When You Don't Like Your Story

Bestselling author, cofounder of Girlfriends in God, and writer for Proverbs 31 Ministries Sharon Jaynes reveals the secret to living a better story: understanding that the worst parts of our past are the very things God uses most. Many people don't like the story God is writing in their lives. The mistakes, failures, tragedies, and circumstances outside of our control linger in our minds and hold us back. How do we come to grips with the pieces of our stories that we wish weren't there? How do we silence the pain of what has been done to us and the shame of what we've allowed to be done through us? In *When You Don't Like Your Story*, Bible teacher Sharon Jaynes shows us how God untangles our most painful emotions with the fingers of grace, putting his redemption on display. In the hardest parts of our narratives, we get to see God's greatest work--and this changes the ending of our stories. As we overcome shame, offer forgiveness, and use our stories to help others, we find freedom from the past and learn to live in the restoration of the present.

Hurricane Dorian—The Story of the Greatest and Deadliest Hurricane To

Hurricane Dorian is a heartbreaking tale for The Bahamas. It was one of the strongest North Atlantic hurricanes and the strongest Bahamian hurricane and caused about \$3.4 billion in damages to the

Bahamian economy. Hurricane Dorian struck Abaco and Grand Bahama with wind speeds of 185 mph and had the highest wind speeds for a North Atlantic landfalling hurricane. The storm caused the death of 74 people in The Bahamas. In addition, more than 75 percent of all homes on Abaco were either damaged or destroyed. In East End, Grand Bahama, satellite data suggested that 76 to 100 percent of the buildings were destroyed. This book includes the meteorological history, records broken, compelling personal recollections, its impact on each island affected, a chapter on climate change and its effects on hurricanes, the benefits of hurricanes, and why we need them on planet Earth. This book is a must-read!

Storyworthy

A five-time Moth GrandSLAM winner and bestselling novelist shows how to tell a great story — and why doing so matters. Whether we realize it or not, we are always telling stories. On a first date or job interview, at a sales presentation or therapy appointment, with family or friends, we are constantly narrating events and interpreting emotions and actions. In this compelling book, storyteller extraordinaire Matthew Dicks presents wonderfully straightforward and engaging tips and techniques for constructing, telling, and polishing stories that will hold the attention of your audience (no matter how big or small). He shows that anyone can learn to be an appealing storyteller, that everyone has something "story worthy" to express, and, perhaps most important, that the act of creating and telling a tale is a powerful way of understanding and enhancing your own life.

Preaching Mark's Gospel

In a classic case of failing to see the forest for the trees, Jensen, a homiletics professor and author of two works on narrative preaching, says that preachers tend to analyze biblical books to glean the slightest bits of exegetical data, yet miss the thrust of the overarching story they try to convey. Jensen contends that preachers get too caught up in an analytical, left-brained mentality that obscures the power and meaning of the good news story. In these pages Jensen helps us approach Mark's gospel with eyes wide open rather than with microscope in hand. He treats Mark's gospel as a narrative whole and challenges preachers to tell the gospel's story to their congregations. In doing so, Jensen emphasizes the strength of biblical stories. He says that these stories are powerful in and of themselves and that they work without much explanatory help. The problem is that listeners never hear the entire story because it's always told to them in bits and pieces. Jensen's adaptation of what Robert Alter (author of *The Art of Biblical Narrative*) calls narrative analogy assumes that "... parallel acts or situations are used to comment on each other in biblical narrative." In other words, if Mark told story "B" to flesh out the reality of story "A," then perhaps preachers today can do the same thing in their preaching. Students of Jensen have enthusiastically embraced this approach: "This is great, we never get to hear them (stories) whole " How did it ever occur to us that we could improve on the story of the Prodigal Son, for example, by reducing it to ideas? Richard A. Jensen teaches homiletics at Wartburg Seminary in Dubuque, Iowa, and Lutheran School of Theology at Chicago. He is best known for his ten-year stint

as preacher for the national radio program Lutheran Vespers. He has also produced a television series titled Reflections and one titled Rhapsody.

Torquay in the Great War

In 1914 Torquay was the crown jewel of the English Riviera, long the haunt of the rich and famous but this status was not to last. The Great War of 1914-1918 brought a shuddering end to this golden period in amongst the blood and mud of the Western Front as hundreds of Torquinians gave their lives in the fight against the Kaiser. This book documents the town's experience, both militarily and socially through the extensive use of previously unpublished letters from those who served, by following the career of General Sir Herbert Plumer, commander of the British Second Army and native Torquinian and by featuring a detailed analysis of the home front throughout the war. In doing so it challenges many of the war's myths including the idea of war enthusiasm in 1914, widespread opposition to the war and the old myth of lions led by donkeys. In doing so it reveals the extent to which even a small town such as Torquay contributed to the war effort and how much the war permanently changed Torquay.

