The Immortality Curse

I live on a planet that is so ideal it is literally called Utopia. At least, it was ideal until people close to me started getting killed. The only chance for every member of my tiny family to survive is to leave all we know. To leave, it's going to take the most dangerous alchemy I know, and the aid of a crazy oracle, a secretive mage, a kind telepath, and a necromancer I have no business falling in love with.

Immortality Curse

Following a slew of dangerous missions, the Shadows are looking forward to an easier assignment - conveying official condolences to the mourning monarch of an allied planet. They should be so lucky. How far would you go to mourn a lost love? Twisted by grief, the queen has tasked her top scientists with finding a cure for death itself, so that no one else must suffer like she has. But, when the cure is accidentally unleashed upon the world, her subjects discover there are some fates worse than death. Add to the mix a trio of unruly hawk chicks, a movie-mad android, and a stonemason with an unhealthy obsession with sledgehammers - and you've got a mission the team would gladly exchange for a return to the front line. --- PLEASE NOTE --- *NOTE: If cursing is a problem, even humorous cursing, then this might not be for you.

The Other Side of Blood

Velho Vain has three reasons to kill himself. The first, he was born an elf. The most despicable of creatures still surviving on the Central Continent. The second, his every moment is haunted by the demons of his bloody past. One of the perks of being an assassin. The third, even the cheapest whiskey has lost its burn. Velho Vain has three reasons to kill himself, but one reason why he never will: Velho is immortal, cursed to endure an eternal life of damnation in his bloodstained land. As far as twelve-year old girls go, Brooklyn is as annoying as most. Her naïve smile does little to cushion her brashness, nor her insanity. Claiming to own a "pet" ghost is one thing, but insisting she knows the location of the lost city of Elemain-famed for its legendary riches-is another. For Velho, her only redeeming quality is the storm of trouble yipping at her heels like jackals on a lamb. When one of those jackals turns out to be Valtienne-the assassin who betrayed Velho's love and killed his brother-Velho's mission changes from suicide to murder. Now the only question on Velho's mind is how to spill every drop of Valtienne's blood. But will his vengeance taste as sweet as he dreams, or will it turn as bitter as whiskey?

The Immortality Curse

When a group of industrial AI controllers said they were bored and wanted to use excess capacity to create an online game, they were met with ridicule. Then the beta came out, and the joke was on the rest of the industry. The world was the ultimate in virtual reality. There were no limits to what players could do. The AI touch mattered. The NPCs were just that much more realistic. The tavern wench Hulda had captivated David's interest like no other NPC: she was vibrant and full of life. Before he could lose his courage, his new character Ariel was born. She was a foxy, curvaceous goddess, and like Hulda, she would take all life had to offer. Through her, David was free to live fantasies he could never find courage to face as himself. David had already succeeded against the monsters and dungeons. That had freed him from his world. Ariel was going to be even better: she was going to free him from himself. That first night, playing Ariel was everything David hoped it would be. But as Ariel learned more about Hulda's world, she realized things were not as they seemed between the NPCs and players. In Hulda's world, the true enemies were not the monsters Ariel could see, but rather the fears in her own mind. To survive in this world, Ariel needed to face those fears and find her place in a world where even her notions of right and wrong are turned upside down. Impatiently Awaiting, Death: The Memoirs of Ed the Immortal.

When Adam and Eve ate from the Tree of Knowledge, they became like God and the angels, knowing good and evil. For that reason, they were cast out of the garden in Eden and barred from having access to the Tree of Life, which would have provided them immortality. What would have happened to them if they had obeyed God and initially eaten from the Tree of Life? Obviously, they would no longer have been subject to death. Therefore, they would have been free from the curse surrounding the Tree of the Knowledge of Good and Evil. In fact, rather than being a deadly curse, it would have then resulted in a blessing. Jesus of Nazareth reopened the way to the Tree of Life for all mankind, but what happened to the evil tree in God's garden? ""Behold, I set before you this day a blessing and a curse; a blessing, if ye obey the commandments of the LORD your God, which I command you this day: and a curse, if ye will not obey the commandments of the LORD your God..." --Deuteronomy 11:26-28
