## The Art of Money

Learn everything you need to know about money management with this approachable guide to tackling financial fears and challenges with confidence, mindfulness, and self-compassion Is one of the most challenging relationships in your life the one you have with your money? Do you talk about everything, except finances? Do you make shopping decisions based on your emotions, rather than your budget or big-picture goals? Bari Tessler is here to help! This is the book your money-savvy best friend, therapist, and accountant would write if they could. It's the book about money for people who don't even want to think about money, until the arrival of that inevitable day when we all realize we must come to terms with this thing called money. Everyone has pain and challenges, strengths and dreams about money, and many of us mix profound shame into that relationship. In The Art of Money, Bari Tessler offers an integrative approach that creates the real possibility of "money healing," using our relationship with money as a gateway to self-awareness and a training ground for compassion, confidence, and

self-worth. Tessler's gentle techniques weave together emotional depth, big picture visioning, and refreshingly accessible, nitty-gritty money practices that will help anyone transform their relationship with money and, in so doing, transform their life. As Bari writes, "When we dare to speak the truth about money, amazing healing begins."

### The Art of Money

Learn everything you need to know about money management with this approachable guide to tackling financial fears and challenges with confidence, mindfulness, and self-compassion. Is one of the most challenging relationships in your life the one you have with your money? Do you talk about everything, except finances? Do you make shopping decisions based on your emotions, rather than your budget or big-picture goals? Bari Tessler is here to help! This is the book your money-savvy best friend, therapist, and accountant would write if they could. It's the book about money for people who don't even want to think about money, until the arrival of that inevitable day when we all realize we must come to terms with this thing called money. Everyone has pain and challenges, strengths and dreams about money, and many of us mix profound shame into that relationship. In *The Art of Money*, Bari Tessler offers an integrative approach that creates the real possibility of "money healing," using our relationship with money as a gateway to self-awareness and a training ground for compassion, confidence, and self-worth. Tessler's gentle techniques weave together emotional depth, big picture visioning, and refreshingly accessible, nitty-gritty money practices that will help anyone transform their relationship with money and, in so doing, transform their life. As Bari writes, "When we dare to speak the truth about money, amazing healing begins."

### The Art of Money Workbook

The first-of-its-kind workbook that uses three easy steps to repair your relationship with money, from financial therapist Bari Tessler. Few things in life can feel as stressful and daunting as money and finances—get ready for that to change. *The Art of Money Workbook* offers an empowering new framework to create sustainable change and strengthen your relationship with money. Tessler offers a program that integrates practical financial tools with supportive somatic practices to bring more compassion, honesty, and awareness to your relationship with money. Her three-phase process—Money Healing, Money Practices, and Money Maps—will help you make choices that reflect your values, become aware of spending patterns, and create new financial habits. This workbook offers self-reflective exercises and tools that will encourage you to write your own money memoir, set regular money dates (with yourself and/or your partner), and plan for the future. Bari Tessler is a warm, compassionate guide with a Masters Degree in Somatic Psychology—and for over twenty years, her Art of Money methodology has helped thousands of people understand and navigate their financial life. Her gentle encouragement and practical tools will offer you new avenues for creativity and joy with an abundance of support.

### Art of Money Getting

The Greatest Showman in the History of the Universe reveals his secrets for accumulating vast sums of wealth so that anyone can follow his program and become rich. After a wonderful career in which he made and lost fortunes, captivated Kings and Queens, and used his genius, wit and eloquence, P.T. Barnum wrote these golden rules for making money.

### The Art of Money Getting

Few people are more uniquely qualified to dispense money-making advice than legendary showman, entertainer, and businessman extraordinaire P.T. Barnum. This book is full of savvy tips and silly -- but spot-on -- observations from the founder of the Barnum & Bailey Circus, who once sagely noted that ""Money is a terrible master, but an excellent servant."

