Reiki & chamanisme

Présentées par un spécialiste des deux traditions, les techniques du Reiki et les principes du chamanisme sont expliqués en des termes simples et concis, puis réunis à l'aide d'exemples vivants, pour montrer comment on peut pratiquer le Reiki dans un " voyage chamanique ". Apprenez comment guérir les gens, les lieux et les choses, que ce soit avec les mains ou à distance. Grâce à des exercices spécifiques, des références à d'autres livres et des sites Internet, les novices comme les praticiens expérimentés élargiront leurs connaissances et leur capacité d'aider les autres à purifier d'anciennes énergies et à favoriser leur élévation spirituelle.

Reiki Shamanism

Anyone with a rudimentary knowledge of either Reiki or shamanism will learn how to heal people, places, and things, whether at hand or from a distance, in this useful guide. Presented by an expert in both traditions, the techniques of Reiki and the principles of shamanism are explained in simple, concise terms, then brought together using real-life examples to show how Reiki can be practiced within the shamanic journey. Supported by mastery exercises, references to other books, and internet resources, both novices and experienced practitioners will expand their knowledge and ability to help subjects clear old energies and accelerate their "soul purpose."

The Expanding World Ayahuasca Diaspora

During its expansion from the Amazon jungle to Western societies, ayahuasca use has encountered different legal and cultural responses. Following on from the earlier edited collection, The Expanding World Ayahuasca Diaspora continues to explore how certain alternative global religious groups, shamanic tourism industries and recreational drug milieus grounded in the consumption of the traditionally Amazonian psychoactive drink ayahuasca embody various challenges associated with modern societies. Each contributor explores the symbolic effects of a "bureaucratization of enchantment" in religious practice, and the "sanitizing" of indigenous rituals for tourist markets. Chapters include

ethnographic investigations of ritual practice, transnational religious ideology, the politics of healing and the invention of tradition. Larger questions on the commodification of ayahuasca and the categories of sacred and profane are also addressed. Exploring classic and contemporary issues in social science and the humanities, this book provides rich material on the burgeoning expansion of ayahuasca use around the globe. As such, it will appeal to students and academics in religious studies, anthropology, sociology, psychology, cultural studies, biology, ecology, law and conservation.

The World Ayahuasca Diaspora

Ayahuasca is a psychoactive substance that has long been associated with indigenous Amazonian shamanic practices. The recent rise of the drink's visibility in the media and popular culture, and its rapidly advancing inroads into international awareness, mean that the field of ayahuasca is quickly expanding. This expansion brings with it legal problems, economic inequalities, new forms of ritual and belief, cultural misunderstandings, and other controversies and reinventions. In *The World Ayahuasca Diaspora*, leading scholars, including established academics and new voices in anthropology, religious studies, and law fuse case-study ethnographies with evaluations of relevant legal and anthropological knowledge. They explore how the substance has impacted indigenous communities, new urban religiosities, ritual healing, international drug policy, religious persecution, and recreational drug milieus. This unique book presents classic and contemporary issues in social science and the humanities, providing rich material on the burgeoning expansion of ayahuasca use around the globe.

Privatization

Beatriz Caiuby Labate and Clancy Cavnar offer an in-depth exploration of the spread of indigenous shamanic rituals of the Amazon to Western societies, looking at how indigenous, mestizo, and cosmopolitan cultures have engaged with and transformed these forest traditions.

Ayahuasca Shamanism in the Amazon and Beyond

In this delightful little volume, Honoré de Balzac, the renowned 19th century French novelist and playwright, takes readers on a short fantasy journey to the mystical island of Java where he - or rather the narrator - encounters a deadly poison-breathing tree, civilized monkeys, a love-sick sparrow, and the epitome of Oriental desirability of the day - the women of Java.

My Journey from Paris to Java

Jean Bottero, one of the world's leading figures in Ancient Near Eastern Studies, approaches the Bible as an astounding variety of documents that reveal much of their time of origin, historical events, and climates of thought.

