Egyptian Oedipus

Stolzenberg presents a new interpretation of Kircher's hieroglyphic studies, placing them in the context of seventeenth-century scholarship on paganism and Oriental languages. Situating Kircher in the social world of baroque Rome, with its scholars, artists, patrons, and censors, he shows how Kircher's study of ancient paganism depended on the circulation of texts, artifacts, and people between Christian and Islamic civilisations.

Oedipus, King of Thebes

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Sophocles

Excerpt from Sophocles, the Plays and Fragments, Vol. 1: With Critical Notes, Commentary, and Translation in English Prose; The Oedipus Tyrannus N preparing a second edition of this volume, I have profited by several criticisms with which the work has been favoured. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as

a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Oedipus, King of Thebes; Translated Into English Rhyming Verse with Explanatory Notes by Gilbert Murray

This volume presents the Greek text of Sophocles' Oedipus the King, as edited by Sir Richard Jebb, with a parallel verse translation by Ian Johnston on facing pages, which will be useful to those wishing to read the English translation while referring to the Greek original, or vice versa.

Sophocles, the Plays and Fragments, Vol. 1

The first systematic survey of the conceptual history of basic logical terminology in ancient China.

Sophocles' Oedipus the King

Translating Nature recasts the era of early modern science as an age not of discovery but of translation. As Iberian and Protestant empires expanded across the Americas, colonial travelers encountered, translated, and reinterpreted Amerindian traditions of knowledge—knowledge that was later translated by the British, reading from Spanish and Portuguese texts. Translations of natural and ethnographic knowledge therefore took place across multiple boundaries—linguistic, cultural, and geographical—and produced, through their transmissions, the discoveries that characterize the early modern era. In the process, however, the identities of many of the original bearers of knowledge were lost or hidden in translation. The essays in Translating Nature explore the crucial role that the translation of philosophical and epistemological ideas played in European scientific exchanges with American Indians; the ethnographic practices and methods that facilitated appropriation of Amerindian knowledge; the ideas and practices used to record, organize, translate, and conceptualize Amerindian naturalist knowledge; and the persistent presence and influence of Amerindian and Iberian naturalist and medical knowledge in the development of early modern natural history. Contributors highlight the global nature of the history of science, the mobility of knowledge in the early modern era, and the foundational roles that Native Americans, Africans, and European Catholics played in this age of translation. Contributors: Ralph Bauer, Daniela Bleichmar, William Eamon, Ruth Hill, Jaime Marroquín Arredondo, Sara Miglietti, Luis Millones Figueroa, Marcy Norton, Christopher Parsons, Juan Pimentel, Sarah Rivett, John Slater.

Science and Civilisation in China: Volume 7, The Social Background, Part 1, Language and Logic in Traditional China

Disregard for messages from the oracles and gods doesn't turn out well for characters in Greek stories, and Oedipus is no exception. Encompassing murder and betrayal, incest and patricide, this set of three plays follows the life of a man doomed to suffer from birth. Sophocles wrote these classic Greek tragedies in fifth century BCE. This English translation, by F. Storr, was first published in 1912.

Translating Nature

Excerpt from The King Oedipus and Philoctetes of Sophocles: Translated Into English Verse From fierce engulfing by a murderous sea. Earth's buds are wasted, and the grazing herds Pine, and our women have not strength to bear, While fiery Pestilence, detested power. The King Oedipus of Sophocles

Oedipus King of Thebes Translated into English Rhyming Verse with Explanatory Notes by Gilbert Murray PREFACE If I have turned aside from Euripides for a moment and attempted a translation of the great stage masterpiece of Sophocles, my excuse must be the fascination of this play, which has thrown its spell on me as on many other translators. Yet I may plead also that as a rule every diligent

student of these great works can add something to the discoveries of his predecessors, and I think I have been able to bring out a few new points in the old and much-studied Oedipus, chiefly points connected with the dramatic technique and the religious atmosphere. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

The King Oedipus Of Sophocles: Literally Translated Into English Prose

This book explores the relationships between sites, people, objects, and images during the early globalization. It investigates interconnections and entanglements on both micro and macro levels, and aims to understand the dynamics of processes of translocal and transcultural intersection.

