The Essential Guide to California Restaurant Law

To view or download the 2017 supplement to this book, click here. Restaurant law encompasses many different areas of the law in addition to the regulation of food and alcohol--contract law, tort law, labor law, and environmental law, to name just a few. The Essential Guide to California Restaurant Law is the very first book to gather together and analyze the vast swath of laws pertinent to restaurants in California. Through familiarity with the issues and applicable law discussed in this book, attorneys representing restaurant clients will be prepared to recognize potential problems, to devise strategies for compliance, and to reduce the risks of liability. Given the breadth and depth of the legal issues pertinent to restaurants in California, this book is a singularly effective tool for legal practitioners. "The authors ... offer valuable general discussions of the many areas of concern to restaurant operators, including food handling and health inspections, labor laws, federal and state regulations, service of alcoholic beverages, and theories of liability to customers. ... [T]his book is a great start for any lawyer or restaurant owner who needs a ready reference on the legal aspects of running a restaurant." -- Los Angeles Lawyer

A Guide to California Law

This is the first comprehensive legal treatise on US food law for lawyers, judges, students, and consumer advocates.

Food Law in the United States

"This book is a comprehensive guide to 20 of the most important federal employment laws that every employer and human resources professional needs to know. Each chapter summarizes one key federal employment law, including which employers are covered by the law, what the law requires and prohibits, and what recordkeeping requirements must be followed. The laws covered include Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act, the Fair Labor Standards Act, the Family and Medical Leave Act, and more"--

The Essential Guide to Federal Employment Laws

Learn the ins-and-outs of the law—for restaurant owners, catering services, pubs, bars, and more! The Law (In Plain English)® for Restaurants is a comprehensive guide to working in the food and beverage

industry. It looks at the business of running a restaurant, catering service, brewpub, wine tasting room, or bar, and clarifies the laws affecting those types of business. This title is a down-to-earth guide to the critical legal information that owners and managers of food and beverage businesses—and those who dream of owning or managing such a business—need to know. This book is as useful for those whose new business is still in the planning stages as it is for established food and beverage businesses. Topics include how to protect your trade secrets—including your recipes, tax rules for tips, the pros and cons of different types of business entities, borrowing money, going public, franchises, multilevel marketing opportunities, trademarks, leases, copyrights, patents, hiring and firing, writing a business plan, advertising, use of social media, insurance, collections, product liability and liability for the actions of customers who have had too much to drink, retirement plans, warranties and estate planning, ways to reduce income tax legally, as well as how to find the right lawyer and accountant for your business. While this book is not intended to replace the reader’s lawyer, it offers a clear, concise, and “plain English” overview of many of the legal issues relevant to those in the food and beverage industry.

The Law (in Plain English) for Restaurants

Attention restaurant and bar owners! This book is a must read to ensure your restaurant or bar is reaching its full profitability potential. Do you worry why your food or alcohol costs are out of control? Have you been concerned about lack of sales? Have you considered that there may be a thief lurking in your midst, and they are eating your profits? Guess Who's Eating Your Profits... will help you realize your restaurant's fullest profit potential. It offers a range of simple, powerful techniques to combat internal theft in your restaurant. It shows how to identify, investigate, and prosecute those who are impacting your bottom line. Some highlights: • Increase your restaurant's profitability by conducting a quality investigation • Descriptions of the employee scams and how to prevent them • Guidelines on how to investigate employee theft • Learn how to sharpen your senses toward dishonest employees

Guess Who's Eating Your Profits...

Written by two internationally respected authors, this unique primer distills the environmental law and policy of the United States into a practical guide for a nonlegal audience, as well as for lawyers trained in other regions. The first part of the book explains the basics of the American legal system: key actors, types of laws, and overarching legal strategies for environmental management. The second part delves into specific environmental issues (pollution, ecosystem management, and climate change) and how American law addresses each. Chapters include summaries of key concepts, discussion questions, and a glossary of terms, as well as informative "spotlights"—brief overviews of topics. With a highly accessible structure and useful illustrative features, A Guide to U.S. Environmental Law is a long-overdue synthetic reference on environmental law for students and for those who work in environmental policy or environmental science. Pairing this book with its companion, A Guide to EU Environmental Law, allows for a comparative look at how two of the most important jurisdictions in the world deal with key environmental problems.

California A Guide to the Golden State

This highly useful reference outlines best practices in key areas of human resources that are not only fair and equitable, but that can withstand legal scrutiny. Industrial/organizational experts apply their empirical knowledge and practical experience to aspects of HR that are commonly litigated, including broad and specific topics in testing of potential employees, disability issues, compensation and pay equity, and work hours. The book is written to be accessible to readers currently in HR-related graduate-level training as well as HR practitioners with or without background in industrial/organizational psychology. And to add to its utility, chapters feature practical strategies for addressing each of the legal issues presented. Among the topics covered: Measuring adverse impact in employee selection decisions. Using background checks in the employee selection process. Disabilities: best practices for vulnerabilities associated with the ADA. Physical abilities testing. Wage and hour litigation. Clinical psychological testing for employee selection. Conducting compensation equity analyses. Practitioner’s Guide to Legal Issues in Organizations brings clear, up-to-date information to graduate students studying human resources, management, industrial/organizational psychology who are interested in legal issues, as well as applied HR practitioners such as industrial/organizational psychologists, human resources generalists, management and labor economists.

