Memories of a Time Once Forgotten Now Remembered

Memory has long been ignored by rhetoricians because the written word has made memorization virtually obsolete. Recently however, as part of a revival of interest in classical rhetoric, scholars have begun to realize that memory offers vast possibilities for today's writers. Synthesizing research from rhetoric, psychology, philosophy, and literary and composition studies, this volume brings together many historical and contemporary theories of memory. Yet its focus is clear: memory is a generator of knowledge and a creative force which deserves attention at the beginning of and throughout the writing process. This volume emphasizes the importance of recognizing memory's powers in an age in which mass media influence us all and electronic communication changes the way we think and write. It also addresses the importance of the individual memory and voice in an age which promotes conformity. Written in a strong, lively personal manner, the book covers a great deal of scholarly material. It is never overbearing, and the extensive bibliography offers rich vistas for further study.

The Writer's Book of Memory

A comprehensive introduction to the nature of the self and its relation to the body, this title places the problem of personal identity in the context of more general puzzles about identity, and discusses the major related theories.

Personal Identity

An unforgettable memoir by an award-winning poet about being kidnapped from his Black father and raised by his white supremacist grandparents. When Shane McCrae was three years old, his grandparents kidnapped him and took him to suburban Texas. His mom was white and his dad was Black, and to hide his Blackness from him, his maternal grandparents stole him from his father. In the years that followed, they manipulated and controlled him, refusing to acknowledge his heritage—all the while believing they were doing what was best for him. For their own safety and to ensure the kidnapping remained a success, Shane's grandparents had to make sure that he never knew the full story, so he was raised to participate in his own disappearance. But despite elaborate fabrications and unreliable memories, Shane begins to reconstruct his own story and to forge his own identity. Gradually, the truth unveils itself, and with the truth, comes a path to reuniting with his father and finding his own place in the world. A revelatory account of a singularly American childhood that hauntingly echoes the larger story of race in our country, *Pulling the Chariot of the Sun* is written with the virtuosity and heart of one of the finest poets writing today. And it is also a powerful reflection on what is broken in America—but also what might heal and make it whole again.

Pulling the Chariot of the Sun

Leo Flower got his name in a Greenwich Village orphanage because he loved to listen to Mayor Fiorello LaGuardia, New York's Little Flower, read the funny papers on the radio. When Leo is twelve, he is adopted by a priest and his sister and raised as their own. They love and support him throughout his schooling and his time in the military. After leaving the army, Leo becomes a cop and eventually a lieutenant. Time passes, and he's sixty, drifting in a dull but comfortable routine. That existence comes crashing down, however, when his adoptive parents are murdered. With seething vengeance, Leo hunts for their killer. His search is interrupted when he is transferred to an elite unit and assigned to develop a plan to stop the assassination of the Pope during his visit to the United Nations. As his search for the murderer continues, Leo puts his plan to save the Pope into action with the help of a street thug, an old gangster, a famed French actress, a doorman, and the Catholic Church. The search for one thing often leads to the discovery of another; so it is with Leo Flower a man seeking a killer and finding instead something he never expected.

Leo Flower

These are the compiled memories of the ten children of John and Thresa (Miksch) Hytrek who farmed and raised their children on the family homestead southwest of Stuart, Holt County, Nebraska. Originally collected by Jack Hytrek in 1993, the stories were organized into book form by Jim McGowan in 1998, and re-organized for this publication by Roberta "Bobbi" King. There are stories from Cele Miksch who records her Miksch family history as she knew it; there are Thresa (Miksch) Hytrek's memories of her family; two poems; family trees; and several pages of photos. The memories were transcribed by Bobbi King, while the family trees and photos were scanned from the original pages of the McGowan compilation.

Hytrek Family Memories

This text explores the core principles of learning and memory in a clear, reader-friendly style, covering animal learning and human memory in a balanced fashion. A strong emphasis on practical applications to the college student's everyday life is evident in examples throughout, such as the correlation between caffeine consumption and grade point average (Chapter 1), the importance of taking practice tests over additional studying (Chapter 9), approach/avoidance coping for upcoming and completed exams (Chapter 5), and misremembering what your professor said in class (Chapter 10). The relationship between the fields of neuropsychology and learning and memory is also stressed throughout. The fourth edition has been thoroughly updated to reflect the latest research and has been freshened throughout with more relevant examples and better graphics. There are new sections on the adaptive-evolutionary approach, potentiated startle, behavior medicine, breaking habits, behavioral economics, testing effect, consolidation theory, an expanded section on working memory, and new applications in animal training, self behavior modification, neuroethics and artificial memory enhancement, and acting and memory.

Learning and Memory

Offers guidance and support for studying Psychology at AS level.

Psychology AS

If Students Need to Know It, It's in This Book This book develops the English and language arts skills of seventh graders. It fosters skill mastery that helps them succeed both in school and on the Massachusetts Comprehensive Assessment System (MCAS). Why The Princeton Review? We have more than 20 years of experience helping students master the skills needed to excel on standardized tests. Each year we help more than 2 million students score higher and earn better grades. We Know the Massachusetts Comprehensive Assessment System Our experts at The Princeton Review have analyzed the MCAS, and this book provides the most up-to-date, thoroughly researched information possible. We break down the test into its individual skills to familiarize students with the test's structure while increasing their overall skill level. We Get Results We know what it takes to succeed in the classroom and on tests. This book includes strategies that are proven to improve student performance. We provide - content review based on Massachusetts standards and objectives - detailed lessons, complete with skill-specific activities - 2 complete practice MCAS English language arts tests.

Roadmap to the MCAS Grade 7 English Language Arts

Remembering the First World War brings together a group of international scholars to understand how and why the past quarter of a century has witnessed such an extraordinary increase in global popular and academic interest in the First World War, both as an event and in the ways it is remembered. The book discusses this phenomenon across three key areas. The first section looks at family history, genealogy and the First World War, seeking to understand the power of family history in shaping and reshaping remembrance of the War at the smallest levels, as well as popular media and the continuing role of the state and its agencies. The second part discusses practices of remembering and the more public forms of representation and negotiation through film, literature, museums, monuments and heritage sites, focusing on agency in representing and remembering war. The third section covers the return of the War and the increasing determination among individuals to acknowledge and participate in public rituals of remembrance with their own contemporary politics. What, for instance, does it mean to wear a poppy on armistice/remembrance day? How do symbols like this operate today? These chapters will investigate these aspects through a series of case studies. Placing remembrance of the First World War in its longer historical and broader transnational context and including illustrations and an afterword by Professor David Reynolds, this is the ideal book for all those interested in the history of the Great War and its aftermath.

