Learning Astrology

"[Sharp] elegantly casts a web of astrological knowledge . . . as he explains the nuances of each aspect that influences the individual horoscope." —Library Journal "Astrology is both a science and an art. It is a symbolic representation of all of the elements—religious, spiritual, emotional, mental and physical, visible and invisible—that exist in the universe and come together in various and diverse combinations to account for individual human beings and the forces that shape and act upon them." While there are numerous astrology books available, many are decades old and require you to wade through a morass of technical details just to get to the basics. In Learning Astrology, Damian Sharp provides a fun, fresh approach to understanding this ancient art, making it easily accessible to those who are completely new to the subject and/or put off by older, more complicated books. In clear, concise language and an easy-to-follow order, he provides insight into sun signs and planets, houses and aspects and shows us how to actually read an astrological chart, simply and accurately. And if you want the more technical details, Sharp provides those, too. By the end of the book, you'll be discussing conjunctions, sextiles, squares, and trines like a pro. Learn astrology from Damian Sharp and become your own astrologer.

Astrology for Beginners

If you are interested in understanding more about your true self, the purpose of life and your spiritual path, Esoteric Astrology is the book for you. You will be guided into a deeper dimension of astrology and the spiritual laws behind all life, for example the law of reincarnation and karma. There is a great difference between esoteric astrology that interprets the horoscope from the viewpoint of the soul, and traditional astrology that often is preoccupied with outer events and the desires and reactions of the outer self. An esoteric astrologer looks for the purpose of the soul, and the inner causes behind what happens to you in life. What are your talents and limitations, so that you can make use of and increase your good sides and eliminate or limit the bad habits. The book is written in a simple language, it is a beginner's guide to astrology. You will need no previous knowledge about astrology to read this book. This book is meant for anyone who is interested in spirituality and astrology. But it is also recommended for you who have studied astrology and wish to add a spiritual dimension to the subject. This book includes many important areas, such as: human relations, how to cast a horoscope, diseases, the purpose of life, and an esoteric interpretation of the signs. The book helps you to understand more about yourself. But to this is added astrology for humanity and nations, how astrological energies are influencing and are determinative for society. From the perspective of a spiritual background, this is indeed an entirely new way of looking at our civilization.

Esoteric Astrology

In our lives at some point of time we may come across certain situations which may take our peace of mind in order to move ahead or get rid of that rut. This all happens due to our past Karmic influences. As a human beings in spite of all efforts, we struck there and helplessly looking for someone to lend their hand to come out of it. But very few people come to us at that point of time to help us and many times we need to undergo severe pains and sufferings to move forward. Here comes the astrology the divine cosmic science which helps us to read and understand our karmic structure through the natal horoscope chart. In order to understand our karma either we need to go to an astrologer or one has to learn by themselves to read the chart. The future predicted by the astrologer may come true or not depending on several factors of your birth details and knowledge of the astrologer. So for those who want to analyze their chart by self-learning is very helpful. But astrology is not an easy science to learn for a novice without some support. Again, finding a person and taking the course is tedious because of professional and family issues. Here comes the role of good books which helps you to learn it easily. Hence, for those in need of it, this basic book has been written with maximum care, so that you can read any advanced book after going through this. The book covers the essential fundamental concepts which are required to understand your astrological chart. The science is itself is a big ocean to put in the form of a book. But in order to experience it, a drop of knowledge is given here. Here you can say something like you are learning the Alphabets of Astrology. But this is only a beginning, an end is limitless. So, enjoy reading this book. It is not for any advanced astrology lovers. If you want to understand some advanced concepts of astrology learn the basics very well. Good Luck!!!

