Anyone But You

Brotherly love may be off limits between BFFs, but these six couples risk family and friends to find their happily ever after. **Clean Breaks:** Sarah Soon's brush with cancer shook this usually confident OB/GYN. Jake Li, her brother's annoying high school best friend who betrayed her trust, is the last person she wants to see, but the now disturbingly hot social worker has begun hanging around. Newly divorced Jake knows he shouldn't look for a serious relationship already, but he's always been helplessly drawn to Sarah's vivaciousness. Can he show her that he's worthy of a second chance? **Her New Worst Enemy:** To save her BFF from marrying the wrong man, Ellie will do anything, even suck up to her brother's best mate, commitment-phobic playboy Gideon DeLancy, to persuade him to hold an intervention at his Georgian manor. Gideon doesn't intend to fall for his friend's snarky sister, and he sure as hell doesn't expect their weekend to develop into a full-on sex-fest. A torrid weekend affair should be the easiest thing in the world to walk away from, so why are they finding it so difficult? **From One Night to Forever:** Trucker Aaron Henderson rolls into Resilient, Tennessee, for business, but an unexpected one-night stand turns out to be his new partner's baby sister. When Kacey Randal learns her brother's new business partner has a list of conquests as high as his big rig's mileage, she's ready to pretend their night together never happened. Can Aaron prove to Kacey he's ready to reform his roaming ways? **The Texas Takedown:** Berry Challoner arrives in Houston determined to go undercover as a secretary to solve her brother's murder. Surely Tyler Reid, his best friend and a certified public accountant, can help her follow the money to the killer. But Tyler's not a fan of this crazy, spontaneous plan, even if he is mesmerized by Berry. When it looks like she's next on the killer's list, he'll have to go all in to save the girl who's beginning to capture his heart. **Baby by Design:** Tony Corcarelli forged his own path as the family's black sheep, but now his dying Nonna is shamelessly pressuring him to choose between two paths he can't fathom: a wife and kids or the priesthood. Trish DeVign is a successful interior designer, single by choice and satisfied ... except for that ticking biological clock. When Trish asks her best friend's brother, Tony, to escort her to a wedding, a night of fun and flirtation

turns serious, with Trish confessing she wants a baby. Could a calculated conception be the answer they've both been looking for? *Coming Home*: Callie Sorenson's first love was tall, tanned, and, as her older brother's best friend, completely taboo. But now a twist of fate brings her back from New York City to the childhood home she left behind years ago, and to hometown boy Danny McCutcheon. Callie is not the young girl he remembers—as a woman, she's turning his world upside down. The risk to their hearts is high, but the temptation may just prove to be too much to resist. Sensuality Level: Sensual

Break the Rules

She's my best friend's kid sister. Now she's not a kid any more. As a forest ranger, I believe in the simple life. I prefer cabins to apartments, trails over freeways, and trees to people. My life is orderly, predictable, and quiet. Until it's hit by a woman I never saw coming -- Hurricane June. She's fierce. She's feisty. She has a laugh like the first day of spring, and she's so pretty that I can't breathe when I look at her. June will only be in town for a few months—just while job-hunting. She won't last until winter, but how can I resist? Except I have to. She's my best, oldest, and most loyal friend's baby sister. Betraying him would be the worst thing I've ever done. Not betraying him might be the hardest. Especially once we start working together on a secret project. All this spending time together, sneaking around at night, and lying to her brother about what we're doing sure feels like more than friendship. June might break my heart. Her brother might break my nose. But I guess some things were made to be broken. *Break the Rules* is the third book in the *Loveless Brothers* series, and can be read as a total standalone. It's for fans of high-heat, low-angst romantic comedies and anyone who's ever had a crush on their brother's best friend. This one's got all the sibling banter you love, meddling brothers, a mountain man who's quiet in the streets and anything but in the sheets, tons of steam, and all the small town charm you can handle. Of course, it's also got an HEA. (And yes, it bangs.) This series is for fans of Elsie Silver, Claire Kingsley, Lucy Score, Kate Canterbury, and Pippa Grant.

