief, development, and peace. "Mennonites are widely recognized as good cooks. But Mennonites are also a people who care about the world's hungry."—Doris Janzen Longacre

Women and Girls with Autism Spectrum Disorder

The difference that being female makes to the diagnosis, life and experiences of a person with an Autism Spectrum Disorder (ASD) has largely gone unresearched and unreported until recently. In this book Sarah Hendrickx has collected both academic research and personal stories about girls and women on the autism spectrum to present a picture of their feelings, thoughts and experiences at each stage of their lives. Outlining how autism presents differently and can hide itself in females and what the likely impact will be for them throughout their lifespan, the book looks at how females with ASD experience diagnosis, childhood, education, adolescence, friendships, sexuality, employment, pregnancy and parenting, and aging. It will provide invaluable guidance for the professionals who support these girls and women and it will offer women with autism a guiding light in interpreting and understanding their own life experiences through the experiences of others.

Vision's Immanence

William Faulkner occupied a unique position as a modern writer. Although famous for his modernist novels and their notorious difficulty, he also wrote extensively for the "culture industry," and the works he produced for it—including short stories, adaptations, and screenplays—bore many of the hallmarks of consumer art. His experiences as a Hollywood screenwriter influenced him in a number of ways, many of them negative, while the films turned out by the "dream factories" in which he labored sporadically inspired both his interest and his contempt. Faulkner also disparaged the popular magazines—though he frequently sold short stories to them. To what extent was Faulkner's deeply ambivalent relationship to—and involvement with—American popular culture reflected in his modernist or "art" fiction? Peter Lurie finds convincing evidence that Faulkner was keenly aware of commercial culture and adapted its formulae, strategies, and in particular, its visual techniques into the language of his novels of the 1930s. Lurie contends that Faulkner's modernism can be best understood in light of his reaction to the popular culture of his day. Using Theodor Adorno's theory about modern cultural production as a framework, Lurie's close readings of *Sanctuary*, *Light in August*, *Absalom! Absalom!*, and *If I Forget Thee, Jerusalem* uncover the cultural history that surrounded and influenced the development of Faulkner's art. Lurie is particularly interested in the influence of cinema on Faulkner's fiction and especially the visual strategies he both deployed and critiqued. These include the suggestion of cinematic viewing on the part of readers and of characters in each of the novels; the collective and individual acts of voyeurism in *Sanctuary* and *Light in August*; the exposing in *Absalom! Absalom!* and *Light in August* of stereotypical and cinematic patterns of thought about history and race; and the evocation of popular forms like melodrama and the movie screen in *If I Forget Thee, Jerusalem*. Offering innovative readings of these canonical works, this study sheds new light on Faulkner's uniquely American modernism.

The Hundred Secret Senses

The international bestseller from the author of 'The Joy Luck Club' and 'The Bonesetter's Daughter'.

In the Time of the Butterflies

Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the

Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "This Julia Alvarez classic is a must-read for anyone of Latinx descent." —Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com

The Role of the Reader

Discusses the differences between "open" and "closed" texts, or, texts that actively involve the reader and texts that evoke a limited, predetermined response from the reader. -- Back cover.

A History of Western Political Thought

A History of Western Political Thought is an energetic and lucid account of the most important political thinkers and the enduring themes of the last two and a half millennia. Written with students of the history of political thought in mind, the book: * traces the development of political thought from Ancient Greece to the late twentieth century * focuses on individual thinkers and texts * includes 40 biographies of key political thinkers * offers original views of theorists and highlights those which may have been unjustly neglected * develops the wider themes of political thought and the relations between thinkers over time.

Horrockses Fashions

Horrockses Fashion was one of the most respected ready-to-wear labels of the 1940s and '50s. This book tells the story of the iconic label, illustrating its role in the history of the British high street, while exploring the connections between couture and ready-to-wear fashions in the post-war decades.

Prolo Your Pain Away!

Prolotherapy is a simple, natural and safe technique that stimulates the body's healing mechanisms into growing new ligament and tendon tissue. It provides a permanent cure for many chronic, painful conditions without the complications of surgery or drugs. Prolotherapy can help or cure the following conditions: low back pain, headaches, migraines, arthritis, fibromyalgia, herniated discs, sciatica, reflex sympathetic dystrophy, sports injuries, post-surgery pain, heel spurs, tennis elbow, and a host of other chronically painful conditions.