Practical Astrology for Beginners & Self-Discovery

The diseases are the result of our past karmas and indicated by weak and afflicted planets. This can be easily understood by an astrologer. Therefore every book on astrology has discussed the diseases and yogas for these diseases are scattered throughout the astrological literature. Some of these Yogas have been compiled in this book for the intelligent readers with the observations and experiences of author. Author has used the astrology for the purpose of diagnosis as other laboratory tests, MRI and CAT SCAN etc. It gave good results to understand whether the chronic diseases are curable or not. Moreover it has helped to understand the time period of onset of the disease which no other science can explain. Therefore astrology is science of sciences. One must be careful while predicting diseases because so many factors are involved in prediction. Only the yoga for disease is not sufficient. If the yoga is aspected by benefic planets, the results will be nullification of malefic influence. The disease depends on the strength of the disease producing planets. Even if a disease may be indicated from a house from lagna but from Moon and navamsha lagna the same house is strong and lord is fortified, the malefic influence may get cancelled. Therefore while judging one must consider the house, lord of house and karaka of the house, rashish where the lord of house is posited i.e. dispositor, and navamshesh, the lord of house in navamsha chart where the lord of the house is posited, and relationship in navamsha chart between lagna lord and lord of the house into consideration from lagna, Moon, navamsha lagna and nakshatra of the planet in which he is posited. One must take into consideration the nature and qualities of the planets causing the disease; functional benefic or malefic to the lagna house in which they are posited. The benefic planet will certainly cause less harm than the malefic planet. The relationship between the two planets also affects the disease producing capacity. The relationship is also natural and functional. The aspect and conjunction of the planets should also be taken into consideration. The retrograde malefic planet is more powerful in causing diseases than the normal malefic planet. The retrograde benefic planet does not protect the native. When a benefic planet is lord of maraka house and posited in that house, it becomes strong maraka planet. Keeping the above factors into consideration we can predict the timing of onset of diseases with the help of dasha system and Gochar. The most common dasha system employed is Vimshottari dasha system. Still we can divided the timing of diseases into: 1. Yogas present in the horoscope 2. Dasha/bhukti/Paratyantar dasha 3. Transit (Gochar) 4. Horary All these factors have been discussed in this book in detail.

Astrology for Beginners

Most introductory astrology books, such as this one, are content to teach you the ABC's of astrology: Planets, signs, houses, aspects, pretty much in that order. You're then congratulated that, by the time you reach the end of the book, you can look up the individual pieces and spit out canned interpretations, by rote. Vivian Robson (1890-1942, a man, by the way), expected better. Here is an example: Having found the significator of the matter concerned interpret all aspects to it as things and people affecting it. Suppose Jupiter were chief significator of money and afflicted by Saturn. We should judge that money matters would be hampered by poor conditions, depressing surroundings, ill-health, or whatever Saturn signified in that horoscope. In other words, we should give Jupiter the chief consideration as significator of the matter enquired into, and interpret the action of Saturn in its relation to Jupiter, and not vice-versa. On the other hand if Saturn were the significator we should judge that fits of generosity or extravagance would affect the finances, because Jupiter is expansive in its action, and its afflicting aspect would cause trouble and loss. This general judgment is then refined by taking into account the sign and house occupied by the aspecting planet, and the houses it rules. Thus, suppose with Saturn as significator that Jupiter threw an adverse aspect from the 5th house. Then we should judge that the extravagance would arise from too much indulgence in pleasure, or from gambling, or other matters ruled by the 5th house. This would be modified by the sign containing Jupiter. A water sign would incline more to self-indulgence, a fiery one to gambling, a sign ruled by Venus to expenditure on women, and so on, thus enabling us to enlarge on the judgment obtained from the house position alone. We should next look to see what houses Jupiter ruled. If it ruled the 3rd we should judge expense and extravagance over journeys, relatives and other third house matters, and by blending the influences, that gambling losses (5th) would come through the advice of relatives (3rd) or some other appropriate blending. . .

.This, however, is not the only way the influences would work. . . . There is method to be used, and it is one which needs considerable practice, but it is well-worth the trouble involved, and the student will himself be amazed to find how accurately the most trifling details may be predicted. As a word of advice to the beginner I would say - Do not be afraid to let yourself go in this way. You will make many mistakes to start with, but it is the only way to make your Astrology of practical use. There is too great a tendency nowadays to float about in a comfortable haze of so-called esotericism. The first need of Astrology is accuracy and definition, not pseudo-religious speculation, and it is only by concentrating on the practical and scientific side that we can really make Astrology of service, and obtain for it the recognition it deserves. (pgs. 110-113: go have a look) Someday a picture of the man will be found. Until then, read his books!

Divine Love and Wisdom

In Divine Love and Wisdom, Swedenborg uses reason and empirical facts to prove the existence of God and God's divine love. He further posits that we are all an essential part of God's Divine plan, and that without us God's plan could not come to fruition.

Divine Love and Wisdom

While many of Emanuel Swedenborg's writings rely heavily on the Bible, Divine Love and Wisdom appeals directly to human experience. It describes a loving God who is equally present with all people on earth regardless of race or religion and explores the underlying unity of all living things.

A Treatise Concerning Divine Love and Divine Wisdom, Extracted from the Apocalypse Explained, of Emanuel Swedenborg

Divine Love and Wisdom, written by legendary author Emanuel Swedenborg is widely considered to be one of the greatest classic and historical texts of all time. This great classic will surely attract a whole new generation of readers. For many, Divine Love and Wisdom is required reading for various courses and curriculums. And for others who simply enjoy reading timeless pieces of classic literature, this gem by Emanuel Swedenborg is highly recommended. Published by Classic Books International and beautifully produced, Divine Love and Wisdom would make an ideal gift and it should be a part of everyone's personal library.

