Embraced by the Light

#1 NEW YORK TIMES BESTSELLER • The groundbreaking account of life after death that has become a source of comfort, inspiration, and solace to millions “I felt a surge of energy, and my spirit was suddenly drawn through my chest and pulled upward. My first impression is that I was free. . . .” On the night of November 19, 1973, following surgery, thirty-one-year-old wife and mother Betty J. Eadie died. This is her extraordinary story of the events that followed, her astonishing proof of life after physical death. She saw more, perhaps than any other person has seen before and shares her almost photographic recollections of the remarkable details. Compelling, inspiring, and infinitely reassuring, her vivid account gives us a glimpse of the peace and unconditional love that awaits us all. More important, Betty's journey offers a simple message that can transform our lives today, showing us our purpose and guiding us to live the way we were meant to—joyously, abundantly, and with love. Praise for Embraced by the Light “The most detailed and spellbinding near-death experience I have ever heard.”—Kimberly Clark-Sharp, president, Seattle International Association of Near-Death Studies

Embraced by the Light and the Bible

Betty Eadie's description of her near-death experience (NDE) is allegedly a glimpse into the "world beyond" where she "met" Jesus Christ and learned the answers to the deepest questions of life. But some questions still remain ...

Into the Light

Dr. Lerma has devoted his career to compiling anecdotal and scientific research on pre-death hallucinations from countless terminally ill patients. This groundbreaking book shares 16 inspirational stories of children and adults confronting their deaths through the comforting visions of divine beings.

The Near-Death Experience

The Near Death Experience: A Reader is the most comprehensive collection of NDE cases and interpretations ever assembled. This book encompasses a broad range of disciplines: psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena; the biological perspective describes how brains near death may produce soothing endorphins, optical illusions, and convincing hallucinations. Philosophers present empirical analyses and images in archetypal theories, and the symbolic language of comparative phenomenological theories. Christian, Jewish and Mormon responses to NDEs outline the religious perspective, and the mystical and spiritual interpretations of NDEs are also explored.

Return from Tomorrow

At the age of twenty, George Ritchie died in an Army hospital. Nine minutes later, he returned to life. What happened to him during those minutes was so compelling that it changed his life forever. In Return from Tomorrow, Ritchie tells of his transforming encounter with the Son of God, who led him to encounters with other nonphysical beings at the very doorway of eternity. Ritchie's extraordinary experience not only altered his view of eternity, but it has also altered the lives of hundreds of thousands of readers. One of the most startling and hopeful descriptions of the realm beyond, this classic will inspire readers from all walks of life. It includes a brand-new preface from Elizabeth Sherrill.

Deceived by the Light

Can we really know what waits for us in the afterlife? Deceived by the Light... affirms that the Bible alone reveals all we need to know about life, death, and eternity. In the fascinating, mystical world of near death experiences, Betty Eadie's testimony is most extraordinary. In her widely read bestseller Embraced by the Light, she claims she met and conversed with the Lord Jesus Christ and received amazing revelations about spiritual progression, death, and the afterlife. Was Eadie's experience for real? And what about the many other near death testimonies that speak of visits to heaven or hell - are they credible? Should we believe their messages? Doug Groothuis, a well respected expert on new religious movements, takes us to the clear teaching of Scripture for some surprising answers. Along

the way he clearly addresses the fears and questions many people have about death and what comes after.

The Soul's Remembrance

Books about near-death experiences share what happens after death. This extraordinary personal account of life in the spirit world before physical birth--the pre-birth existence--reveals what happens before we are born. Folksy and profound, this guide will answer age-old questions, and change the way people view their own lives.

