The English Country Kitchen

Gleaned from the kitchens of cottages, inns, pubs and farms, over two hundred recipes in The English Country Kitchen portray the full range of country cooking. Geraldine Duncann ventures beyond the safe confines of English breakfast staples, serving up such serendipitously discovered dishes as Minted New Potatoes, Intoxicated Fowelle, and Mediators (Oyster Loaves), used by drunken husbands to placate their angry wives. Unpretentious and wholesome, this hearty fare is as charming as the moors and meadows the author describes for us in her pithy commentary. Featuring a map and a selection of lovely photographs, this book is a must for the cook who likes to experiment with staples--and the recipes yield wonderful results.

Country Kitchens

A visual gazeteer of styles from farmhouse to manor, from American to English to French, Spanish, and Italian. The text is a primer on how to adapt ideas to your own kitchen. A wonderful recipe section rounds out this delicious book.--Country Inns and Back Roads. 50 recipes. 250 color illustrations.

Creative Haven Country Kitchen Charm Coloring Book

Celebrate the heart of the home! Thirty-one beautifully detailed illustrations include vintage and modern kitchen scenes, highlighted by quaint crockery, shabby chic furnishings, pretty table settings, window herb gardens, mouthwatering baked goods, and more.

Lotte's Country Kitchen

This is honest, fun, home-cooked food, sprinkled all over with edible silvery glitter - fabulous recipes that link together via sweet and saucy anecdote and the occasional gin and tonic. From a Polish Country House Kitchen

She learned how to make food that was, if not exactly traditional, in the Polish spirit. The national rebirth of Poland in the last two decades has meant the rebirth of its cuisine, and the authors have modernized many of its dishes, without losing any of the centuries-old flavors. Collects ninety Polish recipes, including roasted winter vegetables, stewed beef rolls with kasha, pork lion stuffed with prunes, and fruit pierogi.

Ce livre, qui présente les cuisines les plus charmantes et les plus romantiques du monde, est basé sur l'idée simple et sage que la cuisine est le cœur de la maison et de la vie familiale. C'est une véritable source d'idées sur la manière de décorer et de faire la cuisine comme nos ancêtres. Des photographies éloquentes des plus beaux exemples de cuisines romantiques, de meubles anciens et de beaux ustensiles de cuisine sont accompagnées de délicieuses recettes internationales. A ceux qui refusent la dictature du micro-ondes, des aliments génétiquement modifiés et des décors stériles, " Les Cuisines romantiques & Recettes " montre qu'il existe une solution merveilleuse : des cuisines chaleureuses et pleines de caractère, dans lesquelles on peut préparer avec amour des repas sains et appétissants.

The English Kitchen

"Award winning blogger & former personal chef Marie Rayner shares 510 recipes to cover every meal from the famous 'Full English' breakfast to late night treats of cake & biscuits. The Land Gardeners

The Land Gardeners show you how to establish organic garden beds and sow, grow and harvest over 100 varieties of cut flowers. 'With their instinctive flair, Elworthy and Courtauld established cutting gardens that bring the deep poetry of organic flowers to their enthusiastic customers.' Patrick Kinmonth For American Vogue In this visual diary of life in the garden, The Land Gardeners share their beliefs on the importance of soil health, introduce you to their favourite blooms and inspire you to create your own cutting garden with expert knowledge on how to grow and what to gather by season. Based in the original walled garden at Wardington Manor, The Land Gardeners have revived the tradition of working with the land to produce abundant, seasonal flowers for clients' use in decoration, design and events. But for all the frivolous bucolic beauty of the flowers, it is the productivity and health of the soil that truly underpins The Land Gardeners' philosophy. The book explores lively soil, the joy (and, arguably, necessity) of gathering from our gardens, and the imperative that we care for our soils and live among healthy, vital gardens.

In her Foreword to this book, Mary Berry describes Lucy as her 'right arm' as well as an 'exceptional' cook. Over the years Lucy has worked with Mary she has picked up hundreds of tips, shortcuts and ideas. Further, as someone who has taught at Mary's very popular workshops, Lucy knows only too well the sort of help, inspiration and guidance people really need. Now she reveals what she has learnt in this delightful collection of mouthwatering recipes, tried, tested and written with the busy young professional in mind. Using the best and simplest of ingredients, country cooking with a contemporary note is the theme. From grilled Colcannon fishcakes, with creamy potato and stir-fried cabbage, to perfectly cooked asparagus with parmesan shavings, Parma ham and black pepper, rack of English lamb with mint and sun-blushed tomato sauce, and plum and almond puffs, all the recipes can be cooked conventionally or in an Aga. With country roots, but an eye firmly on cost and time, Lucy Young will inspire a new generation of cooks.

Throughout her distinguished career, Elizabeth David wrote and collected many articles about Christmas food. She put together a file of these articles, recipes, and notes, and even wrote an introduction, intending to publish them as a book. It never appeared, and after her death in 1992, her literary executor Jill Norman found the box with all this material. She put them together as Elizabeth intended, and we now have her "Christmas" edited for the American reader, handsomely illustrated and ready to guide us through this daunting festive season with good food and high spirits and our humor intact.

With beguiling recipes and sumptuous photography, *A Kitchen in France* transports you to the French countryside and marks the debut of a captivating new voice in cooking. "This is real food: delicious, honest recipes that celebrate the beauty of picking what is ripe and in season, and capture the essence of life in rural France." —Alice Waters When Mimi Thorisson and her family moved from Paris to a small town in out-of-the-way Médoc, she did not quite know what was in store for them. She found wonderful ingredients—from local farmers and the neighboring woods—and, most important, time to cook. Her cookbook chronicles the family's seasonal meals and life in an old farmhouse, all photographed by her husband, Oddur. Mimi's convivial recipes—such as Roast Chicken with Herbs and Crème Fraîche, Cèpe and Parsley Tartlets, Winter Vegetable Cocotte, Apple Tart with Orange Flower Water, and Salted Butter Crème Caramel—will bring the warmth of rural France into your home.

Nora Murphy's Country House Style

When author Julia Ibbotson and her husband first saw the old Victorian rectory in dire need of renovation, a mile out of the nearest village in the midst of the English moorlands, they fell in love with it and the lifestyle it represented, with its farmhouse kitchen range at its heart. This delightful memoir describes the trials and tribulations of their quest to make their vision come true. They hoped they could make the sad, neglected house glow again and that they could integrate themselves into the small traditional village, with its cottages, hall and outlying farms. *The Old Rectory* focuses on the centrality of the kitchen as the pulse of the family and home, and shows the importance of food and cooking throughout the changing seasons, history and moods of the countryside as the couple strive to live the dream. Award winning memoir, with five stars on Amazon.com and Amazon.co.uk Praise for *The Old Rectory* "the book is a wonderful blend of personal story (one so many of us can identify with), enchantingly told, with recipes...It all spreads happiness. Lovely " Bel Mooney, author and journalist "destined to become a classic...I adored this book and think you will too..."