The Great Globe and All Who It Inherit

Every storyteller soon discovers the difference between putting a story inside children and trying to extract it with comprehension questions and putting children inside a story and having them act it out. Teachers may experience this as a difference in "difficulty", or in the level of motivation and enthusiasm, or even in the engagement of creativity and imagination, and leave it at that. This book explores the divide more critically and analytically, finding symmetrical and even complementary problems and affordances with both approaches. First, we examine what teachers actually say and do in each approach, using the systemic-functional grammar of M.A.K. Halliday. Secondly, we explore the differences developmentally, using the cultural-historical psychology of L.S. Vygotsky. Thirdly, we explain the differences we find in texts by considering the history of genres from the fable through the plays of Shakespeare. "Inside" and "Outside" the story turn out to be two very different modes of experiencing—the one reflective and narrativizing and the other participatory and dialogic. These two modes of experience prove to be equally valuable, and even mutually necessary, but only in the long run—different approaches are necessary at different moments in the lesson, different points in development, and even different times in human history. In the final analysis, though, this distinction is meaningless to children and to their teachers unless it is of practical use. Each chapter employs only the most advanced technology ever developed for making sense of human experience, namely thinking and talking--though not necessarily in that order. So every story has a specific narrative to tell, a concrete set of dialogues to try, and above all a practicable time and a practical space for children, their teachers, and even their teachers' teachers, to talk and to think.

Sweeten Your Pot

[This book] provides [an] answer to the age-old riddle of whether there are only a small number of "basic stories" in the world. Using ... examples, from ancient myths and folk tales, via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling.-Dust jacket.

The Santa's Great Treasure Chest: 450+ Christmas Novels, Tales, Carols & Legends

"The wonderful season of motherhood is also filled with challenges and trials. Whatever you face as a mother, Christina Fox shows practically and prayerfully how the gospel brings life-giving hope"--

The Seven Basic Plots

They also consider the artists' responses to foreign prototypes, travel and training, changing exhibition venues, and audience expectations. The persistence of certain themes--childhood, marriage, the family, and the community; the attainment and reinforcement of citizenship; attitudes toward race; the frontier as reality and myth; and the process and meaning of making art--underscores evolving styles and standards of storytelling. Divided into four chronological sections, the book begins with the years surrounding the American Revolution and the birth of the new republic, when painters such as Copley, Peale, and Samuel F. B. Morse incorporated stories within the expressive bounds of portraiture. During the Jacksonian and pre-Civil War decades from about 1830 to 1860, Mount, Bingham, Lilly Martin Spencer, and others painted genre scenes featuring lighthearted narratives that growing audiences for art could easily read and understand.

Sufficient Hope

Children are theologians with the ability to recognize and respond to God's presence in their lives. Listening to the stories of children helps us to understand how children make meaning out of God's presence and reveals tools that children use as they claim their faith. With this knowledge, adults can then better promote and encourage children's spiritual growth. Offering a theology of childhood, Holy Work with Children values the child's role in the Body of Christ and God's transformative work. Dr. Campen invites readers to consider: •How does listening to children teach us about God and faith formation? •What wisdom and insight do children offer to all of us by how they seek understanding of God and God's presence in their lives? •How can we guide and support the children in our communities in this work? Drawing on direct research with children as they think theologically, this book extends both theological and educational research. Holy Work with Children offers practical examples for how congregational leaders, parents, and those who journey with children can encourage and guide them as they make theological meaning and discover ways to respond to God's grace and love making a difference in their communities and the world.

Nathan was different and Sally knew it. From his early childhood, Nathan was bursting with creativity and uncontainable energy, struggling not only with learning issues but also with anxiety and OCD. He saw the world through his own unique lens—one that often caused him to be labeled as “bad,” “troubled,” or someone in need of “fixing.” Bravely choosing to listen to her motherly intuition rather than the loud voices of the world, Sally dared to believe that Nathan’s differences could be part of an intentional design from a loving Creator with a plan for his life. She trusted that the things that made him different were the very things that could make him great. Join Sally and Nathan as they share their stories from a personal perspective as mother and son. If you are in need of help and hope in your own journey with an outside-the-box child, or if you’re an adult trying to make sense of your differences, you’ll find deep insight, resonance, and encouragement in the pages of this book. Dare to love and nurture the “different” one in your life.

Idols of a Mother's Heart

Everyone knows how "Little Red Riding Hood" goes. But Grandpa keeps getting the story all wrong, with hilarious results! "Once upon a time, there was a little girl called Little Yellow Riding Hood--" "Not yellow! It's Red Riding Hood!" So begins the story of a grandpa playfully recounting the well-known fairytale--or his version, at least--to his granddaughter. Try as she might to get him back on track, Grandpa keeps on adding things to the mix, both outlandish and mundane! The end result is an unpredictable tale that comes alive as it's being told, born out of imaginative play and familial affection. This spirited picture book will surprise and delight from start to finish, while reminding readers that storytelling is not only a creative act of improvisation and interaction, but also a powerful pathway for connection and love. *Telling Stories Wrong* was written by Gianni Rodari, widely regarded as the father of modern Italian children's literature. It exemplifies his great respect for the intelligence of children and the kind of work he did as an educator, developing numerous games and exercises for children to engage and think beyond the status quo, imagining what happens after the end of a familiar story, or what possibilities open up when a new ingredient is introduced. This book is illustrated with great affection by the illustrious artist Beatrice Alemagna (Child of Glass), who counts Gianni Rodari as one of her "spiritual fathers."
