Lo único del mundo

Francis es un pirata como los mejores; tiene pata de palo, un garfio en lugar de una mano y hasta un parche oscuro que le cubre uno de sus ojos. Hay algo, sin embargo, que lo diferencia de otros piratas, Francis no conoce el mar. Cuando joven había sido por muchos años amigo inseparable de un niño que le había prometido llevarlo a conocer el mar pero el tiempo pasó, el niño creció y Francis quedó abandonado en un viejo armario junto a otros juguetes. ¿Qué hacer ahora para alcanzar este sueño tan añorado? ¿Puede volver a confiar en la palabra de un niño tras la mala experiencia que ha

tenido? Sobre la serie: Cuentos para niños de este tiempo es el nombre de esta serie cuyo objetivo consiste en ser un instrumento para los padres a la hora de inculcar en sus hijos valores que sean acordes a los tiempos que les ha tocado vivir: la solidaridad, la amistad, la igualdad de género, el respeto por las diferencias, el cuidado de la naturaleza, etc. En esta ocasión, Francis aprende que los sueños se alcanzan cuando uno se lo propone y que la vida es una caja de sorpresas.

Caminos Hacia el Libro

Follows the journey of a newspaper section that has been folded into a boat and left in the ocean.

Yayael: del mar y los peces reúne una colección de artículos que, en su totalidad, de alguna manera "desembocan" en el mar, con Yayael -deidad que en la mitología de los pueblos aruacos de las Antillas es principio del mar, de los océanos y de los peces- en papel protagonista. Sus páginas se adentran en el mundo aborígen, sus dioses y anécdotas desbordantes de imaginación.

El Pirata Que Quería Conocer el Mar

Barco Pirata

El joven Peter Scott está preso junto a otros treinta y tres hombres. Todos están acusados de ejercer la piratería. No hay clemencia para los piratas y en unas horas morirán ahorcados. Peter Scott asegura que no es un pirata y pide un juicio justo. Pero no habrá juicio y la sentencia ya está dictada de antemano: muerte en la horca. Al joven Scott solo le queda rezar... Oculto en sus ropas lleva un cuaderno donde cuenta su historia.

Ficción y discurso

Maruja cuenta la historia de una invasión. Su víctima es un monstruo ordinario y maniático que ve su vida trastornada por una serie de percances graves: visitas, inundaciones, canos taponados, espíritus en apuros y, como si esto fuera poco, niños.

Oliverio junta preguntas

¡Precio especial por tiempo limitado! Muy pocas imágenes superan en la fantasía universal a la que se tiene del pirata: "corsario que roba por la mar", como lo precisa el antiguo diccionario de don Sebastián de Covarrubias. Pirata y mar son entonces una sola expresión. Y aunque hoy se los tiene también en el aire y en la tierra, y desde luego en el ciberespacio, pues no importa demasiado para la imaginación. Una pata de palo, un parche sobre el ojo y un garfio por mano. Ello quizás es más que suficiente. Pero la verdad sea dicha: la piratería fue cosa seria. O será mejor decir, es cosa muy seria. Porque con la expresión "pirata" se cubren hoy infinidad de cataduras. Este número El Desafío de la Historia contiene artículos fascinantes que abarcan temas de la piratería como El Matelotaje, que se refiere a parejas de hombres entre los bucaneros; las reglas de la vida corsaria; las mujeres piratas más famosas; banderas piratas; la penetración holandesa en el Caribe; las películas más reconocidas y mucho más.

Yayael: del mar y los peces

A pesar que Roma consideraba el mar Mediterráneo como el mare nostrum, durante la época republicana realmente no le prestó mucha atención. Esta desidia y la eliminación o decadencia de los distintos estados que podían rivalizar con Roma fue el cóctel ideal para que la piratería, un fenómeno endémico, alcanzara su apogeo. Por supuesto, Roma tomará finalmente cartas en el asunto, y empezará a efectuar una serie de campañas militares, parciales, que no solventan el problema, hasta que Pompeyo el Grande lanza su gran operación por todo el mar Mediterráneo, con lo que la piratería

deja de amenazar la subsistencia de Roma. Los piratas contra Roma, analiza la piratería desde su interior, en la que se menciona sus bases, sus naves, sus botines, sus maniobras de combate, a la par que las secuelas que dejan en las comunidades que asaltan.

Wise Young Fool

You want ninety? Fine, I'll give you ninety. I'll give them to you coming and going. Teen rocker Ritchie Sudden is pretty sure his life has just jumped the shark. Except he hates being called a teen, his band doesn't play rock, and "jumping the shark" is yet another dumb cliché. Part of Ritchie wants to drop everything and walk away. Especially the part that's serving ninety days in a juvenile detention center. Telling the story of the year leading up to his arrest, Ritchie grabs readers by the throat before (politely) inviting them along for the (max-speed) ride. A battle of the bands looms. Dad split about five minutes before Mom's girlfriend moved in. There's the matter of trying to score with the dangerously hot Ravenna Woods while avoiding the dangerously huge Spence Proffer--not to mention just trying to forget what his sister, Beth, said the week before she died. Acclaimed author Sean Beaudoin's latest offering is raw, razor-sharp, and genuinely hilarious.

Ocean-Atmosphere Interactions of Gases and Particles

Production of this book was supported and funded by the EU COST Action 735 and coordinated by the International SOLAS (Surface Ocean-Lower Atmosphere Study) project office.