A Guide to California Laws Pertaining to Charities and Corrections

The Ultimate Guide to Business Insurance - Restaurant Edition

From its designation in 1926 to the rise of the interstates nearly sixty years later, Route 66 was, in John Steinbeck’s words, America’s Mother Road, carrying countless travelers the 2,400 miles between Chicago and Los Angeles. Whoever they were—adventurous motorists or Dustbowl migrants, troops on military transports or passengers on buses, vacationing families or a new breed of tourists—these travelers had to eat. The story of where they stopped and what they found, and of how these roadside

offerings changed over time, reveals twentieth-century America on the move, transforming the nation’s cuisine, culture, and landscape along the way. Author T. Lindsay Baker, a glutton for authenticity, drove the historic route—or at least the 85 percent that remains intact—in a four-cylinder 1930 Ford station wagon. Sparing us the dust and bumps, he takes us for a spin along Route 66, stopping to sample the fare at diners, supper clubs, and roadside stands and to describe how such venues came and went—even offering kitchen-tested recipes from historic eateries en route. Start-ups that became such American fast-food icons as McDonald’s, Dairy Queen, Steak ’n Shake, and Taco Bell feature alongside mom-and-pop diners with flocks of chickens out back and sit-down restaurants with heirloom menus. Food-and-drink establishments from speakeasies to drive-ins share the right-of-way with other attractions, accommodations, and challenges, from the Whoopee Auto Coaster in Lyons, Illinois, to the piles of “chat” (mining waste) in the Tri-State District of Missouri, Kansas, and Oklahoma, to the perils of driving old automobiles over the Jericho Gap in the Texas Panhandle or Sitgreaves Pass in western Arizona. Describing options for the wealthy and the not-so-well-heeled, from hotel dining rooms to ice cream stands, Baker also notes the particular travails African Americans faced at every turn, traveling Route 66 across the decades of segregation, legal and illegal. So grab your hat and your wallet (you’ll probably need cash) and come along for an enlightening trip down America’s memory lane—a westward tour through the nation’s heartland and history, with all the trimmings, via Route 66.

Nolo's Essential Guide to Buying Your First Home

Northern California offers places to visit away from tourist areas, including the Whiskey Flat Saloon (established in 1862) in Volcano; Vikingsholm, a Scandinavian style mansion near Lake Tahoe; and Niles, the movie-making capital of California before Hollywood was on the map.

Restaurant Service Basics

The authoritative resource for finding new work and new purpose after fifty. Whether they're old enough to have earned their AARP card or not, a new generation of American workers is no longer counting the days until retirement. Instead, they're seeking greater fulfillment in their personal lives by tackling new—and often much more socially significant—work. Switching careers is a challenge at any age, yet boomers may have more to overcome than their younger counterparts: They must beef up their education or seek out retraining; cope with seismic lifestyle shifts such as less income and a new circle of friends; and reconcile themselves to the fact that even the most rewarding position is no panacea for life's problems. After decades writing about career issues for publications as diverse as the Chicago Tribune, Family Circle, Workplace Management, and Wired, Sam Greengard brings a wealth of knowledge to this timely topic. He shows how to sort out your feelings about your existing career; successfully transition to a new one; and work toward a greater sense of balance in your daily life. Profiles of those who've attained their own goals are included, along with tips, quizzes, worksheets, how-to sidebars, and other practical resources.

A Guide to the Elite Estates of the Mosel-Saar-Ruwer Wine Region

The complete guide with great dining, wine country getaways and bay area side trips.

The Essential Guide to Federal Employment Laws

There are millions of workers in the USA that rely on tips for most of their income, and there are well over two million businesses where the employers rely on tipped employees. According to recent statistics from the U.S. Department of Labor, food and beverage service-related workers held 6.5 million jobs. The U.S. Department of Labor estimates in a recent study that tips and gratuities may account for well over $5 billion per year being left on plates and tip trays, financed on credit cards and handed directly into happy, open palms. But let's face facts. Relying on customers' tips for your income is tough. The average customer just doesn't realize how difficult and hard the average waiter, waitress, hair dresser, concierge, cab driver, maître d', or bartender works for their money. Dealing with and satisfying the general public is one of the most demanding jobs around. Many, if not most, tipped employees have a tough time making ends meet. And then there are the complicated IRS tax laws regarding tipping and gratuities that most employees and few employers know how to handle correctly. For the first time this new book deals with all aspects of tips and gratuities. For the employee or self-employed, learn how to earn more tips and how to properly account for and pay taxes on them. For the employer: how to manage and properly account for the taxes on tipped employees; for the bookkeeper and accountant: get the latest on tax and withholding laws. Apart from all great and practical advice in the book, it has to be remembered that tips have to be earned, thus there are literally hundreds of little tricks, hints and suggestions to help tipped employees - well, make more tips! Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books.
