The Best Science Fiction and Fantasy of the Year, Volume Thirteen

A librarian helps a desperate student find the door into a book; Sir Thomas Moore's head is stolen and a messy rescue ensues; a mother sells a piece of her memory so her daughter can afford an education. Science fiction is the story of what if and what comes next. It's more playful, more inclusive and more entertaining than it has ever been before and as the world falls apart around us, it offers us a chance to understand how things could be better, or just how a great story can get us through another night. The Best Science Fiction and Fantasy of the Year: Volume Thirteen brings together the very best clashes between zombies and unicorns, robots and fairies, spaceships and more in a definitive volume that takes us everywhere from the distant future and the moons of our own solar system, to one last visit to Earthsea... Featuring stories from Kelly Barnhill // Elizabeth Bear // Brooke Bolander // Zen Cho // P. Djèlí Clark // John Crowley // Andy Duncan // Jeffrey Ford // Daryl Gregory // Alix E. Harrow // Maria Dahvana Headley // Simone Heller // S. L. Huang // Dave Hutchinson // N. K. Jemisin // T. Kingfisher // Naomi Kritzer // Rich Larson // Ursula K. The Best Science Fiction and Fantasy of the Year Volume 6

The science fiction and fantasy fields continue to evolve, setting new marks with each passing year. For the sixth year in a row, master anthologist Jonathan Strahan has collected stories to captivate, entertain, and showcase the very best the genre has to offer. Critically acclaimed, and with a reputation for including award-winning speculative fiction, *The Best Science Fiction and Fantasy of the Year* is the only major “best of” anthology to collect both fantasy and science fiction under one cover. Jonathan Strahan has edited more than thirty anthologies and collections, including *The Locus Awards* (with Charles N. Brown), *The New Space Opera* (with Gardner Dozois), and *Swords and Dark Magic: The New Sword and Sorcery*.

The Best Science Fiction and Fantasy of the Year, Volume Eleven

The definitive guide and a must-have collection of the best short science fiction and speculative fiction of 2019, showcasing brilliant talent and examining the cultural moment we live in, compiled by award-winning editor Jonathan Strahan. With short works from some of the most lauded science fiction authors, as well as rising stars, this collection displays the top talent and the cutting-edge cultural moments that affect our lives, dreams, and stories. The list of authors is truly star-studded, including New York Times bestseller Ted Chiang (author of the short story that inspired the movie *Arrival*), N. K. Jemisin, Charlie Jane Anders, and many more incredible talents. An assemblage of future classics, this anthology is a must-read for anyone who enjoys the vast and exciting world of science fiction.

The Best Science Fiction and Fantasy of the Year, Volume Twelve

For the first time ever, award-winning editor Jonathan Strahan has assembled the best science fiction and the best fantasy stories of the year in one volume. More than just two books for the price of one, this book brings together over 200,000 words of the best genre fiction anywhere. Strahan's critical eye and keen editorial instincts have served him well for earlier best of the year round-ups in the *Best Short Novels*, *Science Fiction: Best of* and *Fantasy: Best of* series, and this is his most impressive effort yet.

The Best Science Fiction and Fantasy of the Year, Volume Nine

An eclipse is a rare and unusual event, when the world is transformed and the sky becomes a dark eldritch thing. It's a time when anything could happen, when any kind of story just might be true. That sense of the strange and wonderful guides *Eclipse: New Science Fiction and Fantasy*, the first volume in an exciting new annual anthology series edited by acclaimed anthologist Jonathan Strahan. Set to become a major event on the science fiction and fantasy calendar, *Eclipse: New Science Fiction and Fantasy* gathers together new science fiction and fantasy stories by the best writers working today. You can see that in *Eclipse 1*, which features extraordinary tales by Peter S. Beagle, Jack Dann & Paul Brandon, Terry Dowling, Andy Duncan, Jeffrey Ford, Kathleen Ann Goonan, Eileen Gunn, Gwyneth Jones, Ellen Klages, Maureen F. McHugh, Garth Nix, Lucius Shepard, Bruce Sterling and Ysabeau S. Wilce. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more.