Salt, Sugar, Fat

The No.1 New York Times Bestseller In China, for the first time, the people who weigh too much now outnumber those who weigh too little. In Mexico, the obesity rate has tripled in the past three decades. In the UK over 60 per cent of adults and 30 per cent of children are overweight, while the United States remains the most obese country in the world. We are hooked on salt, sugar and fat. These three simple ingredients are used by the major food companies to achieve the greatest allure for the lowest possible cost. Here, Pulitzer Prize-winning investigative reporter Michael Moss exposes the practices of some of the most recognisable (and profitable) companies and brands of the last half century. He takes us inside the labs where food scientists use cutting-edge technology to calculate the 'bliss point' of sugary drinks. He unearths marketing campaigns designed – in a technique adapted from the tobacco industry – to redirect concerns about the health risks of their products, and reveals how the makers of processed foods have chosen, time and again, to increase consumption and profits, while gambling with our health. Are you ready for the truth about what's in your shopping basket?

soul physiology

neurons and their metaphysical side-effects: from a rigorous discussion of the properties of neurons and brain to the mechanisms by which this grayish jelly generates and explains emotional life, conscience, thought, our sense of beauty and justice, our need for infinity and almost all that we love calling "soul"... the book can be browsed at <http://www.neuroworld.it/soul>

Boy Scout Handbook

With a story full of twists and turns, 'Night of the Fireflies' follows in the great tradition of African culture in which real and unreal are merely two sides of the same coin.

Take a Thousand Eggs Or More

Literature reveals that the hidden strings of the human 'passional soul' are the creative source of the specifically human existence. Continuing the inquiry into the 'elemental passions of the soul' and the Human Creative Soul pursued in several previous volumes of this series, the present volume focuses on the 'passions of the earth', bringing to light some of the primogenital existential threads of the innermost bonds of the Human Condition and mother earth. In Tymieniecka's words, the studies purpose to unravel the essential bond between the living human being and the earth - a bond that lies at the heart of our existence. A heightened awareness of this bond should enlighten our situation and help us find our existential bearings.

Night of the Fireflies

A book for people who like to laugh and know how to think, selected from Thurber's work over 30 years - one third of the text never before in book form.

Passions of the Earth in Human Existence, Creativity, and Literature

Reproduction of the original: Jewel Weed by Alice Ames Winter

Oxherding Tale

A longtime teacher and Harvard researcher presents the latest science on the benefits of T'ai Chi as well as a practical daily program for practitioners of all ages. Conventional medical science on the Chinese art of T'ai Chi now shows what T'ai Chi masters have known for centuries: regular practice leads to more vigor and flexibility, better balance and mobility, and a sense of well-being. Cutting-edge research from Harvard Medical School also supports the long-standing claims that T'ai Chi also has a beneficial impact on the health of the heart, bones, nerves and muscles, immune system, and the mind. This research provides fascinating insight into the underlying physiological mechanisms that explain how T'ai Chi actually works. Dr. Peter M. Wayne, a longtime T'ai Chi teacher and a researcher at Harvard Medical School, developed and tested protocols similar to the simplified program he includes in this book, which is suited to people of all ages, and can be done in just a few minutes a day. This book includes: • The basic program, illustrated by more than 50 photographs • Practical tips for integrating T'ai Chi into everyday activities • An introduction to the traditional principles of T'ai Chi • Up-to-date summaries of the research on the health benefits of T'ai Chi • How T'ai Chi can enhance work productivity, creativity, and sports performance • And much more

Viet Nam's Cultural Diversity

This volume contains 33 short stories written by H. G. Wells. The stories were specially chosen by Wells as those that he most wanted to reflect his legacy in short story form. The collection includes the title story - his most well-known - and other masterpieces including the chilling revenge story "The Cone" and "The New Accelerator".

Alarms and Diversions

Not since their phenomenally successful Moosewood Restaurant Low-Fat Favorites has Ithaca, New York's, famed Moosewood Collective assembled such a comprehensive and appealing group of recipes -- all brand-new. Crowd-pleasing fare like Moosewood Muffins, savory risottos, satisfying main-dish salads, and two dozen one-dish meals are just some of the standout recipes in this indispensable collection of easy-to-make dishes. From breakfast to snacks, quick dinners and showstopping entrees to homey desserts, these are recipes cooks will reach for time and again. As always, Moosewood

Collective's enticing, flavorful fare draws on a diversity of culinary traditions. The flavors of Asia, Africa, Europe, and the Americas make for food that is up-to-date and exciting. Complete with fascinating bits of multicultural food lore, time-saving tips, and interesting side notes gleaned from The Collective's many years as culinary pioneers, Moosewood Restaurant New Classics is an essential resource for every contemporary cook.

