

The Assassination Of John F Kennedythe Assassination Of Julius Caesar A Peoples History Of Ancient Rome

[#JFK assassination](#) [#Julius Caesar assassination](#) [#ancient Rome history](#) [#Roman Empire](#) [#historical events](#)

Explore the profound historical impact of two pivotal assassinations: that of John F. Kennedy, a shocking moment in 20th-century American history, and the dramatic killing of Julius Caesar, which reshaped the trajectory of ancient Rome. This narrative delves into a people's history of Ancient Rome, examining how such events are etched into the fabric of societies and alter the course of empires.

22 November 1963

These days, almost no-one takes seriously the notion that one person, without assistance, killed President Kennedy. Even the official US government position for the last 40 years has been that JFK "was probably killed as the result of a conspiracy"

History as Mystery

In a lively challenge to mainstream history, Michael Parenti does battle with a number of mass-marketed historical myths. He shows how history's victors distort and suppress the documentary record in order to perpetuate their power and privilege. And he demonstrates how historians are influenced by the professional and class environment in which they work. Pursuing themes ranging from antiquity to modern times, from the Inquisition and Joan of Arc to the anti-labor bias of present-day history books, History as Mystery demonstrates how past and present can inform each other and how history can be a truly exciting and engaging subject. "Michael Parenti, always provocative and eloquent, gives us a lively as well as valuable critique of orthodoxy posing as 'history.'"—Howard Zinn, author of A People's History of the United States "Deserves to become an instant classic." —Bertell Ollman, author of Dialectical Investigations Those who keep secret the past, and lie about it, condemn us to repeat it. Michael Parenti unveils the history of falsified history, from the early Christian church to the present: a fascinating, darkly revelatory tale." —Daniel Ellsberg, author of The Pentagon Papers "Solid if surely controversial stuff."—Kirkus Michael Parenti, PhD Yale, is an internationally known author and lecturer. He is one of the nation's leading progressive political analysts. He is the author of over 275 published articles and twenty books, including Against Empire, Dirty Truths, and Blackshirts and Reds. His writings are published in popular periodicals, scholarly journals, and his op-ed pieces have been in leading newspapers such as the New York Times and the Los Angeles Times. His informative and entertaining books and talks have reached a wide range of audiences in North America and abroad.

The Assassination of John F. Kennedy

This book traces the events of Kennedy's assassination and Lyndon B. Johnson's subsequent ascension to the presidency. Covering both the political shifts of the time and the cultural fallout of the national tragedy, this book introduces both an iconic event and the context in which that event was heralded as iconic. Drawing on newspaper articles, political speeches, letters, and diaries, the author critically re-examines the event of JFK's death and its persistent political and cultural legacy.

Killing Kennedy

Startling new insights into the JFK assassination In *Killing Kennedy: Exposing the Plot, the Cover-Up, and the Consequences*, author Jack Roth interviews researchers, scholars, eyewitnesses, and family members of those who were part of the tangled web of US intelligence operations associated with the Cold War and the circumstances surrounding the assassination of John F. Kennedy. The author asks important questions, including why the assassination still matters today and what the lasting ripple effects have been since that fateful day. The Kennedy assassination represents one of the most impactful events in not only American but also world history, and this book represents an important addendum to understanding its enduring significance. On November 22, 1963, the duly elected president of the United States was murdered in cold blood, forever destroying "Camelot" and national optimism for world peace. Gleaning a "people's history" of the assassination through dozens of insightful and heartfelt interviews, Roth presents a riveting narrative by creating a respectful, well-crafted, and emotionally charged book from which both older and younger generations will gain a greater understanding of our nation's history and current status in the modern world.

Cold Blooded Killings

This book explores the most notorious cases of assassinations in our history, looking in depth at the killers, their motives and the impact the deaths of the victims had on society. She also looks at notable failed attempts on the lives of the famous.

Exodus from Empire

Unique behind-the-scenes account of the Camp David peace talks.

