More Men on My Mind is a whimsical, quirky look at sex from a woman's point of view. A sequel to the critically acclaimed Men on My Mind, the protagonist's hunt for a good man takes her not only around the world but also into her own soul. And both, she finds, aren't exactly what she expected. From speeding illegally down the avenues of New York with Italian men in their Alfa Romeos to the hospitals of Brooklyn with doctors who like stirrups; from charming, silver-tongued Oriental drug dealers to musicians who alternately delight and terrorize her; there is nothing predictable about her adventures. Life teaches her lessons the hard way, but she dusts herself off pragmatically and soldiers on, skirting danger and flirting with potentially horrible endings. More Men on My Mind takes you directly into the mind of the modern woman, fearlessly exposing its innermost workings. Sometimes frightening, sometimes gut-wrenching, mostly unpredictable and always hilarious, this book does not hold a single dull moment.

Men on My Mind

A Woman's Guide to the Male Mind is the indirect result of a blog that I wrote in 2005 How Do You Tell If a Guy Fancies You? The article was so popular, receiving more than 70 replies from women with lots more questions, that I launched my web site www.seducemen.co.uk. Since then, most of the advice I've given in hundreds of published articles was based on my own experiences and those of my friends. To write the book, however, I adopted a more scientific approach. I performed a significant amount of research into recent discoveries by anthropologists, sociologists, psychologists and biochemists on topics ranging from basic sexual attraction to personality type and male/female communications strategies. It's my belief, therefore, that A Woman's Guide to the Male Mind features the best of two worlds: common sense opinions backed by solid empirical evidence. By helping ladies understand the male point of view with regard to sex, dating and relationships; I hope to eliminate the senseless conflicts that so often erupt between lovers and would-be lovers. Once you understand a few fundamentals about the male mind and male behaviour, you will stop thinking of men as inscrutable blockheads and primitive misfits. You will no longer regard them as you would a small, nasty child or an alien race. Arming yourself with the wisdom in this book, you'll increase your odds of finding happiness and harmony in romantic relationships, and you will help ensure that this bliss lasts a lifetime. By the time a man reaches maturity, he has passed through four evolutionary stages in his attitude toward women and relationships. It's very important to understand and identify these four stages, because it will save you from wasting time on guys who aren't ready for serious romance.

A Woman's Guide to the Male Mind

Evan Katz, affectionately known as The Angry Guy, has a unique ability to identify and connect with the underlying causes of anger in men. By telling his own story, Evan leads the way through the angry man's mind, shining light on why angry men really act the way they do. His disarming delivery, open-hearted humor and penetrating wisdom bring enlightenment to the mysteries of a man's rage and expose the path to the personal freedom and respect he longs for. If you're an angry man, or if you feel hurt and mistreated by one, this book will open doors of understanding and help bring peace to your life and your home. As a psychotherapist specialized in counseling with angry men, Evan has the skill, technique and experience to guide men to see things in themselves they haven't seen before. As a public speaker, he guides both professionals and the public through laughter and heartfelt self-examination, down a pathway to begin the journey toward wholeness and renewed relationships.

Tougher than the Rest – Book One MacLarens of Fire Mountain Historical Western Romance Series “A passionate, fast-paced story set in the untamed western frontier by an exciting new voice in historical romance.” Niall MacLaren is the oldest of four brothers, and the undisputed leader of the family. A widower, and single father, his focus is on building the MacLaren ranch into the largest and most successful in northern Arizona. He is serious about two things—his responsibility to the family and his future marriage to the wealthy, well-connected widow who will secure his place in the territory's destiny. Katherine is determined to live the life she's dreamed about. With a job waiting for her in the growing town of Los Angeles, California, the young teacher from Philadelphia begins a journey across the United States with only a couple of trunks and her spinster companion. Life is perfect for this adventurous, beautiful young woman, until an accident throws her into the arms of the one man who can destroy it all. Fighting his growing attraction and strong desire for the beautiful stranger, Niall is more determined than ever to push emotions aside to focus on his goals of wealth and political gain. But looking into the clear, blue eyes of the woman who could ruin everything, Niall discovers he will have to harden his heart and be tougher than he's ever been in his life... Tougher than the Rest. Faster than the Rest – Book Two MacLarens of Fire Mountain Historical Western Romance Series “Headstrong, brash, confident, and complex, the MacLarens of Fire Mountain will captivate you with strong characters set in the wild and rugged western frontier.” Handsome, ruthless, young U.S. Marshal Jamie MacLaren had lost everything—his parents, his family connections, and his childhood sweetheart—but now he's back in Fire Mountain and ready for another chance. Just as he successfully reconnects with his family and starts to rebuild his life, he gets the unexpected and unwanted assignment of rescuing the woman who broke his heart. Beautiful, wealthy Victoria Wicklin chose money and power over love, but is now fighting for her life—or is she? Who has she become in the seven years since she left Fire Mountain to take up her life in San Francisco? Is she really as innocent as she says? Marshal MacLaren struggles to learn the truth and do his job, but the past and present lead him in different directions as his heart and brain wage battle. Is Victoria a victim or a villain? Is life offering him another chance, or just another heartbreak? As Jamie and Victoria struggle to uncover past secrets and come to grips with their shared passion, another danger arises. A life-altering danger that is out of their control and threatens to destroy any chance for a shared future. Harder than the Rest – Book Three MacLarens of Fire

Mountain Historical Western Romance Series “They are men you want on your side. Hard, confident, and loyal, the MacLarens of Fire Mountain will seize your attention from the first page.” Will MacLaren is a hardened, plain-speaking bounty hunter. His life centers on finding men guilty of horrendous crimes and making sure justice is done. There is no place in his world for the carefree attitude he carried years before when a tragic event destroyed his dreams. Amanda is the daughter of a successful Colorado rancher. Determined and proud, she works hard to prove she is as capable as any man and worthy to be her father’s heir. When a stranger arrives, her independent nature collides with the strong pull toward the handsome ranch hand. But is he what he seems and could his secrets endanger her as well as her family? The last thing Will needs is to feel passion for another woman. But Amanda elicits feelings he thought were long buried. Can Will’s desire for her change him? Or will the vengeance he seeks against the one man he wants to destroy—a dangerous opponent without a conscious—continue to control his life?