The first installment in *The Curse Workers* series from New York Times bestselling author Holly Black: "Urban fantasy, con story—whatever you call it, read it" (Kirkus Reviews, starred review). Cassel comes from a family of con artists and grifters, all of them curse workers but him. On top of that, Cassel is plagued by guilt that he killed his best friend, Lila, years ago. When Cassel begins to have strange dreams about a white cat and people around him are losing their memories, he starts to wonder what really happened to Lila, and what that means about his actions. In Cassel's search for answers about Lila and himself, he realizes that his brothers have been conning him for years, and that the final piece in their quest for power is about to fall into place. Cassel has other ideas. He's going to create an even more elaborate trap and, with Lila's help, con a bunch of magic using conmen. This "beautifully realized dark fantasy...with prose that moves from stark simplicity to almost surreal intensity in a moment" (Publishers Weekly, starred review) is rife with the unexpected. Death Sworn

The analysis of polar ice cores has proven to be very instructive about past environmental conditions on the time scale of several climatic cycles, and recent drilling operations have provided information of great value for global change issues. The book presents the most recent data extracted from Greenland ice cores and surface experiments and compares them with former Antarctic results. It contains background articles, original contributions and group reports of interest to scientists, climatologists, atmospheric chemists, and glaciologists involved in global change research.

In Honor

Algonquin "Ali" Rhodes, the high school newspaper's music critic, meets an intriguing singer, Doug, while reviewing a gig. He's a weird-looking guy—goth, but he seems sincere about it, like maybe he was into it back before it was cool. She introduces herself after the set, asking if he lives in Cornersville, and he replies, in his slow, quiet murmur, "Well, I don't really live there, exactly. . . ." When Ali and Doug start dating, Ali is falling so hard she doesn't notice a few odd signs: he never changes clothes, his head is a funny shape, and he says practically nothing out loud. Finally Marie, the school paper's fashion editor, points out the obvious: Doug isn't just a really sincere goth. He's a zombie. Horrified that her feelings could have allowed her to overlook such a flaw, Ali breaks up with Doug, but learns that zombies are awfully hard to get rid of—at the same time she learns that vampires, a group as tightly-knit as the mafia, don't think much of music critics who make fun of vampires in reviews. . . .

Star football player Jace Rovers has a secret. And not just any secret—a shocking secret... He writes romance. The kind with swords. And dresses. And kissing. Nobody knows. Not the other kids at Twin River High. Not his overbearing parents. And certainly not the millions of fans who've read his book on the writing platform Scribbles. And that's the way he plans to keep it. Except suddenly one of the other football players grabs his notebook in jest and starts reading a kissing scene out loud...and Jace knows he's busted. But then McKenna Storm, resident goth girl who avoids the spotlight like a virus, snatches up the notebook and tells everyone she's the author. And lucky for Jace, she later agrees to continue the ruse...for a price. Heck, he'd give her anything not to reveal his secret. But when they start to fall for each other, he knows he'll have to keep the biggest secret of all—his darkest character is based on her... Previously published as Gutter Girl. Each book in the Twin River High series is STANDALONE: * Coverup Crush * Project Personality * Chaos Theory

Coverup Crush

Filled with magic, thrilling adventure, and sweet romance, Elementals is the first in a new series that fans of mythology will love! When Nicole Cassidy moves from sunny Georgia to gloomy New England, the last thing she expects is to learn that her homeroom is a cover for a secret coven of witches. Even more surprisingly ... she's apparently a witch herself. Despite doubts about her newfound abilities, Nicole is welcomed into this ancient circle of witches and is bedazzled by their powers--and, to her dismay, by Blake--the school's notorious bad-boy. Girls who get close to Blake wind up hurt. His girlfriend Danielle will do anything to keep them away, even if she must resort to using dark magic. But the chemistry between Blake and Nicole is undeniable, and despite wanting to protect Nicole from Danielle's wrath, he finds it impossible to keep his distance. When the Olympian Comet shoots through the sky for the first time in three thousand years, Nicole, Blake, Danielle, and two others in their homeroom are gifted with mysterious powers over the elements. But the comet has another effect--it opens the portal to the prison world that has contained the Titans for centuries. After an ancient monster escapes and attacks Nicole and Blake, it's up to them and the others to follow the clues from a cryptic prophecy so that they can save their town ... and possibly the world. "Elementals is full of wonderful magic and myths!" -5 Girls Book Reviews "Five glittery stars for being such a compelling read!" -Andrea Heltsley, Goodreads Reviewer

The Gathering

After winter break, the girls at the very prestigious Longbourn Academy become obsessed with the upcoming prom. Scholarship student, Lizzie Bennett, can neither afford nor is interested in designer dresses and shoes, but her best friend Jane is; especially as her crush, Charles Bingley, is returning from a semester in the UK. Lizzie is happy about her friend's burgeoning romance but less than impressed by Charles's friend Will Darcy, who's snobby and pretentious. Darcy doesn't seem to like Lizzie, either, and she assumes it is because her family has no money. But if Will Darcy is such a jerk, why does Lizzie find herself so drawn to him? Will Lizzie's pride and Darcy's prejudice keep them apart, or will they overcome their mutual distrust and accept their attraction? Elizabeth Eulberg has created a delightful modern-day romp through the well known parlour rooms of Jane Austen's world, it is a love story to entertain and engage as much now as then. 'Eulberg's adaptation is faithful without being dogmatic; she successfully translates the essential elements of Austen's narrative into 21st-century dialogue and descriptions and still leaves enough room for play with the details. The twist ending lacks originality (readers will find themselves thinking of several movies and even more books), but originality isn't the point here. Eulberg delivers a fun, frothy romp that delights-and, refreshingly, doesn't involve anyone undead.' <http://www.scholastic.com/readeveryday/images/maillsig.jpg>