Murder from Within

Written in 1974 *Murder From Within* will show what actually happened to President Kennedy, the consequences of his murder, and what action Americans can take to protect their institutions from further internal assault. The problem of usurpation from within and illegitimate and bloody transfer of power is as old as political history itself. Betrayal from within from the leaders own inner circle dates all the way back to Julius Caesar and Jesus Christ. Centuries ago, several Roman Emperors were killed by their own Praetorian guards. This plot, which involved only a handful of high officials and a few Secret Service Agents, called for President Kennedy to be maneuvered to Dallas and executed in public. His body was then forcibly removed from the control of the Dallas Coroner and flown to Washington, D.C., to a military hospital. There, autopsy findings were supervised to foil a later investigation and implicate a scapegoat. The plot required a high probability of success. Therefore, it was self-contained: carefully recruited members of the Secret Service- the Presidents guards- murdered him. The portability of a motorcade allowed the assassins to escape and the evidence to remain under their control. With their obvious cover as guards, the Secret Service could ensure that the planning would result in the replacement of one chief executive with another who now had the power to cover the crime up. The scapegoat for the crime was placed near the motorcade by being told to look for work at locations on one of two likely parade routes. Once he had a job, the motorcade was planned to pass in front of where he worked. In this way, it would appear that he had found his position by accident. To plan the route first and then place the scapegoat in position would raise serious questions in an investigation about his prior knowledge. Seven years in the making *Murder From Within* shows exactly and in detail how a small high level group within Kennedys own Cabinet betrayed him and killed him to benefit an ambitious Vice President determined to become President no matter what.

The Assassination of Julius Caesar

"A provocative history" of intrigue and class struggle in Ancient Rome—"an important alternative to the usual views of Caesar and the Roman Empire" (*Publishers Weekly*). Most historians, both ancient and modern, have viewed the Late Republic of Rome through the eyes of its rich nobility—the 1 percent of

the population who controlled 99 percent of the empire's wealth. In *The Assassination of Julius Caesar*, Michael Parenti recounts this period, spanning the years 100 to 33 BC, from the perspective of the Roman people. In doing so, he presents a provocative, trenchantly researched narrative of popular resistance against a powerful elite. As Parenti carefully weighs the evidence concerning the murder of Caesar, he adds essential context to the crime with fascinating details about Roman society as a whole. In these pages, we find reflections on the democratic struggle waged by Roman commoners, religious augury as an instrument of social control, the patriarchal oppression of women, and the political use of homophobic attacks. *The Assassination of Julius Caesar* offers a whole new perspective on an era thought to be well-known. "A highly accessible and entertaining addition to history." —Book Marks

Assassinated!

The killing of holders of high office for a predetermined political or ideological purpose is a practice as old as power politics itself. *Assassinated!* tells the darkly sensational story of twenty centuries of political murder, from the Roman era to the present. It includes accounts of many of the most infamous assassinations in history, from the slaying of Julius Caesar in 44 BC to the shooting of President Kennedy in 1963. Drawing on the latest research, Dr Steven Parissien presents a richly entertaining sequence of case-studies of this, the ultimate method of regime change.

The Kennedy Assassinations

Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers. Indeed, a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders. Was a shot fired from Dealey Plaza's grassy knoll? Why did Jack Ruby shoot Oswald? Was it the CIA, the Soviets, Cuban nationalists or the Mafia that arranged John Kennedy's assassination? Was Robert Kennedy shot from in front and behind, and who had the most to gain from his death? These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head-on. Over many years, Mel Ayton has examined all the more substantial conspiracy theories and, through careful analysis of documents and eyewitness statements, he has demolished each one. In each case, Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories. These have now been brought together to provide a comprehensive analysis of all the main theories as to who, how and why the two Kennedy brothers met their deaths in such unusual circumstances. Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched, or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy's assassination, the harsh reality is that the Kennedy brothers were each killed by lone gunmen. This is an absorbing read, brought up to date with the addition of new material as it has been uncovered. Maybe, just maybe, this book will persuade people that the official accounts of both murders, although flawed, are not cover-ups but simply statements of fact.

Conspiracy in Camelot

This complete and up-to-date synopsis of the assassination of JFK (the actors, witnesses and investigators) weighs the different theories and looks at the drama as both a detective story and a defining moment in American mass psychology.

The Kennedy Assassination--24 Hours After

Riding in an open-topped convertible through Dallas on November 22, 1963, Lyndon B. Johnson heard a sudden explosive sound at 12:30 PM. The Secret Service sped him away to safety, but not until 1:20 PM did he learn that John F. Kennedy had been assassinated. Sworn in next to a bloodstained Jackie Kennedy at 2:40 PM, Johnson worked feverishly until 3:00 in the morning, agonizing about the future of both his nation and his party. Unbeknownst to him, his actions had already determined the tragic outcome of his presidency. In November 22, 1963, historian Steven Gillon tells the story of how Johnson consolidated power in the twenty-four hours following the assassination. Based on scrupulous research and new archival sources, this gripping narrative sheds new and surprising light on one of the most written-about events of the twentieth century.

