Basics Advertising 02: Art Direction

Effective advertising is, almost always, persuasive advertising, and while not all advertising seeks to persuade, in a competitive situation those who best persuade are those most likely to win. This exciting

new book seeks to explain the precise ways in which advertising successfully persuades consumers, setting out the strategies for advertisers to adopt and illustrating the theories at work. Offering not only a conceptual and theoretical grounding in persuasive techniques, this book also provides concrete empirical research that is uniquely incorporated into a marketing textbook format. The authors cover topics including: difficulties of persuasion, rationality and emotion in persuasion, positive reinforcement techniques and cognitive approaches to persuasion. To illuminate these theories, the authors include original case-studies on campaigns as diverse as Death Cigarettes, Mecca Cola, The Oxo Family and Renault Clio, as well as recent advertisements from BMW, McDonalds, Omega and Silk Cut. A genuinely fresh text on the art of persuasion in advertising, this book is essential reading for all marketing students and academics.

The Knight at Dawn

A critical survey of Hollywood film musicals from the 1960s to the present. Destabilizing the Hollywood Musical

In the first book-length consideration of the topic for sixty years, Kevin Donnelly examines the importance of music in British film, concentrating both on musical scores, such as William Walton's score for Henry V (1944) and Malcolm Arnold's music for The Bridge on the River Kwai (1957), and on the phenomenon of the British film musical.

On March 2, 1965, "The Sound of Music" was released in the United States and the love affair between moviegoers and the classic Rodgers and Hammerstein musical was on. Rarely has a film captured the love and imagination of the moviegoing public in the way that "The Sound of Music" did as it blended history, music, Austrian location filming, heartfelt emotion and the yodeling of Julie Andrews into a monster hit. Now, Tom Santopietro has written the ultimate "Sound of Music" fan book with all the inside dope from behind the scenes stories of the filming in Austria and Hollywood to new interviews with Johannes von Trapp and others. Santopietro looks back at the real life story of Maria von Trapp, goes on to chronicle the sensational success of the Broadway musical, and recounts the story of the near cancellation of the film when the "Cleopatra" bankrupted 20th Century Fox. We all know that Julie Andrews and Christopher Plummer played Maria and Captain Von Trapp, but who else had been considered? Tom Santopietro knows and will tell all while providing a historian's critical analysis of the

careers of director Robert Wise and screenwriter Ernest Lehman, a look at the critical controversy which greeted the movie, the film's relationship to the turbulent 1960s and the super stardom which engulfed Julie Andrews. Tom Santopietro's "The Story of 'The Sound of Music'" is book for everyone who cherishes this American classic.

Considered the 'King of Poverty Row,' Edgar G. Ulmer (1904-1972) was an auteur of B productions. A filmmaker with an individual voice, Ulmer made independent movies before that category even existed. From his early productions like *The Black Cat* (1934) and Yiddish cinema of the late 1930s to his final films of the late 1950s and early 1960s, Ulmer created enduring works within the confines of economic constraints. Almost forgotten, Ulmer was rediscovered first in the 1950s by the French critics of the *Cahiers du Cinema* and then in the early 1970s by young American directors, notably Peter Bogdanovich. But who was Edgar G. Ulmer? The essays in this anthology attempt to shed some light on the director and the films he created—films that are great possibly because of, rather than despite, the many restrictions Ulmer endured to make them. In *The Films of Edgar G. Ulmer*, Bernd Herzogenrath has assembled a collection of essays that pay tribute to Ulmer's work and focus not only on his well-known films, including *Detour*, but also on rare gems such as *From Nine to Nine* and *Strange Illusion*. In addition to in-depth analyses of Ulmer's work, this volume also features an interview with Ulmer's wife and an interview Ulmer gave in 1965, in which he comments on actors Bela Lugosi and Boris Karloff, as well as fellow directors Tod Browning and James Whale.

Peter Pan, o menino que não queria crescer, inicialmente publicado como peça de teatro, ganhou os corações de muitas crianças e adultos, tornando-se um dos maiores clássicos da literatura mundial. A história do menino que vive na Terra do Nunca e se recusa a crescer foi criada a partir das histórias que Barrie contava aos filhos de sua amiga, Sylvia Davies. Mas o personagem pode ter sido inspirado também no irmão de Barrie, que morreu quando ainda era criança. Peter Pan, Sininho, Wendy, Garotos Perdidos e Capitão Gancho são personagens complexos e trazem à obra profundidade e discussões pertinentes acerca da infância.

This book includes contents by show or film title as well as by song title, an introduction about Sondheim, a preface by the editor, and detailed notes about each work and the show it came from. Singer, dancer, actress, mother, wife--Carol Lawrence has played many roles in her life. She created the role of Maria in the Leonard Bernstein/Jerome Robbins Broadway classic "West Side Story" and when she wed Robert Goulet (the original Sir Lancelot in the 1960 Broadway musical Camelot) in 1963, the press treated their romance like a fairy tale. While the end of that fairy tale plays a large part in her recounting of her life, it is not the entirety of her life. While never matching "West Side Story," she continues to appear on stage in musicals, cabarets, concerts, and television. Her life story is a poignant tale of love, loss and personal growth that is sure to be an inspiration to her many fans.