The Secret to Dating Your Best Friend's Sister

From USA Today bestselling author Meghan Quinn comes a deliciously delightful romantic comedy centered in New York City about falling in love with your best friend's sister. How do you date your best friend's sister? Easy. Step one: Pretend you want her to set you up with someone else. That will bring the two of you closer. Step two: Go on date with lots of random women, proceed to get stupid drunk and talk about your best friend's sister, thus gaining the courage to finally make a move. Step three: Randomly show up at her apartment and confess your love. Women love that, right? It all seemed so simple. A fool-proof three step process that will guarantee the love of your life to fall madly in love with you. At least—that's what I thought was going to happen. But my attempts to win over Julia Westin backfired in more ways than I can count. The thing about Julia? She's smart--really smart--and her wicked gaze cuts through all the charm I've tried slinging her way. She's not interested in games, my gifts, or my stories. She might want me too; but she's not giving in that easy...

So the night before he leaves for the Air Force, she decides he's leaving town with her virginity. All she has to do is transform her tomboy self into a sexy woman with a bit of borrowed makeup and some creative fashion choices. The results? One drunken kiss that Park doesn't even remember. Ten years later, no man has ever gotten close to her heart the way Park did. And now that he's back, the very unfeminine Madison refuses to blow her second chance. But when her bold attempts to snag his attention ("Oops! Dropped my towel.") fail miserably, she does something completely insane—she caves to a makeover from the meddling matchmaker in charge of The Happy Endings Book Club. First Taste

Stan was my white knight in shining armor and I wanted to pay him back in kind. He was just as handsome as before, but this time he was looking at me with need in his eyes. All I needed was to feel his arms around me, his lips on mine... I didn't much remember Eve from before. She was young and my friend's sister. Enough said. But when Carl called me, asking to help Eve out, I agreed without hesitation. I thought I was doing it for Carl. Then I met Eve and my intentions changed. She was all grown up now. Her body was curved in all the right places and her soulful brown eyes begged for more. I couldn't tell her no. Even though I should. Carl wasn't going to like the things I was going to do to his sister. She was mine now. I claimed her for my own and I wasn't going to let her go. ***First Taste is a full length standalone romance novel with no cheating and no cliffhangers, but with plenty of steam and a very satisfying HEA. Bonus content included for your reading pleasure!***

My Best Friend's Brother (Make Her Mine, #1)

It's no secret I've always had a crush on my best friend's older brother. He's the center of every single one of my naughty fantasies, And my new boss... That cocky grin and those broad, athletic shoulders. He's a walking, talking temptation. You know what they say about a man with big hands right? Growing up, we always tormented one another. I was the nagging, annoying little girl he hated, And he was the arrogant, douchebag I couldn't seem to get over. I know he's a heartbreaker. I know he's completely off-limits. I KNOW my best friend would kill me. But when I find out he wants me just as bad, My panties melt faster than an ice cream cone in hell. One little taste can't hurt, right? It will stay our dirty little secret...or will it?

My Best Friend's Brother

We used to call ourselves The Three Musketeers. I know it's cliché, but we were only kids. They usually took turns being in charge, which was fine with me. I was just happy to go along with them. After all, I thought I was the luckiest little girl in the whole world. Most of my classmates only had one best friend, but I had two: my best friend Izzy and her twin brother. Back then, I hoped things would never change, but that's the problem with more. Once I saw a glimpse of it, it was impossible to stop wanting it. Especially when it came to Shane.**This standalone best friend romance has no cheating, no cliffhangers, and is intended for a mature audience.

When Lisa Fain, a seventh-generation Texan, moved to New York City, she missed the big sky, the bluebonnets in spring, Friday night football, and her family's farm. But most of all, she missed the foods she'd grown up with. After a fruitless search for tastes of Texas in New York City, Fain took matters into her own hands. She headed into the kitchen to cook for her friends the Tex-Mex, the chili, and the country comfort dishes that reminded her of home. From cheese enchiladas drowning in chili gravy to chicken-fried steak served with cream gravy on the side, from warm bowls of chile con queso to big pots of fiery chili made without beans, Fain re-created the wonderful tastes of Texas she'd always enjoyed at potlucks, church suppers, and backyard barbecues back home. In 2006, Fain started the blog *Homesick Texan* to share Texan food with fellow expatriates, and the site immediately connected with readers worldwide, Texan and non-Texan alike. Now, in her long-awaited first cookbook, Fain brings the comfort of Texan home cooking to you. Like Texas itself, the recipes in this book are varied and diverse, all filled with Fain's signature twists. There's Salpicón, a cool shredded beef salad found along the sunny border in El Paso; Soft Cheese Tacos, a creamy plate unique to Dallas; and Houston-Style Green Salsa, an avocado and tomatillo salsa that is smooth, refreshing, and bright. There are also nibbles, such as Chipotle Pimento Cheese and Tomatillo Jalapeno Jam; sweet endings, such as Coconut Tres Leches Cake and Mexican Chocolate Chewies; and fresh takes on Texan classics, such as Coffee-Chipotle Oven Brisket, Ancho Cream Corn, and Guajillo-Chile Fish Tacos. With more than 125 recipes, *The Homesick Texan* offers a true taste of the Lone Star State. So pull up a chair-everyone's welcome at the Texas table!