The Hidden History of the JFK Assassination

November 22, 2013 marks the 50th anniversary of the tragedy that has haunted America ever since. For the first time, this concise and compelling book pierces the veil of secrecy to fully document the small, tightly-held conspiracy that killed President John F. Kennedy. It explains why he was murdered, and how it was done in a way that forced many records to remain secret for almost fifty years. The Hidden History of JFK's Assassination draws on exclusive interviews with more than two dozen associates of John and Robert Kennedy, in addition to former FBI, Secret Service, military intelligence, and Congressional personnel, who provided critical first-hand information. The book also uses government files—including the detailed FBI confession of notorious Mafia godfather Carlos Marcello—to simply and clearly reveal exactly who killed JFK. Using information never published before, the book uses Marcello's own words to his closest associates to describe the plot. His confession is also backed up by a wealth of independent documentation. This book builds on the work of the last Congressional committee to investigate JFK's murder, which concluded that JFK 'was probably assassinated as a result of a conspiracy," and that godfathers ["Santo] Trafficante [and Carlos] Marcello had the motive, means, and opportunity to assassinate President Kennedy." However, it also draws on exclusive files and information not available to Congress, that have only emerged in recent years, to fully explain for the first time how Marcello and Trafficante committed—and got away with—the crime of the 20th century. Some of the book's revelations will be dramatized in the upcoming Warner Brothers film *Legacy of Secrecy*, produced by and starring Leonardo DiCaprio, which also stars Robert De Niro as Carlos Marcello. The Hidden History of JFK's Assassination is the definitive account of the crime and the secrecy which has surrounded it.

Kennedy

During his lifetime, John F. Kennedy created a dazzling image that has been sustained since his assassination in 1963. This book examines how Kennedy succeeded in using his military service in World War II, his literary efforts, his sex appeal, his family and other attributes and achievements to develop such a potent image. It also explores the roles played by Joseph and Jackie Kennedy in bolstering his appeal. Probably no other figure in history has created such a positive impression on people throughout the world today than Kennedy. This book seeks to explain how this happened, and to consider the extent to which the image conformed to the reality of the man.

Crime of the Century

Addressing developments since the book's initial publication in 1982, Kurtz provides a new introduction and updated bibliography. He discusses the publicity and controversy surrounding Oliver Stone's film *JFK*, the new books and television programs that have dealt with the different conspiracy theories, new information about the possible role of organized crime in the assassination, and certain materials from the Kennedy autopsy that have only recently come to light.

John F Kennedy

Learn about the life and times of John F Kennedy with iMindsJNR audio learning series for younger minds. John Fitzgerald Kennedy, or JFK, was President of the United States of America from 1961 to 1963. From his unlikely rise to power at the age of forty-three to his dramatic death at the hand of an assassin, his presidency marked a transformative and tumultuous period in American history. Kennedy was America's first Catholic President ...

American Conspiracy Files

Conspiracy theories are not new to our modern time. They date back to biblical times when Moses sent his spies out to check out what the Egyptians were doing. Espionage is also linked to various conspiracies and is all mixed up in the same bag of tricks and form any decent conspiracy or theory. In this new, fact providing book by author Peter Kross called *The American Conspiracy Files: The Stories We Were Never Told*, the reader is given a tour de force through the world of conspiracies and conspiracy theories dating back to the time when this nation was first founded, right up until the modern day. Author Kross provides the reader with these fascinating and unbelievable stories in short, thought-provoking chapters that will both inform and educate the public to these little known tales from our past. Among the stories that are revealed are the circumstances surrounding the Lost Colony of Roanoke whose settlers simply left their homes and were never seen again. The tales of the deaths of Davy Crockett, Jesse James and Butch Cassidy and the Sundance Kid leave the reader wondering

just what really happened to these iconic heroes, conspiracies in the Revolutionary War including Benedict Arnold and Ben Franklin's son, William. We delve into the large conspiracy to kill President Lincoln and see that John Wilkes Booth did not act alone. Our tale then goes into our modern day with chapters on the deaths of John F. Kennedy, Robert Kennedy, Martin Luther King, spies in the Roosevelt administration, the reasons behind the Oklahoma City bombing, the sordid plots of President Lyndon Johnson and the deaths of people associated with him, the revelation of "Deep Throat," a plot by the Joint Chiefs of Staff to invade Cuba and blame it on Castro, among other interesting tales. As author Kross did in his previous books, *Tales From Langley: The CIA from Truman to Obama* and *The Secret History of the United States*, these stories are a fascinating account of our hidden history, most of which the public has never heard of.

