Katie and Kenny Tour the Railroad

Katie and Kenny Tour the Railroad By Keith N. Corman Katie and Kenny, along with their father, are taken on a tour of the local railroad yard by an engineer with the railroad. The basis of the book is to introduce children to the role railroads play in our lives, their importance, and to stress safety around railroads and their equipment: "NO PLAYGROUND!" In today's world, the role of railroads has hardly been more important. Keith N. Corman feels it is a MUST to introduce to people why they are there, what they do, and, most importantly, how to be safety conscious around them.

Scalded to Death by the Steam

Scourged Souls by Keith N. Corman Scourged Souls takes place during the American Civil War; however, it is not about the war itself. Instead, it takes the reader into the lives and settings of the characters whose lives cross, for a brief few days during a horrific battle, whether directly or indirectly through relationships. It reflects on the innocence of the characters and daily life. It also enters into personal reflections and the beliefs and plans of those involved. Author Keith N. Corman's work will leave readers with a sense that personal lives in previous eras were much like our own now, and that war is harsh and leaves scars on those left behind, whether in the area of conflict or those back out of harm's way on the home front.

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of The No Asshole Rule and The Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the stormy seas of office life.

About the Book History of Kanelly, Roache, Pike, Baskas, Barry chronicles the history of Richard Baskas' paternal mother's side of the family, who were Irish, including as many family members as possible. This book started from scratch, as Richard had no idea how to get started in genealogy. He and his brother grew up in another family, and they had always wondered who was in their family and who they were related to. He has spent many years trying to find what information he could to connect all the dots. This particular version of this history is composed of many newspaper articles that were never included in other versions. Learn all about this family tree and how Richard and his family are all connected! About the Author Richard S. Baskas, Ed.D., is an Air Force partially disabled veteran who served as a firefighter and 911 dispatcher. He spent many of those years volunteering in the community

and helping primary schools with their students. His only hobby is genealogy, as he has a few books published. He learned this craft from scratch but is not certified. Richard has an undergraduate degree in Biology, an MA in Teaching Science, and an Ed.D. in Adult Education. He has spent many years teaching, from military airmen to prison inmates.

Railroad Brakemen's Journal

With the new millennium on the horizon, Mike Mallon is a senator in Washington DC, while Nevada Jennings is looking forward to a life and family with Marion Howe. In this book, Katie and Steve Kendricks lead the Double M into the twentieth century. After Katie's death Steve is left alone to watch as their children grow to adulthood to face World War I and the consequences that tragic battle brings about. When their son, Mallon, refuses to return to the Double M after the war, the ranch becomes the responsibility of Suzanna and her husband, Clay, along with Nevada's son, Ralph, and his British war bride, Barbara. Together they work to bring prosperity to the ranch and peace between the children who grow up together in the same way as Suzanna and Ralph did a generation earlier.

Williams' Cincinnati (Hamilton County, Ohio) City Directory

"From 1850 to 1930 America witnessed a unique emigration and resettlement of at least 200,000 children and several thousand adults, primarily from the East Coast to the West. This 'placing out,' an attempt to find homes for the urban poor, was best known by the 'orphan trains' that carried the children. Holt carefully analyzes the system, initially instituted by the New York Children's Aid Society in 1853, tracking its imitators as well as the reasons for its creation and demise. She captures the children's perspective with the judicious use of oral histories, institutional records, and newspaper accounts. This well-written volume sheds new light on the multifaceted experience of children's immigration, changing concepts of welfare, and Western expansion. It is good, scholarly social history."—Library Journal

In Search of Western Movie Sites is a compilation of 64 articles written for the bi-monthly newsletter Western Clippings by Carlo Gaberscek and Kenny Stier. They are profoundly convinced of the fundamental importance of landscapes and natural exteriors in westerns. These articles are listed regionally, starting with the Southwestern states (Arizona, New Mexico, Colorado, Utah, and Nevada), progressing to California, the Northwest, Midwest, and Southern states, followed by Canada, and finishing with Mexico. They focus on the making of both A and B-westerns in a single state or a specific area of a state, and contain selected filmographies and detailed information on the locations. They envision a vast atlas of western cinema, a map of both real and imagined places constructed by Hollywood. This book, which includes over 200 stills and photos taken on location, is a guide to thousands of western film locations.

