Obsession is book four in the Explicitly Yours Series. Beau Olivier never intended to fall in love, but what was once his conquest has become his prize. Until he ends up in the same position he was ten years earlier—between Lola's legs and begging to have her. So when she disappears into thin air, leaving him empty-handed and alone, Beau is consumed with the need to find her. As Lola gets farther from his reach, Beau is driven to the brink of insanity trying to find her. When he reaches the edge, he has to decide if he can let Lola go for good—or if he'll bring her down with him.

London's Urban Landscape is the first major study of a global city to adopt a materialist perspective and stress the significance of place and the built environment to the urban landscape. Edited by Christopher Tilley, the volume is inspired by phenomenological thinking and presents fine-grained ethnographies of the practices of everyday life in London. In doing so, it charts a unique perspective on the city that integrates ethnographies of daily life with an analysis of material culture. The first part of the volume considers the residential sphere of urban life, discussing in detailed case studies ordinary residential streets, housing estates, suburbia and London's mobile 'linear village' of houseboats. The second part analyses the public sphere, including ethnographies of markets, a park, the social rhythms of a taxi rank, and graffiti and street art. London's Urban Landscape returns us to the everyday lives of people and the manner in which they understand their lives. The deeply sensuous character of the embodied experience of the city is invoked in the thick descriptions of entangled relationships between people and places, and the paths of movement between them. What stories do door bells and house facades tell us about contemporary life in a Victorian terrace? How do antiques acquire value and significance in a market? How does living in a concrete megastructure relate to the lives of the people who dwell there? These and a host of other questions are addressed in this fascinating book that will appeal widely to all readers interested in London or contemporary urban life.

Drawing Futures brings together international designers and artists for speculations in contemporary drawing for art and architecture.Despite numerous developments in technological manufacture and computational design that provide new grounds for designers, the act of drawing still plays a central

role as a vehicle for speculation. There is a rich and long history of drawing tied to innovations in technology as well as to revolutions in our philosophical understanding of the world. In reflection of a society now underpinned by computational networks and interfaces allowing hitherto unprecedented views of the world, the changing status of the drawing and its representation as a political act demands a platform for reflection and innovation. Drawing Futures will present a compendium of projects, writings and interviews that critically reassess the act of drawing and where its future may lie. Drawing Futures focuses on the discussion of how the field of drawing may expand synchronously alongside technological and computational developments. The book coincides with an international conference of the same name, taking place at The Bartlett School of Architecture, UCL, in November 2016. Bringing together practitioners from many creative fields, the book discusses how drawing is changing in relation to new technologies for the production and dissemination of ideas.

Interrogating Postfeminism

Right Where I Want You is a witty workplace romance standalone from USA Today best-selling author Jessica Hawkins. When Georgina and Sebastian have a literal run-in at a café, they have no idea the mess their collision is about to create at the office. For fans of The Hating Game and How to Lose a Guy in 10 Days.

Right Where I Want You

I thought everything would change, after the war. And now, no one even mentions it. It is as if we all got together in private and said whatever you do don't mention that, like it never happened. It's the late 1940s. Calm has returned to London and five people are recovering from the chaos of war. In scenes set in a quiet dating agency, a bombed-out church and a prison cell, the stories of these five lives begin to intertwine and we uncover the desire and regret that has bound them together. Sarah Waters's story of illicit love and everyday heroism takes us from a dazed and shattered post-war Britain back into the heart of the Blitz, towards the secrets that are hidden there. Olivier-nominated playwright Hattie Naylor has created a thrilling and theatrically inventive adaptation of a great modern novel. The stage adaptation of The Night Watch was premiered at the Royal Exchange Theatre, Manchester, on 16 May 2016.

The Night Watch

BY THE AUTHOR OF STONER Will Andrews is no academic. He longs for wildness, freedom, hope and vigour. He leaves Harvard and sets out for the West to discover a new way of living. In a small town called Butcher's Crossing he meets a hunter with a story of a lost herd of buffalo in a remote Colorado valley, just waiting to be taken by a team of men brave and crazy enough to find them. Will makes up his mind to be one of those men, but the journey, the killing, harsh conditions and sheer hard luck will test his mind and body to their limits.