Remembering the First World War

Reprint of the original, first published in 1875.

Theodore Tilton vs. Henry Ward Beecher

True WWII biographies. Oral interviews given by 50 men & women about their unique WWII experiences. Fascinating stories, many never published before. From old notes, logs, diaries & unpublished

manuscripts. Pearl Harbor. Hiroshima. Kassarine Pass. Normandy. China-Burma-India...flying over the hump. Stories about a disastrous secret invasion (Devon Invasion). The very first radar installations. Marines guarding President Roosevelt. An admiral disappears (forever). Discovery of old masters paintings hidden by German military. Stories from six continents, every ocean. Compelling thoughts of foot soldiers dismantling mines. Gunfire at a conference with General "Hap" Arnold. The U.S. Navy ships real gold. Stalag 17 secret death march log. "Milk Run" by an injured pilot. Bloody invasions in the South Pacific. Navigating Lindbergh himself. Movie stars. Glen Miller. VJ & VE Days celebrated worldwide. Holocaust museum's vice chairman loses 40 family members...from his childhood at Auschwitz to being a speaker at the Capitol rotunda. Submariners in battle. Typhoons. How survivors led admirable lives, educated themselves. Order from Senior Distributors, P.O. Box 185, Vineburg, CA 95487.

Preliminary Report

From the "art of war" to the "art of peace," from the business boardroom to the martial arts schoolroom, follow as Leo is transformed by his teachers to become what they termed as awake.

Operation Memories

Learning and Memory provides students with a clear, balanced, and integrated presentation of major theoretical perspectives foundational to the study of human learning and memory. Author Darrell Rudmann uses an engaging personal writing style appropriate for students with little or no previous background in psychology to discuss topics including the major behaviorism theories of learning, modern cognitive theories of memory, social learning theories, the roles of emotion and motivation in learning, and the well-established neurological underpinnings of these perspectives. A concluding chapter on learning and memory concepts in the real world shows students to how these concepts are applied in various industries, from advertising to education and the media.

A Dictionary of the English Language

A woman haunted by the wind. A land where ghosts speak for the voiceless. A washer of the dead who begins to hear them speak... These are the stories of the unquiet. Women whisper through this collection. They voice their loves, lives, fears and yearnings. To label this collection as 'ghost stories' or 'feminist stories' is to miss the nuances and range of female experience. As ghost stories they make you look uneasily over your shoulder, as female narrative they stun you with the power of their keen insight. Whimsical, terrifying and compelling, these powerful and haunting tales about our commonplace fears and tragedies provide a scathing commentary on the lives of women in India and are universal in their appeal. Published by Zubaan.

The C.E.O., The Rat and the Cat

Discusses the current epidemic of sports-related concussions, including true-life stories of victims and the ongoing research to unravel the mysteries of concussions, as well as the crusade to prevent these types of injuries.

Learning and Memory

Mental imagery refers to the mental simulation or recreation of perceptual experience across different sensory modalities. The exploration of mental imagery represents a new and important area within clinical psychology, but arguably one still in its infancy. While mental imagery has featured prominently in recent theoretical accounts of disorders as diverse as post-traumatic stress disorder, phobia, body dysmorphic disorder, mood disorders, and psychosis, there remains an insufficiently strong theoretical and methodological foundation to enable comparison of the role of imagery across such different disorders. The current research topic presents a diverse range of cutting-edge papers focusing on investigating the underlying mechanisms and/or treatment interventions associated with mental imagery in clinical disorders, with the goal of helping establish those common elements most clinically relevant when investigating mental imagery. The research topic comprises fifteen articles drawn from the fields of psychiatry, psychology, and neuroscience. This is a unique collection of articles that combine different perspectives from the field of clinical psychology with more diverse perspectives drawn from the wider literature on mental imagery. The original research studies and theoretical articles presented are organised around four main chapters that cover imagery and eye movements, imagery and craving, imagery and autobiographical memory, and imagery and clinical disorders. We believe

that the range of submissions presented in the research topic make a strong contribution to helping establish a theoretical and methodological foundation that can enable the effective study of imagery across different disorders and domains.

The Concussion Crisis

Reprint of the original, first published in 1883.

Mental Imagery in Clinical Disorders

Addiction, abuse, trauma and guilt. The generational curse had her bound. Unexpectedly, it was as if a light switch had flipped and the darkness was never going to end. Brittany had firmly believed the past trauma she had endured was securely locked away, put on a shelf, and handled — but was it? With the skeletons in her mind busting at the seams, she finally reached breaking point. What had once seemed handled was now haunting her. She simply could not escape it. Realising that she had landed at rock bottom; the only way out was to heal and face her demons. Brittany started something that had once felt impossible — she tried to find true freedom. Can she do it? Can she recover from a past life that had already robbed her of so much? This is a true, inspirational story of one woman's battle to break free of a generational curse, to find herself, keep herself alive throughout the darkest points as a teenager, trying to find her purpose, learning to love herself, fighting to prove herself to Irish Immigration while facing deportation twice and finding her happily ever after. This is Resilience.

Psychology

In a course where professors are frequently confronted by students who haven't actually read their textbooks, this text offers a solution. The shortest, most succinct of the books written by Dennis Coon, **PSYCHOLOGY: A JOURNEY** presents psychology in a way that sparks readers' curiosity, insights, imagination, and interest getting students "hooked" on psychology and eager to read on. The first author to integrate the proven SQ4R (survey, question, read, recite, relate, and review) active learning system into a psychology textbook, Coon helps readers grasp major concepts, develop a broad understanding of psychology's diversity, and see for themselves how psychology relates to the challenges of everyday life. Because readers become actively involved with the material, they develop a basic understanding of psychology that they take with them into their future courses and careers.

