What Is Philosophy?

Philosophy is the active intellectual search for fundamental principles on which we can build a better life.

All feminist philosophy shares two main themes: Women are full human beings Social attitudes and structures denigrate

Women are not granted full human status in society in the past and still today.

Feminist philosophy is centuries old

Women were equal to children they were wards of their husbands and lacked independence.

Third wave Legal rights alone have not give women true equality and justice.

Intersectionality breaks out of narrow conceptions and embraces manyness in order to deal with structures of oppression.

All forms of oppression share the same structure.

Many great feminist philosophers, too many to discuss here.

A feminist critique of science.

Gender includes social definitions of masculine and feminine.

Gender essentialism: male and female are different essential natures.

What is the working significance or the purpose of the mirror in our practice of meditation in our Sanctum?

Is it okay to have two dedicated Sanctums in my home?

Any tips or recommendations from a Rosicrucian perspective on managing allergies?

Over the past number of question and answer sessions the Grand Master has offered a breathing technique of breathing in deeply and fully in through the nose filling the lungs, and, when full, breathing in even more. Is there any benefit to be gained in a similar fashion, but out?

Included in the first cycle of Rosicrucian instruction there is a diagram showing vowel sounds alongside their associated colors and seven major psychic centers. There are twelve psychic centers though. Are there any colors associated with the other five?

Who is our Class Master, and how are they selected and assigned to us? Do they change in the course of our studies?

A recurring question from newer members is: where is the nearest Lodge or Affiliated Body? Could a list of them be compiled and posted online?

We always told to inhale through the nose in our exercises. Should we always exhale through the nose or are there times when we should exhale through the mouth?

Breathing exercise.

Explanation of the benefits of deep breathing.

As a queer and non-binary identifying member of the Order, I have noticed other members refer to each other as "Soror" and "Frater." Neither of these terms feel particularly comfortable to me, although I understand the intention behind their use. Is there a gender-neutral word that I can ask that other members use instead of these terms? If so, how would you go about suggesting that? I am thinking a subtle shift in language could improve inclusion for queer, trans, and non-binary members of the Order, and give us useful language for the plural or when we are unsure of someone's gender.

How does Rosicrucianism combine different beliefs harmoniously?

Considering the law of attraction defined as "we manifest physically what we think about the most," at what point in individual human development does a person gain the cognitive abilities or thought processes to manifest via thought?

I practice Kriya Yoga, a breathing meditation technique that moves vital life force through the subtle spine. Do the Rosicrucian teachings ever touch on this subject? Will this interfere with my studies in any way?

What does "the Dark Night of the Soul" mean?

Rosicrucian members are guided to attune with the God of their Hearts, the Master Within. Why is this? How does one attune with the God of your Heart?

Explanation of Rosicrucian initiations.

When you become a member of AMORC, do you have to give up your current method of meditation if you already have one?

How can a new member get involved in the Rosicrucian Order?

What is Martinism's relationship with the Rosicrucian Order?
