

Minor Forest Products Of India

[#minor forest products India](#) [#non timber forest products India](#) [#forest produce India](#) [#livelihoods tribal communities](#) [#medicinal plants India](#)

Minor Forest Products (MFPs) in India encompass a vast array of resources, vital for the ecological balance and the sustenance of millions of forest-dependent communities. These non-timber forest products, ranging from medicinal plants and edible fruits to bamboo and resins, play a significant role in rural economies, traditional practices, and biodiversity conservation efforts across the country.