Butcher's Crossing

Blackpool is Britain's favourite seaside resort. Each year millions of visitors come to walk on its three piers, ride donkeys, enjoy shows at the Winter Gardens, scream on the thrilling rides at the Pleasure Beach and ride the lift to the top of the Tower. Generations of holidaymakers have stayed in its hotels, lodging houses and bed and breakfasts and all have succumbed to its delectable fish and chips. Two centuries of tourism has left behind a rich heritage, but Blackpool has also inherited a legacy of social and economic problems, as well as the need for comprehensive new sea defences to protect the heart of the town. In recent years this has led to the transformation of its seafront and to regeneration programmes to try to improve the town, for its visitors and residents. This book celebrates Blackpool's rich heritage and examines how its colourful past is playing a key part in guaranteeing that it has a bright future.

Blackpool's Seaside Heritage

e emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' Annals have played a central role in shaping the mainstream historiographical

understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.

Tacitus, *Annals*, 15.20–23, 33–45

From New York to New Delhi, COVID-19 has had a devastating impact on our urban world, turning the physical proximity which is central to the creative energy of the city into a potentially deadly threat to our health and well being. Yet most of us live or work in cities. They are a vital part of both local and global economies and shape the lives we lead and our interactions with others. How can we adjust to this new reality and what lessons can we learn from the past? In this urgently relevant book, leading experts Edward Glaeser and David Cutler, examine the history and future of the global city. They argue the biggest threats are those we have created ourselves - inequalities in housing, health, work and education - and that we need to address these as a matter of urgency if our cities are to continue to thrive and drive economic growth and prosperity. They conclude by proposing some practical measures that governments and citizens need to act on to ensure the survival of the city around the world. .

Survival of the City

An illustrated exploration of fandom that combines academic essays with artist pages and experimental texts. *Fandom as Methodology* examines fandom as a set of practices for approaching and writing about art. The collection includes experimental texts, autobiography, fiction, and new academic perspectives on fandom in and as art. Key to the idea of “fandom as methodology” is a focus on the potential for fandom in art to create oppositional spaces, communities, and practices, particularly from queer perspectives, but also through transnational, feminist and artist-of-color fandoms. The book provides a range of examples of artists and writers working in this vein, as well as academic essays that explore the ways in which fandom can be theorized as a methodology for art practice and art history. *Fandom as Methodology* proposes that many artists and art writers already draw on affective strategies found in fandom. With the current focus in many areas of art history, art writing, and performance studies around affective engagement with artworks and imaginative potentials, fandom is a key methodology that has yet to be explored. Interwoven into the academic essays are lavishly designed artist pages in which artists offer an introduction to their use of fandom as methodology. Contributors Taylor J. Acosta, Catherine Grant, Dominic Johnson, Kate Random Love, Maud Lavin, Owen G. Parry, Alice Butler, SooJin Lee, Jenny Lin, Judy Batalion, Ika Willis. Artists featured in the artist pages Jeremy Deller, Ego Aghaiwe Sowinski, Anna Bunting-Branch, Maria Fusco, Cathy Lomax, Kamau Amu Patton, Holly Pester, Dawn Mellor, Michelle Williams Gamaker, The Women of Colour Index Reading Group, Liv Wynter, Zhiyuan Yang

Shortly after Clare arrives in Havana, Cuba, to attend the annual Festival of New Latin American Cinema, she finds her husband, Richard, standing outside a museum. He's wearing a white linen suit she's never seen before, and he's supposed to be dead. Grief-stricken and baffled, Clare tails Richard, a horror film scholar, through the newly tourist-filled streets of Havana, clocking his every move. As the distinction between reality and fantasy blurs, Clare finds grounding in memories of her childhood in Florida and of her marriage to Richard, revealing her role in his death and reappearance along the way. N. D. Iverson's debut novel *This Would Be Paradise* has garnered over 2.1 Million reads online and is now available with new revisions, content, and a never before seen bonus chapter! In a world where a virus has spread turning most of the population into flesh eating monsters, there are two friends partying it up in New Orleans when the infection hits. This Would Be Paradise Book 1

Andrew Beckwith has already devoted his life to one girl-and as far as he's concerned, she's all he needs. The rough-around-the-edges bad boy left his reckless ways behind six years ago when his daughter Bell was born. To the female population's dismay, he's unapologetically single. When Bell's mother walked out on them years ago, he vowed never to let another woman close enough to hurt them again. Amelia Van Ecken isn't just another woman. She's an independent, smart, and savvy businesswoman who doesn't have time for sex, much less love. In the midst of a drawn-out, bitter divorce, all she wants is to bury herself in work. But when sharp-tongued Amelia and stubborn Andrew cross paths, sparks fly-and burn. Two things are obvious in an instant: they want each other, and they're from different worlds. It's the perfect formula for an off-the-charts one-night stand. After all, it's not as if opposites ever attract. *The First Taste* is a standalone, dual-POV spin-off of Amazon bestselling romance, *Slip of the Tongue*. It's not necessary to read them in order, however, it's recommended to avoid spoilers.