Theodore Tilton Vs. Henry Ward Beecher

A psychology text that you'll actually want to read! **PSYCHOLOGY: A JOURNEY** is guaranteed to spark your curiosity, insight, imagination, and interest. Using the proven SQ4R (Survey, Question, Read, Recite, Relate, and Review) active learning system to help you study smarter, Coon leads you to an understanding of major concepts as well as how psychology relates to the challenges of everyday life. Each chapter of this book takes you into a different realm of psychology, such as personality, abnormal behavior, memory, consciousness, and human development. Each realm is complex and fascinating, with many pathways, landmarks, and detours to discover. Take the journey and find yourself becoming actively involved with the material as you develop a basic understanding of psychology that will help you succeed in this course and enrich your life.

Introduction to Psychology

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Two children catch fireflies on a summer night, putting them one by one into a jar until all ten are caught, and then they let them out to watch all ten fly away.

Authentic and Interesting Memoirs of Mrs. Clarke, from Her Infancy to the Present Time

The five protagonists-Hugh, a veteran administrator dealing with the complacency of a long marriage; Michael, an Irish-American English teacher trapped in a loveless marriage to "daddy's girl"; Marissa, a young Puerto Rican teacher struggling to find love in the Bronx; Andrew, a high school dean/ basketball coach, having forsaken love for a bevy of partners; and Reggie, stalling his lovely fiancée in order to have that last fling. But the primary story of *Love in the Classroom: A New York Story* is that of the New York educational system and the stories that unfold away from the public's eyes. The incidents are realistic and portrayed in an honest and perceptive way. If you've ever wondered what goes on in the minds of people who make the decisions that affect the lives of children, here is your opportunity to find out. *Love in the Classroom* is a "must-read" for educators and parents alike.

Minutes of Evidence. Authentic and interesting Memoirs of Mrs Clarke, from her infancy to the present time. Likewise a faithful account of Mr Wardle's charges relative to ... the Duke of York; together with the minutes of evidence complete, as taken in the House of Commons, etc

A well-known figure in Pune, Achyut Athavale is a retired economist of wide-ranging interests and some social standing. He is often invited to give lectures and speak at public events. One such speech results in a riot taking place in the city, leading a troubled Achyut to move into a home for the elderly located near three small villages in rural India named Norway, Sweden and Denmark. There Achyut suffers a temporary loss of memory and murders another inmate of the home. Events take a turn for the bizarre with the media, the Hindi film industry and some international political figures campaigning to assert Achyut's innocence. Bringing together the stylistic elements of the early twentieth-century Marathi novel and the modern European Absurd in this superbly crafted exploration of causality and memory, Makarand Sathe creates a scathing and humorous narrative around the happenings of Achyut's life.

A Dictionary of the English Language ... The fifth edition

A devotional commentary that helps you gain fresh insights into the Bible and understand how you can apply God's Word to your life. Few Bible commentators simultaneously articulate both insightful spiritual truths and memorable life applications for readers who want to be relevant witnesses for Jesus Christ. Gifted Bible preacher and inspiring teacher Jon Courson effortlessly combines these elements in this easy-to-read, verse-based devotional commentary on the Old Testament books of Genesis through Job. Pastor Jon's years of immersion in God's Word, as he regularly preached from the Bible, produced faithful, valuable teaching that takes a balanced approach between a scholarly work and an encouragement for living the Christian life. His application commentaries combine the following elements in a unique blend of pertinent information and needed inspiration: Deep love for God's word Colorful cultural insights Insightful historical information Applicable topical studies Vivid illustrations and stories Humorous, practical, and inspiring life lessons Jon Courson's devotional commentaries offer thorough and comprehensive teaching along with practical, in-depth topical studies in a very readable and comfortable expositional style.

A Dictionary of the English Language: in Which the Words are Deduced from Their Originals, and Illustrated in Their Different Significations by Examples from the Best Writers ... By Samuel Johnson. In Two Volumes. Vol. 1. [-2.]

Therapeutic Trances is a manifesto of the fundamental principles and techniques of Ericksonian hypnotherapy. This innovative volume lays out the principles and practice of developing relationships with patients and creating a hypnotic environment in which true healing can take place. The book offers therapists specific questions to ask and practical ideas to pursue, thereby illustrating how therapists may cooperate with clients to translate problems into solutions. Stephen Gilligan synthesizes the approaches of Erickson, Bandler & Grinder, and Bateson to bring a new perspective to the field.

Memoirs of the Museum of Comparative Zoology at Harvard College, Vol. 48 (Classic Reprint)

These translations from the French bring two of Claudine-Alexandrine de Tencin's novels back to life: *The Memoirs of the Count of Comminge* (1735), presented as a much-needed new translation, and *The Misfortunes of Love* (1747), appearing here for the first time in English. Published more than half a century after Marie-Madeleine de Lafayette's *La Princesse de Clèves*, they belonged less to Tencin's time than to the tradition of the "feminine historical novel" inspired by Lafayette. Beautifully written in the spare but powerful prose characteristic of French classicism and widely read both in Tencin's lifetime and beyond, the novels were forgotten in the mid-nineteenth century. Like the work of Abbé Prévost and Pierre de Marivaux, they were important contributions to the early sentimental novel. They also anticipated, surprisingly, the gothic novels of Ann Radcliffe which appeared later in the century.

Memoirs of the Count of Comminge and The Misfortunes of Love

Impressions That Remained

Market: Those interested in the development of 20th-century science. A modest scientific review begun by Cornell University in 1893, The Physical Review is today the most prestigious and wide-ranging collection of archival journals of American physics. To celebrate the centenary of this influential publication, Cornell professor Paul Hartman provides an informal, anecdote-rich history of the journal. This book offers readers a special opportunity to meet the scientists who initiated and nurtured the magazine and revisit landmark papers, abstracts from meetings of the American Physical Society, and articles that chronicled advances in world physics.

