Irish Phrase Book

This is not your typical tourist phrasebook. It contains over 75 categories of terms in Irish and English with over 4,000 terms, phrases and sample sentences. Also included is a guide to the English and Irish alphabet and pronunciation. The English / Irish Phrasebook is designed to be used by the English speaker to learn the basics of the Irish language or for a Irish speaker to learn the basics of English. If you are intending to learn any new language, you'll need to get a phrasebook. The purpose of the phrasebook is to give you practice in real-life situations. Memorizing phrases ahead of time is the BEST way to use a phrasebook. Your grammar book, and sometimes even your course, does not give you the "Which room is mine?" kind of phrases. Yes, you will need to flip through the book to find responses or the next question on a different topic, but that is only if you do not practice a bit ahead of time. You can't beat this book - for the price and the small, yet concise and relevant content. Learn how to tell time, order food, go through customs, as well as greetings and social conversations. Mion-chaint =Gill's Irish Phrase Book

Excerpt from Mion- aint: An Easy Irish Phrase Book; Compiled for the Gaelic League It is not a rule. It is a natural law of Irish articulation. That law is as vigorous now in the spoken Irish as ever it was. It was not made by scholars, nor by bards, nor by grammarians. It belongs by nature to the language. It must be admitted that the thought of introducing it into the spelling of the words was a magnificent thought.

It has been a most fortunate thing for us and for our language that the ears of our fathers were so good, and that they gave us the result in black and white. Had they not done so, and had our language ceased to be spoken without any person's having called attention to that law, the knowledge of its existence would have been lost. English & Irish Phrasebook

The Irish language has made a huge contribution to the English language as it's spoken in Ireland and beyond. Micheál Ó Conghaile's 'Colourful Irish Phrases' is a small compendium of characteristic phrases that will alert the reader to the unmistakable difference between our native language and English. Even the most basic words are expressed so differently. Please in Irish is *más é do thoil é* (if it is your will), and thanks becomes *go raibh maith agat* (may you receive good). There are many phrases that when translated, word for word, they sound different, unusual and sometimes funny. But above all, they are rich and deeply rooted. Visitors to Ireland who want to get some notion of our native identity will find these phrases both instructive and revealing. Topics covered range across subjects as diverse as insults and put-downs, being human and the gift of the gab.