Birth of God

The story of Santo Daime--a new religion that blends elements of Christianity with older Amazonian indigenous spiritual practices--and the ecologically sound and spiritually centered utopian community it has inspired - A true story of a classical spiritual encounter, as well as an intimate account of the genesis of an important religious tradition that continues to grow worldwide - Edited and Introduced by Stephen Larsen, author of "The Shaman's Doorway" Alex Polari de Alverga spent years as a political prisoner during the rule of the military junta in Brazil, enduring torture, brutality, and deprivation. On his release from captivity and in search of something to restore his spiritual connection to life, he had a transformative encounter with one of the two revered founders of Santo Daime, Padrinho Sebastiao Mota de Mela. Santo Daime--an Amazonian religion, born out of jungleentheogens, mediumship, and healing, that is a potent and unique synthesis of Christianity and indigenous practices--provided Alverga with an alternative to his disillusionment with modern society. His quest for spiritual initiation eventually led him deep into the heart of the rainforest to Mapia, one of the spiritual centers of Santo Daime, where he became a teacher and leader of the Daime community. "Forest of Visions" is a story of a classic spiritual encounter comparable to the Tibetan Saint Milarepa's search for his teacher Marpa. It is also an intimate account of the genesis of an important religious tradition that from modest beginnings in Brazil has now spread throughout the world and continues to grow. It provides an inside look at the spiritually centered village of Mapia, a model for communities in the 21st century.

Forest of Visions

A characteristic of Western medicine and surgery on the one hand and psychiatry and psychotherapy on the other has been, until very recently, the prevalence of the Cartesian dichotomy of mind and body. It has, of course, been known for centuries that each influences the other, but that knowledge has been largely ignored in practice. --

The Solution Lies Within

Bursting with puzzles, trivia and fascinating nuggets of information about one of the biggest stars on the planet, this book is the must-have purchase for any JB fan. Includes a sensational selection of picture pages and a gigantic (800mm x 530mm) poster of Justin Bieber to pin above your bed, stick to your ceiling or sprawl across your wall.

Dare to Be Wrong

This is a fascinating compilation of medical, psychological and sociological papers on the spread of ayahuasca use...in Brazil and in several European countries (Germany, France, Italy, Spain, Netherlands), as well as the USA....highly recommended for serious students of this subject. - Ralph Metzner, Ph.D, psychologist and author of Sacred Vine of Spirits: Ayahuasca *** ...provides reliable information that has never before appeared in print, ranging from the rain forests of the Amazon to the churches in Western Europe....like it or not, ayahuasca has left the jungle and is here to stay! Read this book and you will understand the importance of its arrival on the global scene. - Dr. Stanley Krippner, Ph.D., Alan Watts Professor of Psychology, Saybrook U. *** ...a detailed consideration of the legal situation of ayahuasca...as well as a multidisciplinary assessment of the health implications of its use...a must-read for anyone attempting to understand the global implications of ayahuasca today. ~ Dr. Michael Winkelman, M.P.H., Ph.D., author of Shamanism: A Biopsychosocial Paradigm of Consciousness and Healing (Series: Performances: Intercultural Studies on Ritual, Play and Theatre - Performanzen: Interkulturelle Studien zu Ritual, Spiel und Theater - Vol. 16)

Justin Bieber

An insider's experience and personal transformation with ayahuasca and the religious philosophy surrounding it • An intimate account of the genesis of the Santo Daime tradition • Edited and introduced by Stephen Larsen, author of The Shaman's Doorway In search of something to restore his spiritual connection to life after his release from captivity as a political prisoner in Brazil, Alex Polari de Alverga had a transformative encounter with Padrinho Sebastiao Mota de Mela, one of the two revered founders of Santo Daime. A potent synthesis of Christianity and indigenous Amazonian practices of entheogen use, mediumship, and healing, the Santo Daime church provided Alverga with an alternative to his disillusionment with modern society. His quest for spiritual initiation eventually led him deep into the heart of the rain forest to Mapiá, one of the spiritual centers of Santo Daime, where he became a teacher and leader of the Daime community. The Religion of Ayahuasca is a story of a classic spiritual encounter comparable to the Tibetan Saint Milarepa's search for his teacher Marpa. It is also an intimate account of the genesis of an important religious tradition from its modest beginnings in Brazil to its growth throughout the world, offering an inside look at the spiritually centered village of Mapiá--a model for communities in the 21st century--and at the religious leader who helped create it. Providing insight into the spiritual path the Daime offers, Alverga's tale reveals the new depths of Being made available through the sacred use of ayahuasca.