A Memoir on The Physical Review

Memoirs

The genre of political memoir has a long history, from its origins in classical times through its popularity in the age of courts and cabinets to its ubiquity in modern mass cultures where retired politicians increasingly attract large and eager readerships for their revelations. Yet there is virtually no scholarly criticism which treats this complex form of literature as a distinct genre, fusing autobiographical, historical and political elements. The essays in this book draw together the collaborative findings of a team of British, European, American and Canadian scholars to present a pioneering historical

and critical study of the genre of political memoir, analysing the development of its distinct functions and assessing leading memoirists in European, American, Canadian, Indian and Japanese societies. The editor, George Egerton, introduces the volume and surveys the principal features of the genre over its long history. Otto Pflanze analyses the memoirs of Bismarck; Robert Young, Milton Israel, Joshua Mostow and Robert Bothwell study the memoir literature of France, India, Japan and Canada respectively. Barry Gough and Tim Travers look at naval and military memoirists, while Zara Steiner, B.J.C. McKercher and Valerie Cromwell assess the memoirs of diplomats and their families. Leonidas Hill examines the memoirs of leading Nazis. John Munro, Francis Heller and Robert Ferrell convey inside information on the making of memoirs - notably by the Canadian Prime Ministers Diefenbaker and Pearson and the American President Truman. Stephen Ambrose assays Nixon as memoirist, while Janos Bak portrays the status of memoirists under totalitarian regimes. Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist. The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter.

My Memoirs

THE #1 SUNDAY TIMES BESTSELLER A riveting, deeply personal account of history in the making-from the president who inspired us to believe in the power of democracy - and the perfect gift this Christmas! 'Gorgeously written, humorous, compelling, life affirming' Justin Webb, Mail on Sunday In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency-a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective-the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day. 'What is unexpected in *A Promised Land* is the former president's candour' David Olusoga, Observer

Political Memoir

Memoirs of the Royal Astronomical Society

Taking into account the popularity and variety of the genre, this collaborative volume considers a wide range of English Romantic autobiographical writers and modes, including working-class autobiography, the familiar essay, and the staged presence. In the wake of Rousseau's *Confessions*, autobiography became an increasingly popular as well as a literary mode of writing. By the early nineteenth century, this hybrid and metamorphic genre is found everywhere in English letters, in prose and poetry by men and women of all classes. As such, it resists attempts to provide a coherent historical account or

establish a neat theoretical paradigm. The contributors to *Romantic Autobiography in England* embrace the challenge, focusing not only on major writers such as William Wordsworth, De Quincey, and Mary Shelley, but on more recent additions to the canon such as Mary Robinson, Dorothy Wordsworth, and Mary Hays. There are also essays on the scandalous *Memoirs of Mrs. Billington* and on Joseph Severn's autobiographical scripting of himself as "the friend of Keats." The result is an exploratory and provisional mapping of the field, provocative rather than exhaustive, intended to inspire future scholarship and teaching.

A Philosophical and Mathematical Dictionary Containing... Memoirs of the Lives and Writings of the Most Eminent Authors

Not every presidential visit to the theatre is as famous as Lincoln's last night at Ford's, but American presidents attended the theatre long before and long after that ill-fated night. In 1751, George Washington saw his first play, *The London Merchant*, during a visit to Barbados. John Quincy Adams published dramatic critiques. William McKinley avoided the theatre while in office, on professional as well as moral grounds. Richard Nixon met his wife at a community theatre audition. Surveying 255 years, this volume examines presidential theatre-going as it has reflected shifting popular tastes in America.

Die Chance des Gewissens

As historians rediscover human society to be as much about desire, fantasy, and irrationality as it is about interest, reality, and reason, the history of psychoanalytic thought takes on an increasing significance. Its growth and interconnection with other fields appealed to the eclectic and holistic interests of historians so much so that the term "psychohistory" was coined, admiringly, ambivalently, or perjoratively. The methodological intersection of psychology and history also helped move us toward a more inclusive social history through investigation of the institutional history of medical sciences of the mind. Treating Mind and Body examines the recent history of psychotherapy, psychoanalysis, and medicine in Germany through a series of original essays by Geoffrey Cocks. The first section, "Psychotherapy," analyzes the history of psychotherapy in the Third Reich and includes such essays as "The Professionalization of Psychotherapy in Germany" and "The Nazis and C.G. Jung," which examines Jung's association with the Nazi regime and the rift between Jungians and Freudians. Section two, "Psychoanalysis," considers the repression of memory evident among German psychoanalysts, a more disturbing historical reality than the traditional view of a Nazi destruction of psychoanalysis. Essays include "Psychoanalysis and Psychotherapy in Germany Since 1939," as well as a discussion of Heinz Kohut's "self psychology" in light of Kohut's life experience in Austria and America. In section three, Cocks treats medicine, the history of professions, and the increasing awareness among historians of the place of medicine in Nazi plans and projects. Essays include "Jews and Medicine in Modern German Society" and "The Nuremberg Doctor's Trial and Medicine in Modern Germany." As a historian of Germany, psychoanalysis, and medicine, Cocks's writings reflect an abiding interest in the intersections of psychology and history. To his selection of previously published essays he adds a new introduction, placing the essays in newer, richer contexts. This book will be of interest to psychologists, psychiatrists, and psychotherapists, as well as those in the fields of medicine, history, and sociology.

Die Chance des Gewissens

The idea for this book sprang from Geoffrey Cocks' curiosity as to what happened in the new, dynamic field of psychotherapy in Germany with the advent of Hitler. While traditional views merely asserted that the Nazis destroyed the field of psychotherapy in Germany, a viewpoint justifiably based on the testimony of those in the field who had emigrated from Germany to escape Nazi persecution, Cocks learned that there was more to the story. He looked to several interesting shards of evidence that pointed to the possibility that one could reconstruct a history of morally questionable professional developments in German psychotherapy during the Third Reich. The evidence included: existence of a journal for psychotherapy published continuously from 1928 to 1944; accounts of a psychotherapist who assumed leadership of his colleagues and who was a relative of the powerful Nazi leader Hermann Goring; and a strong psychotherapeutic lobby in German medicine that was intellectually impoverished but apparently not destroyed by the expulsion of the prominent and predominantly Jewish psychoanalytic movement.

Non-Jewish psychoanalysts and psychotherapists had in fact pursued their profession under the aegis of the so-called Goring Institute, with substantial support from agencies of the Nazi party, the Reich government, the military, and private business. Much research has been done in the ten years since the first edition of this book was published, hence the need for a second edition. Included is more information on the history of psychotherapy and psychoanalysis in Nazi Germany, on the social history of the Third Reich, and on the history of the professions in Germany. Three new chapters analyze postwar developments and conflicts as well as broader issues of continuity and discontinuity in the history of modern Germany and the West. In addition, the author has reorganized the volume along chronological and narrative lines for greater ease of reading. "Psychotherapy in the Third Reich" is an important work for psychotherapists, psychologists, psychoanalysts, sociologists, and historians.

