Desolation

A world devastated: a sky filled with magical auroras at night and deadly radiation during the day; technology all but gone; hundreds of millions dead by fire, starvation, disease and violence. The survivors will have to face their own desolation. - - - - - Three groups struggle to endure and hold onto what little they have, while others will do anything to take it all. On a beach in Mexico, a small town in Wyoming, and a rural ranch in Illinois, epic battles between good and evil will be fought. Winners will have to face forces of nature never seen before. But, there is a dim light on the horizon. A 150 year old secret may lead the lucky few to a place that holds the promise of a new future, unless the sun doesn't set on humanity first. - - - - - The stunning follow up to the #1 Amazon Best Seller STONE AGE. Movie Rating: PG-17 for descriptions of violence and language.

Desolation

Hieronymus "Harry" Banks comes from generations of Kentucky coal miners, but found his way out of small town America through military service. Now, home on leave to visit his dying grandfather, Harry is shocked to learn the old man had secrets -- and before passing away, he tells Harry two of them. One will change Harry forever and one just may save his life when a massive EMP hits and rips apart the fabric of the U.S. and perhaps the world, trapping him in the one place he thought he'd left behind. His small town turns in on itself. Is this the work of the ubiquitous KKK, a homegrown terrorist group right from the heart of Harry's world? Time is running out for Harry and his family. Some secrets cannot and should not remain hidden, but will he have to risk everything to set the world right?

EMP Antediluvian

Desolate - The Complete Trilogy contains all three books of the best selling Desolate series. Howard Bell thought he hit rock bottom the day he returned to his former employer with a loaded gun. Instead of putting a scare into his ex-boss as he intended, things quickly get out of hand, and he kills five people. Howard is sentenced to life at an experimental prison camp off the coast of Antarctica, and he

soon learns the true definition of "rock bottom." Prison life at the remote island involves back-breaking work in the illegal mine run by the corrupt warden and his abusive guards. After a mysterious object is discovered deep in the mine, the inmates and staff start dying from an unknown infection. Howard is lucky to find himself one of the few survivors immune to the pathogen, but he and his fellow inmates learn something far more sinister and terrifying also has emerged from the mine. The truly lucky ones are already dead. This book is intended to be read by adults and may be unsuitable for children under 17. Contains indecent language and descriptions of graphic violence.

Guild Wars: Ghosts of Ascalon

250 years ago, Ascalon burned . . . Desperate to defend his land from advancing hordes of bestial charr, King Adelbern summoned the all-powerful Foefire to repel the invaders. But magic can be a double-edged sword—the Foefire burned both charr and human alike. While the charr corpses smoldered, the slain Ascalonians arose again, transformed by their king's rage into ghostly protectors and charged with guarding the realm . . . forever. The once mighty kingdom became a haunted shadow of its former glory. Centuries later, the descendants of Ascalon, exiled to the nation of Kryta, are besieged on all sides. To save humankind, Queen Jennah seeks to negotiate a treaty with the hated charr. But one obstacle remains. The charr legions won't sign the truce until their most prized possession, the Claw of the Khan-Ur, is returned from the ruins of fallen Ascalon. Now a mismatched band of adventurers, each plagued by ghosts of their own, sets forth into a haunted, war-torn land to retrieve the Claw. Without the artifact, there is no hope for peace between human and charr—but the undead king who rules Ascalon won't give it up easily, and not everyone wants peace!

Guild Wars: Los fantasmas de Ascalon

Adelbern, rey de Ascalon, desesperado por defender su reino de las imparables hordas de charr, invoca al poderoso Fuego para expulsar a los invasores. Pero la magia es un arma de doble filo y el Fuego abrasa a los charr y a los humanos por igual. Sin embargo, los ascalonianos vuelven a levantarse. La ira de su rey los transforma en defensores espectrales encargados de proteger el reino hasta el final de los tiempos. Aquella tierra condenada, que antaño había sido poderosa, queda convertida en una triste sombra de su antigua gloria. Siglos más tarde, los descendientes de Ascalon -exiliados en la nación de Kryta- se encuentran sitiados. Para salvar a la humanidad, la reina Jennah intenta negociar un tratado con los odiados charr, pero sus legiones no firmarán ninguna tregua hasta no obtener su posesión más preciada: la Garra de los Khan-Ur, objeto perdido en las ruinas de Ascalon.

Halo: Bad Blood

Death Sails the Seas. The lost kingdom of Orr lies beneath the ocean waves, an entire civilization swallowed by an ancient cataclysm. For centuries, it has lain dormant in the depths, its ancient secrets lost. Until now. The Elder Dragon Zhaitan has risen. In its wake, the drowned kingdom of Orr is reborn—and another is destroyed. The city of Lion's Arch, for generations a cornerstone of civilization in Tyria, is brutally swept beneath the waves, leaving nothing but ruins. Among the survivors is Cobiah Marriner, a human sailor shipwrecked by the tsunami and stranded at sea. When he is rescued by a ferocious charr, Cobiah knows that he's been plunged into a world forever changed. Now, Zhaitan's undead servants dominate the sea, destroying port after port and slaughtering anything in their path. In the midst of ruin, Cobiah vows to see Lion's Arch rebuilt. Amid the storm of the dragon's rising, Cobiah must become a hero to his crew and an admiral to the pirate fleet, and face the ghosts of his past. Only then will he master the Sea of Sorrows and crush the armada of Orr.

Guild Wars 2 Signature Series Guide

The I, Claudius author's "lightning sharp interpretations and insights . . . are here brought to bear with equal effectiveness on the Book of Genesis" (Kirkus Reviews). This is a comprehensive look at the stories that make up the Old Testament and the Jewish religion, including the folk tales, apocryphal texts, midrashes, and other little-known documents that the Old Testament and the Torah do not include. In this exhaustive study, Robert Graves provides a fascinating account of pre-Biblical texts that have been censored, suppressed, and hidden for centuries, and which now emerge to give us a clearer view of Hebrew myth and religion than ever. Venerable classicist and historian Robert Graves recounts the ancient Hebrew stories, both obscure and familiar, with a rich sense of storytelling, culture, and spirituality. This book is sure to be riveting to students of Jewish or Judeo-Christian history, culture, and religion.

All of time is simultaneous. Matter tends towards perfection. Cats can be dicks sometimes. The Prince of Milk is a leisurely stroll from prehistory to the distant future, stopping for tea in the 21st century English countryside. Before the time machine, before the undead mannequins, before the cat with the universe eye, there were the arbiters. They regulated the world and kept reality from banging into itself. All was well in paradise. But even the gods end up in love triangles from time to time. Several galaxies and a dimension away, Wilthail is a small English village alternating between flower shows and the occasional divorce. Life ambles. Old men and women make peace with their gods. Little do they know three deities walk among them already, biding their time before an ancient grudge rears its head. The world is a garden. The world is a gutter. Which is it? PRAISE FOR THE PRINCE OF MILK: "Please stop contacting me. I'm not going to read your book." - Exurb1a's mother "Sorry, I don't like science fiction." - Woman on the bus "Is that you again? Look, we've talked about this." - Exurb1a's mother

Unless Mitch and a group of warriors from each of the megacorporations succeed in reaching the hidden horrors and wiping out the mutant scourge, our world will literally become a hell on Earth.