While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

The Best Science Fiction and Fantasy of the Year, Volume Eight

ONE GIANT LEAP FOR MANKIND Those were Neil Armstrong's immortal words when he became the first human being to step onto another world. All at once, the horizon expanded; the human race was no longer Earthbound. *Edge of Infinity* is an exhilarating new SF anthology that looks at the next giant leap for humankind: the leap from our home world out into the Solar System. From the eerie transformations in Pat Cadigan's Hugo-award-winning "The Girl-Thing Who Went Out for Sushi" to the frontier spirit of Sandra McDonald and Stephen D. Covey's "The Road to NPS," and from the grandiose vision of Alastair Reynolds' "Vainglory" to the workaday familiarity of Kristine Kathryn Rusch's "Safety Tests," the thirteen stories in this anthology span the whole of the human condition in their race to colonise Earth's nearest neighbours. Featuring stories by Hannu Rajaniemi, Alastair Reynolds, James S. A. Corey, John Barnes, Stephen Baxter, Kristine Kathryn Rusch, Elizabeth Bear, Pat Cadigan, Gwyneth Jones, Paul McAuley, Sandra McDonald, Stephen D. Covey, An Owomoyela, and Bruce Sterling, *Edge of Infinity* is hard SF adventure at its best and most exhilarating.

The Year's Best Australian Science Fiction and Fantasy

"Featuring guest-editor contributions by the author of the *Outlander* series, a latest annual edition compiles top-selected short works of science fiction and fantasy from the year 2019."--Provided by publisher.

Infinity Wars

The universe shifts and changes: suddenly you understand, you get it, and are filled with wonder. That moment of understanding drives the greatest science-fiction stories and lies at the heart of *Engineering Infinity*. Whether it's coming up hard against the speed of light – and, with it, the enormity of the universe – realising that terraforming a distant world is harder and more dangerous than you'd ever thought, or simply realizing that a hitchhiker on a starship consumes fuel and oxygen with tragic results, it's hard science-fiction where a sense of discovery is most often found and where science-fiction's true heart lies. This exciting and innovative science-fiction anthology collects together stories by some of the biggest names in the field, including Gwyneth Jones, Stephen Baxter and Charles Stross.

The Quantum Magician

We stand on the brink of one of the greatest ecological disasters of our time – the world is warming and seas are rising, and yet water is life; it brings change. Where one thing is wiped away, another rises. *Drowned Worlds* looks at the future we might have if the oceans rise – good or bad. Here you'll find stories of action, adventure, romance and, yes, warning and apocalypse. Stories inspired by Ballard's *The Drowned World*, Sterling's *Islands in the Net*, and Ryman's *The Child Garden*; stories that allow that things may get worse, but remembers that such times also bring out the best in us all. Multi-award winning editor Jonathan Strahan has put together sixteen unique tales of deluged worlds and those who fight to survive and strive to live. Featuring fiction by Paul McAuley, Ken Liu, Kim Stanley Robinson, Nina Allan, Kathleen Ann Goonan, Christopher Rowe, Nalo Hopkinson, Sean Williams, Jeffrey Ford, Lavie Tidhar, Rachel Swirsky, James Morrow, Charlie Jane Anders, Sam J. Miller and Catherynne M. Valente.

Edge of Infinity

From Hugo Award-winning editor Neil Clarke, the best science fiction stories of the year are collected in a single paperback volume. Keeping up-to-date with the most buzzworthy and cutting-edge science fiction requires sifting through countless magazines, e-zines, websites, blogs, original anthologies, single-author collections, and more a task accomplishable by only the most determined and voracious readers. For everyone else, Night Shade Books is proud to introduce the latest volume of *The Best Science Fiction of the Year*, a yearly anthology compiled by Hugo and World Fantasy Award-winning editor Neil Clarke, collecting the finest that the genre has to offer, from the biggest names in the field to the most exciting new writers. The best science fiction scrutinizes our culture and politics, examines the limits of the human condition, and zooms across galaxies at faster-than-light speeds, moving from the very near future to the far-flung worlds of tomorrow in the space of a single sentence. Clarke, publisher and editor-in-chief of the acclaimed and award-winning magazine *Clarkesworld*, has selected the short science fiction (and only science fiction) best representing the previous year's writing, showcasing the talent, variety, and awesome "sensawunda" that the genre has to offer.

The Year's Best Australian Science Fiction and Fantasy

A truly breathtaking new anthology edited by Jonathan Strahan and Lou Anders, *Swords & Dark Magic* offers stunning new tales of sword and sorcery action, romance, and dark adventure written by some of the most respected, bestselling fantasy writers working today—from Joe Abercrombie to Gene Wolfe. An all-new Elric novella from the legendary Michael Moorcock and a new visit to Majipoor courtesy of the inimitable Robert Silverberg are just two of the treasures offered in *Swords & Dark Magic*—a fantasy lover's dream.

