This book holds the secret of a powerful system of success, which was used by the author, Charles F. Haanel to amass a fortune for himself. The New Master Key System

The Master Key System (Dancing Unicorn Press)

It is my privilege to present The Master Key System. Would you bring into your life more power? Get the power consciousness. More health? Get the health consciousness. More happiness? Get the happiness consciousness. Live the spirit of these things until they become yours by right. It will then become impossible to keep them from you. The things of the world are fluid to a power within man by which he rules them. You need not acquire this power. You already have it. But you want to understand it; you want to use it; you want to control it; you want to impregnate yourself with it, so that you can go forward and carry the world before you. Day by day as you go on and on, as you gain momentum, as your inspiration deepens, as your plans crystallize, as you gain understanding, you will come to realize that this world is no dead pile of stones and timber, but that it is a living thing! It is made up of the beating hearts of humanity. It is a thing of life and beauty. It is evident that it requires understanding to

work with material of this description, but those who come into this understanding, are inspired by a new light, a new force, they gain confidence and greater power each day, they realize their hopes and their dreams come true, life has a deeper, fuller, clearer meaning than before.

Although Napoleon Hill is popularly considered the father of the “law of attraction,” a letter from Hill to Charles Haanel, reproduced in Tapping the Source, thanks Haanel for his illuminating ideas. The letter is dated 1919, 18 years before Think and Grow Rich was published.

I decided to republish an original work from Charles F. Haanel called "THE MASTER KEY SYSTEM" originally published in 1912. Many believe that he the first to think of "The Laws of Attraction" (LOA) concept. Furthermore, many have considered "THE MASTER KEY SYSTEM" to be the very first version of (LOA). However, there is a great deal of controversy stating otherwise. I must agree. The Laws of Attraction (LOA) has been practiced by millions of people through history. In addition to the four mentioned, I have added the following new additions thus changing this historical; a piece of writing from a 24-step system to a 27-step AMAZINF (LOA) system. My own versions of "The Laws of Attractions" that is being used and practiced by 100,000's of thousands of others through the world today. The additional parts are as follows: 1. The Master Key System [Abridged Edition]

Complete and original text: including foreword by F.H. Burgess, author's introduction, psychological chart, twenty-four parts with study questions, glossary, correspondents questionnaire, and comprehensive index. The Master Key System was originally published in 1912 as a 24 week correspondence course, and first published in book form in 1916. It was Mr. Haanel's intention that readers of his book approach it not as though it were a novel, but rather embrace the contents of one part individually, each week, for 24 weeks. In this way, there is opportunity to comprehend the full meaning of each phrase, and each part, even if it's necessary to read them several times. With every reading The Master Key unlocks new doors to the secrets of the Universe, secrets that we already possess, You and I, yet perhaps have forgotten along the way. In the modern, fast-paced, hectic world of today there will be temptation to rush through the pages, to receive and review more than one part in a weeks time. Resist the temptation to do this. Go slowly. This is not a race. There is great power in this book, the same power that is within all of us, and in the words of the author, "You need not acquire this power. You already have it. But you want to understand it, you want to use it, you want to control it, you want to impregnate yourself with it, so that you can go forward, and carry the world before you." These are not idle words. They are a call to action, that each and every one of us assume our responsibilities as Human and Spiritual beings in order to create a harmonious world, a world of joy, power and abundance. As you reach deep into the beauty of this book, allow it to become a part of you. Scribble your thoughts in the space provided throughout its pages, fold down corners to mark your favorite passages, add to its content with writing or pictures of your own. Fill it with your life. Make it your own. Soon enough there will be no need to pass this book forward. Your life will reflect the wisdom you are about to embrace.