Learning from the Light

My mother-in-law proved to me that there is an afterlife AFTER she died. That knowledge turned out to be the tip of an iceberg. Your Soul Focus is a spiritual book written in a practical way. It unfolds my journey and what I've learned through my relatives on the other side, chapter by chapter, containing personal stories and anecdotes applicable to daily life. After understanding that the afterlife is existent, I learned how intricate and extensive our souls and our journeys are. It's fascinating! The information that I've accumulated and conveyed has a clear and deep benefit to others during their times of need, grief or curiosity, and Your Soul Focus will pass that knowledge to you. - Annette Marinaccio

Your Soul Focus

A doctor's account of her own experience of death, heaven and return to life with a new realization of her purpose on earth. Dr Mary Neal, an orthopaedic surgeon, was on a kayaking holiday in Chile. Sceptical of near death experiences, she was to have her life transformed when her kayak became wedged in rocks at the bottom of a waterfall and was underwater for so long that her heart stopped. To Heaven And Back is Mary's faith-enriching story of her spiritual journey, her first-hand experience of heaven and its continuing life-enhancing effects.

To Heaven and Back

Shows how to remove the fear of dying by replacing popular conceptions with an understanding of the psychological process of giving up form

Living Your Dying

In 2004, bad boy Billy Fingers Cohen, a homeless small-time drug dealer and addict in a state of drug induced euphoria ran into a busy intersection and was killed instantly by a speeding automobile. He left behind a grieving sister. For weeks she struggled with grief and tried to make sense of Billy's seemingly wasted life and tragic death. A few weeks after his death, William Cohen, aka Billy Fingers, woke his sister Annie at dawn. 'I'm drifting weightlessly through these glorious stars and galaxies and I feel a Divine Presence, a kind, loving beneficent presence, twinkling all around me.' Billy's ongoing after-death communications take his sister on an unprecedented journey into the bliss and wonder of life beyond death. Billy's profound, detailed description of the mystical realms he traverses, the Beings of Light that await him, and the wisdom he receives take the reader beyond the near-death experience. Billy is, indeed, as Dr. Raymond Moody points out in his foreword, explaining the phenomena we've known about since ancient times, an afterworld walker. A fascinating page-turner filled with wisdom, humour and hope, The Afterlife of Billy Fingers, will forever change your views about life, death and the hereafter. If I could give you a gift it would be to find the glory inside yourself, beyond the roles and the drama, so you can dance the dance of the game of life with a little more rhythm, a little more abandon, a little more shaking-those-hips.

The Afterlife of Billy Fingers

The Boy Who Came Back from Heaven

You existed before your human experience, and you will exist after. Drawing from his unique pre-birth memories, Christian Sundberg provides an encouraging framework for understanding the nature of the human experience within the larger spiritual context. A Walk in the Physical is a non-linear reality model that boils down the very vast into succinct accessible language. More than a set of ideas though, it is a tool meant to point you towards the portion of yourself that already exists right now beyond Earth. At the heart of the book is the theme of love, and it describes why authentic love – even in small matters – is so deeply important to our human journey.

A Walk in the Physical

Is there life after death? After a tragic accident, doctors pronounced Richard Sigmund legally dead. Eight hours later, God miraculously brought him back to life on the way to the morgue. During those hours, God allowed him to experience the glorious beauty, heavenly sounds, sweet aromas, and boundless joys of heaven that await every believer. God then returned him back to earth with a mission to tell the world what he saw. You will thrill to Sigmund's eyewitness accounts of strolling down heaven's streets of gold, seeing angels playing with children, talking with Jesus, meeting with people from the Bible, as well as departed family and friends, seeing the mansions, and much more! Through Sigmund's testimony, God restored sight to the blind, hearing to the deaf, and even raised several people from the dead. Also, glimpse into the horrifying reality of "the other place"—a place where no one wants to go.

My Time in Heaven

It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades, he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlate with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. Imagine Heaven is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about children and pets? This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today. It also tackles the tough questions of heavenly reward and hellish NDEs. Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this fascinating and hope-filled book.

MIND, BODY, SPIRIT. In September 1975 Dannion Brinkley was talking on the telephone during a thunderstorm when he was struck by lightning and 'died'. He was clinically dead for more than 20 minutes. But between leaving his body and returning to it, he had an extraordinary experience. He visited a spiritual realm and was brought before 13 angelic instructors in what he describes as 'a cathedral of knowledge'. There, he was told of event that would shake the world before the year 2000. Of the 117 revelations that he recalls, 95 have already come to pass. In **SAVED BY THE LIGHT** Dannion Brinkley now uses the psychic and spiritual gifts he received to help the dying and the desperate. He has chosen to tell his story to inspire others and share his amazing insights into life, death and the future.