### The Art of Money

An integrative 3-step approach to financial literacy that brings mindfulness, body-based awareness, and radical self-love to one of our most troublesome relationships—the one with our money "Bari Tessler adds an exciting, important voice to the money conversation...at once spiritual and practical, this is the education we've been waiting for." Lynne Twist, Author of *The Soul of Money* For many of us, the most challenging and upsetting relationship in our lives is with our finances, bringing feelings

of shame or powerlessness. But Bari Tessler's unique 3-phase program creates the real possibility of "money healing" as a gateway to self-awareness and a training ground for compassion, confidence, and self-worth. Tessler's gentle, somatic techniques weave together emotional depth, big picture visioning, and refreshingly accessible, nitty-gritty money practices. She breaks it down into 3 phases of Deep Money Work: Money Healing: Healing money shame, money rituals, the body check-in, and letting go Money Practices: Money as a self-care practice, values-based bookkeeping, and the spiritual side of a money practice Money Maps: The 3-Tier Money Map designed to evolve with you over time, making good money decisions, and your money legacy Guiding readers through their own step-by-step journey, The Art of Money will help anyone transform their relationship with money and, in so doing, transform their life. Also check out The Art of Money Workbook for more insights and teachings

### The Art of Money Getting; Or, Golden Rules for Making Money

"The Art of Money Getting or Golden Rules for Making Money" is a practical guide to building personal wealth. Each chapter of the book is dedicated to a piece of advice like: "Whatever you do, do it with all might" and contains a detailed commentary on the recommendation. It also includes great stories, examples, and critical insights on wealth.

### The Art of Money Getting

Barnum generally conducted his business enterprises in a virtuous manner, respecting his customers and making sure they were satisfied. Indeed, he was among the first to appreciate fully -- and to articulate -- that an honest approach was the most reliable path to long-term wealth. He was, in other words, one of the pioneers of business ethics. Barnum learned that, in business, virtue is considerably more than its own reward. News about this discovery can easily be lost when it is imbedded among picturesque yarns about humbugs, but it was of great significance to Barnum, and, more broadly, it was probably important to the massive economic expansion that took place in what we now call the developed world during and after his lifetime.

### The Pleasant Art of Money Catching ...

P. T. Barnum, the great American showman of the 19th century, wrote this short book about making and keeping money. He certainly had life experiences that qualify him for the subject--he started a small newspaper in his twenties, bought and transformed a museum into a showplace for curiosities, built a circus empire that gave performances in America and Europe, promoted a performing tour of a singer, fell into debt in the 1850s and pulled himself out by lecture tours, was a mayor, and founded a hospital. Excerpts: "Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. ... True economy consists in always making the income exceed the out-go." "Unless a man enters upon the vocation intended for him by nature, and best suited to his peculiar genius, he cannot succeed. I am glad to believe that the majority of persons do find their right vocation. Yet we see many who have mistaken their calling..." His advice is indicated by the chapter titles: DON'T MISTAKE YOUR VOCATION, SELECT THE RIGHT LOCATION, AVOID DEBT, PERSEVERE, WHATEVER YOU DO, DO IT WITH ALL YOUR MIGHT, USE THE BEST TOOLS, DON'T GET ABOVE YOUR BUSINESS, LEARN SOMETHING USEFUL, LET HOPE PREDOMINATE, BUT BE NOT TOO VISIONARY, DO NOT SCATTER YOUR POWERS, BE SYSTEMATIC, READ THE NEWSPAPERS, BEWARE OF "OUTSIDE OPERATIONS," DON'T INDORSE WITHOUT SECURITY, ADVERTISE YOUR BUSINESS, "DON'T READ THE OTHER SIDE," BE POLITE AND KIND TO YOUR CUSTOMERS, BE CHARITABLE, DON'T BLAB, PRESERVE YOUR INTEGRITY. Notice: This Book is published by Historical Books Limited ([www.publicdomain.org.uk](http://www.publicdomain.org.uk)) as a Public Domain Book, if you have any inquiries, requests or need any help you can just send an email to [publications@publicdomain.org.uk](mailto:publications@publicdomain.org.uk) This book is found as a public domain and free book based on various online catalogs, if you think there are any problems regard copyright issues please contact us immediately via [DMCA@publicdomain.org.uk](mailto:DMCA@publicdomain.org.uk)

### The Art of Money Getting, Or Golden Rules for Making Money

P. T. Barnum, the great American showman of the 19th century, wrote this short book about making and keeping money. He certainly had life experiences that qualify him for the subject--he started a small newspaper in his twenties, bought and transformed a museum into a showplace for curiosities,

built a circus empire that gave performances in America and Europe, promoted a performing tour of a singer, fell into debt in the 1850s and pulled himself out by lecture tours, was a mayor, and founded a hospital. Excerpts: "Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. ### The Art of Money Getting, Or Golden Rules for Making Money

