Valley of the Spirits

A young woman, Lindsey Wei, graduates from high school in America and sets out to find her roots in China, questing for who she is and where her life path belongs. She discovers in herself a skill for martial arts and seeks the hidden knowledge of meditation. After three years of study in various martial styles and unveiling false teachers, she is finally led to the ancient Wudang Mountains. Here she meets a Daoist recluse, Li Shi Fu, who has renounced the world of the 'red dust' and long since retired into an isolated temple to cast oracles and read the stars. The coming together of these two extraordinary characters, master and disciple, begins a spiritual relationship taking the young adept on an unforgettable journey through the light and dark sides of modern China and deep into herself. Battling between earthly desires and heavenly knowledge, she makes the transformation into a dynamic and complete woman. A coming-of-age, personal account, the book describes the lived experiences of a profoundly sincere, bitter yet ultimately liberating female quest. It is written for anyone who ponders the true meaning of Chinese wisdom and the way of the Dao in the hope of discovering a deeper strength within themselves.

The ventures back into the years 1880-1905 in the sequel to Spirit Valley and Beyond is about the three main characters from the first novel--Arthur, Craig, who is Arthur's close friend, and Maggie, his wife. Craig was invited, in the sequel, to go back in time through the door inside the wood shed.

Craig's ventures, unknown to Arthur, started with the famous "Ghost town of today," then a thriving gold mining town, Bodie California, offered opportunities beyond his dreams. Unexpected developments in his journeys create tension not expected between Craig, Art, and Maggie in his comings and goings through the door today and in the past. Arthur and Maggie, on their ventures have unexplained events that create a drift in their relationship and between all three of the main characters evolving to a climatic conclusion. Joe White Feather, a Shoshone Indian Spiritman spirit ranges both in the present and the past, is ever present to help Arthur through his traumatic times he had to face. The history of the past years comes alive through the eyes of the three people that went from the present to the past.

The Valley Spirit

A retired machinist, Mr. Pilcher wanted to write a story about the old gold mining days of the West. In his travels, he stops at a coffee shop in Battle Mountain, Nevada. He meets a waitress who helps him meet Jim Greyson who used to come town two years ago and who was labeled as a big storyteller. After visiting and hearing the story was about the people who worked the mines and the towns of the past, he also thought a big storyteller was what he is. A few weeks after he got home in Reno, Nevada, he got a package and a letter from the old-timer Jim. He then read the letter and received an old CB radio with Jim saying he was at the mines and meeting the people mentioned, in the year 1880-1905. Instructions for Mr. Pilcher on how to venture as Jim did is now an adventure that evolves into many journeys of fear, romance, Indian spirit man, and murder. The meeting of Jim back in 1890 and events leading to the valley now called by the Shoshone Indians Spirit Valley will be a living adventure that will put you there and test one's imagination.

Spirit Valley and Beyond

Studies of religion have a tendency to conceptualise 'the Spirit' and 'the Letter' as mutually exclusive and intrinsically antagonistic. However, the history of religions abounds in cases where charismatic leaders deliberately refer to and make use of writings. This book challenges prevailing scholarly notions of the relationship between 'charisma' and 'institution' by analysing reading and writing practices in contemporary Christianity. Taking up the continuing anthropological interest in Pentecostal-charismatic Christianity, and representing the first book-length treatment of literacy practices among African Christians, this volume explores how church leaders in Zambia refer to the Bible and other religious literature, and how they organise a church bureaucracy in the Pentecostal-charismatic mode. Thus, by examining social processes and conflicts that revolve around the conjunction of Pentecostal-charismatic and literacy practices in Africa, *Spirits and Letters* reconsiders influential conceptual dichotomies in the

social sciences and the humanities and is therefore of interest not only to anthropologists but also to scholars working in the fields of African studies, religious studies, and the sociology of religion.

Deep in the Valley

In a secluded valley high in the Andes Mountains, long before the time of the Incas and the Aztecs, the empire of the Aymara rose from the shores of Lake Titicaca and flourished for nearly a thousand years. The secrets of the Aymara civilization, one of the first great empires of the Americas, have only recently been deciphered from the haunting ruins of their splendid temples, among which their contemporary descendants still live and work today. In *Valley of the Spirits*, Alan Kolata takes us deep into the mystical world of the Aymara, where past and present come together and the spirits of ancient ancestors still speak to shamans in the voices of mountain springs. Kolata's unique knowledge of the Aymara is based on 17 years of research at the site of the ancient empire. Its crown jewel was the dazzling ancient capital of Tiahuanaco, whose gold and silver-appointed temples and "monumental stone sculptures intensified the mythic aura of the city, imbuing it with a quality of the supernatural." From A.D. 400-1100, it was the spiritual center of the Andean world. According to Aymara myth, the creator god Viracocha brought man to life from the springs and rocks of Tiahuanaco's sacred landscape. The city's rich symbolism linked man inextricably to the majestic plan—and the cyclical fates—of nature. Royal priests performed elaborate animal and human sacrifices and buried human trophy heads and the mummified remains of Aymara kings in lavish religious pageants. So impressive was the legacy of Tiahuanaco that the Inca rulers claimed descent from the Aymara kings more than 500 years after the empire's mysterious catastrophic demise. Kolata deciphers the mysteries of the ancient monuments, from the massive Akapana pyramid, the symbol of sacred mountains, and of fertility and abundance, to the imposing archway known as the Gateway of the Sun, among the most exquisite artistic monuments of the ancient Americas. And he takes us into the contemporary world of the Aymara as well, where shamans recite the names of ancestral spirits in a hypnotic protocol of remembrance and homage to Lady Earth and Lord Sky. "To anyone fascinated by the total experience of humans, to anyone who wishes to go beyond the familiar world, to anyone wanting to push the envelope of their own perceptions, a sojourn into the mind and history of the Aymara is disturbing, exhilarating, and ultimately unforgettable."—Alan Kolata, in his Introduction to *Valley of the Spirits*