The Internationalization of Ayahuasca

New Era - New Religions examines new forms of religion in Brazil. The largest and most vibrant country in Latin America, Brazil is home to some of the world's fastest growing religious movements and has enthusiastically greeted home-grown new religions and imported spiritual movements and new age organizations. In Brazil and beyond, these novel religious phenomena are reshaping contemporary understandings of religion and what it means to be religious. To better understand the changing face of twenty-first-century religion, New Era - New Religions situates the rise of new era religiosity within the broader context of late-modern society and its ongoing transformation.

The Religion of Ayahuasca

Lonely Planet Georgia, Armenia & Azerbaijan is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Wander the historic winding lanes of

Old Town, Georgia, slow down in Azerbaijan at an outdoor cafe, and take in the views at Armenia's mountaintop monasteries.

New Era - New Religions

The last two decades have seen a broad expansion of the ayahuasca religions, and it has also witnessed, especially since the millennium, an explosion of studies into the spiritual uses of ayahuasca. Ayahuasca Religions grew out of the need for an ordering of the profusion of titles related to this subject that are now appearing. This publication offers a map of the global production of literature on this theme. Three researchers located in different cities (Beatriz Caiuby Labate in São Paulo, Rafael Guimarães dos Santos in Barcelona, and Isabel Santana de Rose in Florianapolis, Brazil) worked in a virtual research group for a year to compile a list of bibliographical references on Santo Daime, Barquinha, UDV and urban ayahuasqueiros, including the specialized academic literature as well as esoteric and experiential writings produced by participants of these churches. Ayahuasca Religions presents the results of that collaboration. Ayahuasca Religions includes two essays commenting on aspects of the bibliography. The first presents a profile of these religious groups, including their history and expansion, and a general assessment of the principal characteristics, tendencies, and perspectives evident in the literature about them. The second essay summarizes the most important studies of human subjects in the context of Santo Daime, Unio do Vegetal and Barquinha, evaluating their results, contributions, and limitations. The essay also offers some preliminary anthropological reflections on biomedical research of ayahuasca.

Lonely Planet Georgia, Armenia & Azerbaijan

Offering a significant contribution to the emerging field of 'Non-Religion Studies', Religion and Non-Religion among Australian Aboriginal Peoples draws on Australian 2011 Census statistics to ask whether the Indigenous Australian population, like the wider Australian society, is becoming increasingly secularised or whether there are other explanations for the surprisingly high percentage of Aboriginal people in Australia who state that they have 'no religion'. Contributors from a range of disciplines consider three central questions: How do Aboriginal Australians understand or interpret what Westerners have called 'religion'? Do Aboriginal Australians distinguish being 'religious' from being 'non-religious'? How have modernity and Christianity affected Indigenous understandings of 'religion'? These questions re-focus Western-dominated concerns with the decline or revival of religion, by incorporating how Indigenous Australians have responded to modernity, how modernity has affected Indigenous peoples' religious behaviours and perceptions, and how variations of response can be found in rural and urban contexts.

Ayahuasca Religions

A family pulled apart as tradition meets the changing values and politics of the 20th century. Count Dukay's castles and thousands of acres aren't enough to stem the tides of Nazism, fascism and communism while his sons and daughters are forced to find their way in the strange new world. Historically accurate, filled with universal truths, written with a European flair, The Dukays documents that critical moment in history when power changes hands.

Religion and Non-Religion among Australian Aboriginal Peoples

This book addresses the use and regulation of traditional drugs such as peyote, ayahuasca, coca leaf, cannabis, khat and *Salvia divinorum*. The uses of these substances can often be found at the intersection of diverse areas of life, including politics, medicine, shamanism, religion, aesthetics, knowledge transmission, socialization, and celebration. The collection analyzes how some of these psychoactive plants have been progressively incorporated and regulated in developed Western societies by both national legislation and by the United Nations Drug Conventions. It focuses mainly, but not only, on the debates in court cases around the world involving the claim of religious use and the legal definitions of "religion." It further touches upon issues of human rights and cognitive liberty as they relate to the consumption of drugs. While this collection emphasizes certain uses of psychoactive substances in different cultures and historical periods, it is also useful for thinking about the consumption of drugs in general in contemporary societies. The cultural and informal controls discussed here represent alternatives to the current merely prohibitionist policies, which are linked to the spread of illicit and violent markets. By addressing the disputes involved in the regulation of traditional drug use, this volume reflects on notions such as origin, place, authenticity, and tradition, thereby relating drug policy to broader social science debates.