Longlisted for the 2017 Walter Scott Prize for Historical Fiction In the 1600s Sara de Vos loses her young daughter suddenly to illness. In her grief, she secretly begins painting a dark landscape of a girl watching a group of ice skaters from the edge of a wood. In 1950s New York, Martijn de Groot has *At the Edge of a Wood* hanging above his bed. Though it is a dark, peculiar painting, he holds it dear and when it is stolen, he is bereft. In Brooklyn, struggling art student Ellie Shipley accepts a commission to paint an intricate forgery of the painting, not realising that her decision will come to haunt her successful academic career. Gorgeously written, brilliantly conceived and executed, filled with tension and revelation, *The Last Painting of Sara de Vos* is one of those rare books that stops time as you read it. This is a novel you will want to revisit for the sheer pleasure of watching a master at work.

The Last Painting of Sara de Vos

After returning home from an unpopular war, Jun becomes an outsider in an indifferent world. Alone, desperate, and suffering from wounds both mental and physical, she seeks relief in the illicit drugs she manages to purchase or steal. Jun's tough exterior served her well in combat, but she'll need to nurture her vulnerability and humanity to survive at home. With the support of her fellow vets, the kindness of a stranger who refuses to turn away, and the companionship of a dog named Red, Jun learns to navigate the psychological trauma that she experienced in the war. Singelin's PTSD is an adult fiction graphic novel that grapples with the reality of being a war veteran about a traumatized war vet who must fend for herself against all odds.

...suspenseful to the end." Hanna Walsh's husband is found murdered in Charleston, South Carolina. His failed land deal leaves her family and finances in ruins. The FBI thinks she knows more than she's letting on and a dangerous crime family thinks she's hiding several million dollars they want back. An old letter and journal found in the attic of the family's beach house on Pawleys Island reveals her distant grandmother, who owned the same house as a young widow during the Civil War, suffered a similar path of emotional loss, crushing betrayal and financial hardship. Her grandmother's story chronicles the tragic loss of her husband in a senseless battle fought weeks after the war had ended and a mysterious stranger who has returned to tell of her husband's needless death. Hanna finds their hopes for deliverance both depend on those they still hold close, but betrayal and ultimate salvation come in many unexpected forms. Michael Lindley's new fourth novel continues his tales of love and life struggles with parallel storylines set in both present-day and compelling historical contexts. His first novel, *THE SEASONS OF THE EMMALEE* has been an Amazon Kindle #1 selection for Historical Fiction, Mystery and Suspense, as well as Women's Fiction. If you love historical fiction blended with a modern-day story of lost love, mystery and suspense, and a timeless setting in the Low Country of South Carolina, discover *LIES WE NEVER SEE* today! Praise and Five Stars for Michael Lindley novels" ... Lindley is a masterful storyteller, effortlessly moving between past and present." " ... his work reads elegantly and is artfully crafted." I was born a princess among criminals. An untouchable among thieves. Heiress to a throne others have killed for, and one I'd do anything to escape. I want to start a new life with my first love, Diego. But his ruthless brother, Cristiano, will do anything to claim me for himself... Because in the de la Rosa family, old grudges run deeper than loyalty, and betrayal is a three-letter word: war. But in this feud between brothers, I'm the prize. A passionate tale of underworld romance and arranged marriage that includes three full-length novels: *Violent Delights*, *Violent Ends*, and *Violent Triumphs*. "This is the best slow-burn romance I have ever read."—New York Times bestselling author, Penelope Ward It was a hot summer day when I met him on the construction site next to my parents' house. Under the sweat and dirt, Manning Sutter was as handsome as the sun was bright. He was older, darker, experienced. I wore a smiley-face t-shirt and had never even been kissed. Yet we saw something in each other that would link us in ways that couldn't be broken...no matter how hard we tried. I loved Manning before I knew the meaning of the word. I was too young, he said. I would wait. Through all the carefully-chosen words hiding what we knew to be true, his struggle to keep me innocent, and infinitely-starry nights—I would wait. But I'd learn that no matter what you achieve in life, it means nothing if you suffer the heartbreak that comes with falling for someone you can never have. Because even though I saw Manning first, that didn't matter. My older sister saw him next. Book one in a completed USA TODAY bestselling love saga.