JFK: From Parkland to Bethesda

An all-in-one resource containing more than 15 years of research on the JFK assassination. A map through the jungle of statements, testimony, allegations, and theories relating to the assassination of John F. Kennedy, this compendium gives readers an all-in-one resource for facts from this intriguing slice of history. The book, which took more than 15 years to research and write, includes details on all of the most important aspects of the case, including old and new medical evidence from primary and secondary sources. *JFK: From Parkland to Bethesda* tackles the hard evidence of conspiracy and cover-up and presents a mass of sources and materials, making it an invaluable reference for anyone with interest in the President Kennedy and his assassination in 1963.

Thinking Critically About the Kennedy Assassination

Thinking Critically About the Kennedy Assassination uses the tools of critical thinking, historical research, and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK's shocking and untimely death. As we approach the 60th anniversary of the violent public assassination of President John F. Kennedy, over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins. Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives, this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking. The book's opening chapters lay out the "official" academic consensus concerning the Kennedy assassination (better known as the "Lone Gunman Theory") and discuss the origins of popular interpretations of Kennedy's life and death, such as the nostalgic myth of "Camelot," the unsympathetic "Irish Mafia" narrative, and the many conspiracy theories critical of both. Subsequent sections scrutinize the alleged motives of leading conspiracy suspects, the ballistic, forensic, and medical evidence related to JFK's murder, and the most popular "proofs" of an enduring government cover-up. The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse. This volume will appeal to students of history, politics, psychology, and cultural and media studies, and to a broader audience interested in American history, critical thinking, and conspiracy thinking.

Who Really Killed Kennedy?

Almost nothing gives rise to more national intrigue than the murder of an American president. And on November 22, 2013, the nation remembered the 50th anniversary of one of the most traumatic events in modern American history, the assassination of President John F. Kennedy. From day one, the truth behind JFK's assassination has been mired in controversy and dispute. The Warren Commission, established just seven days after Kennedy's death, delved into the who, what, when, and where of the tragedy, and over the course of the following year compiled an 889-page report that arrived at the now widely contested conclusion: Lee Harvey Oswald was the sole assassin. In *Who Really Killed Kennedy?*, No. 1 New York Times best-selling author Jerome R. Corsi, Ph.D., provides readers with the ultimate JFK assassination theory book.

JFK Revisited

Based on Oliver Stone's documentary, *JFK Revisited*, read the transcripts and interviews that will change the way you think about the John F. Kennedy assassination. *JFK Revisited: Through the Looking Glass* contains the two working original screenplays for Oliver Stone's *JFK Revisited*; both the two-hour version, *Through the Looking Glass*, and the four-hour version, *Destiny Betrayed*. These films are the first documentaries to feature the work of the Assassination Records Review Board. The Assassination

Records Review Board worked from 1994–98 releasing records that the government has classified in whole or in part on the assassination of President John F. Kennedy. They ended up releasing about two million pages or approximately sixty thousand documents. They also pursued an investigation into the autopsy and medical evidence in the JFK case. Although their releases and discoveries were quite important to the evidentiary record, they received very little exposure in the mainstream media. They also released documents relating to Kennedy's foreign policy in both Cuba and Vietnam. In the former case, these were plans by the Pentagon to create a pretext to invade Cuba. In the latter, documents proved Kennedy was implementing a withdrawal plan from Vietnam. This book is unprecedented. It contains a compendium of information originating from the widest range of authorities on the JFK case ever assembled. This includes luminaries from several fields: pathology, surgery, ballistics, criminal investigation, neurology, history, and journalism. Never before have people like forensic pathologist Cyril Wecht, criminalist Henry Lee, Professor James Galbraith, author David Talbot, journalist Jefferson Morley, intelligence analyst John Newman, Professor Robert Rakove, and more appeared in one book; never have this many illustrious authorities been interviewed about their views on the policies and the assassination of President John F. Kennedy. The book also includes important witness interviews with Dr. Donald Miller about his colleague Malcolm Perry, Jim Gochenaur of the Church Committee, and Edwin McGehee of both the House Select Committee on Assassinations and the Jim Garrison investigation. The combination of this newly released information plus expert interviews changed the database and calculus of the JFK case. The scripts are included in this book, which were the backbone for Oliver Stone's films. It also includes important excerpts from the many interviews which did not make it into the final cuts of the films. JFK Revisited will challenge everything you thought you know about the JFK assassination.