Eat Mexico is a love letter to the intricate cuisine of Mexico City, written by a young journalist who lived and ate there for four years. It showcases food from the city's streets: the football-shaped, bean-stuffed corn tlacoyo, topped with cactus and salsa; the tortas bulging with turkey confit and a peppery herb called papalo; the beer-braised rabbit, slow-cooked until tender. The book ends on a personal note, with a chapter highlighting the creative, Mexican-inspired dishes - such as roasted poblano oatmeal - that Lesley cooks at home in New York with ingredients she discovered in Mexico. Ambitious cooks and armchair travellers alike will enjoy Lesley's *Eat Mexico*.

Eat Mexico: Recipes from Mexico City's Streets, Markets and Fondas

Christine Hünefeldt documents in impressive, moving detail the striving and ingenuity, the hard-won triumphs and bitter defeats of slaves who sought liberation in nineteenth-century urban Peru. Drawing on judicial, ecclesiastical, and notarial records—including the testimony of the slaves themselves—she uncovers the various strategies slaves invented to gain their freedom. Hünefeldt pays particular attention to marriage relations and family life. Slaves used their family solidarity as a strategy, while slaveowners used the conflicts within families to prevent manumission. The author's focus on gender relations between slaveowners and slaves, as well as between slaves, is particularly original. Her eye for ethnographic detail and her perceptive reading of the documentary evidence make this book a rich and important contribution to the study of slavery in Latin America. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1994.

The Eagle on the Cactus

The Milagro Beanfield War is the first book in John Nichols's New Mexico trilogy ("Gentle, funny, transcendent." —The New York Times Book Review), later adapted to film by Robert Redford. Joe

Mondragon, a feisty hustler with a talent for trouble, slammed his battered pickup to a stop, tugged on his gumboots, and marched into the arid patch of ground. Carefully (and also illegally), he tapped into the main irrigation channel. And so began—though few knew it at the time—the Milagro beanfield war. But like everything else in the dirt-poor town of Milagro, it would be a patchwork war, fought more by tactical retreats than by battlefield victories. Gradually, the small farmers and sheepmen begin to rally to Joe's beanfield as the symbol of their lost rights and their lost lands. And downstate in the capital, the Anglo water barons and power brokers huddle in urgent conference, intent on destroying that symbol before it destroys their multimillion-dollar land-development schemes. The tale of Milagro's rising is wildly comic and lovingly tender, a vivid portrayal of a town that, half-stumbling and partly prodded, gropes its way toward its own stubborn salvation.

Mexican-born Cuauhtemoc and Pilar Martinez came to America so that their children Julia, Francisco, Marcos and Ismael could make something of themselves. While the children experience different journeys, at the center lay all the love and teachings from their parents that bind them together. With El Paso and Ysleta as the backdrop (though family members also find themselves in Boston, New Mexico, Jerusalem, Iraq...), this book offers a blend of short stories in chronological form to showcase the struggles of the Martinez family and explore issues of assimilation, immigration, religion, politics and war.

San Antonio Poet Laureate Carmen Tafolla captures her hometown — the city of her ancestors for the past three centuries — in poems that celebrate its history as a cosmopolitan multilingual cultural crossroads. Discover San Antonio's corazón in Tafolla's poetry, accompanied by historic and contemporary photographs that convey its enduring sense of place. The little river that has charmed so many rises at "the biological hub of the northern half of this hemisphere" (Dr. Karen Stothert) in a spring that Frederick Law Olmsted described as being "among the gems of the natural world." A century ago, San Antonio gave Oscar Wilde "a thrill of strange pleasure." J. Frank Dobie claimed that "every Texan has two hometowns — his own and San Antonio," and Will Rogers declared it to be "one of the three unique cities of America." To Larry McMurtry, "San Antonio has kept an ambiance that all the rest of our cities lack." Carmen Tafolla calls forth the soul of this place — the holy home of the waters, called Yanaguana by los Indios — and celebrates the many cultures that have made of it "un rebozo bordado de culturas y colores."