Something in the Way

Jada left home at the age of sixteen, running from her own demons and the horrors of physical abuse inflicted by her mother's boyfriend. She partied hard, and life seemed good when she was with Born, the neighborhood kingpin whose name was synonymous with money, power, and respect. But all his love couldn't save her from a crack addiction. Jada goes from crack addict and prostitute to survivor and back again before she finds the strength to live for herself and come out on top. And her stormy romance with one of the fiercest hustlers on the streets makes *White Lines* one of the most unforgettable urban loves stories of the year.

FINNI've never been able to give up on fate, no matter how cruel it's been in the past. So when it drops a stranger's leather-bound journal at my feet, I know I should walk away...but I don't. I pick her up, bend her spine, spread her pages. From the first word, I'm a goner. The owner didn't give me access to her most intimate desires, her private darkness, or her candid, sensual poetry-but it all goes down like warm milk. Yet from that point forward, I'm the one consumed. HALSTONI went to his apartment and let him take my picture. Just once, to see how it would feel. I'm not his to look at, to inspire, to touch, but when he watches me through his lens, it's a high I don't want to come down from...My journal is the one place I can be myself-as long as I can tie it up and put it away when I'm finished. But when Finn undoes the bow, he pulls strings that could unravel each of us.

_____ 'How differently the Geller sisters' lives would have turned out had C. J. Reynolds not been released from prison that February. . . ' Marti Geller is going to die soon, and she's hoping to take her secrets with her. To do this, Marti has stipulated in her will that the family's summer home on Mount Desert Island, Maine, must be sold as soon as possible. This request comes as a shock to her three daughters, a trio of strong-minded women who are each hiding a secret of their own. For the eldest daughter, Beck, the Maine cottage is essential to her secret wish to write a novel, and selling is the last thing she wants to do. But recently divorced Claire is privately too preoccupied with an unrequited love to be concerned about the sale, while the youngest daughter, Sophie, would never admit to her sisters that she desperately needs the sale in order to survive. While the sisters argue over the fate of their late mother's property, enigmatic southerner C.J. Reynolds, with his own troubled past, is released from prison and begins to travel to Mount Desert Island. As this seemingly unconnected group all head for the coast of Maine, nothing is as it seems. In the de la Rosa family, old grudges run deeper than loyalty, and betrayal is a three-letter word: war. But this feud isn't between enemies. It's between brothers. And I'm the prize. I was born a princess among criminals. An untouchable among thieves. Heiress to a life others have killed for, and one I'm prepared to trade for my freedom. I vowed not to leave without Diego, my first love and best friend, but if his ruthless brother has his way, I won't leave at all. Cristiano de la Rosa is a man as big and bold as his legend. Once upon a time, he was our cartel's best soldier . . . until he became my family's worst enemy. A man like Cristiano will bend fate to his will to get what he wants. Even if it means dragging me to hell-and tearing me from his brother's arms. "She is mine." Three words from two different men. A life, future, and love I don't get to choose.

Alfred Stieglitz

Alfred Stieglitz has always been famous, but his late work is little known. In this catalogue a selection of the Lake George photographs is splendidly reproduced. They represent prints originally given to public collections by Georgia O'Keeffe.

Alfred Stieglitz at Lake George

Essay by John Szarkowski.

Alfred Stieglitz

This latest volume in the acclaimed In Focus series examines the life and work of Alfred Stieglitz, concentrating on the Getty Museum's considerable holdings of the work of this American master. In his studies of his wife, Georgia O'Keeffe, in his portraits of the urban scene, and in his pictures of natural form, Stieglitz defined the modern movement on photography. In his periodical Camera Work he championed photography as an art form; in his famous gallery "An American Place," he promoted the work of other American modernists. Fifty reproductions with commentaries by Weston Naef, the Getty's curator of photographs, represent both the range of the Getty's collection and the importance of Stieglitz's contribution. The book also includes an edited colloquium on Stieglitz's life and work. Participants included Emmitt Gowin, Sarah Greenough, Charles Hagen, John Szarkowski, and Weston Naef.