Angelic Wisdom Concerning the Divine Love and the Divine Wisdom

Reprint of the original, first published in 1859.

Angelic Philosophy of the Divine Love and Wisdom

The atmospheres, which are called aethers and airs, are alike in both the spiritual and natural worlds, only that those in the spiritual world are spiritual, and those in the natural world are natural. The former are spiritual because they exist from the sun, which is the first proceeding of the divine love and divine wisdom of the Lord, and from Him receive in them divine fire which is love, and divine light which is wisdom...-from "Part III" Emanuel Swedenborg, an 18th-century inventor and man of science, experienced a spiritual epiphany at the age of 56, when he began to explore Christianity from a mystic standpoint, a stunning change of heart that has since intrigued and fascinated generations of rationalists and philosophers, from Immanuel Kant to Arthur Conan Doyle to C.G. Jung. Did Swedenborg go mad, or is he a genuine prophet? Divine Love and Wisdom, first published in 1763, remains one of Swedenborg's most popular works, his discussion of the Creation of the universe and humanity; it forms the basis of his metaphysics and is an essential foundation for appreciating his other works. Also available from Cosimo Classics: Swedenborg's The Spiritual Life and The Word of God. Swedish scientist and philosopher EMANUEL SWEDENBORG (1688-1772) made notable contributions in the fields of biology, geology, and astronomy before embarking upon his theological commentary. His religious writings include The Apocalypse Revealed, The True Christian Religion, and The Last Judgment.

The Divine Love and the Divine Wisdom

Man knows that there is such a thing as love, but he does not know what love is. He knows that there is such a thing as love from common speech, as when it is said, he loves me, a king loves his subjects, and subjects love their king, a husband loves his wife, a mother her children, and conversely; also, this or that one loves his country, his fellow citizens, his neighbor; and likewise of things abstracted from person, as when it is said, one loves this or that thing. But although the word love is so universally used, hardly anybody knows what love is. And because one is unable, when he reflects upon it, to form to himself any idea of thought about it, he says either that it is not anything, or that it is merely something flowing in from sight, hearing, touch, or interaction with others, and thus affecting him. He is wholly unaware that love is his very life; not only the general life of his whole body, and the general life of all his thoughts, but also the life of all their particulars. This a man of discernment can perceive when it is said: If you remove the affection which is from love, can you think anything, or do anything? Do not thought, speech, and action, grow cold in the measure in which the affection which is from love grows cold? And do they not grow warm in the measure in which this affection grows warm? But this a man of discernment perceives simply by observing that such is the case, and not from any knowledge that love is the life of man.

On the Divine Love ; On the Divine Wisdom

While many of Emanuel Swedenborg's writings rely heavily on the Bible, Divine Love and Wisdom appeals directly to human experience. It describes a loving God who is equally present with all people on earth regardless of race or religion and explores the underlying unity of all living things.

Angelic Wisdom Concerning Divine Love and Wisdom

A detailed examination of Divine Love, will and creation

Angelic Wisdom Concerning the Divine Love and the Divine Wisdom

This is a spiritual book comprised of quotations about Love, Wisdom, and Truth that I have collected from lectures given by the master Beinsa Douno/Peter Deunov. Without exaggeration this book contains valuable uplifting Divine ideas, principles, rules and laws which we all should put into practice. Beinsa Douno teaches that all people are brothers and sisters (since we come from one and the same Father-God) and should live as such. "This teaching is not mine, it is God's teaching. It is a teaching of Love, brotherhood and sisterhood of absolute freedom in which everyone respects the rights of the others. And the powerful are ready to be servants of the little and weak." Beinsa Douno. This book together with the books "Prayers and Spiritual Formulas" and "The Might of Love" are available for free, just send me an email and I will email them to you. Simply Chinese Astrology

Find out anyone's Chinese horoscope using the animal signs and feng shui elements that are at the core of this divination system.

Chinese Astrology Plain & Simple

Though perhaps less well-known here than its Western counterpart, Chinese astrology is every bit as illuminating and provides an equally valuable shortcut to self-knowledge. Jonathan Dee, the well-respected author of several books on astrology, tarot, and fortune-telling, reveals all the mysteries of the art in this informative volume. Filled with legends, charts, and history, it contains all of the essentials for working out your Chinese horoscope including the animal signs for each birthday year, month, and hour. Each sign receives a richly detailed and enlightening explanation. Among the amusing and informative tidbits here: The rat is considered to be the sign of charm and is noted for its shrewdness, enterprise, and wealth. Rats are also prosperous, entrepreneurial, obsessive, anxious, bossy, and mean. The ox is the sign of tenacity and prosperity and a symbol of fertility and muscular strength. People born

under the ox are patient, contemplative, eloquent, chauvinistic, petty, and grumpy. The monkey is lively, complex, charming, diplomatic, and agile. Monkeys are also dishonest, sarcastic, lacking respect, and restless. Chinese Astrology, Plain and Simple is an accessible introduction that enlightens, entertains, and informs.