Jewel Weed

How does a peoples' music reflect their history, their occupations, cultural beliefs and values? These are the core questions that this book addresses in relation to the Aawambo people of Namibia. The author brings to the fore the nuanced views of different people, describing their personal musical experiences – past as well as present. This is the first time that the music and stories of contemporary Namibian musicians is shared alongside those of the elderly. Similarly, it is the first time that some of the traditional Aawambo dances are analysed and described, abundantly illustrated with colourful photographs and several songs. Based on years of personal research, this book will appeal to research scholars, students and other interested readers alike, since its style is accessible but detailed, personal yet objective.

The Harvard Medical School Guide to Tai Chi

Since its first appearance in 1962, the impact of The Gutenberg Galaxy has been felt around the world. It gave us the concept of the global village; that phrase has now been translated, along with the rest of the book, into twelve languages, from Japanese to Serbo-Croat. It helped establish Marshall McLuhan as the original 'media guru.' More than 200,000 copies are in print. The reissue of this landmark book reflects the continuing importance of McLuhan's work for contemporary readers.

The Country of the Blind, and Other Stories

"... brilliantly original ... brings cultural and post-colonial theory to bear on a wide range of authors with great skill and sensitivity." Terry Eagleton

Moosewood Restaurant New Classics

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

The Changing Faces of Aawambo Musical Arts

An all-singing, all-dancing celebration of ordinary life and death. Single mum Emma confronts the highs and lows of life with a cancer diagnosis; that of her son and of the real people she encounters in the daily hospital grind. Groundbreaking performance artist Bryony Kimmings creates fearless theatre to provoke social change, looking behind the poster campaigns and pink ribbons at the experience of serious illness.

The Gutenberg Galaxy

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words

You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

Theatre of the Oppressed

This book is a joint project of the Utah Division of Indian Affairs and the Utah State Historical Society. It is distributed to the book trade by Utah State University Press. The valleys, mountains, and deserts of Utah have been home to native peoples for thousands of years. Like peoples around the world, Utah's native inhabitants organized themselves in family units, groups, bands, clans, and tribes. Today, six Indian tribes in Utah are recognized as official entities. They include the Northwestern Shoshone, the Goshutes, the Paiutes, the Utes, the White Mesa or Southern Utes, and the Navajos (Dineh). Each tribe has its own government. Tribe members are citizens of Utah and the United States; however, lines of distinction both within the tribes and with the greater society at large have not always been clear. Migration, interaction, war, trade, intermarriage, common threats, and challenges have made relationships and affiliations more fluid than might be expected. In this volume, the editor and authors endeavor to write the history of Utah's first residents from an Indian perspective. An introductory chapter provides an overview of Utah's American Indians and a concluding chapter summarizes the issues and concerns of contemporary Indians and their leaders. Chapters on each of the six tribes look at origin stories, religion, politics, education, folkways, family life, social activities, economic issues, and important events. They provide an introduction to the rich heritage of Utah's native peoples. This book includes chapters by David Begay, Dennis Defa, Clifford Duncan, Ronald Holt, Nancy Maryboy, Robert McPherson, Mae Parry, Gary Tom, and Mary Jane Yazzie. Forrest Cuch was born and raised on the Uintah and Ouray Ute Indian Reservation in northeastern Utah. He graduated from Westminster College in 1973 with a bachelor of arts degree in behavioral sciences. He served as education director for the Ute Indian Tribe from 1973 to 1988. From 1988 to 1994 he was employed by the Wampanoag Tribe in Gay Head, Massachusetts, first as a planner and then as tribal administrator. Since October 1997 he has been director of the Utah Division of Indian Affairs.

The Basics of American Government

Sing, Whisper, Shout, Pray! is an indispensable guide to the progressive politics of race, class, and gender in the new millennium from leading feminist writers of our time. Collecting essential writings of the last two decades right through the events of September 2001, the anthology provides a definitive reference work for academics and activists committed to deep and unflinching inquiry into the mechanisms of global justice in the post-Cold War world. This timely volume offers uncompromising examinations of the exploitation of Third World women under NAFTA; the real costs of the Colombian drug war; the inner dynamics of white supremacy; Zionism and anti-Semitism; ecological racism; indigenous sovereignty struggles in the U.S., Canada, and Puerto Rico; and much more. Contributors include Toni Morrison, Audre Lorde, Edwidge Danticat, Cherrie Moraga, Gloria Anzaldua, Angela Y. Davis, Winona LaDuke, and vital, new voices from an emerging activist culture. Book jacket.

A Pacifist's Guide to the War on Cancer

Evangelical pastor Dobson chronicles his year of living like Jesus and obeying his teachings. As he discovers, living like Jesus is quite different from what Christians imagine.

