I Don't Like the Translation Form I Always Like To Say Emptiness Is Matter or Voidness Is Matter Matter Is Voidness because the Key Thing about Emptiness Is It's Just the Relativity of All the Things It Isn't some Space in Which They Are It's Space Can Be an Analogy for Emptiness but Emptiness Is Not Space Emptiness Is Space Is Also Empty You Know and and So Emptiness Means that no Thing Has Intrinsic Reality Everything Is Empty of an in Fixed Intrinsic Reality Which Means Everything Is Relative and Even and So and so the Absolute Is all of the Relativity so Emptiness Really Is the Buddha's Discovery of Relativity That's What It Is Long before Dear Mr Einstein So Let's Reflect on that for a Minute before We Begin

But Point Is We Know that's an Illusion that There's a Three-Dimensional Person in There When We Look in the Mirror or Even if We Look in the Rearview Mirror and See Let's See a Scene behind Us in a Car We Know that It's behind Us It's Not It's Not True a Window That We Know that and We Don't Have To Think about So We See It as if It Were There and We Interact with It When It's Somewhere Else so We Have We Have that Cognitive Dissonance Is Completely Encompassed in that One Cognition because We Don't Have To Repeat the Experience of Reaching at the Mirror and Bumping into the Surface and Realizing It's Just a Reflection because We've Had that Experience so It's Something like that this Thing about the Three Perceptual Habits Their Nose and Not Their Ernest

You Know Where like Where We Are but It's Possible We Could Come To Be Freer and We Also Think We're Resigned to Thinking that that We're Going To Suffer and Things Are GonNa Go Wrong Everybody's like Half Miserable and I Even Know People Laugh When I Say but It's True We're Conditioned To Think When We Do for Temporarily Don't Feel Miserable We Feel Really Worried so When We Feel a Little Bit Happy and We're Sort Of Yeah but Really I'M Miserable and that Feels this Makes Us Feel Secure about Being Happy It's Only Be Reflected in the Ongoing Stream of Our Misery

But I Almost Like To Teach Such People I Say Everybody Is Enlightened Then because Everybody Sees Nothing every Night When They Fall Asleep and if They Have Trouble Falling Asleep They Take an Ambien in Order To See Nothing from Ukraine Otherwise Become Unconscious So So When You See Nothing Then the Knowing of Emptiness What Does that Mean Negation Is a Strange Thing a Negative Cognition Think about It a Negation Means like There's no Elephant in this Room That's a Negation So Then if You Want To Verify Check that Out You Look Everywhere Where There Could Be an Elephant and Then You Don't Find One

There's Nothing You Can Say to Them They'Re Just There Let's Look Right through You that's so that's What Real Nihilist What They Call an Analyst by Experience and They'Re Really Trapped in the Demon Ghost Cave They Say Buddhist Psychology in Psychology Is So Sophisticated from Even in Diameter about You Know Earliest Performer Person Basic Form of Buddhism Okay So Got a Got a Para Got a Got a Means Go On so that Might Be Credible to Seeing Nothing Again li Got a but I Know Emptiness So I Know Whatever I See if I Really Try To Find that It Will Disappear

I Said some Kind of Terrible Thing It'LI Be So Fearful You Would Absolutely Recoil from It Like I Hate Come Maybe I Get Dizzy but I Was Little I Enjoyed Them or Other Kinds of Aesthetic Experiences Where You Seemingly Melt You Lose Your Sense of Boundary You Merge with the Raga You Merge with the Symphony You Merge with the Aria You Merge with some Beautiful Thing You Know so that's the Experience of Bliss Which Is an Explicit When It's Experienced It's Not Seized It's Just It's Given Up It's for You Let Go of Yourself You Know and Then the Thing of I Am the Clear Light Is Just an

Affirmation

'S Not that You See Clear Light It's that You Serve in Firstly a Light Actually that's a Little More Complicated that's a Little Tantric but that's the Body There's a Last One Got a Garlic Powder Got a Father some Got a You Know Super Gone Super Totally Gone those Are Two Further Stages of those Four and Then the Fifth One Bodhi Enlightenment Oh Hail that's like I Am Clear Light You Know I Am Transparency That's It Let's Put a Hood Right

But that's the Body There's a Last One Got a Garlic Powder Got a Father some Got a You Know Super Gone Super Totally Gone those Are Two Further Stages of those Four and Then the Fifth One Bodhi Enlightenment Oh Hail that's like I Am Clear Light You Know I Am Transparency That's It Let's Put a Hood Right and every Single One of You Is Going To Have that Experience of Going To Be a Buddha because You Might As Well because There's no Other Way out of Pain out of the Pain Actually According to Them because We Are all Infinite Continuum so We Want To Be the Most Best Continuum

The Problem There Is if You Have a Problem and You Have a Body You Have Something You Have a Space in Which To Work on the Problem if You Have a Problem and You Eliminate the Body Then all You Are Is the Problem so that's Really Not Really Very Good Method of Dealing with the Problem Unfortunately Okay They Molecular Suture Now That Were in a State of of Maybe Being At Least Inferentially Open to the Unexpected We'Re Going To Look at Doctor Who How Many of You Have Ever Seen Doctor Who Programs Who or Who Has Never Seen Doctor Who

I'M GonNa Bring Them all with Me that Person Becomes a Bodhisattva When They When They Really Become Dedicated like that They Become that Even though They Don't Have Anything like the Ability To Do It but in a Way There Are Two Prerequisites They Have To Recognize There Is Such a Higher Type of Consciousness That Is Achievable or Embodiment and Consciousness as a Buddha Which Is Not Easy To Imagine this Was It's Not if Not a God It's Not Ordinary Human It's Something Really Remarkable Different Kind of a Being Almost but It Comes out of the Human Form Most Easily Also a Divine Form but Human Form Most Easily and that's the First Thing That Has To Be Able To Imagine that To Have that as a Goal That Is Possible and Then Second Is One Has To Have a Sense of the Conservation of Energy like

And that's the First Thing That Has To Be Able To Imagine that To Have that as a Goal That Is Possible and Then Second Is One Has To Have a Sense of the Conservation of Energy like the Second Law of Thermodynamics and Including One's Mind Process as an Energy and Realize that One Will Never Not Be Continuing so that It Doesn't Seem Preposterous as They I'M Going To Change the Entire Universe and Bring all Beings into Happiness because You Might As Well since You'Re Stuck Stuck with Them for Eternity Anyway and When You Feel that's the Common-Sense Thing Then It Becomes like Normal It Doesn't Become like a Crazy Thing if You Are a Materialist

So that There Is this Possibility of this this Higher Form of Existence of Being a Man Widen Being and that You Have Endless Time To Achieve It Where You and all Beings Will Be in a State of Permanent Bliss without any Suffering That's Possible and Is Therefore Highly Desirable It Couldn't Be Anything More Desirable Essentially You Know but Do We Do We Believe that Such a Thing no We Can't Imagine It and So Therefore We Have To Work To Imagine It That Takes Effort but It Becomes Imaginable in the Context of Infinite Relativity and Infinite and Eternal So

Something That Has a Limit in Order for It To Be a Limit It Has To Be Something on the Other Side of a Boundary Then There's Something on the Other Side You Can't Have a Boundary and Nothing on the Other Side because Then You Say Nothing Is There There's a Central Statement Right Yeah some of You Look Skeptical but because People Are Scared of Infinity of Course because Then They Did They Everything Could Be out of Control They Don't Know Something Might Pop Up out of Infinity Vimalakirti