The title of this book is intended to be an honest one, far from exaggerated phrases and empty meanings. Three words, a preposition, and a coordinating conjunction: 'Topics on Art and Money'. A coordinating conjunction, not a subordinating one, since this book does not intend to express a hierarchical order. As all words united by a coordinating conjunction, this book intends to connect them. As simple as that. This book presents, through the chapters written by its authors, some of the ways in which Art and Money are linked. In order to observe this relationship, this book consists of authors whose analysis refers to political propaganda, historical events with artistic repercussions or strictly economic analysis of the art market, for example. "And" connects, "or" divides. This book not only presents a connection between Art and Money, but between academics from different fields and geographical areas. This humble book presents, precisely, how individuals from different specialties think of this relationship. It will appeal to academics dedicated to Arts Economics and Cultural Management, professionals from the art market/world with an interest in works of an academic nature, and general readers with an interest in this topic and a strong knowledge of Arts Economics.

### Topics on Art and Money

A frank, provocative, and entirely unconventional look at two worlds in tandem--the realms of money and art. Profusely illustrated, the book investigates how money becomes (or is) artwork and how artwork comes to assume some of the characteristics of money. 9 color plates; 100 halftones.

### Art & Money

P. T. Barnum, the great American showman of the 19th century, wrote this short book about making and keeping money. He certainly had life experiences that qualify him for the subject--he started a small newspaper in his twenties, bought and transformed a museum into a showplace for curiosities, built a circus empire that gave performances in America and Europe, promoted a performing tour of a singer, fell into debt in the 1850s and pulled himself out by lecture tours, was a mayor, and founded a hospital. ### The Art of Money Getting, Or Golden Rules for Making Money

If, then, sound health is the foundation of success and happiness in life, how important it is that we should study the laws of health, which is but another expression for the laws of nature! The nearer we keep to the laws of nature, the nearer we are to good health, and yet how many persons there are who pay no attention to natural laws, but absolutely transgress them, even against their own natural inclination. We ought to know that the "sin of ignorance" is never winked at in regard to the violation of nature's laws; their infraction always brings the penalty. A child may thrust its finger into the flames

without knowing it will burn, and so suffers, repentance, even, will not stop the smart. Many of our ancestors knew very little about the principle of ventilation. They did not know much about oxygen, whatever other "gin" they might have been acquainted with; and consequently they built their houses with little seven-by-nine feet bedrooms, and these good old pious Puritans would lock themselves up in one of these cells, say their prayers and go to bed. In the morning they would devoutly return thanks for the "preservation of their lives," during the night, and nobody had better reason to be thankful. Probably some big crack in the window, or in the door, let in a little fresh air, and thus saved them.

### The Art of Money Getting or, Golden Rules for Making Money

The Art of Money Getting, or Golden Rules for Making Money: Large Print by P. T. Barnum P. T. Barnum, the great American showman of the 19th century, wrote this short book about making and keeping money. He certainly had life experiences that qualify him for the subject--he started a small newspaper in his twenties, bought and transformed a museum into a showplace for curiosities, built a circus empire that gave performances in America and Europe, promoted a performing tour of a singer, fell into debt in the 1850s and pulled himself out by lecture tours, was a mayor, and founded a hospital. ### The Art of Money Getting

The Greatest Showman in the History of the Universe reveals his secrets for accumulating vast sums of wealth so that anyone can follow his program and become rich. After a wonderful career in which he made and lost fortunes, captivated Kings and Queens, and used his genius, wit and eloquence, P.O. Barnum wrote these golden rules for making money.[More](#)

### The Art of Money Getting, Or Golden Rules for Making Money Illustrated

P. T. Barnum, the great American showman of the 19th century, wrote this short book about making and keeping money. He certainly had life experiences that qualify him for the subject--he started a small newspaper in his twenties, bought and transformed a museum into a showplace for curiosities, built a circus empire that gave performances in America and Europe, promoted a performing tour of a singer, fell into debt in the 1850s and pulled himself out by lecture tours, was a mayor, and founded a hospital. Phineas Taylor Barnum (July 5, 1810 - April 7, 1891) was an American showman, businessman, scam artist and entertainer, remembered for promoting celebrated hoaxes and for founding the circus that became the Ringling Bros. and Barnum & Bailey Circus. Although Barnum was also an author, publisher, philanthropist, and for some time a politician, he said of himself, "I am a showman by profession...and all the gilding shall make nothing else of me," and his personal aims were "to put money in his own coffers." Barnum is widely but erroneously credited with coining the phrase "There's a sucker born every minute."