The Master Key System

"The information in this course is golden. I have read *Think and Grow Rich* and the *Science of Getting Rich*, both books are priceless, but *The Master Key System* is simply mind-blowing. I never realized *The Master Key System* was the inspiration behind *Think and Grow Rich* and *The Science of Getting Rich*" - Tim "I love how each part offers a quick-guide action step to immediately implement what I learned in each section. I also think the Q & A study questions are brilliant. I helped me to further understand what was taught in each section" - Joanne In a testimonial letter dated April 21, 1919 written by the great Napoleon Hill, author of *Think and Grow Rich*, stated: "my present success and the success which has followed my work... is due largely to the principles laid down in the Master-Key System." Until recently the Master Key System was largely unknown and almost lost to the ages of time. Fortunately, it regained popularity, due to no small part from its influence on Rhonda Byrne, the author of the book and the film *The Secret*. In addition to the *Science of Getting Rich*, the Master Key System was one of the main sources of inspiration for the Rhonda Byrne to create the movie and write the book. In addition, the Master Key System was an inspiration to Bill Gate's and the success of Microsoft. It is believed Bill Gate's discovered the book while attending Harvard and after reading the Master Key System, he was so inspired he dropped out and started Microsoft. When was the Master Key System first published? Charles Haanel first published the Master Key System in 1912 as a 24-week correspondence course. In 1916 it was then published in book form. The Master Key System thoroughly describes and instructs the student how to fully implement the "Law of Attraction" in their life. In addition, it teaches creative visualization, the powerful and proven methods and techniques to maximize the benefits of concentration, the importance of truth and harmonious thinking. What you'll find in this course: You'll find each section of this course contains an introduction, the main teaching part, followed by a section with questions and answers to reinforce your knowledge learned. Finally, each section offers a power action-step exercise that will teach you how to immediately implement what you learned in each section in your life immediately.

Haanel's book *The Master Key System*, was published in 1912, when he was 46 years old. It is written in the form of a course in New Thought, mental development, financial success, and personal health. The book was heavily promoted in the pages of Elizabeth Towne's New Thought magazine *The Nautilus*. By 1933 it had allegedly sold over 200,000 copies worldwide. Haanel practiced the financial principles he preached, and was a self made success who owned several major companies. According to Stevens, writing in 1909, "He was president of the Continental Commercial Company, president of the Sacramento Valley Improvement Company, and president of the Mexico Gold & Silver Mining Company." The original Master Key System contained 24 parts or modules of study. The allegedly "lost" chapters of the Master Key System, chapters 25-28, which are found in some editions, are not original, but have been copied from the chapters 11-14 of *A book about You*. Among the key points of Haanel's system are what he refers to as the laws of concentration, attraction, and harmonious thinking and action. Unique to the Master Key System is a set of exercises that accompany each chapter, and which are systematically building upon each other - they are what makes the Master Key System a system. Another important aspect of the Master Key System is the element of "Truth". The understanding of "Truth" is derived from the understanding that Spirit is all there is, and that it cannot be other than perfect. Truth provides readers/students with certainty, courage and determination to change their life for the better. In addition to the Master Key System, Haanel wrote several other books including *Mental Chemistry*, published in 1922, *The New*

Psychology, published in 1924, A Book about You, published in 1927, and The Amazing Secrets of the Yogi, co-authored with Victor Simon Perera and published in 1937.

The Master Key System - Original Edition - All Parts Included

This powerful, beautifully designed book includes a 21st century study guide filled with practices and exercises that will flood your conscious and subconscious mind, heart, and soul, with positive energy and life-enhancing ideas. The Master Key System, one of the finest studies in personal power, metaphysics, and prosperity consciousness, is possibly the greatest personal development book ever written. Among the first books to use the phrase Law of Attraction, which has become such a popular term today when referring to the most powerful force in the universe, The Master Key System, along with The Science of Getting Rich, was the source of Rhonda Byrne's inspiration for the book and film The Secret. Originally published in 1912 as a correspondence course, it teaches that everything around us was first just a thought. Using it as the sign of creative energy, thought becomes a powerful force that can turn any idea into a reality. In this deluxe edition and study guide, you will learn: How to use the power of thought to realize your dreams How to create abundance and wealth How to find happiness New Thought beliefs including The Law of Attraction Creative Visualization Ultimate principles, causes, effects, and laws that underlie success The Importance of truth and harmony How to unlock your potential It is rumored that while attending Harvard University, Bill Gates discovered The Master Key System. It was this very book that inspired him to drop out and pursue his dream of "a computer on every desktop."

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn how controlling your thoughts is the way to get what you want. You will also learn : why some people succeed and others don't; why complaining is a bad idea; how to be rich; techniques for regaining health; how to find love; how to overcome all difficulties. It is common to think that luck, work, heredity or social relationships are major factors in success. However, this is only partially true. In reality, the cause of everything that happens to you, good or bad, are your thoughts, and above all, what you do with them. This may sound like a strange concept, but effective thinking follows specific principles. Not knowing how it works is a handicap, whereas knowing how it works inevitably leads to success: you will achieve everything you wish for. For this, nothing could be simpler: follow the principles of the Law of Attraction. Are you ready to discover how to control your mind and make your dreams come true? *Buy now the summary of this book for the modest price of a cup of coffee!