The Dukays

This innovative collection examines the transnational movements, effects, and transformations of religion in the contemporary world, offering a fresh perspective on the interrelation between globalization and religion. Transnational Transcendence challenges some widely accepted ideas about this relationship—in particular, that globalization can be understood solely as an economic phenomenon and that its religious manifestations are secondary. The book points out that religion's role remains understudied and undertheorized as an element in debates about globalization, and it raises questions about how and why certain forms of religious practice and intersubjectivity succeed as they cross national and cultural boundaries. Framed by Thomas J. Csordas's introduction, this timely volume both urges further development of a theory of religion and globalization and constitutes an important step toward that theory.

Prohibition, Religious Freedom, and Human Rights: Regulating Traditional Drug Use

Introduces the Brazilian new religion and treats it in relation to ongoing developments influencing the status, nature and future of religion in the modern world.

Transnational Transcendence

This book presents a series of perspectives on the therapeutic potential of the ritual and clinical use of the Amazonian hallucinogenic brew ayahuasca in the treatment and management of various diseases and ailments, especially its role in psychological well-being and substance dependence. Biomedical and anthropological data on the use of ayahuasca for treating depression, PTSD, and substance dependence in different settings, such as indigenous contexts, neo-shamanic rituals, contemporary therapeutic circles, and in ayahuasca religions, in both South and North America, are presented and critiqued. Though multiple anecdotal reports on the therapeutic use of ayahuasca exist, there has been no systematic and dense reflection on the topic thus far. The book brings the therapeutic use of ayahuasca to a new level of public examination and academic debate. The texts in this volume stimulate discussion on methodological, ethical, and political aspects of research and will enhance the development of this emergent field of studies.

La grande flore en couleurs de Gaston Bonnier

Shamanism, Discourse, Modernity considers indigenous peoples' struggles for human rights, anxieties about anthropocentric mastery of nature, neoliberal statecraft, and entrepreneurialism of the self. The book focuses on four domains - shamanism, indigenism, environmentalism and neoliberalism - in terms of interrelated historical processes and overlapping discourses. In doing so, it engages with shamanism's manifold meanings in a world increasingly sensitive to indigenous peoples' practices of territoriality, increasingly concerned about humans' integral relationship with natural environments, and increasingly encouraged and coerced to adjust self-conduct to comport with and augment government conduct.

Santo Daime

The Ayahuasca Reader is an expansive anthology of texts translated from several different languages covering multiple aspects of the ayahuasca experience. The book is a classic in ayahuasca literature and a must read for those interested in learning more about this sacred plant medicine.

The Therapeutic Use of Ayahuasca

The Diaspora of Brazilian Religions explores the global spread of religions originating in Brazil. Through ethnographically-rich case studies throughout the world, the book examines the circulation and consumption of Brazilian Christianities, African-based religion, and diverse expressions of New Age Spiritism and Ayahuasca-centered neo-shamanism.

Shamanism, Discourse, Modernity

This collection of 10 contributed essays is the first to explicitly address the question of ritual efficacy. The authors do not aspire to answer the question 'how do rituals work?' in a simplistic fashion, but rather to show how complex the question is. While some contributors do indeed advance a particular theory of ritual efficacy, others ask whether the question makes any sense at all, and most show how complex it is by referring to the sociocultural environment in which it is posed, since the answer depends on who is asking the question, and what criteria they use to evaluate the efficacy of ritual.

Ayahuasca Reader

"Presents essays and articles exploring the history, use, and benefits of psychedelics from the international conference of the same name"--

The Diaspora of Brazilian Religions

Aru Kuxipa expresses the vision and dream of the Brazilian artist Ernesto Neto and the Amazonian artists, plant masters, and pajés (shamans) of the thirty-seven Jordão Huni Kuin communities to co-create a place of transformation, a zone of encounter and expression, and a site of healing away from their ancestral lands. Includes documentation of the exhibition at TBA21-Augarten, Vienna, June 25 through October 25, 2015.