Alfred Stieglitz, Lake George, New York, 1929

Documents the collaboration between George Eastman House and O'Keeffe on the preservation of photography and the role of the institution in educating the public. This book presents Stieglitz's work in a new light and offers a new analysis of one of the greatest partnerships in the history of art.

Alfred Stieglitz

Collects the private correspondence between Georgia O'Keeffe and Alfred Stieglitz, revealing the ups and downs of their marriage, their thoughts on their work, and their friendships with other artists.

The Photography of Alfred Stieglitz

This volume presents seventy-three of American photographer Alfred Stieglitz's finest works. The photographs span Stieglitz's entire career; his early European studies from the 1880s and 1890s; his views of New York City from the turn of the century; the portraits of the many artists and writers he supported; the extended portraiture of Georgia O'Keeffe; his photographs of clouds, the Equivalents; and his final studies of New York City and Lake George from the 1920s and 1930s. This book focuses on Stieglitz's central vision of photography ("search for objective truth and pure form") which increasingly was about "antiphotographs" or images that move beyond simple representation. Originally published as a complement to the exhibition at the National Gallery of Art in 1983.

My Faraway One

A landmark survey that illuminates through paintings, pastels, and photographs how Georgia O'Keeffe discovered and refined her approach to nature at Lake George. From 1918 until the early 1930s, Georgia O'Keeffe lived for part of the year on Alfred Stieglitz's family estate at Lake George, New York. O'Keeffe and Stieglitz stayed there from spring until fall, and she reveled in the discovery of new subject matter. She found respite in the bucolic setting, and in her studio, nicknamed "the shanty," she could concentrate on her work without the distractions of city life and the Stieglitz clan that congregated at the lake in the summer months. The Lake George retreat provided the basic material for her art, while evoking

the spirit of place that was essential to O'Keeffe's modern approach to the natural world. This book, and the exhibition it accompanies, examines the extraordinary body of work O'Keeffe created there, from magnified botanical compositions of the flowers and vegetables she grew in her garden to a group of remarkable still lifes of the apples and pears that she picked. O'Keeffe became fascinated with the variety of trees that grew there, and they were the subject of at least twenty-five compositions. Architectural subjects emerged as a theme, as did a number of panoramic landscape paintings and bold, color-filled abstractions. During this highly productive period, O'Keeffe created more than two hundred paintings on canvas and paper in addition to sketches and pastels, making the Lake George years among the most prolific and transformative of her seven-decade career.

Alfred Stieglitz

Set in the present, Max and his classmate Lily are making a film for their high school project. It is about legendary artists Georgia O'Keeffe and Alfred Stieglitz. Max and his mother, Melissa, now live on the Lake George property that was once part of the artists' home. When Max's estranged grandfather unexpectedly shows up, the four characters clash as the teenager uncovers his family's hidden past.

Modern Nature: Georgia O'Keeffe and Lake George

A fascinating biography of a revolutionary American artist ripe for rediscovery as a photographer and champion of other artists Alfred Stieglitz (1864–1946) was an enormously influential artist and nurturer of artists even though his accomplishments are often overshadowed by his role as Georgia O'Keeffe's husband. This new book from celebrated biographer Phyllis Rose reconsiders Stieglitz as a revolutionary force in the history of American art. Born in New Jersey, Stieglitz at age eighteen went to study in Germany, where his father, a wool merchant and painter, insisted he would get a proper education. After returning to America, he became one of the first American photographers to achieve international fame. By the time he was sixty, he gave up photography and devoted himself to selling and promoting art. His first gallery, 291, was the first American gallery to show works by Picasso, Rodin, Matisse, and other great European modernists. His galleries were not dealerships so much as open universities, where he introduced European modern art to Americans and nurtured an appreciation of American art among American artists.

Filming O'Keeffe

Almost 24 years his junior, Georgia O'Keeffe became for Alfred Stieglitz a near icon of American art--as well as his wife. In a marvelous, multileveled biography, Benita Eisler traces the epic and stormy relationship of these incomparable artists, from their consuming ambition to their sexual experimentation.

Modern Women: Women Artists at The Museum of Modern Art

In this book [the author] draws upon her close association with Stieglitz and upon his own words to create a warm portrait of the focal figure of the modern art movement in America. The many direct quotations preserve in written form the bold, subtle nature of Stieglitz's speech and the brilliance of his parables and anecdotes. The 80 reproductions of Stieglitz's photographs constitute the largest selection ever published. Many are reproduced here for the first time. They powerfully attest to the purity of his vision. Ninety illustrations of a documentary nature, including additional Stieglitz photographs and work by artists he showed, are also reproduced--Jacket.