Die Chance des Gewissens

Orgasmusschwierigkeiten, Familienleben oder Personalführung - überall findet sich das Subjekt aufgefordert, unter Rückgriff auf ein hoch diversifiziertes Therapie- und Beratungsangebot an sich zu arbeiten, Kompetenzen zu entwickeln, Potenziale zu aktivieren. Doch wie erklärt sich der Aufstieg dieser Selbsttechnologien? Aus genealogischer Perspektive gehen die sozial- und geschichtswissenschaftlichen Beiträge dieses Bandes der These nach, dass der »Psychoboom« als eine der strukturellen Veränderungen »nach dem Boom« in der Bundesrepublik Deutschland anzusehen ist - als Institutionalisierung einer »Krisenbewältigungsanstrengung«.

Treating Mind and Body

Freud begann sein revolutionäres Werk in der Einsamkeit des Privatdozenten und Nervenarztes. Vor dem Ersten Weltkrieg fand es die Anerkennung der Züricher Universitätspsychiater, daraufhin auch vermehrt die Aufmerksamkeit der deutschen Fachöffentlichkeit und in der Weimarer Zeit viel Anklang im aufblühenden Feld der Psychotherapie. Die Rezeption der psychoanalytischen Lehre und Praxis war wie so oft, wenn Neues aufkommt, interessiert, gelegentlich zustimmend, häufiger kritisch. Aus einem Gefühl der Überlegenheit verweigerten sich Freud und seine Anhänger der Auseinandersetzung mit der methodischen, inhaltlichen und ärztlich-ethischen Kritik ihrer Kollegen. Sie gingen ihren eigenen Weg, mit einer eigenen Fachvereinigung, Fachausbildung und Theoriesprache. Ab 1933 wurde die Eigenständigkeit zerschlagen, nach 1945 langsam wiederhergestellt. Das Buch beschreibt die Erfolge der Psychoanalyse auf ihrem Weg der Isolation und die Schwierigkeiten, die dieser Weg mit sich brachte.

Psychotherapy in the Third Reich

Das Buch befasst sich mit bislang unbekannten Kontexten von Theodor W. Adornos Kritik der Psychoanalyse, darunter vor allem die versuchte „Arisierung“ durch die Neoanalyse im Göring-Institut der NS-Zeit. Wolfgang Bock nimmt dazu einen wichtigen Ausgangspunkt von Adornos Aufsatz „Die revidierte Psychoanalyse“, der 1952 in der *Psyche* veröffentlicht wird. Der Autor zeigt anhand einer genauen Lektüre eines bislang unveröffentlichten englischen Vortragsmanuskripts von 1946, dass Adornos sich zusammen mit den zur Emigration gezwungenen jüdischen Analytikern vor allem gegen die Zurichtung der freudschen Triebtheorie durch Karen Horney richtet, gegen die er auch in Amerika argumentiert. Er steht damit keinesfalls allein da. Diese Motive werden von Adorno allerdings ab 1950 in Deutschland nicht mehr offen aufgenommen, da er sich mangels anderer Alternativen nun verstärkt um ein Auskommen mit den ehemaligen Nazis bemüht. Wolfgang Bock, der auch der bislang kaum erfolgte Aufarbeitung dieses faschistischen Erbes in der Psychologie im Nachkriegsdeutschland nachgeht, kann zeigen, dass diese Momente weiterhin in Adornos späterer Fassung der Psychoanalyse wirksam bleiben. Vor diesem Hintergrund unterzieht er so gut wie alle Texte Adornos zur Psychoanalyse einer gründlichen Revision, darunter auch kaum bekannte Forschungsprojekte. Es zeigt sich, dass Adorno in den englischen Texten sehr viel offener argumentiert und damit paradoxerweise späteren Kritikern näher ist, als diese annehmen: Das Bild seines Umgangs mit der Psychoanalyse muss von nun an gründlich revidiert werden. Das Buch veröffentlicht zum ersten Mal den englischen Vortragstext Adornos von 1946 und bietet u.a. eine neue deutsche Übersetzung.

Da ist etwas kaputtgegangen an den Wurzeln--

Der soziale Wandel ändert auch die Aufgabenbestimmungen von Familien und öffentlicher Erziehung. Die Beiträge aus Wissenschaft und Praxis setzen sich mit den Aufgaben, Gemeinsamkeiten und gegenseitigen Ansprüchen auseinander. Familie und Einrichtungen öffentlicher Erziehung sind wech-

selseitig miteinander verbunden. Eltern sind von öffentlicher Erziehung abhängig und delegieren Erziehungsaufgaben; öffentliche Erziehung versucht, familienorientiert zu wirken. Eltern bedienen sich eines Erziehungswissens, das sich immer weniger an tradierten Vorgaben orientiert, statt dessen von Experten beeinflusst ist, während professionell Erziehende familiäre Erziehungsleistungen übernehmen. Was leisten familiäre und öffentliche Erziehung, wo liegen ihre Grenzen? Die Beiträge präzisieren die Aufgabenbereiche von Familienerziehung und öffentlicher Erziehung, sie analysieren ihre Wechselwirkungen und aktualisieren den Diskussionsstand.