Paying the Price of Freedom

Weaving together philosophical, historical, legal, scientific and personal viewpoints, this book gives a rich sample of the vast web which makes up our cultural, spiritual and social diversity. The volume highlights the central importance of cultural and spiritual values in the appreciation and preservation of all life and argues that these values give us a true reflection of worth. It demonstrates how many cultures see Nature as an extension of society, and how sensitive stewardship is an integral part of existence. The book covers: language and how cognition and speech encode indigenous knowledge systems are critical for preservation of diversity; the complex issue of indigenous people and the problems of preserving their relationships both with and within their societies; voices of the world - expressions of concern and disquiet over the declining world diversity; holistic health practices where environment and diet are integrated into indigenous medical health systems; the importance of developing effective intellectual property rights and territorial and land rights to enhance and maintain local control. This book arose out of the Global Biodiversity Assessment (GBA), a massive review of current knowledge in the broad field of biological diversity, commissioned by United Nations Environmental Programme (UNEP)

Payments for Environmental Services (PES) are being considered worldwide with great interest and expectation. Proposals to create agreements in which beneficiaries of environmental services pay landowners directly for the provision or protection of these services are innovative and promising. But what real PES experiences are actually out there? This work assesses a range of PES or PES-type experiences in one country, Bolivia, in the fields of carbon sequestration, protection of watershed services, biodiversity and aesthetic landscape values. The report concludes that while none of the generally young initiatives adhere fully to the principle of PES as developed in the theoretical literature, many experiment with some of the relevant PES mechanisms. Protection of watersheds and landscape values are the most common types, though the implementing intermediaries often have underlying biodiversity-protection goals. Main obstacles to PES implementation include ideological resistance against the PES concept, the difficulty of building trust between buyers and sellers, and limited willingness to pay on behalf of service users. During their relatively short lifetime, basically all initiatives had been successful in making service sellers (PES recipients) better off in economic terms, while the effectiveness in achieving environmental objectives and securing positive social impacts so far remained more variable. In some cases, redesigning these initiatives to bring them closer to the full PES principles could also enable them to more effectively achieve positive environmental and livelihood outcomes.

International Latino Book Award winner, Best Cookbook More than just a cookbook, *Decolonize Your Diet* redefines what is meant by "traditional" Mexican food by reaching back through hundreds of years of history to reclaim heritage crops as a source of protection from modern diseases of development. Authors Luz Calvo and Catriona Rueda Esquibel are life partners; when Luz was diagnosed with breast cancer in 2006, they both radically changed their diets and began seeking out recipes featuring healthy, vegetarian Mexican foods. They promote a diet that is rich in plants indigenous to the Americas (corn, beans, squash, greens, herbs, and seeds), and are passionate about the idea that Latinos in America, specifically Mexicans, need to ditch the fast food and return to their own culture's food roots for both physical health and spiritual fulfillment. This vegetarian cookbook features over 100 colorful, recipes based on Mesoamerican cuisine and also includes contributions from indigenous cultures throughout the Americas, such as Kabocha Squash in Green Pipian, Aguachile de Quinoa, Mesquite Corn Tortillas, Tepary Bean Salad, and Amaranth Chocolate Cake. Steeped in history but very much rooted in the contemporary world, *Decolonize Your Diet* will introduce readers to the energizing, healing properties of a plant-based Mexican American diet. Full-color throughout. Luz Calvo and Catriona Rueda Esquibel are professors at California State East Bay and San Francisco State University, respectively. They grow fruits, vegetables, and herbs on their small urban farm. This is their first book.

With keypoints and a careful indexing and cross-referencing system this book can be used as a freestanding history of the language independently of the illustrative texts themselves.

Black Mischief, Evelyn Waugh, Satire, Political Fiction, British Literature

Black Mischief is a satirical novel by Evelyn Waugh, published in 1932. The story follows the adventures of the Oxford-educated Emperor Seth of Azania as he attempts to modernize his African nation, resulting in hilarious and often disastrous consequences due to his naiveté and the clash of Western and traditional values. The novel offers a sharp critique of colonialism, modernization, and the absurdity of political idealism.