Simple Chinese Astrology

A basic introduction to the ancient system of astrology based on the Chinese lunar calendar from the author of Simple Feng Shui. Introduced by the emperor Huang Ti between 2700 and 2600 B.C.E., Chinese astrology is based on the culture's lunar calendar, which is made up of five cycles of twelve years each, with a complete cycle taking sixty years. According to legend, Buddha summoned all the animals to come to him before he departed earth, but only twelve came to pay their respects. To honor them, he named a year after each animal in the order that they appeared: Rat, Ox, Tiger, Rabbit, Dragon, Snake, Horse, Sheep, Monkey, Rooster, Dog, and Boar. These became the twelve astrological signs that determine your personality, behavior, and proclivities according to the year and time of day you were born. This age-old practice tells you what to expect—in life, career, and romance—in the coming years. Featuring illustrations and tables, this guide makes this exacting science and art of divination and personal analysis accessible to Western readers.

Chinese Astrology

A practical guide on how to work out your Chinese horoscope. Though perhaps less well-known here than its Western counterpart, Chinese astrology is every bit as illuminating and provides an equally valuable shortcut to self-knowledge. Jonathan Dee, the well-respected author of several books on astrology, tarot, and fortune-telling, reveals all the mysteries of the art in this informative volume. Filled with legends, charts, and history, it contains all of the essentials for working out your Chinese horoscope including the animal signs for each birthday year, month, and hour. Each sign receives a richly detailed and enlightening explanation. Learn the personality traits associated with the 12 animals: - The rat is considered to be the sign of charm and is noted for its shrewdness, enterprise, and wealth. Rats are also prosperous, entrepreneurial, obsessive, anxious, bossy, and mean. - The ox is the sign of tenacity and prosperity and a symbol of fertility and muscular strength. People born under the ox are patient, contemplative, eloquent, chauvinistic, petty, and grumpy. - The monkey is lively, complex, charming, diplomatic, and agile. Monkeys are also dishonest, sarcastic, lacking respect, and restless. Chinese Astrology, Orion Plain and Simple is an accessible introduction that enlightens, entertains, and informs.

Chinese Astrology: 2020 Year of the Metal Rat

The Yi Jing, I Ching, or Book of Change or Fortune Telling, is an ancient Chinese oracle that has been consulted in times of trouble for thousands of years. It was used as a guide and source of wisdom by the emperors, helping them decide the difficult issues of statecraft; and later on by Sages and Philosophers. It was both a source and repository of philosophical insight for the Chinese, even as a part of Chinese Astrology or Zi Wei Dou Shu. Both of the major Chinese philosophical traditions, Taoist and Confucians alike, have contributed to its development. A few centuries ago, it became popular among the mass and its popularity is growing fast in many countries. Future is always dark and unknown, and man has always been eager to know the future beforehand. "Chinese Astrology and Fortune Telling"™ is a great and unique way of knowing and predicting future. This book fulfills the need and demand. It will make simple: both the subject and knowledge of the future, that look complex and uncommon.

2016 New Astrology Horoscopes - Chinese and Western

Describes Chinese beliefs about characteristics of people born in the year of the ox.

The Handbook of Chinese Horoscopes

Chinese astrology is being discovered in the West and has proved a highly accurate system of character analysis and prediction. This book introduces the 12 signs of the Chinese Zodiac, as well as explaining which five elements govern your sign.

The Chinese Horoscopes Library: Ox

The I Ching, or Book of Changes, is a mix of Taoist and Confucianist philosophies that has evolved over many centuries and may be the oldest book in existence. Its main philosophy is that nothing is static and everything changes over time, so our task is to adjust to the ebb and flow of changing circumstances. The I Ching can help us: Make decisions Manage sensitive relationships Tap into our creative insight and intuitive power The I Ching can be extremely complex, filled with poetry and philosophy. In I Ching, Plain & Simple, Kim Farnell has made the divination system as modern, straightforward, and user-friendly as possible—pick it up and put it to use quickly and easily, without any fuss or confusion. It is the ultimate guide to the I Ching.