Das beratene Selbst

Ohne die praktische Hilfe, den Zuspruch und die Anteilnahme vieler Menschen wäre dieses Buch nicht möglich gewesen. Vor allem danke ich meiner Frau, Aase, für ihre unermüdliche Anteilnahme und Geduld, und ich danke Professor Sven Olaf Poulsen, der mit unendlicher Geduld mein Manuskript in sprachlicher Hinsicht überarbeitete. Viele andere haben mir durch praktische Unterstützung, sachliche Anregungen oder durch Betreuung während meiner Studienaufenthalte unschätzbare Hilfe geleistet. Den folgenden sei mein bester Dank dafür ausgesprochen: Prof. Leif Ludwig Albertsen, Århus, Prof. Peter Alheit, Bremen, Prof. Helmut Brandt und Frau, Jena, Lektor Friedel Dubslaff, Århus, Sekretärin Birte Jensen, Århus, Prof. Uffe Juul Jensen, Århus, cand.scient.pol. Wolfgang Kahlig, Århus, Sekretärin Marie Kejser, Århus, Morten Kjaer, Århus, cand.mag. Marion Klein, Sejs, Dr. Lars Lambrecht, Hamburg, mag.art. Henning Høgh Laursen, Århus, Prof. Wilh. Mader, Bremen, Prof. Laureen Nußbaum, Oregon, stud.psych. Reiner Opolka, Bremen, Prof. Heinz Pepperle, Berlin DDR, Dr. Kurt Postei, Weimar, Prof. Gert Sautermeister, Bremen, Dr. Arnold Schölze! und Frau, Berlin DDR, Prof. Friedrich Tomberg, Berlin DDR, Dr. Johannes Weber und Frau, Bremen. Herzlich gedankt sei zudem Leitung und Personal des Goethe- und Schiller-Archivs in Weimar, vor allem dem ehemaligen Direktor Dr. Karl-Heinz Hahn, dem amtierenden Direktor Volker Wahl und Frau Dr. Roswitha Wollkopf, die mir wertvolle Unterstützung während meines Studienaufenthalts am Archiv leisteten. Die Veröffentlichung der in diesem Buch abgedruckten bisher unveröffentlichten Dokumente aus dem Nachlaß Nietzsches und der Familie Nietzsche erfolgt mit der freundlichen Genehmigung des Archivs.

Auf eigenem Weg

Friedrich Nietzsche has emerged as one of the most important and influential modern philosophers. For several decades, the book series Monographien und Texte zur Nietzsche-Forschung (MTNF) has set the agenda in a rapidly growing and changing field of Nietzsche scholarship. The scope of the series is interdisciplinary and international in orientation reflects the entire spectrum of research on Nietzsche, from philosophy to literary studies and political theory. The series publishes monographs and edited volumes that undergo a strict peer-review process. The book series is led by an international team of editors, whose work represents the full range of current Nietzsche scholarship.

Dialektische Psychologie

Familie und öffentliche Erziehung

A Karger 'Publishing Highlights 1890-2015' title Als erste medizinische Fachdisziplin hat die Deutsche Gesellschaft für Kinderheilkunde und Jugendmedizin den Auftrag erteilt, den individuellen Schicksalen ihrer jüdischen Kollegen nachzugehen, die von den Rassegesetzen des NS-Regimes betroffen waren. Die Dokumentation erfasst über 750 Biographien von verfolgten, emigrierten oder ermordeten Kinderärztinnen und Kinderärzten. Eine zweisprachige Einführung berichtet über die Bedeutung jüdischer Pädiater für die Kinderheilkunde und über die Rolle der offiziellen Fachvertreter in diesem Geschehen. In die Neuauflage konnten über 120 Ergänzungen und Korrekturen aus der neueren Forschung und persönlichen Mitteilungen eingearbeitet werden. As the first medical discipline, the German Society of Pediatrics and Adolescent Medicine has commissioned an investigation into the individual fate of its Jewish colleagues who were affected by the race laws of the NS regime. The documentation comprises over 750 biographies of persecuted, emigrated or murdered pediatricians. An introduction in two languages tells of the impact Jewish pediatricians have had devoted to this field and of the role played by official pediatric representatives in the course of events. The new edition includes over 120 supplements and amendments from the latest research and personal accounts.

Der Mensch im Schnittpunkt von Autonomie und Heteronomie

Psychiatrische Anstalten und Einrichtungen für Menschen mit Behinderungen erregten in jüngerer Zeit öffentliche Aufmerksamkeit, da Betroffene ihre dort gemachten Erfahrungen von Gewalt, Vernachlässigung und Ressourcenmangel publik machten. Die Beiträge dieses Bandes analysieren die Entwicklung der institutionellen Strukturen seit der Nachkriegszeit und ordnen das Handeln der Anstaltsleitungen und die wissenschaftlichen Konzepte, die der Ausübung von Gewalt Vorschub leisteten, zeitgeschichtlich ein. Zudem geben sie Einblicke in die Alltagsgeschichte in den Heimen aus der Sicht der Betroffenen.

Friedrich Nietzsche

Die Arbeit beschreibt und analysiert die spezifischen Erzählmuster autobiographisch ausgerichteter Erinnerungsliteratur der späten siebziger und frühen achtziger Jahre und hat sich dabei ein doppeltes Ziel gesetzt: mit literaturwissenschaftlichen Instrumentarien wird dargelegt, wie literarische Werke Erkenntnisse über das Leben der Deutschen im {raquo}Dritten Reich{laquo} vermitteln und wie sie den Einfluß der nationalsozialistischen Vergangenheit auf die Verhaltensmuster der bundesrepublikanischen Gegenwart sichtbar machen. Dazu ist erforderlich, die für den Forschungsprozeß maßgebenden hermeneutischen Konstituenten offenzulegen und zu reflektieren. Deshalb wird der eigentlichen Textanalyse ein theoretischer Teil vorangestellt, der die notwendigen literaturtheoretischen, soziologischen, historischen und sozialpsychologischen Komponenten in konzentrischen Kreisen erfaßt und definiert. Diese Kapitel folgen einer Argumentationskette, die, vom allgemeinen gesellschaftstheoretischen Zusammenhang ausgehend, fortschreitet bis hin zu den Besonderheiten des autobiographischen Erzählens. D. h., die Interpretationen stehen im festen Verbund mit der vorhergehenden theoretischen Fundierung, und die zur Anwendung kommenden Bewertungskriterien erlangen nur im ständigen Rückbezug zu den ausgewiesenen Konstanten ihre Berechtigung und ihren Aussagewert. Dieses Verfahren garantiert größtmögliche Sicherheit im Urteil und läßt erwarten, daß die Untersuchung über ihren literaturwissenschaftlichen Stellenwert hinaus auch für die sozialpsychologische und historische Forschung zum komplexen Thema Nationalsozialismus ein Gewinn sein dürfte. 9 I. Theoretischer Teil Einleitung Jeder Versuch, literaturwissenschaftliche Theorie und Textinterpretation zu verbinden, steht in der Verpflichtung, sein Vorgehen zu begründen.