### The Art of Money Getting Or Golden Rules for Making Money

The book is packed with practical advice that we've heard before but need hearing again. Despite this, I struggled reading this book, because of the disconnect between what I was reading, and who Barnum was. He talks about valuing your customers, and operating with integrity, which are very good things. However, Barnum was a scam artist and hoaxer, who manipulated the people who came to see his shows. This book is written in the format of listing the golden rules for making money according to PT Barnum. There was a movie released recently called The Greatest Showman about PT Barnum's success. Even though the book is written from the perspective of an earlier time, the terminology was not difficult to apply to today. Before the "rules" are laid out, the introduction makes it sound simple and easy to make money. It says it's not difficult to make money and the road to wealth is plain. But it then explains that it's only easy for people who really understand economics. Examples were given of saving on many small expenses that make it feel like you are trying to save more money, when many people that do that end up spending more on one thing that is something much more expensive that they could do without. The introduction also says that some of the worst reasons people spend more money than they have are due to what can be called sinful behaviors. They want to keep up with their neighbors and be seen as successful, or they have bad habits like tobacco that cost money and ruins their health, or they drink too much that not only cost money and ruins their health but also does not let them think clearly. The Art of Money Getting: Golden Rules for Money Making" written by P.T. Barnum, is a very noble, helpful and inspiring read, still until this day. Barnum is basically listing out the different ways he believes are helpful to not only getting but attaining money as well, while going into detail as how to do such. The way he gets his point across in the book is surprisingly relatable, often telling stories that almost anyone can relate to. His main point in regards to obtaining money is that there are a lot of ways in which one needs to be smart in how they go about and what they do with the money they receive. Barnum separates the topics in his book by stating exact phrases that coincide with what you should do with your money, such as "Avoid Debt\

We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

### The Art of Money Getting

In the United States, where we have more land than people, it is not at all difficult for persons in good health to make money. In this comparatively new field there are so many avenues of success open, so many vocations which are not crowded, that any person of either sex who is willing, at least for the time being, to engage in any respectable occupation that offers, may find lucrative employment. ### The Art of Money Getting, Golden Rules for Making Money (Annotated)

In the United States, where we have more land than people, it is not at all difficult for persons in good health to make money. In this comparatively new field there are so many avenues of success open, so many vocations which are not crowded, that any person of either sex who is willing, at least for the time being, to engage in any respectable occupation that offers, may find lucrative employment. Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. The road to wealth is, as Dr. Franklin truly says, "as plain as the road to the mill." It consists simply in expending less than we earn; that seems to be a very simple problem. Mr. Micawber, one of those happy creations of the genial Dickens, puts the case in a strong light when he says that to have an income of twenty pounds per annum, and spend twenty pounds and sixpence, is to be the most miserable of men; whereas, to have an income of only twenty pounds, and spend but nineteen pounds and sixpence is to be the happiest of mortals.

### The Art of Money Getting

One of the most important financial books ever written: P. T. Barnum, the legendary entertainer and co-founder of the Barnum and Bailey Circus, was not just a successful businessman, but a philanthropist and writer as well. This short, pamphlet-length work distills Barnum's advice on achieving success and wealth, in his own words. The Art of Money Getting was written by P. T. Barnum, who is widely known as an important historical entrepreneur as founder of the famous traveling circus, but in this publication Barnum shares his knowledge of business and teaches readers how to be successful in making money. This is an excellent book for individuals who are interested in learning from an important historical business leaders own personal success and also serves as an excellent motivational writing intended for those looking to be successful and make lots of money. The Art of Money Getting Or The Golden Rule For Making Money - P.T. Barnum - First published in 1880 - In the United States, where we have more land than people, it is not at all difficult for persons in good health to make money. In this comparatively new field there are so many avenues of success open, so many vocations which are not crowded, that any person of either sex who is willing, at least for the time being, to engage in any respectable occupation that offers, may find lucrative employment. Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. We are all, no doubt, born for a wise purpose. There is as much diversity in our brains as in our countenances. Some are born natural mechanics, while some have great aversion to machinery. Following the practical advice herein will lead to increased wealth. Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. The road to wealth is, as Dr. Franklin truly says, "as plain as the road to the mill."