Alfred Stieglitz

"This volume is published in conjunction with the exhibition "Stieglitz, Steichen, Strand," held at The Metropolitan Museum of Art, New York, from November 10, 2010, to April 10, 2011."

O'Keeffe and Stieglitz

Prestel Publishing presents an illustrated portrait of a romance, partnership and creative dialogue between artist O'Keeffe and photographer Stieglitz.

Alfred Stieglitz: an American Seer

An important book about the great photographer; includes many of his photographs as well as an interesting text about his life & work & especially his contributors to twentieth-century American art.-Detroit Free Press

Alfred Stieglitz

"Alfred Stieglitz was one of the great names in twentieth century photography. He fought for the recognition of photography as an art form and his own work evolved from photographs inspired by painting to photography that did not claim to be anything but photography." "This book contains reproductions of Stieglitz's work in the Musee d'Orsay; those donated by Minda de Gunzberg in 1981 come from the magazine Camera Work at the turn of the century; others are part of the Georgia O'Keeffe Foundation's major donation to the museum in 2003"--Jacket

America & Alfred Stieglitz

Just as the new technology of photography was emerging throughout the United States in the mid-nineteenth century, it caught hold in the scenic Adirondack region of upstate New York. Young men and a few women began to experiment with cameras as a way to earn their livings with local portrait work. From photographing individuals, some expanded their subject matter to include families and groups, homes, streetscapes, landmarks, workplaces, and important events—from town celebrations to presidential visits, train wrecks, floods, and fires. These photographers from within and just beyond the park's borders, as well as those based in the urban areas from which tourists came to the Adirondacks, have been central in defining the region. Adirondack Photographers, 1850–1950 is a comprehensive look at the first one hundred years of photography through the lives of those who captured this unique rural region of New York State. Svenson's fascinating biographical dictionary of more than two hundred photographers is enriched with over seventy illustrations. While the popularity of some of these photographers is reflected in the number of their images held in the collections of the Library of Congress, the New York Public Library, and the Getty Museum, little is known about the diverse backgrounds of the individuals behind their work. A compilation of captivating stories, Adirondack Photographers provides a vivid, intimate account of the evolution of photography, as well as an unusual perspective on Adirondack history.

Georgia O'Keeffe and Alfred Stieglitz

His glory in Germany turns solemn with the onset of World War I and the death in combat of his close friend, a German officer named Karl von Freyburg - a loss vividly depicted in Hartley's renowned war motif paintings."

Art of the Twenties

More than seventy classic black-and-white photographs showcase the talent of one of the world's greatest photographers, tracing the evolution of his career and including photographs of his wife, Georgia O'Keeffe.

Alfred Stieglitz Talking

At 12 years of age, Georgia O'Keeffe had a defining moment when she declared, "I want to be an artist." In this two-part biography, Reily chronicles Georgias defining days within the arenas of landscape, culture, people, and the history surrounding each.

Alfred Stieglitz, Georgia O'Keeffe & American Modernism

American painter and writer Georgia O'Keeffe is best known for her paintings of enlarged flowers and landscapes, but the "Mother of American Modernism" was heavily influenced by personal experience. Through engaging text and illustrations of her work, readers will learn to appreciate O'Keeffe's unique style and her contributions to the art world. Art Smart boxes help readers to understand O'Keeffe's style and methods.

Alfred Stieglitz

A captivating, spirited account of the intense relationship among four artists whose strong personalities and aesthetic ideals drew them together, pulled them apart, and profoundly influenced the very shape of twentieth-century art. New York, 1921: acclaimed photographer Alfred Stieglitz celebrates the success of his latest exhibition—the centerpiece, a series of nude portraits of his soon-to-be wife, the young Georgia O'Keeffe. The exhibit acts as a turning point for the painter poised to make her entrance into the art scene. There she meets Rebecca Salsbury, the fiancé of Stieglitz's protégé, Paul Strand, marking the start of a bond between the couples that will last more than a decade and reverberate throughout their lives. In the years that followed, O'Keeffe and Stieglitz become the preeminent couple in American modern art, spurring on each other's creativity. Observing their relationship leads Salsbury to encourage new artistic possibilities for Strand and to rethink her own potential as an artist.