Über Eckhard Henscheid

Seit einiger Zeit hat die Psychoonkologie an Attraktivität gewonnen. Ihre Dienste werden vielfach angefordert, zunehmend auch als Beratung der Lebensprobleme von Menschen, deren medizinische Behandlung abgeschlossen oder ausgeschöpft ist. Die Medizin hat verstanden, wie nötig es ist, den Kranken nicht nur "am\

Nietzsche und der deutsche Geist

16. Fortbildungstagung der Deutschen Gesellschaft für Psychosomatische Geburtshilfe und Gynäkologie, Würzburg, 11.-14. Februar 1987

Psychotherapie van de menselijke waardigheid

Wer prägte die neu gegründete Bundeswehr ab 1955, wer baute sie auf? In der Aufstellungsphase der Streitkräfte bis 1970 trafen Männer aus den Geburtsjahrgängen 1889 bis 1950 aufeinander. Manche hatten schon in der Kaiserlichen Kontingentarmee oder in der Reichswehr, viele in der Wehrmacht gedient. Andere waren ungediente Freiwillige und Grundwehrdienstpflichtige, die den Zweiten Weltkrieg als Kinder oder den Wiederaufbau der Bundesrepublik Deutschland als Nachkriegsgeborene erlebt hatten. Generale, Stabsoffiziere, Offiziere, Feldwebel, Unteroffiziere und Mannschaftsdienstgrade: Sie alle waren an diesem Aufbauprozess gleichermaßen beteiligt und prägten in unterschiedlicher Weise das innere Gefüge der neuen Armee. In sechzehn Beiträgen werden mit den Methoden der Biografik und der Generationenforschung ausgewählte Soldaten in ihrer Zeit- und Milieuheimat porträtiert. Ein Beitrag fasst aus psychohistorischer Sicht die individuellen und Gemeinschaftserfahrungen zusammen.

Jewish pediatricians

Sehnsucht - Suche oder Sucht? In der Sehnsucht steckt beides: Führt die Suche zum Ziel, ist Sehnsucht eine Kraft, die Berge versetzen kann. Bleibt das Ziel nebulös, kann die Sehnsucht zur Sucht werden. Aber wozu ist sie überhaupt gut? Sehnsucht ist der Wegweiser zu uns selbst. In unserer

Sehnsucht liegen unsere geheimsten Wünsche und tiefsten Hoffnungen verborgen. Auch wenn unsere Sehnsucht nach außen gerichtet ist - nach einer unerfüllten Liebe, nach einem paradiesischen Ort - stets hat sie ihre Quelle in uns selbst. Diese Quelle aufzuspüren, um unseren inneren Durst zu stillen, ist das eigentliche Ziel der Sehnsucht. "Ich gebe es unumwunden zu: Dieses Buch hat mich aufgewühlt. Von ihm geht eine Magie aus, der sich der Leser nicht entziehen kann." (Sahara, Patientenzeitung der Fachklinik Langenberg) "Der romantische, literarische und doch wieder analytische Stil dieses Buches wird jeden Leser - ob Laie oder Fachmann - begeistern." (AKF-Literaturdienst) "Dieses Buch ist in seiner Schlichtheit ein mutiger Text. Mit einfachen, nachvollziehbaren Fallbeispielen, Märchen und Filmgeschichten macht der Autor Zauber und Absurdität von Sehnsucht erfahrbar. Der Flucht in die hoffnungslose Dynamik unerfüllter Sehnsüchte stellt Chu den Glanz gegenüber, der sich einstellen kann, wenn wir unserem Alltag mit Hingabe begegnen. Er tut dies ohne Pathos. Und gerade weil sein Text keine Heilsbotschaft verkündet, erhält er durch seine ruhige Gewissheit eine verblüffende Überzeugungskraft." (Psychologie Heute)

Zwischen Beharrung, Kritik und Reform

Das Ersatzheer der Wehrmacht im Zweiten Weltkrieg ist immer noch eine Terra incognita. Dabei war seine Bedeutung an der Heimatfront immens. Es übernahm dort für das NS-Regime wichtige gesellschaftliche Aufgaben, wozu auch ein besonderer Aspekt der NS-Gerichtbarkeit zu zählen ist: die Wehrmachtjustiz im Heimatgebiet. Kerstin Theis zeichnet am Beispiel eines Militärgerichts ein umfassendes und nuanciertes Bild dieser bisher fast ganz übersehenen militärischen Einrichtung. Auf breiter Quellenbasis liefert sie ein detailliertes Gruppenprofil der dort tätigen Richter und Befehlshaber. Sie beleuchtet den Gerichtsalltag, der sich nicht in der Strafverfolgung gegen Deserteure und der Verhängung von Todesurteilen erschöpft, sondern ein breites Spektrum von Delikten und Angeklagten-Gruppen umfasst. Schließlich - und das ist das größte Verdienst dieser innovativen Studie - kann die Autorin zeigen, wie die Richter in der Heimat mit ihren Mitteln versuchten, aus der "Volksgemeinschaft" eine mobilisierte Wehrgemeinschaft zu formen, in der alles den Erfordernissen eines "totalen" Krieges untergeordnet war.

Theorie der Sublimation

Wer in moralischen Extremsituationen bestimmte Mittel – Tötungen, Folter, Lüge, Korruption – verwendet, um seine Ziele zu erreichen, holt sich «schmutzige Hände». Diese stehen für die Schuld oder Scham der Handelnden, aber bisweilen auch für die Bereitschaft, «sich die Hände schmutzig zu machen», also für mutige oder heroische Taten. Es gibt somit nicht die eine «Moral der schmutzigen Hände». Die Konnotation und ethische Einschätzung sind abhängig von der jeweiligen Handlung und ihrem Kontext und den angewandten ethischen Kriterien. Um Schuld und Unschuld in Dilemmasituationen geht es in diesem Band.