John F. Kennedy Assassination Records Collection

Verslag van de presidentiële commissie belast met het onderzoek naar de moord op de Amerikaanse president John Fitzgerald Kennedy (1917-1963).

Report of the President's Commission on the Assassination of President John F. Kennedy

William Manchester's epic and definitive account of President John F. Kennedy's assassination. As the world still reeled from the tragic and historic events of November 22, 1963, William Manchester set out, at the request of the Kennedy family, to create a detailed, authoritative record of the days immediately preceding and following President John F. Kennedy's death. Through hundreds of interviews, abundant travel and firsthand observation, and with unique access to the proceedings of the Warren Commission, Manchester conducted an exhaustive historical investigation, accumulating forty-five volumes of documents, exhibits, and transcribed tapes. His ultimate objective -- to set down as a whole the national and personal tragedy that was JFK's assassination -- is brilliantly achieved in this galvanizing narrative, a book universally acclaimed as a landmark work of modern history.

The Death of a President

A chronological narrative of the CIA's assassination operations during the Kennedy administration.

Murder, Inc.

The First Comprehensive Treatment of the Kennedy Assassination. The US government lied to the American people about President Kennedy's death. But, ironically it was the American people who solved the crime. Over the past half century, hundreds of researchers investigated one or more parts of the murder, often using their own expertise, such as photography, computers, science, medical expertise, and analytical skills. Taken together, their detailed work illuminated what really happened. Author Donald T. Phillips has been following the Kennedy assassination since it happened. This book begins at the end of World War II and concludes when the Warren Commission was formed. Revealed along the way is the truth about the Bay of Pigs, the Cuban Missile Crisis, the ambush in Dealey Plaza, and JFK's fraudulent autopsy. During his two years and eight months in office, President Kennedy prevented the US government from instigating a war that could have involved nuclear weapons in Vietnam, Laos, Berlin, the Soviet Union, and Cuba. He was leading the nation away from armed conflict, ending the Cold War, and setting the stage for a lasting peace with all nations. IN doing so, however, JFK was threatening long-established kopek structures within the government. So on November 22, 1963, in broad daylight, they shot him in the back and blew his brains out. It was a pre-meditated, deliberate, willful act of murder with malice aforethought. And they got away with it. No one who participated in the

crime was ever brought to justice. *Treason From Within* answers the questions: Who killed President Kennedy? Why was he killed? How was he killed?

Investigation of the Assassination of President John F. Kennedy

Neither a random event nor the act of a lone madman—the assassination of President John F. Kennedy was an appalling and grisly conspiracy. This is the unvarnished story. With deft investigative skill, David Kaiser shows that the events of November 22, 1963, cannot be understood without fully grasping the two larger stories of which they were a part: the U.S. government's campaign against organized crime, which began in the late 1950s and accelerated dramatically under Robert Kennedy; and the furtive quest of two administrations—along with a cadre of private interest groups—to eliminate Fidel Castro. The seeds of conspiracy go back to the Eisenhower administration, which recruited top mobsters in a series of plots to assassinate the Cuban leader. The CIA created a secretive environment in which illicit networks were allowed to expand in dangerous directions. The agency's links with the Mafia continued in the Kennedy administration, although the President and his closest advisors—engaged in their own efforts to overthrow Castro—thought this skullduggery had ended. Meanwhile, Cuban exiles, right-wing businessmen, and hard-line anti-Communists established ties with virtually anyone deemed capable of taking out the Cuban premier. Inevitably those ties included the mob. The conspiracy to kill JFK took shape in response to Robert Kennedy's relentless attacks on organized crime—legal vendettas that often went well beyond the normal practices of law enforcement. Pushed to the wall, mob leaders merely had to look to the networks already in place for a solution. They found it in Lee Harvey Oswald—the ideal character to enact their desperate revenge against the Kennedys. Comprehensive, detailed, and informed by original sources, *The Road to Dallas* adds surprising new material to every aspect of the case. It brings to light the complete, frequently shocking, story of the JFK assassination and its aftermath.