The Big Book of Words You Should Know

A dark shadow has grown over the town of Hardisty Alberta. A Vampire has infested all those who live within its limits. Just what lurks in the abyss of the unknown is for only fate to decide. Dive into the dark world of the paranormal if you dare.

History Of Utah's American Indians

A thrillingly panoramic and incredibly timely account of the rise of Islam, from the acclaimed author of *Rubicon* and *Persian Fire*. The evolution of the Arab empire is one of the supreme narratives of ancient history, a story dazzlingly rich in drama, character, and achievement. In this exciting and sweeping history—the third in his trilogy of books on the ancient world—Holland describes how the Arabs emerged to carve out a stupefyingly vast dominion in a matter of decades, overcoming seemingly insuperable odds to create an imperial civilization aspects of which endure to the present day. With

profound bearing on the most consequential events of our time, Holland ties the exciting story of Islam's ascent to the crises and controversies of the present.

Sing, Whisper, Shout, Pray!

After the release of Anita Rau Badami's critically acclaimed first novel, *Tamarind Mem*, it was evident a promising new talent had joined the Canadian literary community. Her dazzling literary follow-up is *The Hero's Walk*, a novel teeming with the author's trademark tumble of the haphazard beauty, wreckage and folly of ordinary lives. Set in the dusty seaside town of Toturpuram on the Bay of Bengal, *The Hero's Walk* traces the terrain of family and forgiveness through the lives of an exuberant cast of characters bewildered by the rapid pace of change in today's India. Each member of the Rao family pits his or her chance at personal fulfillment against the conventions of a crumbling caste and class system. Anita Rau Badami explains that "The Hero's Walk is a novel about so many things: loss, disappointment, choices and the importance of coming to terms with yourself and the circumstances of your life without losing the dignity embedded in all of us. At one level it is about heroism - not the hero of the classic epic, those enormous god-sized heroes - but my fascination with the day-to-day heroes and the heroism that's needed to survive all the unexpected disasters and pitfalls of life."

The Year of Living Like Jesus

The definitive guide to the history of fashion. From Ancient Egypt and Marie Antionette to Alexander McQueen and Chanel, this visually stunning fashion design book charts the evolution of clothing and shows how every generation reinvents fashion! The perfect fashion coffee table book! It catalogs the history of what people wear — revealing how Western fashion has been influenced by design from around the world — and celebrating everything from costumes to haute couture. Now fully revised and updated, this lavishly illustrated book about fashion includes recent subjects of interest including the increased role of social media, fast fashion, sustainable fashion, and the drive for improved diversity and beauty ideals. The illustrated glossary of technical terms and a comprehensive index help make this page-turning fashion book an indispensable work of reference for any fashion student or fashionista's shelf. Look out for more titles in The Definitive Visual Guide series from DK. Experience the power of art and take a guided tour of the world's most influential paintings in *Art*, or celebrate the history and evolution of design movements in *Design*.

The Bat Of Hardisty

Dementia, technically defined as cognitive impairments sufficiently pervasive and severe enough that they disrupt independent life, is one of the most devastating symptoms of neurologic disease. While Alzheimer's disease (AD) is the most common neurodegenerative disease that causes it, more than 50 medical, psychiatric, and neurological conditions are associated with dementia. Well organized and expertly planned, this text provides new concepts of patient management that have come about through recent neuroscience research. This volume, reviewing the dementias with the needs of the clinician in mind, is unique in that the section dealing with disease mechanisms reviews the exciting recent scientific advance in regard to Alzheimer disease, whereas the clinical section (section A) focuses not on Alzheimer disease but upon related disorders, the less common dementing syndromes due to other neurodegenerative disorders. The editors of this Blue Book have brought together an extraordinary group of experts to define the scientific advances primarily in Alzheimer's disease (section B) and new treatments (section C) being developed. * Written for non-expert general neurologists and residents * Provides new concepts of patient management discovered in neuroscience research * Includes unique coverage of recent scientific advances in Alzheimer's Disease

In the Shadow of the Sword

Perfect for anyone who has ever felt anxiety around defining success, connecting in relationships, or finding purpose and meaning in their work, Tao Of Maceo, is wisdom for the contemporary age. Whether he expounds on a theory about the nature of reality, or speaks to the loss of his mother, Maceo is honest, poetic, and insightful. His rhetorical skill, down-to-earth tone, and sharp observations on the complexities of life, will inspire you to think more deeply and ask yourself the bigger questions to find insights into your own understandings.