Literarische Spurensuche

Patienten erwarten mehr als medizinisches Wissen. In diesem Buch geht es darum, darüber nachzudenken, was einen guten Arzt ausmacht, was man tun kann, um ein guter Arzt zu werden, und warum es so schwer ist, den Erwartungen an diesen Beruf immer gerecht zu werden. «Es macht Spaß, in diesem Buch zu lesen und zu lernen. ... Der Autor versteht es meisterhaft, mit dem Leser Strategien und Regeln zu entwickeln, die notwendig sind, um ein ärztliches Berufsleben gelingen zu lassen.» Zeitschrift für Allgemeinmedizin

Beschädigtes Leben

A revised edition of a controversial attack on modern psychological therapy, from Freud to Carl Rogers. The author begins with the premise that the aim of therapy is to change people. He then argues that if the direction of change, indeed the definition of success in therapy, is determined chiefly by the therapist, then therapy is an inherently corrupt interaction. Why? Because the autocratic structure of therapy serves the interests of the therapist, not the patient. Masson's solution is a non-authoritarian self-help group in which no money changes hands. Published by Common Courage Press, Box 702, Corner Jackson Road and Route 139, Monroe, NE 04951. Annotation copyright by Book News, Inc., Portland, OR

Psychosoziale Onkologie

Of the many medical specializations to transform themselves during the rise of National Socialism, anatomy has received relatively little attention from historians. While politics and racial laws drove many anatomists from the profession, most who remained joined the Nazi party, and some helped to develop the scientific basis for its racist dogma. As historian and anatomist Sabine Hildebrandt reveals, however, their complicity with the Nazi state went beyond the merely ideological. They progressed through gradual stages of ethical transgression, turning increasingly to victims of the regime for body procurement, as the traditional model of working with bodies of the deceased gave way, in some cases, to a new paradigm of experimentation with the "future dead."

Psychosomatische Gynäkologie und Geburtshilfe 1987

In 1997, Daniel Goldhagen published his groundbreaking international bestseller entitled *Hitler's Willing Executioners*, which he believed would lay to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen took his readers into the killing fields where Germans voluntarily hunted Jews like animals, tortured them, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen showed how ordinary Germans, nurtured in a society where Jews were seen as evil and dangerous, willingly followed their beliefs to their logical conclusion. An explosive work, exhaustively documented and richly researched, it offered irrefutable proof that should have forced a fundamental revision in our thinking and recording of events, but instead of seeing this work as a chance to seriously re-evaluate what happened in Germany, the influential German historians angrily rejected it with accusations of a lack of scholarship, to a reaction against its popularity. This investigative work deals with that historical bias and the resulting complicity. Fred Kautz could not understand why leading professional German historians refused to take up the gauntlet thrown by Goldhagen. *The German Historians* is the result of his attempt to get to the bottom of this mystery. First he presents an overview of Goldhagen's work, then he subjects the public, and private, utterances, and the written reviews of three prominent German historians-Hans Mommsen, Hans-Ulrich Wehler, and Eberhard Jackel-to a very close examination, and finally he draws some conclusions and warnings about how we record history. Fred Kautz, Ph.D., is currently a freelance historical researcher in Darmstadt, Germany.

Die Stimme des Anderen

The idea for this book sprang from Geoffrey Cocks' curiosity as to what happened in the new, dynamic field of psychotherapy in Germany with the advent of Hitler. While traditional views merely asserted that the Nazis destroyed the field of psychotherapy in Germany, a viewpoint justifiably based on the testimony of those in the field who had emigrated from Germany to escape Nazi persecution, Cocks learned that there was more to the story. He looked to several interesting shards of evidence that pointed to the possibility that one could reconstruct a history of morally questionable professional developments in German psychotherapy during the Third Reich. The evidence included: existence of a journal for psychotherapy published continuously from 1928 to 1944; accounts of a psychotherapist who assumed leadership of his colleagues and who was a relative of the powerful Nazi leader Hermann Goring; and a strong psychotherapeutic lobby in German medicine that was intellectually impoverished but apparently not destroyed by the expulsion of the prominent and predominantly Jewish psychoanalytic movement. Non-Jewish psychoanalysts and psychotherapists had in fact pursued their profession under the aegis of the so-called Goring Institute, with substantial support from agencies of the Nazi party, the Reich government, the military, and private business. Much research has been done in the ten years since the first edition of this book was published, hence the need for a second edition. Included is more information on the history of psychotherapy and psychoanalysis in Nazi Germany, on the social history of the Third Reich, and on the history of the professions in Germany. Three new chapters analyze postwar developments and conflicts as well as broader issues of continuity and discontinuity in the history of modern Germany and the West. In addition, the author has reorganized the volume along chronological and narrative lines for greater ease of reading. *Psychotherapy in the Third Reich* is an important work for psychotherapists, psychologists, psychoanalysts, sociologists, and historians.

Warum Krieg? Gewalt? Terror?

This book addresses the personal and collective abysses that may open when, albeit many years after the Holocaust, but in the very country of the murderers, one examines the legacy of the National

Socialist extermination of Jews. Jewish Lebenswelt in Germany entails involvement of survivors and their sons and daughters, born after the Shoah, with the non-Jewish German world of Nazi perpetrators, supporters, bystanders and their children. Love relationships probably represent the most intimate contact between former victims and perpetrators, or their supporters. This exploration of second-generation relationships in post-National-Socialist Germany is aimed at gaining deeper insights into what Theodor W. Adorno called the »culture after Auschwitz«. The true extent and significance of the chasm that did indeed emerge during the course of this endeavour only became apparent in retrospect. Therefore, an article about the »history« of working on »Love after Auschwitz« has been included.

Militärische Aufbaugenerationen der Bundeswehr 1955 bis 1970

First multi-year cumulation covers six years: 1965-70.

Casablanca oder Wohin dich die Sehnsucht trägt

Der Band enthält zentrale, bislang meist nicht oder nur schwer zugängliche Texte von Heino Falcke – vom berühmt gewordenen Vortrag 'Christus befreit – darum Kirche für andere' vor der Bundessynode 1972 bis zu dem im Juni 2013 in Imshausen gehaltenen Eröffnungsvortrag der Tagung 'Das Erbe der Bekennenden Kirche in der DDR'. Falckes 'Einmischungen' zeigen ihn als prominenten Zeitzeugen und scharfen Analytiker des umstrittenen Weges der Evangelischen Kirche in der DDR und als Programmatiker der ökumenischen Versammlung für Frieden, Gerechtigkeit und Bewahrung der Schöpfung, deren Anliegen der Autor auch seit der Wende immer wieder einklagt. Insofern geben Falckes 'Einmischungen' nicht nur Einblicke in Vergangenes, sondern zugleich Impulse für die Zukunft. Der Band erscheint aus Anlass der Ehrenpromotion Falckes zum Dr. phil. 2012 an der Universität Siegen, die von den Herausgebern initiiert wurde.

Wehrmachtjustiz an der Heimatfront

Schmutzige Hände und weiße Westen