Treason From Within

John F. Kennedy was assassinated in Dallas by Mafia contract killers hired by Louisiana mob boss Carlos Marcello. Longtime local district attorney Henry Wade, an LBJ crony who would have sole jurisdiction over the prosecution of those responsible, had been corrupted by the local Civello crime family. Lyndon B. Johnson, while a US senator during the 1950s, had accepted bribes from the same mobsters so that they could avoid deportation. With incredible detail and documentation, Mark North pieces the puzzle together to reveal how, in late 1961, US Attorney General Robert Kennedy and his brother John, who hated LBJ, initiated a covert Organized Crime Task Force investigation of the Civello mob in Dallas. Johnson, through Wade and local federal officials he had placed in power, learned of the plan and cooperated with the Civello mob to have JFK killed. Johnson did this, in part, because he had the power to control any subsequent federal investigation via FBI director J. Edgar Hoover. After the Mafia killed JFK, Johnson stopped Robert Kennedy's prosecution of the Dallas Mafia. Betrayal in Dallas is unlike any book written on the JFK assassination. Because its conclusions are based on classified federal documents unknown to the public and research community, it will startle and convince all those who read it. *Betrayal in Dallas* is what the American people have been waiting for since November 22, 1963.

The Road to Dallas

LBJ aims to expose Vice President Johnson's active role in the assassination of President Kennedy and how he began planning his takeover of the U.S. presidency even before being named the vice presidential nominee in 1960. Lyndon B. Johnson's flawed personality and character traits were formed when he was a child, and grew unchecked for the rest of his life as he suffered severe bouts of manic depression and bipolar disorder. He successfully hid this disorder from the public as he bartered, stole, and finessed his way through the corridors of power on Capitol Hill—though records have been uncovered proving some of his aides knew of his mental illness. Phillip F. Nelson, after years of researching Johnson and the JFK assassination, concludes that during his vice presidency Johnson suffered progressively stronger bouts of mental collapse as he was busy undermining Kennedy's domestic and foreign policy initiatives for the purpose of cunningly saving them for his own legacy. His involvement with JFK's assassination is conclusively drawn with both text and photographic evidence showing Johnson's knowledge of when and where the assassination would take place. Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history.

Betrayal in Dallas

Fifty years after Bobby Kennedy's assassination, the mystique endures. Celebrate the Kennedys' legacy in this commemorative edition, PEOPLE The Kennedys.

Learning Resource Guide

This book is about grasping power and once achieving it, using that power to assassinate all challengers to the power gained. The Warren Commission Report concluded that Lee Harvey Oswald acted alone and was not part of a conspiracy, and went on to say that there is no evidence of a conspiracy. This report pacified the American public for the last 49 years. Logic and Reason dictates otherwise. Each of us have the ability to use our own logic to determine who had the most to gain from the President John F. Kennedy assassination. However it seems unreasonable that he could do it alone and get away with it. So it doesn't pass the reason test. Therefore, logic again comes into the equation that would require a co-conspirator capable of providing a complete cover-up, so the conspirators will never be caught. The co-conspirators need only patsies to take the blame with promises of a fee or fame or whatever satisfies their weaknesses. With the Kennedy assassination completed and blamed on Lee Harvey Oswald, who is murdered before he can utter more than 'I'm just a patsy' the American population seems satisfied that he paid for his crime, while the conspirators remain free. Using the same procedure of patsies to take the rap, the logical conspirators assassinate Martin Luther King Jr. and Senator Robert Kennedy, a leading Democratic Candidate for President in 1968, and got away with it. Your use of logic and reason may lead you to the same conclusion that a conspiracy of the highest magnitude took the lives of these three idealists.

LBJ

The US Central Intelligence Agency is no stranger to conspiracy and allegations of corruption. Across the globe, violent coups have been orchestrated, high-profile targets kidnapped, and world leaders dispatched at the hands of CIA agents. During the 1960s, on domestic soil, the methods used to protect their interests and themselves at the expense of the American people were no less ruthless. In *CIA Rogues and the Killing of the Kennedys*, Patrick Nolan fearlessly investigates the CIA's involvement in the assassinations of President John F. Kennedy and Senator Robert F. Kennedy—why the brothers needed to die and how rogue intelligence agents orchestrated history's most infamous conspiracy. Nolan furthers the research of leading forensic scientists, historians, and scholars who agree that there remain serious unanswered questions regarding the assassinations of John F. Kennedy fifty years ago and Robert F. Kennedy in 1968. He revisits and refutes what is currently known about Lee Harvey Oswald and Sirhan Bishara Sirhan, and offers readers a compelling profile of the CIA's Richard Helms, an amoral master of clandestine operations with a chip on his shoulder. Bolstered by a foreword by Dr. Henry C. Lee, one of the world's foremost forensic authorities, *CIA Rogues and the Killing of the Kennedys* is an unmatched effort in forensic research and detective work. As the fiftieth anniversary of the JFK assassination approaches, Nolan has made a significant contribution to the literature on that fateful day in Dallas as well as shed light on that dark night at the Ambassador Hotel. Readers interested in conspiracy, the Kennedy family, or American history will find this book invaluable.

