Fail Harder

FAIL Harder follows the hilarious best-seller Fail Nation to showcase 200 original full-color photos of world-wide FAILS based on the popular website failblog.org, the most visited member of the Cheezburger Network. So what qualifies as a FAIL? How about a nursery outfitted with a gun rack hanging over the baby's crib? Perhaps the equation, "E=MC3" written on a classroom's write/erase board. What about a trifecta of beauty parlor, chain saw repair, and nightclub housed inside an all-in-one-stop shop? Classic FAILs like these are presented in more than 15 different categories, including At Home, In A Relationship, On the Job, and With Your Pets. If you must FAIL, FAIL Harder.

Text Fails and Memes

Can you stand laughing so hard till you fall over? Yes, there you have it: the funniest text fails that get you crying and laughing. Technology has produced different segments of innovation over the last many years. And part of these so-called innovations is the darker part of it; text fails. If you have been a victim of text fails and didn't find them annoying, you would find it funny, yes. From superfast emails to group reply buttons, it just never gets old. And what we all fear the most is the autocorrect features that we carry on our Smartphones! What matters is who is texting and who is receiving the message. Text fails are mostly unaware situations, so it's funny how the texter and the textee react to it. Yeah, so the text fails you enjoy are sent innocently by unaware texters. And the best part: the internet offers so many of them on a platter of gold. Sit back and enjoy these hilarious autocorrect text fails. They don't know you, your contact address, or phone number, so feel free to give any reactions you like!

Alexander: My half brother is 6'3 Daniel: Christ, imagine if he were a full brother Laughing is the best medicine. Ready to laugh your ass off, are you? If you are looking for a book that makes you cringe, laugh, and unbelievably shake your head, this 's it! Smartphones have eternally changed our lives. At the speed of light, we can now text, and our phones can even guess what we intend to say. Or can they? Everyone's text crashes, and fortunately, we can now shoot these autocorrect wisdom pearls! Sometimes you're the one who sent a text fail, and now you're praying to God that you don't end up in one of these collections. But we're not discriminating! Here you'll find the epic text, and the autocorrect failed sent by everybody, from tech-challenged parents, confused boyfriends and girlfriends, and unsuspecting colleagues! No one here is secure (and they're all laughing)! Here's what's inside: Inability of a parent to make you want to weep and laugh at the same Autocorrect fails: it's DEFINITELY NOT what I intended. All those misguided texts fail that was meant for someone else More than 100 pages of pure, unadulterated text fall fun! A text message sent under the influence of alcohol A smart technique text that will get you a date Sarcastic text messages Funny savaged text messages Creating and delivering a funny joke is an innate ability humans have, although some chose not to explore those natural skills. A good joke can be created by just telling an honest story about your life. As the cliché goes, "be yourself." Don't be scared of making yourself fun sometimes. Life wasn't made to annoy people. Only sit quietly and let your mind flow. Start taking a conversation with friends and begin to speak. You'll be surprised; the jokes will only roll out of your mouth. At the end of the book, you too will be able to answer this way: "Mery: what's your name? Max: fine thanks!" If you're looking to spend hours and hours laughing like never before, get your copy right now! It's a book you should share with your friends and family to have some fun together.

Post Memes

Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, trololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticals alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. POST MEMES:

SEIZING THE MEMES OF PRODUCTION takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a new kind of writing about the newest manifestations of the written online. The book aims to become the go-to resource for all students and scholars of memes, and will be of the utmost interest to anyone interested in the internet's most viral phenomenon. ABOUT THE EDITORS ALFIE BOWN is the author of several books including "The Playstation Dreamworld" (Polity, 2017) and "In the Event of Laughter: Psychoanalysis, Literature and Comedy" (Bloomsbury, 2018). He is also a journalist for the Guardian, the Paris Review, and other outlets. DAN BRISTOW is a recovering academic, a bookseller, and author of "Joyce and Lacan: Reading, Writing, and Psychoanalysis" (Routledge, 2016) and "2001: A Space Odyssey and Lacanian Psychoanalytic Theory" (Palgrave, 2017).