Soap for Body and Soul

Since ancient times, every culture has devised cleansing rituals for the body. Soap, our most enduring hygienic product, has evolved in modern times into a luxurious combination of ingredients ranging from essential oils to goat's milk. In this lavishly illustrated gift book, soap aficionados Lisl and Landt Dennis lead readers through the product's fascinating 2,500-year history, from the ancient Roman's obsession with their daily bath to the modern-day French soap makers who craft the superb olive oil-based Savon de Marseilles. Soap: For Body and Soul provides information about selecting the best soaps and takes the modern consumer on a tour of wonderful varieties from around the globe. Practical information about washing with soap is provided, along with insider advice from spa specialists and dermatologists about selecting soap appropriate to your skin type and complexion. A useful lexicon of soap terminology demystifies soap products and their many ingredients. Accompanying the text are vibrant photographs showcasing artistic, and often fancifully packaged, cleverly molded, and handmade soaps. Whether you want to soothe your body and soul with a rejuvenating washing and bathing ritual or pamper your house guests with an irresistible selection of fine soaps, this book is the indispensable guide that teaches you everything you need to know.-- Features a comprehensive history of soap showcasing the finest handmade and molded soaps from around the world-- Offers advice from spa experts and dermatologists about choosing and using the soap that's right for your skin-- Includes a resource guide of the best sources for soaps and related bath accessories

Soap & Soul: A Practical Guide to Minding Your Home, Your Body, and Your Spirit with Dr. Bronner's Magic Soaps

Going Green blogger Lisa Bronner shares her eco-friendly, non-toxic solutions for cleaning and caring for body, home, and beyond. Clean body, clean home, clean spirit! This philosophy is the inspiration that Lisa Bronner—granddaughter of Dr. Emanuel Bronner—carries with her as a mother, homeowner, and company spokesperson for Dr. Bronner's. Since the company was founded more than 75 years ago, it has been a trailblazer in the natural cleaning community thanks to its quality products and strong dedication to care for consumers and the planet. Now Soap & Soul imparts the secrets you'll want for cleaning your home, body, and mind the Dr. Bronner's way. For the reader learning how to go green as well as the loyal Dr. Bronner's fans, this book is an invaluable resource. Lisa is at the ready to answer any question, from navigating labels and ingredients to understanding how your soaps and fabric softeners work. Organized by room and including charming line illustrations, this book is a recipe for a clean and happy home.

Body & Soul

Illness affects us all; we are called on to support and care for loved ones who face health challenges, and in turn, we encounter our own physical and emotional frailties when our health declines. *Body & Soul* features inspiring and award-winning fiction, essays, memoirs, poetry, photography, and visual art on the universal themes of wellness, treatment, and healing. Told from the points of view of patients, practitioners, caregivers, families, and friends, *Body & Soul* provides a powerful literary perspective on how we are challenged, bewildered, changed, and uplifted by our encounters with change, illness, and disease. Readers will appreciate the richness, depth, and diversity of these healing stories and will become motivated to generate and share their own transformative narratives. Together with the online discussion guide (providing questions relating to selected pieces in the anthology), *Body & Soul* is an ideal text for courses and support groups as well as individual reflection. Students and practitioners from all clinical disciplines and scholars in the humanities and social sciences will find this text invaluable.

Simple Herbal & Aromatherapy Recipes for your Body, Mind & Soul is a easy and delightful way to turn common household items into lavish natural health and beauty products. Everyone can use these fun recipes to look and feel better in just a matter of minutes. Bath salts, herbal soaps, synergy blends, salves and lip balms are a few of the easy recipes included. Use the recipes in this book to create pleasure for all your senses from the nose to the toes.

Simple Herbal & Aromatherapy Recipes for your Body, Mind & Soul

A Study Guide for Frank Conroy's "Body and Soul," excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust *Novels for Students* for all of your research needs.

A Study Guide for Frank Conroy's Body and Soul

The ever-popular "Whedonverse" television shows--*Buffy the Vampire Slayer*, *Angel*, *Firefly* and *Dollhouse*--have inspired hundreds of articles and dozens of books. Curiously, the focus of much of the scholarship invokes philosophical, ethical, metaphysical and other cerebral perspectives. Yet, these shows are action-adventure shows, telling stories through physical bodies of many varied and unique forms. Characters fight and die, suffer grave injuries and traumas, and are physically transformed. Their bodies bear the brunt of their battles against evil, corruption and injustice. Through 17 insightful and captivating essays, this collection centers the physical spectacle of these televisual series. Chapters examine how both disabled and super-powered individuals navigate their differing levels of ability; how the practice of medicine and medical practitioners are represented; and how wellness is understood and depicted, both physically and mentally. Other essays focus on storylines involving specific body parts, the intersection of literal and metaphorical trauma and the processes of recovery from injury, illness and impairment. Each author offers a unique and thought-provoking analysis in an area previously under-explored or altogether missing from existing scholarship on the Whedonverse.