Bradshaw's Pedestrian Route-Book for Switzerland, Chamouni, and the Italian Lakes

Steven Lewis's *Landscape as Sacred Space: Metaphors for the Spiritual Journey* invites new discussions about our spiritual journeys and allows seekers to rethink approaches to Christian spirituality and theology in light of postmodernity. Landscape metaphors provide a common and accessible language to articulate one's spiritual journey. Spiritual mountains, deserts, and valleys are dominant landscapes on our journey through life. Most people have experienced the joy of a mountaintop spiritual experience, the pain of spiritual deserts, or perhaps the dreariness too often associated with spiritual valleys. There is a tendency, however, to highlight spiritual mountaintops, while avoiding spiritual deserts and ignoring spiritual valleys. This leaves many Christians ill-equipped either to deal with crises or to integrate God into ordinary life. Each landscape offers rich lessons that, when combined together, lead us toward a maturing faith and into a deeper relationship with God. 'Landscape as Sacred Space' is intended to aid those who search for more meaningful ways to articulate their faith journey. The book grants permission to struggle with life's landscapes, provides safe spaces to reflect on the journey, and introduces language that enables exploration and discovery.

The Spirit Path

When the times that are on you are filled with confusion and uncertainty, you will have need of great truths. When the times that are on you no longer show you the path to travel as clearly as you could once see it, you need the light of the spirit to guide you. When you can no longer find the friend you once knew within you and you feel the loneliness that comes to you each night, then you need to find the path you were meant to travel. When you do this, those things will be put back into balance for you. - These are the sayings of our people. Grandfather, a Spirit Caller of the Isletta Pueblo, used to teach much of the wisdom of our people to Cheeway and me. Not all of it can be contained in this book, but this book is filled with a very important page of our people's history. - Speaking Wind

Known as the Shadow Wraith, the evil force was cast from this world and imprisoned in another realm at the end of the war fought to stop it. Once again, the Shadow Wraith is trying to escape its prison to enslave the world, and Alex and the Young Sorcerers Guild are the only ones who can defeat it.

Although much has been written on the Afro-Catholic syncretic religions of Vodou, Candomble, and Santeria, the Spiritual Baptists--an Afro-Caribbean religion based on Protestant Christianity--have received little attention. This work offers the first detailed examination of the Spiritual Baptists or "Converted". Based on 18 months of fieldwork on the Island of St. Vincent (where the religion arose) and among Vincentian immigrants in Brooklyn, Zane's analysis makes a contribution to the literature on African-American and African Diaspora religion and the anthropology of religion more generally.

Landscape as Sacred Space

Journey with Jesus through the Message of Mark is an insightful and engaging survey of Mark's Gospel, exploring each major section of the text along with key themes. It is a work that can be enjoyed by laypersons as well as pastors and teachers. Pastors will find the abundant use of illustrations to be helpful in preparing their own messages and as such, it will find a welcome place in the preacher's library. Simply, powerfully, with great precision, and exegetical accuracy, Kieran Beville masterfully brings us on a life-transforming journey. Readers will be both inspired and challenged as they hear the words of Jesus speaking afresh from the page of Scripture and experience the ministry of Jesus in a spiritually captivating way. The author has a pastor's heart, a theologian's mind, and a writer's gift. His style is gripping, as he beautifully explains and illustrates Mark's Gospel. Kieran Beville has done a great service to the church, and especially to true believers, who desire to grow in grace, increase in their knowledge of truth, and experience the intimacy, joy, and undeserved and unspeakable privilege of walking, as disciples, with Jesus. This book is ideal as a study companion for Mark's Gospel. One can read a section from the gospel and then read the corresponding section to receive a fresh viewpoint and a practical application. The author often helpfully refers to background and historical information from the Ancient Middle-East that would not otherwise be easily understood by modern western readers. Many times, there will be cross references to other passages of Scripture, thereby connecting Mark's writing with other important passages from the Bible. Other times the author provides insights from current events, history, literature, church life, or his rich personal experience. These draw out the ongoing relevance of the Gospel of Mark. Journey with Jesus is coordinated with the chapters of Mark. Each section is divided appropriately with the modern scholarly understanding of the Gospel. The volume concludes with helpful essays on "Who Killed Jesus?", "Judas Iscariot" and "Pontius Pilate."