The groundbreaking, bestselling classic, now available in a special fortieth-anniversary edition that includes a new Foreword from Eben Alexander, M.D., author of *Proof of Heaven*, and a new Afterword by the author. Raymond Moody is the "father" of the modern NDE (Near Death Experience) movement, and his pioneering work *Life After Life* transformed the world, revolutionizing the way we think about death and what lies beyond. Originally published in 1975, it is the groundbreaking study of one hundred people who experienced "clinical death" and were revived, and who tell, in their own words, what lies beyond death. A smash bestseller that has sold more than thirteen million copies around the globe, *Life After Life* introduced us to concepts—including the bright light, the tunnel, the presence of loved ones waiting on the other side—that have become cultural memes today, and paved the way for modern bestsellers by Eben Alexander, Todd Burpo, Mary Neal, and Betty Eadie that have shaped countless readers notions about the end life and the meaning of death.

Life After Life

Are You a Lightworker? A Lightworker is someone who has a rare gift: the ability to lend their healing energy to a planet that is now heavy with fear and negativity. But Lightworkers aren't necessarily well-known spiritual gurus—they are also musicians and artists, shopkeepers, accountants, stay-at-home moms, and people you pass on the street. They share their gifts in many ways; by speaking out for those who have no voice, creating glorious works of art that uplift our planet, or perhaps writing music that elevates our spirits. But many Lightworkers have forgotten their divine purpose. They live among us, unaware of who they really are. And we can't always recognize them or fully understand their special qualities. But one thing is certain: the Earth is more in need of them than ever before. Here, Sahvanna Arienta—long-time psychic medium and intuitive advisor with clientele from around the globe—shows how to: Discover the true origin of your soul Realize your unique gifts Learn how anxiety, depression, or addiction may actually be signs of a Lightworker's highly sensitive nature Transform you sensitivities into extrasensory perceptions And use these qualities as healing powers Sahvanna Arienta's Lightworker will change the way you view yourself and your life's challenges and to discover your true place in the world.

The Awakening Heart

Every day, all over the world, an increasing number of people are reporting near-death experiences (and related phenomena). This book is a collection of the best stories and quotes I have come across in 40-plus years of studying NDEs. It shines a bright light on the universal truths that are championed by NDEs and reveals, in life-changing technicolor, how to apply these truths to our everyday lives. This book was first published under the title *Love The Person You're With*. All 60 chapters of that book are included in this one. 31 additional chapters have been added. The book is being published under a new title to reach more people. New content has been added to explore some topics in greater depth. Other tweaks, including enhanced references, have been added to make the book easier to read, remember, and study. The book includes stories and quotes from 52 experiencers and 10 researchers, including Howard Storm, Tom Sawyer, Reinee Pasarow, Dianne Morrissey, Oliver John Calvert, Erica McKenzie, Andy Petro, Amy Call, Mary Jo Rapini, Anne Horn, Ellyn Dye, Mellen-Thomas Benedict, Ryan Rampton, Natalie Sudman, Amphianda Baskett, Mary Neal, Julie Aubier, Julian of Norwich, Barbara Harris Whitfield, Anita Moorjani, Jeff Olsen, Cami Renfrow, Louisa Peck, Ana Cecilia, Peter Panagore, Alon Anava, Tricia Barker, Samuel Berholz, Arthur Yensen, George Ritchie, Linda Stewart, Cecil Willy, Lorna Byrne, Rene Jorgensen, Mary Deioma, Krystal Winzer, David Sunfellow, Kenneth Ring, Laurin Bellg, Jeffrey Long, Sheila, Dennis, and Matthew Linn, Kevin Williams, Barbara R. Rommer, and John W. Price. Along with fantastic content, this book has a companion website that showcases the experiencers, researchers, and remarkable videos that are featured in the book: <http://thepurposeoflife-nde.com>