Body and Soul

This book is not a replacement for *yoga* or *The Zone*; it is a companion – a reminder that hard work and determination really do pay off, and that our bodies are gifts to be cared for and treasured through exercise and healthy living.

Body and Soul

Alongside extensive, thought provoking, and lively analysis of some of the most popular jazz and blues songs of the 20th century, this text contains new work on blackface minstrelsy in early sound movies, racial representation and censorship, torch singers and torch songs, the Hollywood Left, and hot jazz.

Blood, Body and Soul

Body and Soul explores the work of Robert Aldrich, a producer and director responsible for several notable films, including *The Flight of the Phoenix*, *The Dirty Dozen*, *Too Late the Hero*, *The Longest Yard* and *Whatever Happened to Baby Jane?* Author Tony Williams examines the relationship of Aldrich's films to the Cultural Front movement of the 1930s as well as to the blacklist of the 1950s. He also delineates Aldrich's attempts to follow the progressive ideals of such mentors as Jean Renoir, Lewis

Milestone, and Charlie Chaplin. From the noir classic *Kiss Me Deadly* to the controversial thriller *Twilight's Last Gleaming*, *Body and Soul* focuses on the dilemmas--both personal and political--that affect individuals in all of Aldrich's films.

Chicken Soup to Inspire the Body and Soul

This breakthrough book covers the head-to-toe, outside-inside health needs of today's 10- to 21-year-olds. Written by experts in adolescent medicine and parent-child relationships, this comprehensive reference gives no-nonsense, straightforward guidance on how to talk with teens in a way that will help them take charge of their own health. Andrea Marks, M.D., and Betty Rothbart, M.S.W., take a unique approach -- they focus on the interplay of physical, mental, emotional, and social issues that make these years such a challenging time. They show how physical health concerns must be considered within the context of the three main goals of adolescence: • gaining independence • clarifying sexual identity • Finding a realistic, satisfying place in society Combining authoritative information with sound advice on communicating with teens, who really do want and need their parents' help (even though at times it may seem otherwise), *Healthy Teens, Body and Soul* will teach parents how to open the lines of communication that will result in healthier, happier teens (and parents!).

In the late 1980s Wacquant, a white, French-born, French and American sociology graduate student, entered the Woodlawn gym on 63rd Street in Chicago and began training as a boxer. This text invites us to follow Wacquant's immersion into the everyday world of Chicago's boxers.

Mind, Body & Soul

In *Torn Body, One Soul*, four Palestinian writers—sons and daughters of a Palestinian people torn apart—tell their own tales of their predicament, estrangement, and marginalization, their expectations and visions in a new, magnified voice, first to their people, then to their nation, and to a wider English-speaking public. The seventh book in a series of volumes on Palestinian authors, this collection of short stories, translated and edited by Jamal Assadi, contains works of writers hailing from different regions in Palestine and abroad. Through their stories, authors Gharib Asqalani, Huzama Habayeb, Akram Haniyya, and Mahmoud Shukair depict a faithful picture of the various aspects of life in both Palestine and the Diaspora. Their narratives defy taboos, battle oppression, break open locked gates, and speak their truth. Ranging from grave to light and humorous to sensual and remarkable, the stories in *Torn Body, One Soul* come from a diverse core of perspective, gender, and geographic location but provide insight into and a fragrance of a different civilization.

The Complete Guide to Creating Oils, Soaps, Creams, and Herbal Gels for Your Mind and Body

Relationships may be understood as the contact that emerges from observable social roles underpinned by inter-personal attitudes. Using transactional analysis and other approaches, this book presents a series of models based on an analysis of the relationships that are created when contact between people links imagos and roles to confirm existential life positions. Because the models provide a meta-level framework for understanding and influencing any sequence of interaction, irrespective of setting or TA specialism, they give ample scope for practitioners to exercise widely differing preferences, techniques and strategies for interacting with clients in ways that encompass a transpersonal or a spiritual view of relationships.