### The Art of Money Getting, Or The Golden Rule For Making Money

Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. The road to wealth is, as Dr. Franklin truly says, "as plain as the road to the mill." It consists simply in expending less than we earn; that seems to be a very simple problem. Mr. Micawber, one of those happy creations of the genial Dickens, puts the case in a strong light when he says that to have annual income of twenty pounds per annum, and spend twenty pounds and sixpence, is to be the most miserable of men; whereas, to have an income of only twenty pounds, and spend but nineteen pounds and sixpence is to be the happiest of mortals. Many of my readers may say, "we understand this: this is economy, and we know economy is wealth; we know we can't eat our cake and keep it also." Yet I beg to say that perhaps more cases of failure arise from mistakes on this point than almost any other. The fact is, many people think they understand economy when they really do not.

### The Art of Money Getting

Art of Money Getting by P. T. Barnum provides the Golden Rules for Making Money. These are the golden principles of success. Phineas Taylor Barnum (July 5, 1810 - April 7, 1891) was an American showman, businessman, scam artist and entertainer, remembered for promoting celebrated hoaxes and for founding the circus that became the Ringling Bros. and Barnum & Bailey Circus. Although Barnum was also an author, publisher, philanthropist, and for some time a politician, he said of himself, "I am a showman by profession...and all the gilding shall make nothing else of me," and his personal aims were "to put money in his own coffers." Barnum is widely, but erroneously, credited with coining the phrase "There's a sucker born every minute." In the United States, where we have more land than people, it is not at all difficult for persons in good health to make money. In this comparatively new field there are so many avenues of success open, so many vocations which are not crowded, that any person of either sex who is willing, at least for the time being, to engage in any respectable occupation that offers, may find lucrative employment. Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. The road to wealth is, as Dr. Franklin truly says, "as plain as the road to the mill." It consists simply in expending less than we earn; that seems to be a very simple problem. Mr. Micawber, one of those happy creations of the genial Dickens, puts the case in a strong light when he says that to have annual income of twenty pounds per annum, and spend twenty pounds and sixpence, is to be the most miserable of men; whereas, to have an income of only twenty pounds, and spend but nineteen pounds and sixpence is to be the happiest of mortals. Many of my readers may say, "we understand this: this is economy, and we know economy is wealth; we know we can't eat our cake and keep it also." Yet I beg to say that perhaps more cases of failure arise from mistakes on this point than almost any other. The fact is, many people think they understand economy when they really do not. Ideal for anyone looking for business inspiration and setting out in the true entrepreneurial spirit and starting out in their own business. This book is as much a part of American history as it is a resource for future innovators, you will be sure to find something new and interesting. The Art of Money Getting ranks right up there with books on finance and self help such as George S. Clason's the Richest Man in Babylon and Napoleon Hill's Think and Grow Rich. Put these principles to work and earn cash and then some extra cash. Get your self into gear and and earn money, with this book you can rewire your brain with the tested principles, this is money software for your mind. Who knows you may be inspired to make money writing from scratch or you may decide to sell used textbooks or even produce books on audio, the sky is the limit as Barnum teaches, shoot for the sun and you may hit a star.

### The Art of Money Getting - Or Golden Rules for Making Money (Success Principles)

The Art of Money Getting was written by P. T. Barnum, who is widely known as an important historical entrepreneur as founder of the famous traveling circus, but in this publication Barnum shares his knowledge of business and teaches readers how to be successful in making money.

### The Art of Money Getting, Or Golden Rules for Making Money Illustrated

Eric Loneragan explores our complex relationship with money. In a provocative and insightful analysis, he argues that few things seem to matter more to us, but few things are as poorly understood. Economists have long worked with the theory that our relationship to money is rational, but not all our reactions to it make sense. Loneragan shows that many of our views about money, credit and saving are little better

than prejudices. The same social and emotional forces that affect quant traders in the world's financial markets can be seen in the mania of Pok n card trading in the school playground. This fascinating book reveals the tension between money's capacity to assist us in our lives and its propensity to cause instability and to distort our values. We are limited in our ability to control money's power, says Lonergan, but only by understanding money better, and thinking about it less, may we get on with enjoying what we have.