"[Sharp] elegantly casts a web of astrological knowledge . . . as he explains the nuances of each aspect that influences the individual horoscope." —Library Journal "Astrology is both a science and an art. It is a symbolic representation of all of the elements—religious, spiritual, emotional, mental and physical, visible and invisible—that exist in the universe and come together in various and diverse combinations to account for individual human beings and the forces that shape and act upon them." While there are numerous astrology books available, many are decades old and require you to wade through a morass of technical details just to get to the basics. In Learning Astrology, Damian Sharp provides a fun, fresh approach to understanding this ancient art, making it easily accessible to those who are completely new to the subject and/or put off by older, more complicated books. In clear, concise language and an easy-to-follow order, he provides insight into sun signs and planets, houses and aspects and shows us how to actually read an astrological chart, simply and accurately. And if you want the more technical

details, Sharp provides those, too. By the end of the book, you'll be discussing conjunctions, sextiles, squares, and trines like a pro. Learn astrology from Damian Sharp and become your own astrologer.

I Ching Plain & Simple

The system of Chinese horoscopes has been in use for thousands of years, and there was a time when no Chinese person would contemplate changing their job or getting married without consulting their astrologer. We may no longer run our lives this way, but there is much that we can learn about ourselves from this ancient Eastern astrological system. The Chinese horoscope is made up of 12 animal signs but while most people know which sign they are, the system is more complex than that. You also need to know which of the five elements you are: fire, earth, water, metal or wood, and whether you are yin or yang. This accessible book guides you through finding your own particular sign and how it influences your personality, family, love life and future choices.

Your Chinese Horoscope for Each and Every Year

NEW ENLARGED EDITION Finally a book, India and the world, has been looking forward to, from the pen of Bejan Daruwalla, one of the greatest astrologers and psychics of our times. Special features of this book are: sun-signs in depth, numerology for everyone of you, a terrific piece blending Chinese and Western astrology, something about the history, lore and use of gems, and an article on gifts for all the 12 signs. Here, in short, is God's plenty. Daruwalla is a strong devotee of Lord Ganesha (the elephant-headed God who is known to remove obstacles and sorrows.) Amongst his predictions, the noteworthy ones were the release of Nelson Mandela and the fall of Margaret Thatcher which appeared in the magazine "Eve's Weekly", January 20, 1990. Widely travelled, Bejan Daruwalla was invited by three Radio Stations and WBN's channel 10, Columbus, Ohio for his talks. He was also interviewed in the American Dailies during his stay there. Another distinction, he was invited by the prestigious Edgar Cayce Foundation, Virginia Beach for a series of lectures and needless to mention that the Indian newspapers and T.V. stations in Washington did him proud - and the Indians certainly know their astrologers! A unique honour for Bejan Daruwalla where America is his home away from home. The star astrologer is already on another book.

The year 2009 is the Chinese Year of the Ox – what will this mean for you? This complete guide contains all the predictions you will need to take you into the year ahead – a year which offers great hope, advancement and opportunity.

Chinese Astrology

This introductory guide reveals the ancient philosophical and spiritual wisdom of the Chinese Zodiac. One of the oldest forms of spiritual wisdom, Chinese astrology remains one of the most popular and

powerful zodiac systems. Following a twelve-part cycle of years represented by different animals, the system is further divided by month, day, and hour of birth—revealing one's inner, true, and secret animals. Focusing more on the person than on events, it offers more philosophical and introspective insights than its western counterpart. This introductory guide covers the basic concepts and principles of Chinese astrology, as well as its history and origins. It also features detailed synopses of personality traits associated with each sign, as well as traditional Chinese artwork.

The Complete Guide to Chinese Astrology

This guide brings Chinese astrology back to its ancient roots, providing all the information you need for understanding one of the world's oldest systems of divination. The ancient Chinese people developed a sophisticated science of astrology that continues to have profound influence in China today. Rooted in the fundamentals of Taoism, it evolved into a system vastly different from Western astrology. Rather than determining personality by the time of the year in which you are born, in Taoist astrology it is the year itself that determines your character. The years form a twelve-year cycle of signs, each named after an animal. Additionally, your personality depends on which of the five traditional Taoist elements you are born under—water, wood, fire, earth, or metal. This makes for a cycle of sixty unique signs. Taoist Astrology includes information for each sign's personality, compatibility, child-parent relations, and rising and falling fortunes during the twelve-year cycle. Discussions of yin and yang, Confucianism and Buddhism, Taoist alchemy, and the connection between Taoist astrology and Western astrology give you all the background you need for understanding one of the oldest systems of divination known to humanity. Taoist Astrology differs from other books on the subject by grounding its concepts in the ancient traditions from which it originated.