Body and Soul

"What if I told you there was an alternative to store-bought bath products -specifically bath bombs, body butter and body scrub? That these alternatives are not only less expensive but also healthier for you and your family? And what if you could make these products right now with the items you probably already have in your kitchen pantry? Would you be interested? If you thought that Bath Bombs, Body Butter, & Body Scrub are self-indulgences beyond your budget, then this book was written for you. Learn the secrets of creating effective organic bath products, safe from harsh synthetic ingredients - the secrets commercial manufacturers don't want you to know. Discover how to keep your entire family safe from these ingredients and in fact boost their health with the amazingly active ingredients in these customized products like essential oils, for starters. This book reveals the general "formula" for making

bath bombs, body butter as body scrub that allows you to substitute customized recipes that are tailored to your special needs."--Back cover.

Body/Brain - Soul/Mind

Anita Roddick admits that she knew nothing about business when, at 33, she opened her first Body Shop in Brighton with a bank loan of u4000. Now there are 570 Body Shops in 37 different countries and there will be 1000 before the next century. This book describes the way in which she has achieved this success. Turning conventional business wisdom on its head, the Body Shop spends no money on advertising or designing expensive packaging, but invests time, money and manpower on a range of vital humanist and environmental issues. It has also set up highly successful industries in threatened areas of the Third World - and quite literally, saved whole communities."

Chicken Soup for the Soul: Say Hello to a Better Body!

William Roache has been an actor on Britain's best-loved soap opera, Coronation Street, for over 50 years – making him the world's longest-serving soap star. As a young actor William auditioned for a TV drama that was likely to be running for only a few weeks. Now, almost 50 years later, he is the only original cast member and the soap's success has established him as a household name. Over the course of that time, William's character Ken Barlow has been married four times, twice to Deirdre, and had a series of tumultuous affairs. This gripping autobiography will appeal to fans of 'The Street' and is an exciting insight into the spiritual influences that have shaped this much-loved actor. It will make inspiring reading for anyone interested in personal development.

Body & Soul

Women who feel themselves being stretched and pulled to the limit and longing for a quiet moment of renewal will discover lasting refreshment in this inspiring guide to an inner spa experience. The clean and contemporary design echoes the life-transforming thoughts and practical suggestions from Janie Seltzer, "poet of the spiritual life." This spa-experience-in-a-book encourages women to attend to their souls and drink deeply from God's renewing Word to discover eternal beauty, pleasure, and cleansing. Poems that inspire deep reflection, thoughts about living life in God's presence, and practical hints for self-care allow women to create their own retreats in the midst of everyday life—retreats of reading, thinking, praying, and reflecting. From getting a good night's sleep to clearing the clutter of life to indulging in moments of meditation, every weary woman will appreciate this unique guide to pampering—and transforming—the heart and spirit.

Torn Body, One Soul

Shows you how to create a home spa and refresh your body and soul with ancient rituals of the bath revitalized with contemporary treatments for health and well-being.

Mind, Body, Soul and Spirit in Transactional Analysis

A new collection of stories by the acclaimed Ludmila Ulitskaya, masterfully translated into English "[A] magnificent collection . . . [by] a writer of boundless tenderness."—Geneviève Brisac, *Le Monde* "Centrifugal, pensive, often elusive stories by one of the greatest living Russian writers (and leading anti-Putinist). . . . The stories are marvels of economy and the unexpected twist, each a memorable tour de force. . . . A welcome introduction to the short fiction of an essential writer."—Kirkus Reviews (starred review) While we can feel, know, and study the body, the soul refuses definition. Where does it begin and end? What does the soul have to do with love? Does it exist at all, and if so, does it outlast the body? Or are the soul and body really one and the same? These are questions posed by the characters who inhabit this book of stories by the award-winning Russian writer Ludmila Ulitskaya. A woman believes that the best way to control her life is to control her death. A landscape photographer wonders if the beauty he has witnessed can triumph over decay. A coroner dedicated to science is confronted by a startling physical anomaly, a lonely widow experiences an extraordinary transformation, a woman whose life is devoted to language finds words slipping away from her. In these eleven stories, artfully rendered into English by Richard Pevear and Larissa Volokhonsky, Ulitskaya maps the edges of our lives, tracing a delicate geography of the soul.