## Money

"The Art of Money Getting and Letter to John Greenwood" from Phineas Taylor Barnum. American showman and businessman (1810-1891).

Barnum, who is widely known as an important historical entrepreneur as founder of the famous traveling circus, but in this publication Barnum shares his knowledge of business and teaches readers how to be successful in making money. This is an excellent book for individuals who are interested in learning from an important historical business leaders own personal success and also serves as an excellent motivational writing intended for those looking to be successful and make lots of money.

## The Art Of Money Getting

P.T. Barnum; the name alone conjures ideas and imagination. Although Barnum was also an author, publisher, philanthropist, and for some time a politician, he said of himself, "I am a showman by profession and all the gilding shall make nothing else of me," and his personal aims were "to put money in his own coffers." P. T. Barnum knew how to make money. In this book, he shares the secrets of wealth. Put into practice, you, too, can live well. America is the "Land of Opportunity,." Barnum's secrets can help you enjoy the bounty of our country. I believe every high school and college student should read this book. This book contains the common sense wisdom that will encourage and enable any industrious person to succeed. Barnum is widely, but erroneously, credited with coining the phrase "There's a sucker born every minute." He did, however, say that "every crowd has a silver lining," and acknowledged that "the public is wiser than many imagine." "It was clear to my mind that my proper position in the busy world was not yet reached. I had displayed the faculty of getting money, as well as getting rid of it; but the business for which I was destined...had not yet come to me." P.T. Barnum

## The Art of Money Getting

The Art Of Money Getting or, Golden Rules for Making Money is a book written by Phineas Taylor Barnum. In the United States, where we have more land than people, it is not at all difficult for persons in good health to make money. In this comparatively new field there are so many avenues of success open, so many vocations which are not crowded, that any person of either sex who is willing, at least for the time being, to engage in any respectable occupation that offers, may find lucrative employment. Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. The road to wealth is, as Dr. Franklin truly says, "as plain as the road to the mill." It consists simply in expending less than we earn; that seems to be a very simple problem. Mr. Micawber, one of those happy creations of the genial Dickens, puts the case in a strong light when he says that to have annual income of twenty pounds per annum, and spend twenty pounds and sixpence, is to be the most miserable of men; whereas, to have an income of only twenty pounds, and spend but nineteen pounds and sixpence is to be the happiest of mortals. Many of my readers may say, "we understand this: this is economy, and we know economy is wealth; we know we can't eat our cake and keep it also." Yet I beg to say that perhaps more cases of failure arise from mistakes on this point than almost any other. The fact is, many people think they understand economy when they really do not. True economy is misapprehended, and people go through life without properly comprehending what that principle is. One says, "I have an income of so much, and here is my neighbor who has the same; yet every year he gets something ahead and I fall short; why is it? I know all about economy." He thinks he does, but he does not. There are men who think that economy consists in saving cheese-parings and candle-ends, in cutting off two pence from the laundress' bill and doing all sorts of little, mean, dirty things. Economy is not meanness. The misfortune is, also, that

this class of persons let their economy apply in only one direction. They fancy they are so wonderfully economical in saving a half-penny where they ought to spend twopence, that they think they can afford to squander in other directions. A few years ago, before kerosene oil was discovered or thought of, one might stop overnight at almost any farmer's house in the agricultural districts and get a very good supper, but after supper he might attempt to read in the sitting-room, and would find it impossible with the inefficient light of one candle. The hostess, seeing his dilemma, would say: "It is rather difficult to read here evenings; the proverb says 'you must have a ship at sea in order to be able to burn two candles at once;' we never have an extra candle except on extra occasions." These extra occasions occur, perhaps, twice a year. In this way the good woman saves five, six, or ten dollars in that time: but the information which might be derived from having the extra light would, of course, far outweigh a ton of candles. But the trouble does not end here. Feeling that she is so economical in tallow candles, she thinks she can afford to go frequently to the village and spend twenty or thirty dollars for ribbons and furbelows, many of which are not necessary. This false connote may frequently be seen in men of business, and in those instances it often runs to writing-paper.

### The Art of Money Getting

Relates the true story of a gifted counterfeiter who created a nearly indistinguishable copy of what was thought to be the most secure hundred-dollar bill ever created, and printed millions of the fake bills for criminals and spending sprees.