The Essential HBO Reader

Essays on the history of HBO, a company designed to please audiences instead of advertisers, and the impact of its distinctive programming: "Recommended." —Choice The founding of Home Box Office in the early 1970s—when it debuted by telecasting a Paul Newman movie and an NHL game to 365 households in Wilkes-Barre, Pennsylvania—was a harbinger of the innovations that would transform television as an industry and a technology in the decades that followed. HBO quickly became synonymous with subscription television—and the leading force in cable programming. Over decades, it's grown from a domestic movie channel to an international powerhouse with a presence in over seventy countries. It is now a full-service content provider with a distinctive brand of original

programming, famed for such landmark shows as *The Sopranos* and *Sex and the City*. It's brought us *Six Feet Under* and *The Wire*, *Band of Brothers* and *Angels in America*, *Curb Your Enthusiasm* and *Def Comedy Jam*, *Inside the NFL* and *Real Sports with Bryant Gumbel*, *Taxicab Confessions* and *Autopsy*, and multiple Oscar-winning documentaries. *The Essential HBO Reader* brings together an accomplished group of scholars to explain how HBO's programming transformed the world of television and popular culture, and provides a comprehensive and compelling examination of HBO's development into the prototypical entertainment corporation of the twenty-first century. "An important assessment of the original programming HBO has created in the past few decades?how these programs are derived and what impact they have had." —Choice "A thorough treatment of HBO's programming . . . a useful addition to a growing number of books about American television in the 'post-network' era." —American Studies

Click on Democracy examines the first national election in which the Internet played a major role. The contributors argue that the Internet's most profound political impact on Election 2000 has largely been missed or underestimated. The reason: the difference it made was more social than electoral, more about building political communities than about generating votes and money. The contributors to Click on Democracy talk at length with the people who are using the Internet in new and effective ways, and who are capitalizing on the Internet's power as a networking tool for civic action. Viewed from this bottom-up perspective, the Internet emerges as an exciting and powerful source of renewal for civic engagement. The new foreword is from Scott Heiferman and William Finkel, both of Meetup, Inc.

The Kabul Beauty School is a remarkable tale of an extraordinary community of women, all of whom have stories to tell, who come together and learn the arts of perms, friendship, and freedom. Arriving in Afghanistan in 2002 with nothing more than a beauty degree and a desire to help, Deborah Rodriguez set out on a course of action that would change her life and those of many Afghan women. The once proud tradition of beauty schools had been all but destroyed and with it Afghani women's ability to support themselves. As one of the founders of the Kabul Beauty School she set about training women and helping them rebuild their lives.

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and

national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

In the game of pool, when a player finds his cue ball, behind the eight ball it's game over. He's done, he's lost his game. Unless he is a very good player and can make a trick shot, he has no shot. In the game of life I kept sinking the eight ball. I was doomed. I could not get my cue ball past the eight ball. Because of my rebellion I was always behind the eight ball. When I lost my mom and dad six week apart, the two people I loved the most I was about to quit. I could not get past the darkness, the eight ball. I was doomed falling deeper and deeper into the abyss. Then I saw Jesus reaching out to me. I knew he was my only means of salvation. I got hold of his nailed scarred hand and he and I made the trick shot. Then I was on the other side. A beautiful panoramic view of pure white light was before me. In the distance a bright city. Soon, I will get there and go through those pearly gates, set my feet on those golden streets and into that city. The beautiful new Jerusalem and eternal life. I will see my Jesus, then I will run to see my mom and dad, my five brothers and my four sisters and my beautiful son Q. What a beautiful day that will be. It will be my coronation day.

Journalist Wilson Abut writes it all down... the four muchachos who roam the cloud forest collecting quetzal feathers; Kenneth, the vodka-drinking poet who searches for meaning; Kaufmann, the mysterious Swiss businessman who has come to buy the town, and his gnomish valet Igor; Paco, the beer-swilling taxi driver who shaves on Tuesday and Thursday, and sings Cielito Lindo; Bonnie and Arnold, the UCLA students who came to see tropical birds and instead become kidnap victims; Dunbar, the Jamaican

guide with the \$1,000 binoculars, who ends up with an arrow through his throat. Pacheco and Luz Stella, his beautiful assistant, face death at the Monteverde Music Festival.

Over the past decade, a growing body of academic literature on the economics of road cycling has been amassed. This book is the first volume to bring together a majority of the academic research and knowledge on the economics and management of professional road cycling. Each chapter treats a particular economic aspect of the sport, from organizational structure to marketing, labor, game theory, and competitive balance. By discussing the existing research and complementing it with the newest concepts, ideas and data on professional road cycling, this book sets an agenda for further academic research while providing insights for all stakeholders in cycling: governments, cycling's governing bodies, team managers, race organizers, sponsors, media. Furthermore, the unique characteristics of the sport of cycling explored within this text inform broader management and industrial organization research, as they extend analyses of team labor, broadcast revenue generation, and sponsorship financing models.
