Across the Pond

A native Briton describes America and its citizens through his English eyes, humorously questioning their choices in bumper stickers, use of adjectives and superlatives, and their overall lack of appreciation for the teapot.

Across the Pond: An Englishman's View of America

A native Briton describes America and its citizens through his English eyes, humorously questioning their choices in bumper stickers, use of adjectives and superlatives and their overall lack of appreciation for the teapot.

Fictions of Home

This study aims to counter right-wing discourses of belonging. It discusses key theoretical concepts for the study of home, focusing in particular on Marxist, feminist, postcolonial, and psychoanalytic contributions. The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative, xenophobic appropriations of home. In detailed readings of one film and six novels, a view is developed according to which home, as a spatio-temporal imaginary, is rooted in our species being, and as such constitutes the inevitable starting point for any progressive politics.

Remember The 80s

Nostalgia for the music, fashion, fads and style of Generation X is booming. Richard Evans presents the best of the decade that brought us Madonna, My Little Pony, Sinclair ZX computers, Margaret Thatcher, Flock of Seagulls, Duran Duran, Legwarmers, the Walkman, breakdancing, Knight Rider, Brat Pack movies, the Rubik's cube and countless other cultural icons that changed pop culture for ever. Beautifully illustrated, this ultimate time capsule of a book features new interviews with countless

80s bands and pop acts, it also reviews each year of the 80s; what was going on in music, fashion & fads, current affairs, sport, Film & TV, etc. Real-life memories will also be dotted throughout the book - contributions will come from among the thousands of fans of the author's massively popular 80s website RememberTheEighties.com, as well as many 80s stars.

How do you respond to a dinner invitation that says "Eight for eight thirty"? What might induce you to get off a London train at a place called Mud Chute? When is it okay to drive over a sleeping policeman? And why do the Brits keep saying "Who's she, the cat's mother"? Rules, Britannia is an invaluable resource for Americans who want to make a smooth transition when visiting or relocating to the UK. This entertaining and practical insider's guide contains scores of established do's and don'ts that only a Brit would know. Most of us know that an elevator is called a "lift," a toilet is a "loo," and the trunk of your car is the "boot," but who would have a clue about a "sprog" or a "gobsmacked berk"? These phrases are part of daily conversation in the UK, and leave many visiting Americans as baffled as if they listening to a foreign language. Covering such essential topics as vocabulary, house- or "flat"-hunting, business culture, child rearing, and even relationship etiquette, Rules, Britannia will ease the anxiety that comes with a transatlantic move or extended visit, and is sure to make any old Yank feel like a regular Joe Bloggs.

Reprint of the original, first published in 1871.

Responsibilities and Dispensations

"Collection of incunabula and early medical prints in the library of the Surgeon-general's office, U.S. Army": Ser. 3, v. 10, p. 1415-1436.

The Magazine of American History with Notes and Queries

The quintessential A to Z guide to British English—perfect for every egghead and bluestocking looking to conquer the language barrier Oscar Wilde once said the Brits have "everything in common with America nowadays except, of course, language." Any visitor to Old Blighty can sympathize with Mr. Wilde. After all, even fluent English speakers can be at sixes and sevens when told to pick up the "dog and bone" or "head to the loo," so they can "spend a penny." Wherever did these peculiar expressions come from? British author Christopher J. Moore made a name for himself on this side of the pond with the sleeper success of his previous book, *In Other Words*. Now, Moore draws on history, literature, pop culture, and his own heritage to explore the phrases that most embody the British character. He traces the linguistic influence of writers from Chaucer to Shakespeare and Dickens to Wodehouse, and unravels the complexity Brits manage to imbue in seemingly innocuous phrases like "All right." Along the way, Moore reveals the uniquely British origins of some of the English language's more curious sayings. For example: Who is Bob and how did he become your uncle? Why do we refer to powerless politicians as "lame ducks"? How did "posh" become such a stylish word? Part language guide, part cultural study, *How to Speak Brit* is the perfect addition to every Anglophile's library and an entertaining primer that will charm the linguistic-minded legions.

A Critical Dictionary of English Literature and British and American Authors, Living and Deceased, from the Earliest Accounts to the Latter Half of the Nineteenth Century

Art Index Retrospective

'Christopher Hitchens... at his characteristically incisive best.' -- The Times Thomas Paine is one of the greatest political advocates in history. Declaration of the Rights of Man, first published in 1791, is the key to his reputation. Inspired by his outrage at Edmund Burke's attack on the uprising of the French people, Paine's text is a passionate defence of man's inalienable rights. In Rights of Man Paine argues against monarchy and outlines the elements of a successful republic, including public education, pensions and relief of the poor and unemployed, all financed by income tax. Since its publication, Rights of Man has been celebrated, criticized, maligned and suppressed but here the polemicist and commentator Christopher Hitchens marvels at its forethought and revels in its contentiousness. Above all, Hitchens demonstrates how Thomas Paine's book forms the philosophical cornerstone of the first democratic republic, whose revolution is the only example that still speaks to us: the United States of America.

Rand McNally Northeastern U.S. Road Atlas and Travel Directory

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