Organic Bath & Body

What does it mean to say that a human being is body and soul, and how does each affect the other? Late antique philosophers, Christians included, asked these central questions. The papers collected here explore their answers, and use those answers to ask further questions, reading Iamblichus, Porphyry, Augustine and others in their social and intellectual context. Among the topics dealt with are the following. Humans are mortal rational beings, so how does the mortal body affect the rational soul? The body needs food: what foods are best for the soul, and is it right to eat animal foods if animals are less rational than humans? The body is gendered for reproduction: are reason and the soul also gendered? Ascetic lifestyles may free our bodies from the limitations of gender and desire, so that our souls are free to reconnect with the divine; but this need must be balanced with the claims of family and society. Philosophers asked whether life in the body is exile for the soul; Christians defended their claim that body as well as soul would live after death, and even the smallest fragment of a martyr's body is proof of resurrection.

Body and Soul

The Amazing success story of Anita Roddick and The Body Shop.

Soul on the Street

Discover how to heal emotional wounds on the cellular level and become more spiritually aware in this mix of spiritual guide and travel memoir. Psychiatrist Judith E. Pentz, MD, travels to Nagpur, India, to study 5,000-year-old Ayurvedic Panchakarma detoxification and rejuvenation therapy in a quest to provide enhanced holistic wellness treatment for her patients. Part travel memoir and part spiritual guide, *Cleanse Your Body and Reveal Your Soul* is one woman's transformative quest with Ayurvedic Panchakarma (a fivefold detoxification treatment involving massage, herbal therapy and other procedures) and the profound shifts that led to some sustainable, substantial life changes. Dissatisfied with a mainstream psychiatric practice, Dr Pentz heads to India, where she undergoes an ancient, rejuvenating cleanse. Dr Pentz's narrative offers a compassionate and compelling path for Western audiences and the Ayurveda-curious. Complete with healing oils, Ayurvedic daily rituals and yoga poses, she supplements her journey with tips about preventive lifestyle changes that promote sustainable wellbeing. Inside, find definitions, quizzes and wisdom, as well as chapters like: Cellular Shift: the science behind Panchakarma and cellular change Food As Medicine: tips about one of the central tenets of Ayurveda, food is healing, and maintaining an Ayurvedic diet The Dish on Doshas: facts that illuminate concepts around the three doshas? vata, pitta, kapha? your constitutional and functional intelligence Praise for *Cleanse Your Body, Reveal Your Soul* "Combining ancient wisdom with stories from her own deeply personal journey toward healing, Dr. Pentz skillfully guides the reader through an immersive eight-day program of cleansing, meditation, and massage that will enhance physical, emotional, and spiritual well-being. Strongly recommended." —James Lake, MD, integrative psychiatrist, author "Judith is a wise and kindred spirit who will take you on a journey to your most ground, most spiritually aware self. This book has all the science and all the soul you'll need to restore a sustainable sense of self-care in your life." —Joan Borysenko, PhD, New York Times—bestselling author of *Minding the Body, Mending the Mind*

The International Good Templar

I pray this book of Gods Heavens Treasure Within blesses your socks off the way it has done for me as I wrote the Words from Gods treasures of wisdom. Its designed to give healing to the broken hearts of this world and to save us by grace. No matter what occurs around your surroundings, at this very moment, I recommend Jesus for all of your shortcomings. He has all the answers to your unanswered questions. Hes waiting on you to come to him on bended knees with thanksgiving. He has answers for his children through their power of praises and their faithful prayers. His love is sufficient for you and me today. Today, let Jesus loves you the way the sunshine shines upon the lilies of the fields. Gods love for us is an unconditional love; no height or depth can separate his marvelous loving arms from reaching deep down in our inner spirit to give us hope for tomorrow. David danced before God with all his might, and God was delighted of Davids praises. David became the apple of Gods eyes, and there, we need to be pleasing in the eyes of our Lord: May this book richly bless you and your family on a journey of Gods divine love of inspirational poems!

Spa Treatments for Your Body and Soul

The sights and sounds of the Yoruba cosmos are made manifest through the pervasive use of beads. This spectacular book represents a collaboration between art historian Henry John Drewal and Yoruba priest John Mason. From the forests of Africa a thousand years ago to the bustling cities of New York, Havana, and Salvador, today, Yoruba religion has used beads to convey the artistic spirit and deep connection to the other world that its practitioners feel. This illustrated volume traces the history of the beads, their use, and Yoruba aesthetics and artistry. .