Biographical Annals of Franklin County, Pennsylvania, VOLUME 2

What does it mean to design democratic cities and democratic citizens in a time of mass urbanization and volatile political transformation? *Citizen Designs: City-Making and Democracy in Northeastern Thailand* addresses this question by exploring the ways that democratic urban planning projects intersect with emerging political aspirations among squatters living in the northeastern Thai city of Khon Kaen. Based on ethnographic and historical research conducted since 2007, *Citizen Designs* describes how residents of Khon Kaen's railway squatter communities used Thailand's experiment in participatory urban planning as a means of reimagining their citizenship, remaking their communities, and acting upon their aspirations for political equality and the good life. It also shows how the Thai state used participatory planning and design to manage both situated political claims and emerging politics. Through ethnographic analysis of contentious collaborations between residents, urban activists, state planners, participatory architects, and city officials, Eli Elinoff's analysis reveals how the Khon Kaen's railway settlements became sites of contestation over political inclusion and the meaning and value of democracy as a political form in the first decades of the twenty-first century. Elinoff examines how residents embraced politics as a means of enacting their equality. This embrace inspired new debates about the meaning of good citizenship and how democracy might look and feel. The disagreements over citizenship, like those Elinoff describes in Khon Kaen, reflect the kinds of aspirations for political equality that have been fundamental to Thailand's political transformation over the last two decades, which has seen new political actors asserting themselves at the ballot box and in the streets alongside the retrenchment of military authoritarianism. *Citizen Designs* offers new conceptual and empirical

insights into the lived effects of Thailand's political volatility and into the current moment of democratic ambivalence, mass urbanization, and authoritarian resurgence.

In the small town of Tynor, Indiana, young boys bodies start showing up. All were killed in the same manner and there are no clues as to who is doing it or why. The local Mayor and Chief are stuck in the middle but are not aware that they are. A Dedicated Detective Wade Spagna is bewildered, he knows there is a serial killer loose and gets help from some of Tynor's somewhat strange residents to eventually solves the case

True North

A NATIONAL BESTSELLER At the World of Wonders, Europe's most magnificent travelling circus, every moment is full of magic, and nothing is as it seems—especially for the people who put on the show. Lena Papadopoulos has never quite found her place within the circus, even as the daughter of the extraordinary headlining illusionist, Theo. Brilliant and curious, Lena yearns for the real-world magic of science and medicine, despite her father's overprotectiveness and the limitations of her wheelchair. Lena's unconventional life takes an exciting turn when she rescues Alexandre, an orphan with his own secrets and a mysterious past. Over several years, as their friendship flourishes and Alexandre trains as the illusionist's apprentice, World War II escalates around them. When Theo and Alexandre are contracted to work and perform in a model town for Jews set up by the Nazis, Lena becomes separated from everything she knows. Forced to make her own way, she must confront her doubts and dare to believe in the impossible—herself. A must-read for fans of *The Night Circus* and *Water for Elephants*, *The Circus Train* will take readers on a heart-rending and spectacular two-decade journey across Europe. When all is lost, how do you find the courage to keep moving forward?

History of Kanelly, Roache, Pike, Baskas, Barry

Double M: The Kendricks

A window into a child's experience of the Great Migration from the award-winning creators of *Before She Was Harriet* and *Finding Langston*. As she climbs aboard the New York bound Silver Meteor train, Ruth Ellen embarks upon a journey toward a new life up North-- one she can't begin to imagine. Stop by stop, the perceptive young narrator tells her journey in poems, leaving behind the cotton fields and distant Blue Ridge mountains. Each leg of the trip brings new revelations as scenes out the window of folks working in fields give way to the Delaware River, the curtain that separates the colored car is removed, and glimpses of the freedom and opportunity the family hopes to find come into view. As they travel, Ruth Ellen reads from *Narrative of the Life of Frederick Douglass*, reflecting on how her journey mirrors her own-- until finally the train arrives at its last stop, New York's Penn Station, and the family heads out into a night filled with bright lights, glimmering stars, and new possibility. James Ransome's mixed-media illustrations are full of bold color and texture, bringing Ruth Ellen's journey to life, from sprawling cotton fields to cramped train cars, the wary glances of other passengers and the dark forest through which Frederick Douglass traveled towards freedom. *Overground Railroad* is, as Lesa notes, a story "of people who were running from and running to at the same time," and it's a story that will stay with readers long after the final pages. A Junior Library Guild Selection Praise for Lesa Cline-Ransome and James Ransome's *Before She Was Harriet*, a Coretta Scott King Honor Book and winner of the Christopher Award * "Ransome's lavishly detailed and expansive double-page spreads situate young readers in each time and place as the text takes them further into the past."--Kirkus Reviews, Starred Review * "a powerful reminder of how all children carry within them the potential for greatness."--Publishers Weekly, Starred Review

Orphan Trains

Filling a gap in the sound recordings of traditional Anglo-American folk music this volume covers both vocal and instrumental material from the 1920s to the 1990s. The listings have also been limited to performers native to the tradition rather than "revival" performers. The album selection is grouped into field recordings and commercial (pre-1942) recordings, with subdivisions into individual recordings or

anthologies. The discography not only reflects its author's in-depth knowledge of Anglo-American folk music's historical development but charts a valuable step forward in the evaluation, as well as select listing, of available sound recordings.