The Best American Science Fiction and Fantasy 2017

BUILDING TOWARDS TOMORROW Sense of wonder is the lifeblood of science fiction. When we encounter something on a truly staggering scale – metal spheres wrapped around stars, planets rebuilt and repurposed, landscapes re-engineered, starships bigger than worlds – the only response we have is reverence, admiration, and possibly fear at something that is grand, sublime, and extremely powerful. *Bridging Infinity* puts humanity at the heart of that experience, as builder, as engineer, as adventurer, reimagining and rebuilding the world, the solar system, the galaxy and possibly the entire universe in some of the best science fiction stories you will experience. *Bridging Infinity* continues the award-winning *Infinity Project* series of anthologies with new stories from Alastair Reynolds, Pat Cadigan, Stephen Baxter, Charlie Jane Anders, Tobias S. Buckell, Karen Lord, Karin Lowachee, Kristine Kathryn Rusch, Gregory Benford, Larry Niven, Robert Reed, Pamela Sargent, Allen Steele, Pat Murphy, Paul Doherty, An Owomoyela, Thoraiya Dyer and Ken Liu.

The Year's Best Science Fiction: Sixteenth Annual Collection

Dragons: Fearsome fire-breathing foes, scaled adversaries, legendary lizards, ancient hoarders of priceless treasures, serpentine sages with the ages' wisdom, and winged weapons of war... *Wings of Fire* brings you all these dragons, and more, seen clearly through the eyes of many of today's most popular authors, including Peter Beagle, Holly Black, Orson Scott Card, Charles De Lint, Diana Wynne Jones, Mercedes Lackey, Ursula K Le Guin, Dean R Koontz, George R. R. Martin, Anne McCaffrey, Elizabeth Moon, Garth Nix, and many others.

The Best American Science Fiction and Fantasy 2020

Now, for the first time, the best of the Locus Awards for short fiction are gathered in one volume. Spanning the absolute finest in science fiction and fantasy short fiction for the last thirty years, this anthology is an indispensable guide to speculative fiction from the classic to the outrageous by the leaders of the field.

Engineering Infinity

Original novellas by six science fiction authors, each involving the concept of a mechanism or device so large and complex that it is difficult for humans to grasp all its implications and functions.

Drowned Worlds

Even time travel can't unravel love Time-travel is a way for writers to play with history and imagine different futures – for better, or worse. When romance is thrown into the mix, time-travel becomes a passionate tool, or heart-breaking weapon. A time agent in the 22nd century puts their whole mission at risk when they fall in love with the wrong person. No matter which part of history a man visits, he cannot not escape his ex. A woman is desperately in love with the time-space continuum, but it doesn't love her back. As time passes and falls apart, a time-traveller must say goodbye to their soulmate. With stories from best-selling and award-winning authors such as Seanan McGuire, Alix E. Harrow and Nina Allan, this anthology gives a taste for the rich treasure trove of stories we can imagine with love, loss and reunion across time and space. Including stories by: Alix E. Harrow, Zen Cho, Seanan McGuire, Sarah Gailey, Jeffrey Ford, Nina Allan, Elizabeth Hand, Lavanya Lakshminarayan, Catherynne M. Valente, Sam J. Miller, Rowan Coleman, Margo Lanagan, Sameem Siddiqui, Theodora Goss, Carrie Vaughn, Ellen Klages

It covers every aspect of the genre - soft, hard, cyberpunk, cyber noir, anthropological, military and adventure. Also included is a thorough summation of the year and a recommended reading list.

Bridging Infinity

From a beguiling new voice in YA literary sci-fi/contemporary fantasy comes an astonishing novel about a group of mysterious teenagers with the power to change lives... Ever since young adult Milly Bythaway can remember, she's had to hide who she really is – dumbing down an extraordinary genius in order to