PEOPLE The Kennedys

EXCLUSIVE OFFER - 'The FlatSigned Press' announces the release of our FIRST published work! We are NOW offering 'THE ASSASSINATION OF JFK REPORT' for the FIRST TIME EVER ANYWHERE! This treasure includes EXCLUSIVE new information from our eldest living American president! Only 2948 #ed editions and 52 Lettered Editions.

Conspiracy to Assassinate President John F. Kennedy, Dr. Martin Luther King Jr. and Senator Robert F. Kennedy.

The events from the moment of President Kennedy's assassination to his burial three days later.

CIA Rogues and the Killing of the Kennedys

*Includes dozens of pictures of Lincoln, Kennedy, and other important people, places, and events.

*Explains how Booth's plot against Lincoln evolved and the political circumstances that compelled Kennedy to make his fateful trip to Dallas. *Covers the aftermath of both assassinations, including the

manhunt for Booth and the investigations of the Kennedy assassination. *Discusses the conspiracy theories surrounding the Kennedy assassination and the similarities and differences between Kennedy, Lincoln and their assassinations. In the annals of American history, few moments have been so thoroughly seared into the nation's conscience that Americans can remember exactly where and when they heard about an earth-shattering event. In the 19th century, there was the assassination of Abraham Lincoln, and in the 20th century there was Pearl Harbor and the assassination of President John F. Kennedy. Until April 14, 1865, John Wilkes Booth was one of the most famous actors of his time, and President Abraham Lincoln had even watched him perform. But his most significant performance at a theater did not take place on the stage. That night, Booth became one of history's most infamous assassins when he assassinated President Lincoln at Ford's Theatre in Washington, D.C. Although Robert E. Lee's Army of Northern Virginia had surrendered days earlier, Booth believed the war was not yet over because Confederate General Joseph E. Johnston's army was still fighting the Union Army, so he and his group of conspirators plotted to kill Lincoln and other top officials in a bid to decapitate the federal government and help the South. Perhaps not surprisingly, the actor's flair for the dramatic came at a cost to the plot. It took almost no time for the shocked public and the federal government to begin unraveling Booth's conspiracy, which had mostly faltered from the beginning. Following the shooting, America's most famous manhunt commenced, which itself became the stuff of legends. November 22, 1963 started as a typical Friday, and many Americans were unaware that President Kennedy was even heading to Dallas, Texas. John and Jackie arrived in Dallas in the morning, with Texas Governor John Connally alongside them and Vice President Lyndon B. Johnson due to arrive later to meet them there. As the First Couple rode with the Connallys in an open motorcade en route to a speech Kennedy would deliver later. As they waved to the people lining the streets, around 12:30 p.m. Central Standard Time, Governor Connally's wife turned around to the first couple and said, "Mr. President, you can't say Dallas doesn't love you." Moments later, the most controversial assassination in American history took place as a series of shots were fired at the motorcade. The indelible images provided by the Zapruder film of Kennedy being hit in the throat and head, followed by Jackie crawling over the backseat toward the trunk are now instantly recognizable. Within minutes, the news of the shooting began to spread from Dallas across the nation, and everyone's worst fears were confirmed when the President was declared dead about half an hour after the shooting. In the wake of the shooting, Lee Harvey Oswald was arrested, proclaimed his innocence, and was then murdered himself by Jack Ruby two days later. The day after that, the President was given a state funeral and procession. The unbelievable chain of events that took place in those 72 hours understandably left the nation shell-shocked. Killing The President chronicles the two most shocking assassinations in American history, the chaos that ensued in the immediate aftermath, and their similarities and differences. Along with dozens of pictures, you will learn about the assassinations of Lincoln and Kennedy like you never have before.