Adirondack Photographers, 1850-1950

Winner of the 2018 Dedalus Foundation Exhibition Catalogue Award This book explores how Georgia O'Keeffe lived her life steeped in modernism, bringing the same style she developed in her art to her dress, her homes, and her lifestyle. Richly illustrated with images of her art and views of the two homes she designed and furnished in New Mexico, the book also includes never before published photographs of O'Keeffe's clothes. The author has attributed some of the most exquisite of these garments to O'Keeffe, a skilled seamstress who understood fabric and design, and who has become an icon in today's fashion world as much for her personal style as for her art. As one of her friends stated, O'Keeffe "never allowed her life to be one thing and her painting another." This fresh and carefully researched study brings O'Keeffe's style to life, illuminating how this beloved American artist purposefully proclaimed her modernity in the way she dressed and posed for photographers, from Alfred Stieglitz to Bruce Weber. This beautiful book accompanies the first museum exhibition to bring together photographs, clothes, and art to explore O'Keeffe's unified modernist aesthetic. This book accompanies the show at the Peabody-Essex Museum, Georgia O'Keeffe: Art, Image, Style.

Alfred Stieglitz

"Paul Strand in Mexico" tells the story of the photographer's journeys through Mexico in the early 1930s. In search of a fresh start, Strand traveled to Mexico City in late 1932 at the invitation of Carlos Chavez, the eminent Mexican composer and conductor. The work he created during this key period reflects a time of intense productivity, creative renewal, and the evolution of Strand's foundational idea of the "collective portrait," in which he depicted a region through photographs of individuals, still lifes and studies of architecture and religious subjects. The first publication to chronicle this pivotal time in Strand's career (1932-34), "Paul Strand in Mexico" demonstrates how, through his photographic studies and work in film, Strand deepened his involvement with Mexican art, society, and revolutionary politics. Shedding new light on this little-known chapter of Strand's life, a scholarly analysis by James Krippner (Associate Professor of History at Haverford College, Pennsylvania) brings together primary research from distinguished archives and institutions in both Mexico and the United States, and Mexican photo-historian Alfonso Morales contributes an essay contextualizing this remarkable body of work within the canon of Mexican photography and film of the 1930s. Additionally, the appendix serves as the catalogue raisonne of Strand's entire photographic output in Mexico. The culmination of Strand's time in Mexico was his collaboration with Emilio Gomez Muriel and Academy Award-winning director Fred Zinnemann on the groundbreaking film, "Redes" ("The Wave") (1936). A remastered DVD version of the film is included with this essential volume. Paul Strand (1890-1976) is one of the great photographers of the twentieth century. As a youth, he studied under Lewis Hine at the Ethical

Culture Fieldston School, going on to draw acclaim from such illustrious sources as Alfred Stieglitz. After World War II, Strand traveled around the world--from New England to Ghana to France to the Outer Hebrides--to photograph, and in the process created a dynamic and significant body of work.

Democratic Visions

My Dear Stieglitz

"Readers will welcome what Lisle has found. The woman who emerges has extraordinary personal stature, artistic gifts, commitment to her vision." —(Chicago Tribune) Recollections of more than one hundred of O'Keeffe's friends, relatives, colleagues, and neighbors—including 16 pages of photographs—as well as published and previously unpublished historical records and letters provide "an excellent portrait of a nearly legendary figure" (San Francisco Chronicle). Georgia O'Keeffe, one of the most original painters America has ever produced, left behind a remarkable legacy when she died at the age of ninety-eight. Her vivid visual vocabulary—sensuous flowers, bleached bones against red sky and earth—had a stunning, profound, and lasting influence on American art in this century. O'Keeffe's personal mystique is as intriguing and enduring as her bold, brilliant canvases. Portrait of an Artist is an in-depth account of her exceptional life—from her girlhood and early days as a controversial art teacher, to her discovery by the pioneering photographer of the New York avant-garde, Alfred Stieglitz, to her seclusion in the New Mexico desert where she lived until her death. Renowned for her fierce independence, iron determination, and unique artistic vision, Georgia O'Keeffe is a twentieth-century legend. Her dazzling career spans virtually the entire history of modern art in America. Armed with passion, steadfastness, and three years poring over research, former Newsweek reporter Laurie Lisle finally shines a light on one of the most significant and innovative twentieth century artists.