The Oedipus Trilogy — Oedipus the King, Oedipus at Colonus, Antigone

"Fetishism (supposing that it existed)": a preface to the translation of Charles de Brosses's *Transgression* / Rosalind C. Morris -- Introduction: fetishism, figurism, and myths of enlightenment / Daniel H. Leonard -- A note on the translation / Daniel H. Leonard -- On the worship of fetish gods; or, a parallel of the ancient religion of Egypt with the present religion of Nigritia / Charles de Brosses ; translated by Daniel H. Leonard -- After De Brosses: fetishism, translation, comparativism, critique / Rosalind C. Morris -- A fetiche is a fetiche: no knowledge without difference of the word: rereading De Brosses -- Excursus: recontextualizing De Brosses, with Pietz in and out of Africa -- Re Kant and the good fetishists among us -- Hegel: back to the heart of darkness -- Fetishism against itself; or, Marx's two fetishisms -- The great fetish; or, the fetishism of the one -- Freud and the return to the dark continent: the other fetish -- Conjuncture: Freud and Marx, via Lacan -- Anthropology's fetishism: the custodianship of reality -- Fetishism reanimated: surrealism, ethnography, and the war against decay -- Deconstruction's fetish: undecidable, or the mark of Hegel -- Rehistoricizing generalized fetishism: the era of objects -- Anthropological redux: the reality of fetishism -- The fetish is dead, long live fetishism

The King Oedipus and Philoctetes of Sophocles

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Oedipus King of Thebes

Originally published in 1946, this book presents R. C. Trevelyan's English metrical translation of Sophocles' Oedipus at Colonus. The translation was based upon the text published by Sir Richard Claverhouse Jebb in 1900. A short introduction by Trevelyan is also included. This book will be of value to anyone with an interest in English translations of ancient Greek drama and the works of Sophocles.

Sophocles

These English versions of Sophocles' trilogy were composed specifically for a modern audience by two gifted poets and Hellenists. Their aim was to recapture the directness and simplicity as well as the concentrated richness of the poetry of Sophocles; they wished at the same time to make their verse renderings of the plays "clear and credible in English" and actable as well as readable. The critical acclaim with which these versions have been received both in the United States and in Great Britain indicates that Mr. Fitts and Mr. Fitzgerald have achieved their aim.

The Mummy

Reading the colossus: the Memnon inscriptions -- Worshipping the colossus: sacred tourism at Thebes -- Talking with the colossus: the rhetoric of address -- Homeric Memnon -- Sapphic Memnon -- Modern Memnon

The mummy

"Translation of a foundational text for the disciplines of art history and archaeology. Offers a systematic history of art in ancient Egypt, Persia, Etruria, Rome, and, above all, Greece that synthesizes the visual and written evidence then available"--Provided by publisher.

Sites of Mediation

The Mummy, A Handbook of Egyptian Funerary Archaeology is linguist and Orientalist E.A. Wallis Budge's detailed overview of Egyptian funeral practices and beliefs. Included is a history of Egypt, as well as the translation of common hieroglyphs, to augment readers' understanding of Egyptian culture. He describes in detail the wrapping and burying of mummies, the attendants to the tombs and the dead, drawings and hieroglyphs found on tomb walls, coffins and sarcophagi, treasures buried with the dead, and scarabs, among other things. This book is a beautiful complement to The Book of the Dead, which describes the Egyptian afterlife and the motivations for detailed and drawn-out burials. This edition is the revised and enlarged edition, originally published in 1925. SIR ERNEST ALFRED THOMPSON WALLIS BUDGE (1857-1934) was born in Bodmin, Cornwall in the UK and discovered an interest in languages at a very early age. Budge spent all his free time learning and discovering Semitic languages, including Assyrian, Syriac, and Hebrew. Eventually, through a close contact, he was able to acquire a job working with Egyptian and Iraqi artifacts at the British Museum. Budge excavated and deciphered numerous cuneiform and hieroglyphic documents, contributing vastly to the museum's collection. Eventually, he became the Keeper of his department, specializing in Egyptology. Budge wrote many books during his lifetime, most specializing in Egyptian life, religion, and language.

The Returns of Fetishism

This is an English translation of Sophocles' tragedy of Oedipus who is banished from Thebes and confronts an array of obstacles that stand between him and the death he craves. Focus Classical Library provides close translations with notes and essays to provide access to understanding Greek culture.

The King Oedipus of Sophocles

Sophocles' great masterpiece, Oedipus the King, is here translated into highly-polished English verse that reflects the excellences of Sophocles' Greek original. The introduction and notes to the translation show how the play is constructed and the meaning this construction implies, as well as providing information about the workings of the fifth-century theatre. They also address influential misunderstandings of the play, in particular a widespread failure to understand that Apollo has an active role in what happens to Oedipus. The reader is provided with a clear sense of how Sophocles constructed his plot and how he ably concealed the fact that his characters act in ways which differ from what we expect in real life.

Oedipus the King

From Modes to Keys in Early Modern Music Theory addresses one of the broadest and most elusive open topics in music history: the transition from the Renaissance modes to the major and minor keys of the high Baroque. Through deep engagement with the corpus of Western music theory, author Michael R. Dodds presents a model to clarify the factors of this complex shift.

Oedipus at Colonus

The Oedipus Cycle