blend into the background. 14-year-old Tai Jones has been abandoned by his mother and forced to live as a homeless wanderer on the streets of London, but the appearance of a stray cat helps him realise he has a special gift: he can see thoughts and emotions of others in stunningly beautiful colours. A gift that is both wonderful and awful. When the teenagers are brought together by a mysterious old scientist for their own safety, they are told of a common and forgotten past. One of secret experiments, and a missing family that they yearn to find. But they soon hear of the disappearance of another child, and are faced with an impossible dilemma - to save themselves, they must risk their very sanity. In the end, the children must work together, unleashing the full force of their abilities and powers in an epic battle of the world's greatest minds. *The Ingenious and the Colour of Life* is J.Y. Sam's beautiful and heart-rending debut – a story that explores the fragility of human nature, with a dash of science, culture, and the animal/natural world. Listed in 40 book lists in Goodreads (including Best YA Sci-Fi for Both Genders, and YA Book Club) **A CAPTIVATING AND INSPIRATIONAL BOOK FOR TEENS, YOUNG ADULTS, AND ADULTS** "Exciting, intriguing and gripping, this beautifully written book captures the reader and their imagination from the outset. The descriptions of characters, events and settings enables you to fully visualise and identify with them. A book that will appeal to adults and teenagers which will be remembered long after the reader turns the last page." LoveReading.co.uk "What an absolutely beautiful story and all-around amazing read! This is definitely going to be one of my Top 15 2021 favorites. Yes, it's THAT good. I loved everything about this book! Sci-Fi Fantasy mix with writing so good you are LIVING the words. I love how the author incorporates nature throughout this story." Angel @booknallnight blog "I REALLY liked this book! I LOVED the writing and the backstory of each character, as well as the way the author built the world. (It sort of gave me "Mysterious Benedict Society" vibes, but for an older audience.) I loved the use of different languages and cultures, and the way every animal in this book was a well-written supporting character." Goodreads.com Reviews: "An impressive debut full of a rich tapestry of description and well-rounded, relatable characters. The thematic elements around nature, themes of good and bad and how love prevails make *Ingenious* stand out from the usual crop and really touch you in a deeper way. After three chapters I was hooked and in tears by the final page. Thank you so much for writing this book, I think everyone should read it. Now I just want to read the next one!!" Romane A, Goodreads Reviewer "I love this book. It is beautifully written but with surprising and sometimes shocking twists and turns. JY Sam has described her characters roundly and sensitively, even those not-so-nice ones." Beth M, Goodreads Reviewer "Never before have I read a debut novel with such poise, elan and finesse! Ms. Sam nails it!! ...the plot line drew me in, and hooked me with its ingenuity (pun intended)." Aniruddha M, Book Blogger aniblogshare "The characters are developed beautifully and I found myself really caring about them; I even shed the odd tear or two." Kirsty R, Amazon Reviewer "There was so much beautiful and lyrical prose... that painted such vivid imagery, and that helped to balance the scientific and medical jargon. One excerpt that I really loved and stood out to me was: 'The melody rolled and rumbled, like storm clouds brewing and gathering at speed - hurtling towards the inevitable.' ...This book really did have everything; joy, action, heartbreak and wit (there were so many humorous moments from Calista too!) and left on such a cliffhanger with still so many questions unanswered; I'm already itching for the sequel!" Kira, Book Blogger kirareadsandwrites "The book is not only intriguing but it's written extremely well with fresh and creative ideas. One more thing I loved was how Ms. Sam made sure the book was inclusive, including characters from multiple ethnicities as well as characters with special needs. The book also contains so many different elements like music and science beautifully tied together in the midst of the story." Radwa A, Goodreads Reviewer "This is a debut???!! What an absolutely beautiful story and all-around amazing read! This is definitely going to be one of my Top 15 2021 favorites. Yes, it's THAT good. I loved everything about this book... with writing so good you are LIVING the words. I love how the author incorporates nature throughout this story." Angela W, Amazon.com reviewer "The author takes her time to introduce the MC's at the beginning of the book, all in separate stories. At the same time, I felt they must come together somehow, and they did. Once it was clear why, the story unfolded rapidly. I think the author has put a great deal of energy into research, as the medical and technical information (no infodump) read solid and believable." Ursula V, Goodreads Reviewer "Full of more twists and turns than I expected and beautifully rendered characters, this was such a fun read despite the subject matter not being exactly light. Sam drew me into the world she created and I can't wait to see what happens in the rest of the trilogy!" Beth M, Goodreads Reviewer "This is a lovely story, written with empathy." Karen "Intricately and thoughtfully written, this story unfolds with detailed precision, keeping readers guessing from the very first pages... Cinematically written, this captivating mystery blends science fiction and reality to investigate the staggering possibilities that come from genetic alteration." Mary L "This is a brilliant book! The plot thickens with every page turned!" Mary S
